

7-foot terrace: a 22-inch ash tree still has room to grow.

5-foot terrace: sidewalk recently repaired on 22-inch locust.

5-foot terrace: 22 inch locust with recently repaired sidewalk.

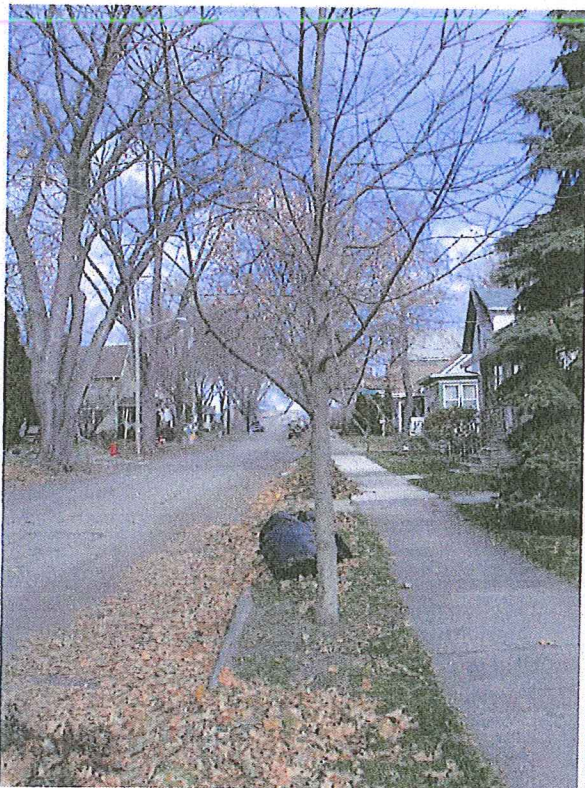

4-foot terrace: roots growing over curb

4-foot terrace: roots lifting up sidewalk

4-foot terrace: tree has grown into street

4-foot terrace: in another 5 years tree will be competing with sidewalk. Lower limbs are not contained within the narrow terrace area.

5-foot terrace: snow, leaves, utility poles, and traffic signs are all competing for space
