Property Owner's Signature: [Signature] Date: 7/24/2019

NOTICE REGARDING LOBBYING ORDINANCE: If you are seeking approval of a development that has over 40,000 square feet of non-residential space, or a residential development of over 10 dwelling units, or if you are seeking assistance from the City with a value of \$10,000 (including grants, loans, TIF or similar assistance), then you likely are subject to Madison's lobbying ordinance (Sec. 2.40, MGO). You are required to register and report your lobbying. Please consult the City Clerk's Office for more information. Failure to comply with the lobbying ordinance may result in fines.

4. APPLICATION SUBMISSION REQUIREMENTS (see checklist on reverse)

All applications must be filed by 12:00 pm on the submission date with the Preservation Planner, the Department of Planning & Community & Economic Development, Planning Division, located at 215 Martin Luther King Jr Blvd. Applications submitted after the submission date or incomplete applications will be postponed to the next scheduled filing time. Submission deadlines can be viewed here: <https://www.cityofmadison.com/dpced/planning/documents/2019LCMeetingScheduleDates.pdf>

Letter of Intent
Sun porch remodel for William and Mary Ehlenbach
May 03 2019

To: Landmarks Commission
City of Madison

Design/Build Agent: Associated Housewrights
Project Designer: Meri Tepper
On behalf of: William and Mary Ehlenbach

Project Name
Ehlenbach sun porch conversions

Project Address
6 South Prospect Ave Madison, WI 53713

Project Description
William and Mary Ehlenbach have commissioned Associated Housewrights to design and remodel two sun porches on the rear and side of the existing house. The 3-season sun porches will be converted to conditioned rooms.

The property (The Wolff House) is in a prominent corner location of Prospect Ave. and Regent St. The house, designed by Architect Alvan Small is listed on the National Register of Historic Places. The house is described to exhibit an "extreme simplicity of exterior decoration, with plain stuccoed wall surfaces, trimmed only by a few vertical and horizontal painted wood boards."

One purpose of the remodel is to provide year round conditioned enjoyment of the 1st floor sun porch. It currently serves as a breakfast room that closes down over the winter. Space currently being used as an unheated garden shed would be incorporated into the conditioned room for household storage. The yard door to this shed would be removed and the opening repaired with stucco siding to match the existing house. A new window would be installed above the old shed door to bring light into the alcove. It is interesting to note that the area where this new window is proposed is not part of the original structure but appears to have been added when the carport structure was built.

Upstairs, the 3-season sleeping sun porch would be converted into a jack-and-jill bathroom to alleviate the demand on the original single hall bath. All exterior windows and siding would be replaced to match existing as closely as possible. It is suspected that this second story sun porch is not original to the house. The City of Madison Landmark and Landmarks Site Nomination Form (4) described the house as symmetrical, "with its central, two-story pavilion flanked on each side by one-story porches" In addition, there is visible evidence of the original eave profile when standing in the space and looking at the ceiling. The aerial photo also shows a different roofing material over this space, which hints that it is not part of the original cruciform roofline.

The existing structure, and importantly, its outward appearance is to remain largely unaltered. All window sizes, materials, and patterns will match the storm windows that they are replacing.

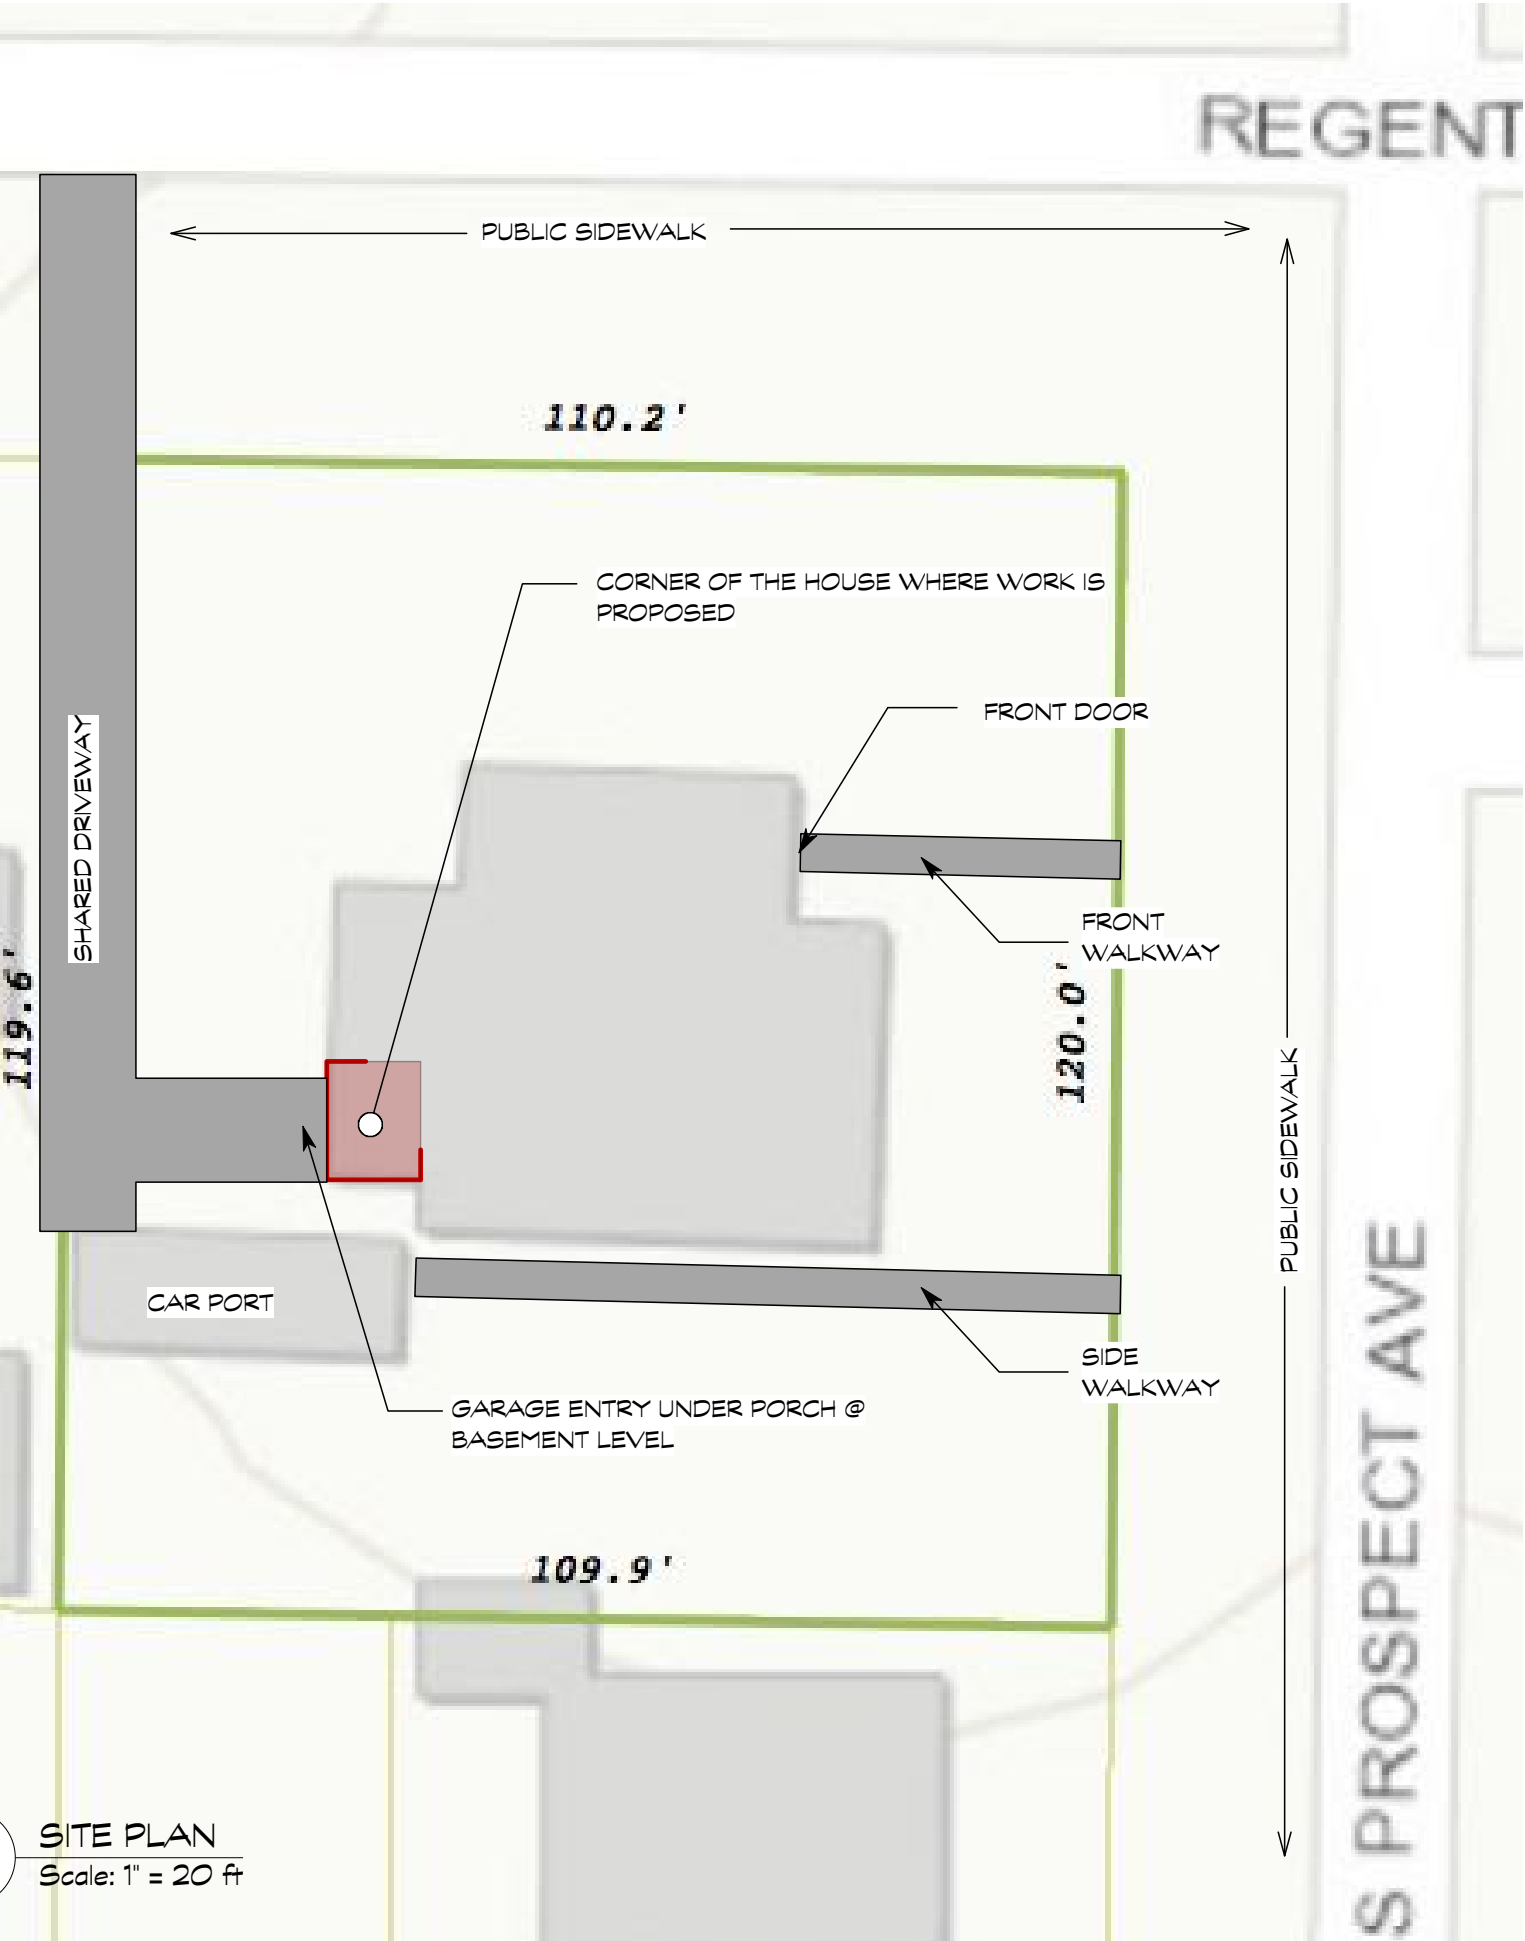

Respectfully,

Meri Tepper
Director of Design for Associated Housewrights
For William and Mary Ehlenbach
