**Subject:** Email in support of PBMVC Bicycle Facility Maintenance Workgroup Recommendations

Hello **TPPB** members,

I am emailing to express my support for the Pedestrian, Bicycle & Motor Vehicle Commission's [Bicycle Facility Maintenance Workgroup Recommendations](#).

Madison needs to provide consistent multimodal access year round, with clear standards and clear communication.

I know winter maintenance is hard, and I appreciate the efforts of hardworking City of Madison staff. But other cold weather cities (like Minneapolis) are doing better, and we can do better too!

Thank you,

Peter Gray

Madison resident (5042 Marathon Drive)
