

Entertainment and Security Information

Live entertainment includes (check all that apply): ✓ Live Music ✓ Disc Jockey ✓ Designated Dance Floor

Live entertainment does not include non-amplified or acoustic music performed by a single artist, or performances where an uncompensated patron sings along with a machine that plays pre-recorded music, commonly known as karaoke.

Type of live entertainment to be offered:

DJs, singers, dancers, drag queens, aerial/circus arts

Number of security personnel and how they will be utilized:

We will have enough security to cover every 50 people. Someone is always stationed at the entry/exit with floaters moving around the venue.

Description of clothing to identify security personnel:

Shirts with "SECURITY" written in large letters on the front and back

Plan to handle control and clearance of the parking lot during hours of operation and at closing time:

Parking lot will be checked every half hour. Before closing, security will move outside to monitor the patrons and clear the lot as quickly and quietly as possible.

How will the entrance line be managed and controlled:

Prism's entrance is designed to easily handle a line inside our vestibule. If there is a large crowd, we will have security stationed outside as well to keep the sidewalk and street clear.

Plan for unruly patrons, intoxicated patrons, and physical disturbances:

Our first step is to have a conversation with the patron to see if the behavior can be corrected. Anyone who seems overly intoxicated will be cut off, given water, and we will attempt to find a safe ride for them.

Underage drinking and fake ID plan:

Everyone's ID is checked before admittance. Staff is trained on tips for recognizing fake IDs and will confiscate any that are produced to staff.

Plan to control and supervise patrons under twenty-one (21) years of age:

During 18+ nights, underage patrons are given two brightly colored wristbands that glow under our lights. Bar staff only pours one drink per 21+ person. Our security staff monitors the space and the bathrooms to make sure that everyone is following the rules and regulations.

How will orderly appearance and operation of the premises be maintained in regard to litter and noise:

We have set levels for our audio system to avoid any complaints. If there are any, sound will be minimized to accommodate the neighbors. Barback and security sweep and clear the space as well as outside the venue.
