COST ALLOCATION PLAN OVERVIEW

The City of Madison, Wisconsin has selected Sequoia Consulting Group to prepare its Full Central Services Cost Allocation Plan for use in its fiscal year 2019 requests for reimbursement and claiming to appropriate Federal, State, and other program funders. Additionally, the City is looking to utilize this Full Cost Allocation Plan to support inter-fund transfer charges to recover the costs of General Fund support to its Enterprise Fund operations. This cost allocation plan is based on actual expenditures and revenues for the fiscal year ending December 31, 2017. This cost allocation plan was prepared using the principle of Title 2 of the Code of Federal Regulations (2 CFR Part 200 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards), although costs that would generally be considered unallowable for Federal and State reimbursement have been allocated in this Full Cost Allocation Plan. Subsequent work will be done to prepare a Central Services Cost Allocation Plan that fully complies with Federal claiming requirements.

READING THE COST ALLOCATION PLAN

This 2 CFR Part 200, Subpart E (formerly known as OMB Circular A-87) based Full Central Services Cost Allocation Plan is a document that distributes the allowable costs of central service departments to grantee departments based on an allowable allocation or distribution methodology (referred to as an allocation basis) depending on the nature of the costs and benefits provided to recipients (grantees). Central service departments generally incur costs in support of other departments and agencies of the organization. Examples of indirect costs are the office of the administrator, facilities management, fiscal and accountings services, information technology services, human resources, and legal services.

The primary purpose for preparing the Central Services Cost Allocation Plan is to identify the appropriate division and department indirect costs incurred during the fiscal year. The resulting information justifies claims for reimbursement of indirect costs supporting Federally funded services and inter fund charges. The steps involved in preparing the Cost Allocation Plan include the following:

- Identification of the departments that exist in large part to provide support to other departments or agencies of the organization. These departments are central service or allocating departments.
- Identification of the departments or agencies of the organization that receive support from other departments. These departments are grantee or receiving departments.
- Accumulation of the allowable actual expenditures of the central service departments that provide support to the grantee departments.
- Collection of appropriate statistics reflecting the distribution of effort for functions performed by central service department to all benefiting departments.

ALLOCATION PROCESS

This cost allocation plan uses a double-step down allocation methodology to allocate allowable costs for each central service department. This methodology recognizes the cross support provided between central service departments. For example, the activities performed by the Finance Department support the Information Technology Department in areas such as payroll, voucher processing, and purchasing

goods and services. The Information Technology Department, on the other hand, supports the Finance Department by providing software and hardware as well as generally maintaining and administering applications and systems to support the centrally provided fiscal operations of the organization.

The double-step down methodology requires an initial sequencing of central service departments. In the first step of the double-step methodology, allowable costs (direct expenses and allocated indirect costs) from central service departments are allocated in the sequence departments, divisions and funds are listed in the cost allocation plan; including to the central service departments. The second step in the double-step down methodology fully distributes costs related to the cross support provided between central service departments. In effect, this closes out the central service department after the second step in the double-step down allocation methodology. Once complete, the second step results in the central services department passing through all costs to the other benefiting departments in the cost allocation plan.

ORGANIZATION OF COST ALLOCATION PLAN

Table of Contents

The first few pages of the cost allocation plan present the Table of Contents. This provides an overview of the organization of the cost allocation, with the key summary schedules and sections of each central service department listed by page number. This provides a ready resource for quickly finding specifics on how costs have been allocated.

Certification Page

The Certification Page is a requirement of 2 CFR 200. A responsible official of the organization, typically the chief executive, chief administrative, or chief financial officer, signs this document. The signature certifies that the official has reviewed the cost allocation plan and that the plan complies with 2 CFR 200. The certification page also verifies that the costs included in the cost allocation plan are allowable for allocation to programs supported by Federal awards. It also affirms that costs have not been claimed as both direct and indirect.

Organizational Chart

The Organizational Chart is a requirement of 2 CFR 200. This part of the cost allocation plan shows the organization of the departments listed as either central services departments or grantee departments.

Summary Schedules

The cost allocation plan includes several schedules intended to provide summary information regarding the distribution of costs. The main schedules include:

• **Summary of Allocated Costs:** this schedule provides a summary of the costs allocated from each central service department to each grantee department. The rows of the schedule represent the central service departments, while columns at the top of each page show the grantee departments. There are three totals listed with each grantee department.

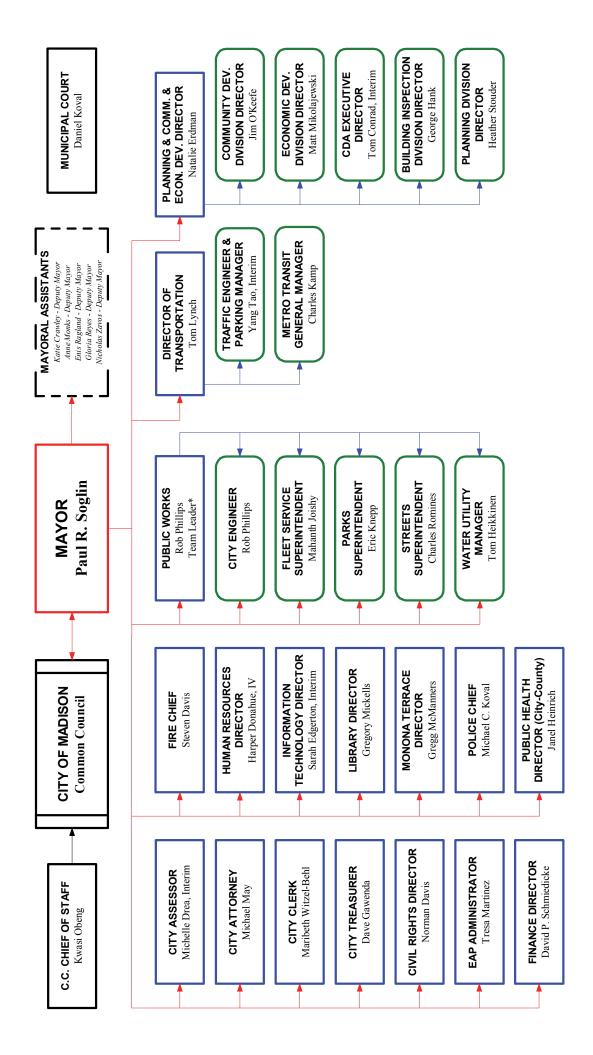

- <u>Total Allocated Costs</u> represents the actual costs allocated for the fiscal year.
- <u>Rollforward Adjustment</u> represents a calculation between estimated costs claimed in a prior fiscal year (generally the Total Allocated Costs from 2 years prior) and the actual costs from the current year. The difference between the Total Allocated Costs from the current year and the same amount from two years prior is the rollforward adjustment. Applying this amount to the calculation of annual indirect costs makes the organization whole when reporting costs over time.
- <u>Total Proposed Costs</u> represents the total indirect costs to claim in the following fiscal year.
- Schedule of Fixed Costs: this schedule provides a summary of the difference between the actual (Total Allocated Costs) costs determined in the current cost allocation plan to the indirect costs used for reporting during the fiscal year. The difference between the current and prior amounts is the rollforward adjustment. The current year plus/minus the rollforward adjustment represent the proposed costs for the following fiscal year.
- Schedule of Departmental Costs: this schedule provides a summary of the calculations made to determine the Total Allocated Costs for each central service. It includes the total expenditures from the organization's financial statements, any cost adjustments made in the development of the plan, identification of disallowed or unallowable costs, and an offset of any amounts directly billed to departments.
- Schedule of Allocation Basis: this schedule provides a summary of each central service department broken down into functions. Functions are the specific services provided by the central service department. The right-hand column lists the allocation base for each corresponding function.

Detail Schedules

The remaining pages of the cost allocation plan contain the detail schedules for each central service department. The detail schedules for each central service department include:

- **Nature and Extent of Services:** This page provides a brief narrative description of the activities performed by the central service department and identifies the functions and the corresponding allocation base.
- Departmental Costs by Function: This schedule lists the actual expenditures for the central service department. It also shows any cost adjustments for expenditures, revenues, or transfers to another department, as well as the summary of incoming costs for both the first (1st Tier Allocation) and second allocations (2nd Tier Allocations). The schedule details costs by function.
- Functional Cost Allocations: This schedule provides a breakdown of the distribution, or allocation, of the Total Allocated Costs for each allowable function allocated within the central service department to all benefiting departments included in the cost allocation plan. The schedule provides a summary of the allocation basis and source of the allocation statistics.
- **Summary of Departmental Allocated Costs:** This schedule provides a summary of allocated costs by function to each benefiting department included in the cost allocation plan.

*Team Leader: The Departments of Public Works and Water Utility are managed as a team.

CITY OF MADISON, WISCONSIN

BUILDING DEPRECIATION

NATURE AND EXTENT OF SERVICES

The City of Madison owns and operates numerous facilities to support the operations of its programs and services. The City maintains fixed asset records in compliance with generally accepted accounting principles and practices an GASB statements and standards. The annual depreciation expense for land improvement and buildings/building improvements is allowable for allocation. This department of the cost allocation plan includes the 2017 depreciation for buildings and land improvements that is recorded in the City's General Fund.

Building Depreciation has been identified and is allocated as follows:

- <u>City-County Building</u>: The City of Madison shares a facility with Dane County, who owns the building and charges the City rent for the space it occupies. The City is responsible for improvements for its offices. The 2017 depreciation expense on these improvements totaled \$292,933.91 and is allocated to departments based on usable square footage of occupied space.
- <u>Madison Municipal Building</u>: The City of Madison owns this facility, which houses the operations of various units of the Planning and Community Development Department as well as Human Resources, Traffic Engineering, and the Parking Utility. The City initiated a comprehensive renovation of this facility in late 2017, with departments being relocated during the work. The 2017 depreciation expense on the facility prior to these improvements totaled \$50,327.41 and is allocated to departments based on usable square footage of occupied space prior to their relocation.
- <u>Fairchild Building</u>: The City of Madison owns this facility, which houses mainly vehicle maintenance and parking related functions for Engineering Services, Police, and Parks. The 2017 depreciation expense on this facility totaled \$57,243.78 and is allocated to departments based on the percentage of occupied space.
- **Department Specific**: Other improvements to land and buildings, including building construction is funded by the General Fund. The 2017 depreciation expense for these improvements totaled \$7,805,811.16 and is allocated to benefiting departments based on the actual 2017 depreciation expense.

Ref.: 2 CFR 200 Subpart E.

CITY OF MADISON, WISCONSIN

EQUIPMENT DEPRECIATION

NATURE AND EXTENT OF SERVICES

The City of Madison owns and maintains equipment, machinery and other intangible assets to support the operations of its programs and services. The City maintains fixed asset records in compliance with generally accepted accounting principles and practices an GASB statements and standards. The annual depreciation expense for capitalized assets is allowable for allocation. This department of the cost allocation plan includes the 2017 depreciation for machinery and equipment and intangible assets that are recorded in the City's General Fund.

Equipment Depreciation is allocated to benefiting departments based on the actual 2017 depreciation expense.

The City has also issued debt to fund the purchase of software and hardware supported by the Information Technology Department. The interest paid on this debt in 2017 is allowable and has been allocated directly to the Information Technology Department for further distribution.

Ref.: 2 CFR 200 Subpart E.

CITY OF MADISON, WISCONSIN

COMMON COUNCIL

NATURE AND EXTENT OF SERVICES

The Common Council is established by State Statute and is responsible for policy determination for the City of Madison. The Council is comprised of 20 elected members who act on proposed legislation, policy matters, and other City business. Council members also support board, commission, and committee meetings. Information is received from and disseminated to constituents through meetings, newsletters, correspondence, phone calls, surveys, and questionnaires.

Costs have been considered General Governmental and are therefore removed from further allocation in this cost allocation plan.

Ref.: 2 CFR 200 Subpart E.

CITY OF MADISON, WISCONSIN EMPLOYEE ASSISTANCE PROGRAM NATURE AND EXTENT OF SERVICES

The City of Madison's Employee Assistance Program provides free, confidential services to help prevent or resolve personal, family, and workplace problems affecting employee well-being and job performance. These services are offered through confidential assistance provided by external and internal staff. The services and resources are provided to current and retired City of Madison employees, families of employees, and significant others of employees.

Services and activities of the Employee Assistance Program have been identified and are allocated as follows:

- <u>EAP Service Delivery</u>: Activities covered under this service area include employee consultations and related documentation/follow-up, supervisor/union consultations and related documentation/follow-up, workgroup interventions and mediations, and training and education. Related costs are allocated to departments based on the total number of employee and supervisor contacts/consultations during 2017.
- <u>Critical Incidents</u>: Critical incidents include situations experienced by a person that may cause them to experience unusually strong emotional reactions that have the potential to interfere with ability to function during the incident, immediately following the incident or later. Activities covered under this service area are include Critical Incident consultations with management, defusings/debriefings with those impacted by the incident, coordination of Peer Support Teams, and related documentation and follow-up. Related costs are allocated to departments based on the total number of attendees at critical incident debriefings during 2017.

Ref.: 2 CFR 200 Subpart E.

CITY OF MADISON, WISCONSIN

INSURANCE

NATURE AND EXTENT OF SERVICES

The mission of the Insurance Fund is to protect the assets of the City through the purchase of insurance and the utilization of other risk management techniques such as loss control, risk transfer, and avoidance. Staff within the agency are responsible for the purchase of insurance, including property, liability, crime, equipment breakdown, auto physical damage, and other ancillary coverages for the City. Staff also operates as the City's liaison with its liability carrier with respect to claims filed against the City and with agencies regarding other risk management issues, including the funding the City's emergency management program. The goal of the Insurance Fund is to provide a cost-effective manner of protecting the assets of the City.

Insurance operates as an internal service fund for the City, charging departments based on various risk and liability coverage factors. Associated costs are allocated based on the amounts charged by benefiting department during 2017. Amounts previously direct billed have been appropriately offset against allocated costs.

Ref.: 2 CFR 200 Subpart E.

CITY OF MADISON, WISCONSIN

WORKERS COMPENSATION

NATURE AND EXTENT OF SERVICES

The mission of Workers Compensation is to protect the interests of City workers who are injured or become ill on the job by making timely, appropriate, and accurate decisions on claims, providing prompt payment of benefits, and assisting injured workers in returning to work as soon as is feasible. The Agency is responsible for retaining a third-party administrator to handle the City's workers' compensation claims, providing safety services, managing the City's return-to-work program, and purchasing of stop loss coverage. Staff manages the City's safety program and operates as the City liaison with its third-party administrator.

Workers Compensation operates as an internal service fund for the City, charging departments based on various risk and coverage factors. Associated costs are allocated based on the amounts charged by benefiting department during 2017. Amounts previously direct billed have been appropriately offset against allocated costs.

Ref.: 2 CFR 200 Subpart E.

CITY OF MADISON, WISCONSIN

CITY CLERK

NATURE AND EXTENT OF SERVICES

The City of Madison's City Clerk's Office is responsible for providing equitable access to open government by promoting inclusion and full participation of all residents in the democratic process. The Agency facilitates the right to vote, provides access to open meetings and open records, offers impartial license administration, and supports the legislative process. The goal of the Clerk's Office is to increase access to open government.

Costs for the City Clerk have been identified and functionalized as follows:

- <u>Licensing Administration</u>: Costs associated with the processing of license applications for alcohol sales, bartenders, health licenses, and other city licenses are allocated to benefiting departments based on the number of permit transactions during 2017.
- <u>Records Administration</u>: Cost associated with records management and administration, including serving as the City's records custodian, recording of all contracts, and coordinating the creating of meeting agendas are allocated to all departments equally.
- <u>Elections Administration</u>: Cost associated with the management and administration of elections are allocated to "All Other Departments/Programs" and therefore removed from further treatment in the cost plan.
- <u>Public Outreach</u>: Cost associated with general outreach to increase public participation in City government and programs are allocated to "All Other Departments/Programs" and therefore removed from further treatment in the cost plan.

CITY OF MADISON, WISCONSIN

TREASURER

NATURE AND EXTENT OF SERVICES

The City Treasurer's Office is responsible for to receipting, safeguarding and investing all City revenues, and to maintaining tax assessment and payment records. The agency's goals are to provide a user-friendly process for taxpayers to avoid the likelihood of delinquency, and to maximize the City's investment earnings.

Costs for the Treasurer have been identified and functionalized as follows:

- <u>General Receipts</u>: Costs associated with the processing of general payments (non-tax) to the City are allocated to benefiting departments based on the number of general receipt transactions processed during 2017.
- **Parking Collections**: Cost associated with the collection of payments for the City's Parking Utility are allocated directly to the benefiting department based on an analysis of Treasurer staff effort during 2017.
- <u>Room Tax Collections</u>: Cost associated with the collection of payments for the City's Room Tax are allocated directly to the benefiting department based on an analysis of Treasurer staff effort during 2017.
- <u>Animal License Collections and Administration</u>: Cost associated with the collection of payments and overall administration of the City's animal licensing program are allocated directly to the benefiting department based on an analysis of Treasurer staff effort during 2017.
- **Property Tax Collections**: Cost associated with the collection of property tax payments are allocated directly to the benefiting department based on an analysis of Treasurer staff effort during 2017.
- **Investment Management**: Cost associated with investment management are allocated to departments based on an analysis of Treasurer staff effort by funds managed during 2017.
- <u>Bank and Credit Card Service Fees</u>: Cost associated with outside services and fees from the City's banking and credit card partners are allocated to benefiting departments based on the prorated share of service fees paid during 2017.

Ref.: 2 CFR 200 Subpart E.

CITY OF MADISON, WISCONSIN

MAYOR

NATURE AND EXTENT OF SERVICES

The Mayor is the chief executive officer of the City and is responsible for directing City officers in the performance of their duties and responsibilities and supervising the development and implementation of operational goals for City agencies. The Mayor appoints and evaluates agency heads as provided by ordinance, reviews agency plans, policies and procedures for soundness and proper coordination, and provides direct guidance to agencies experiencing significant policy or organizational difficulties. The office also directs inter-agency staff teams in the identification and resolution of management problems that affect more than one City agency. A key responsibility of the Mayor is the annual submission of an annual Executive Budget to the Common Council after establishing guidelines and considering the capital and operating budget requests of City agencies.

The Mayor's Office is responsible for encouraging citizen participation in City government by making citizen appointments to City committees; training committee members on "open meetings" requirements, parliamentary procedure, and ethics requirements; maintaining a database of citizen candidates interested in appointment to City committees; and responding to concerns and initiatives presented by citizens and assisting them in their relations with City agencies. The Mayor's Office monitors State and national issues that affect the welfare of City residents. This includes representing the City's interests in the State budget process, State legislation and administration, acting as liaison with the City's State legislative delegation, and maintaining contact with State and Federal legislators and administrators. The Mayor's Office provides public information through preparing and distributing press releases, position papers and correspondence, scheduling and conducting press conferences and interviews, representing the City at civic meetings and official functions and responding to inquiries from the press, organizations and individuals.

Costs associated with the operations of Mayor's office have been allocated to departments based on the number of full-time equivalent employees during 2017.

Ref.: 2 CFR 200 Subpart E.

CITY OF MADISON, WISCONSIN

ATTORNEY'S OFFICE

NATURE AND EXTENT OF SERVICES

The Attorney's Office is responsible for providing legal representation to the City of Madison as an entity, including ordinance enforcement, legislative counsel services, and general counsel services. The Agency is responsible for drafting and revising the City's ordinances, enforcing ordinances, providing legislative counsel to the City, Common Council, City Boards, Committees and Commissions, and representation to the City in legal matters.

Costs for the Attorney's Office have been identified and functionalized as follows:

- <u>General Counsel and Representation</u>: Costs associated with providing legal services, contract review, and other representation are allocated to benefiting departments based on an analysis of attorney staff effort expended during 2017. Salary and Wage amounts direct billed to various departments have been added back to the Attorney's Office for allocation purposes. These amounts have been subsequently offset against allocated costs.
- <u>Ordinance Enforcement</u>: Costs associated with providing legal services related to the enforcement of City ordinance violations are allocated to benefiting departments based on an analysis of attorney staff effort expended during 2017.
- <u>Legislative Services</u>: Costs associated with providing legal services to the Common Counsel and various boards, committees and commissions are allocated directly the Common Counsel.

Ref: 2 CFR 200 Subpart E.

CITY OF MADISON, WISCONSIN

HUMAN RESOURCES

NATURE AND EXTENT OF SERVICES

The Human Resources Department is responsible for supporting the City's activities related to recruiting, developing, and sustaining a diverse, highly qualified, and productive workforce. The Department supports other City agencies in organizational development to ensure quality City services, ensures compliance with personnel rules, and supports agencies in recruitment efforts.

Costs for the Human Resources Department have been identified and functionalized as follows:

- <u>HR & Benefits Administration</u>: Costs associated with supporting City departments in providing general human resources support, including the development and implementation of the employee benefits program and are allocated to departments based on the number of employees.
- <u>Contract & Handbook Administration</u>: Cost associated with supporting the City's obligations for contract negotiation and management, working with Employee Associations in developing and implementing employee handbooks are allocated to departments based on the number of represented and association employees.
- <u>Accommodation & FMLA Administration</u>: Costs associated with administering the City's Family and Medical Leave Act (FMLA), disability leave, layoffs, and occupational accommodations are allocated to departments based on the number of reviews performed during 2017.
- <u>Compensation & Hiring Administration</u>: Costs associated with assisting the City and it agencies in achieving their goals by developing and implementing recruitment and selection strategies, and assisting in the implementation of organizational changes (including the classification and reclassification of employees and positions) along with working with the Personnel Board are allocated to departments based on the number of employees, less represented staff in the Police Department.
- <u>Employee Development</u>: Costs associated with supporting the successful engagement of City of Madison employees and agencies through the coordinated work of organizational development and wellness programs as well as oversight of the City's employee engagement initiatives, and coordination of internal and external training for employees are allocated based on the number of employees participating in employee development programs during 2017.

CITY OF MADISON, WISCONSIN INFORMATION TECHNOLOGY NATURE AND EXTENT OF SERVICES

The Information Technology (IT) Department is responsible for providing services to all City agencies for computer usage, software development, personal computer support, mobile computing, telephones, network communications, computer training, and general IT consulting. The Department also supports a wide variety of software from email to document management systems to enterprise databases, facilitates the dissemination of City information to the public via the City website, and provides the ability for the public to conduct business with the City via the internet. The Agency also includes Madison's Media Team unit, which provides television and internet streaming coverage of public meetings.

Costs for the Information Technology Department have been identified and are allocated as follow:

- <u>Network and Infrastructure Support</u>: Costs associated with the support of the City's general network and infrastructure, including device maintenance are allocated based on the number of supported devices by department during 2017.
- **<u>Phone System Administration</u>**: Costs associated with the administration and support of the City's phone system are allocated based on phone system charges to departments during 2017.
- <u>Media Services</u>: Costs associated with the media team related to the provision of live coverage of meetings as well as taped replays and online archive of meetings are allocated to the City Channel/Media Services.
- <u>Application Support & Development</u>: Costs associated with the administration of agency specific applications, software, and webpages are allocated based on an analysis of support services and staff effort by benefiting department during 2017

Amounts previously direct billed have been appropriately offset against allocated costs.

Ref.: 2 CFR 200 Subpart E.

CITY OF MADISON, WISCONSIN

FINANCE DEPARTMENT

NATURE AND EXTENT OF SERVICES

The Finance Department is responsible for enhancing the financial health of the City of Madison and serves as the steward of the City's resources through financial information, advice and support to the public, employees, City agencies and policymakers. The agency is responsible for citywide financial services including: general accounting, financial reporting, budgeting, internal audit, risk management, purchasing, payroll, and debt management. The goal of the Finance Department is to provide quality service to City agencies and facilitate processes that contribute to quality financial information for internal and external stakeholders.

Costs for the Finance Department have been identified and functionalized as follows:

- <u>Administrative Support</u>: Costs associated with clerical and office services provided to City agencies including assistance with both special projects and day-to-day operations and the provision of a centralized Document Services Unit that provides confidential word processing services, as well as software support to City agencies, application conversion, website administration and assistance with agency budget preparation are allocated to departments based on the number full time equivalent days of effort provided during 2017.
- <u>General Accounting & Reporting</u>: Costs associated with general accounting and reporting, including the processing of vouchers, preparing the Comprehensive Annual Financial Report and other support necessary to ensure the City's financial activities are compliant with Generally Accepted Accounting Principles, are allocated to departments based on the number of transactions processed during 2017 (AP Invoice Processing, AP Invoice Maintenance, AP Cash, GB Automated Maintenance, and General Journal Entry).
- <u>Budget Management</u>: Costs associated with the preparation and monitoring of the City's annual operating and capital budget as well as implementing systems to share information in a transparent and meaningful manner for internal and external stakeholders are allocated to departments based on the blended average percentage of Budget Adjustment transactions, Budget Amendment Reviews, and budgeted revenues and expenditures during 2017.
- <u>Internal Audit</u>: Costs associated with performing audits of City operations and analyzing data regarding operations are allocated based on an analysis of effort by benefiting department during 2017.

CITY OF MADISON, WISCONSIN

FINANCE DEPARTMENT

NATURE AND EXTENT OF SERVICES

- <u>**Risk Management**</u>: Costs associated with the administration of the City's general liability, auto liability, property and other miscellaneous insurance programs and serving as the liaison between the City and the Wisconsin Municipal Mutual Insurance Company (WMMIC) along with monitoring the insurance requirements of City contracts, investigating of the appropriateness of claims against the City, and implementation, administration and continued enhancement of the City Safety and Worker's Compensation programs are allocated based on departmental charges for Insurance and Worker's Compensation during 2017.
- **Purchasing**: Costs associated with procuring goods and services for the City are allocated based on the number of transactions processed during 2017 (Contract Liquidation, Contract Maintenance, PO Entry, PO Liquidation, and Purchase Order Maintenance).
- **Payroll**: Costs associated with the processing of the City's biweekly payroll and all related reporting are allocated based on the number of checks processed by department during 2017.
- **Debt Management**: Costs associated with the administration and related reporting responsibilities for debt issued to fund City capital equipment and projects are allocated to departments based on the total amount of principle and interest payments managed during 2017.

Amounts previously direct billed for services have been appropriately offset against allocated costs.

Ref.: 2 CFR 200 Subpart E.

CITY OF MADISON, WISCONSIN

PUBLIC WORKS – ENGINEERING SERVICES

NATURE AND EXTENT OF SERVICES

The Public Works Engineering Services Division is responsible for providing a variety of Public Works services to the City's residents and visitors in a fair and consistent manner that encourages public input. The Engineering Services Division is responsible for: the design, supervision, inspection, and construction of the City's transportation system infrastructure; the construction, maintenance, repair, and energy efficient retrofits to City-owned facilities; and the City surveying and mapping operations.

Costs for the Engineering Services Division have been identified and functionalized as follows:

- <u>Facilities</u>: Costs associated with the design, project management, and construction supervision of remodeling and construction projects for City-owned facilities as well as the maintenance and operational oversight of City-owned facilities including: the Madison Municipal Building (MMB), the Fairchild Building, 4 district police stations, the police training center, 13 fire stations, 7 Public Works facilities, the Madison Senior Center, 6 parking ramps, 3 leased facilities, and various storage buildings are allocated based on an analysis of facility costs by benefiting building and department during 2017. Amounts previously billed for facilities related services have been appropriately offset against allocated costs.
- <u>General Engineering Capital</u>: Costs associated with the management, contract administration, and administrative support to the Engineering Division's transportation and pedestrian infrastructure projects are allocated directly to Capital Projects.
- <u>General Engineering Other</u>: Costs associated with the management, contract administration, and administrative support to private development as well as mapping and records are allocated to All Other Departments/Programs.
- Department Specific Engineering: Engineering Services staff maintain detailed time tracking systems to record the actual hours of services provided to various City Agencies and activities. Personnel costs for Engineering Services are direct billed through the City's payroll system. These direct billed services are not added back for plan purposes. Additionally, operational costs of Engineering Services are charged directly to benefiting agency budgets when purchased. Therefore, no general administrative costs are allocated to this activity. Remaining costs associated with indirect costs related to City support of Engineering Services are allocated based on an analysis of time and effort provided by the Engineering Services Division.

Ref.: 2 CFR 200 Subpart E.

CITY OF MADISON, WISCONSIN PUBLIC WORKS – FLEET SERVICES NATURE AND EXTENT OF SERVICES

The City's Public Works Fleet Services Division is responsible for providing a safe and reliable fleet of diverse equipment for all user agencies, and to provide a concentrated effort toward a comprehensive preventative maintenance program at a competitive cost. Fleet Services is responsible for the purchase, preparation, and maintenance of fleet equipment used by City agencies, and maintains approximately 650 active vehicles and equipment.

Costs for Fleet Services have been allocated based on inter-departmental charges by department during 2017. Amounts previously direct billed have been appropriately offset against allocated costs.

Ref.: 2 CFR 200 Subpart E.

CITY OF MADISON, WISCONSIN PUBLIC WORKS – TRAFFIC ENGINEERING NATURE AND EXTENT OF SERVICES

The City's Public Works Traffic Engineering Division is responsible for providing overall leadership for traffic safety programs and assisting on the overall transportation and traffic planning, design and transportation engineering for the City. Staff assist neighborhoods and other government entities in planning transportation improvements. The goals of this service are to provide high quality transportation and traffic planning, design and engineering services for the City, collaborating with various stakeholders to achieve best development projects possible, minimizing the negative impact of private and public development impact on the City's transportation network, working closely with neighborhoods on control improvements are necessary.

The Division is also responsible for fabricating, installing, replacing, repairing, and maintaining street signs. The Division performs an annual sign inventory to evaluate the need for new signs or removal/alteration of existing signs; surveys and reports on sight distance problems and sign obstructions; and upkeep and maintenance of signs and guardrails. The Division also installs and removes barricades and signs for special events and to individuals with street-use permits. The goals of this service are to provide clear, concise and consistent guidance on, over, or adjacent to a street, pedestrian facility or bikeway by maintaining existing and installing new traffic control signage. Costs for these services are allowable and have been allocated to benefiting departments based on inter-departmental charges for service during 2017. Amounts previously directly billed have been appropriately offset against allocated costs.

The Division also is responsible for managing and operating the City's radio network. This includes planning, designing, modifying and installing communications equipment for the City, the 911 Center, and other public entities. The goals of this service are to support the City's first responder communications and radio communication for Public Works and other agencies. Costs for these services are allowable and have been allocated to benefitting departments based on inter-departmental charges for services during 2017. Amounts previously directly billed have been appropriately offset against allocated costs.

CITY OF MADISON, WISCONSIN PCED – OFFICE OF THE DIRECTOR NATURE AND EXTENT OF SERVICES

The City of Madison's Planning and Community Development Office of the Director is responsible for providing leadership to Community Development, Economic Development, Planning, CDA Housing Operations, CDA Redevelopment, and Building Inspection. The PCED Director serves as the Secretary of the City's Plan Commission. The Office of the Director provides centralized administrative support and coordination of Department initiatives to improve systems and customer service. The goal of the PCED Office of the Director is to enhance the efficiency and effectiveness of its divisions. To achieve this goal, the Office of the Director assists with the Comprehensive Plan update and implementation of Connect Madison.

Cost for the PCED Office of the Director are allocated to benefiting departments based on the number of full-time equivalent employees.

Ref.: 2 CFR 200 Subpart E.

DEPARTMENT 18 FISCAL 2017

CITY OF MADISON, WISCONSIN

PCED – ECONOMIC DEVELOPMENT DIVISION

NATURE AND EXTENT OF SERVICES

The City's Economic Development Division is responsible for promoting the economic growth and competitiveness of the City of Madison to maintain and enhance the City's fiscal sustainability, job base, and business environment and to foster prosperity and ensure it is broadly shared. The agency handles real estate transactions and financial and technical assistance for businesses.

Costs for the Economic Development Division have been functionalized and are allocated as follows:

- <u>Business Resources</u>: Cost associated with helping businesses locate, open, or expand within the City of Madison by directing businesses toward financial and technical assistance programs available through the City and other sources as well as guiding businesses through City permitting and approval processes, facilitating appropriate space for business development through participation in City land use planning efforts, and maintaining and providing demographic/community information to businesses are allocated to benefiting department based on an analysis of staff effort during 2017.
- <u>Real Estate Services</u>: Costs associated with real estate transactions taken by the City as well as administering the Tax Increment Financing (TIF) program, managing City leases, expediting implementation of redevelopment activities, providing relocation assistance to persons displaced by City acquisitions, recording City lands and selling surplus properties in concert with neighborhood sale criteria, and evaluating and protecting City land title through numerous permitting, appraisal, and authorization procedures are allocated to benefiting department based on an analysis of staff effort during 2017.

Amounts previously direct billed to departments for services have been appropriately offset against allocated costs.

Ref.: 2 CFR 200 Subpart E.
