Metro Performance Summary 3rd Quarter Data for 2018

Data

- Metro fixed route ridership was up 1.1% through the 3rd quarter, up from 9,401,743 in 2017 to 9,509,301 in 2018. Paratransit ridership for the same period was down 42.1% from 217,624 to 125,996, primarily due to the implementation of Family Care, and that directly-operated paratransit service ceased operations on August 10, 2018. Nationally, transit systems Metro's size show bus ridership dropped on average by about 1.3% in the second quarter of 2018. The National Transit Cooperative Research Program is doing a national study on this.
- Metro's financial status through September shows revenues over budget by \$571k and expenses over by \$61k. The reserve funds are at \$3.9 million.
 Revenues are up because of improved paratransit/agency fare purchases and advertising. Expenses are over because of the delay in phasing out directly operated paratransit services.
- Preventable and chargeable accidents through the 3rd quarter totaled 33 in 2017 versus 42 during the same time period in 2018. Note that 2017 was a record low-accident year, and 2018 is closer to the average. However, through the first half of the year, our insurance company, Transit Mutual, reports a total pay-out and reserve claims to be at \$37k versus \$107k last year.
- Customer feedback through the 3rd quarter of 2018 totaled 2639 contacts, down from the 2017 level of 2993. Fixed route input was the largest category at 1804, nearly equal to 1801 from 2017, with the biggest percentage drop in "driver rude," "bus never came," and "school routes." Paratransit input was down from 780 contacts in 2017 to 426 in 2018, with the largest category being late trips.
- Metro has a goal to respond to 90% of all complaints within 10 days when a response is requested, and through the 3rd quarter of 2018, we've responded to 98.6% within that timeframe.
- Total driver reported security incidents were 321 for the 3rd quarter for 2018 versus 429 for 2017, a 25% decrease. This is a significant reduction with fighting and disruptive behavior categories. Although there is a reduction, Metro is continuing to evaluate incidents and working to further decrease the amount of driver reported incidents.

Projects

- Metro has put into revenue service fifteen new 40-foot replacement diesel buses (#s 146-160), the last phase of a five-year procurement awarded to Gillig in Hayward, California. One of Metro's new buses, #146, has the new Metro logo on it, introducing our new branding to the public. Starting in 2019, all new buses will have this logo.
- Metro's next five-year bus procurement was awarded to New Flyer in St. Cloud, Minnesota. The first installment of buses are planned for in the summer of 2019. This procurement anticipates fifteen diesel buses per year from New Flyer, except in 2020, when Metro will receive three new all-electric buses manufactured by Proterra as part of a competitive federal grant Metro won in 2017.
- Family care was fully implemented on May 1st. Metro staff worked very effectively with family care agencies, including Managed Care Organizations (MCOs), IRIS organizations, and fiscal agent agencies (who approve agency ticket purchases). As a result, agency fare revenues are higher than expected. This has helped offset the need for a paratransit fare increase and other service changes that Metro staff originally planned for, but has now decided to delay or cancel. The last day of in-house paratransit was August 10th, and all services are now provided by third-party contractors.
- Metro Transit was one of eleven semi-finalists out of forty-five competitors for the UW Dream Up grant to improve job-related transportation options for lower and middle income families by partnering with the YWCA Job Ride transportation service and others. The next round of competition for this grant submittal was a second phase application which was due November 21st. The link to our website on this is here: www.mymetrobus.com/dreamup.
- A request was submitted through the Volkswagen Emissions Reduction Program, administered by the State of Wisconsin, for five buses per year for the next three years.
