

LEGISTAR 53436 – Substitute Body

DRAFTER'S ANALYSIS: This ordinance would update the Street Occupancy Permit Fees by raising the fees by roughly 30% for all street occupations, other than the fee for dumpsters, construction trailers and storage containers. This fee increase is being done to specifically fund a new position in the Traffic Engineering Division that will be administering the street occupancy permit program. Because the City can only recover its actual costs to administer this program, this ordinance should not be approved unless the new position is created.

This Substitute corrects erroneous figures in the tables.

The Common Council of the City of Madison do hereby ordain as follows:

1. Subdivision (c) entitled "Calculation of Fees" of Subsection (8) entitled "Permit Fees" of Section 10.055 entitled "Occupancy of Streets or Other Public Areas" of the Madison General Ordinances as follows:

(c) Calculation of Fees. The fees charged in paragraphs 1. through 4. are charged for each area that is occupied and are based upon the area of the City where the permitted use is located. For the purposes of this Subdivision, the "Central City" is defined as the area bounded by the Yahara River on the east, Lake Mendota on the north, Park Street on the west, and Regent Street, Proudfit Street and Lake Monona on the south. The fees shall be charged for every twenty-five (25) feet of street front thereof that is to be temporarily occupied or used, based upon the period of occupation (1-7 days, 8-30 days, each 30 day successive period). Fees for occupancy of parking lanes and traffic lanes are based on the classification of the street, as indicated on the street classification map maintained by the City Traffic Engineer.

1. Sidewalks. For the temporary occupancy of all of a sidewalk area, including by a roofed passageway, or an occupancy that results in a sidewalk that is less than five (5) feet wide at any point, where no temporary walkway is provided on the same side of the street, the fee is:
