**Subject:** Voting on agenda items #8-10 (2801 Hickory Ridge Rd)

I want to register my opposition to approval of agenda items #8-10 (2801 Hickory Ridge Rd) scheduled for the meeting of May 20, 2019.

As a resident of the Ice Age Falls/Stratton Ridge neighborhood, I am concerned about the increase in traffic this project, at its current scale, will cause particularly during morning and evening commutes. Congestion is already bad during these times.

Flooding in recent years has temporarily blocked these routes, which raises additional safety concerns about this proposed project.

I oppose the rezoning required to allow this project to start as-is.

Respectfully,

Neil Sisauyhoat

**Subject:** Voting on Agenda Items #8-10 (2801 Hickory Ridge Rd)

Hello,

I want to register my opposition to approval of agenda items #8-10 (2801 Hickory Ridge Rd) scheduled for the meeting on May 20, 2019.

As a resident of the Ice Age Falls/Stratton Ridge neighborhood, I am concerned about the increase in traffic this project will cause especially during morning and evening commutes. Congestion is already bad during these times and will likely be worse with this project.

Flooding in recent years has temporarily blocked these routes, which raises additional safety concerns about this proposed project.

I oppose the rezoning required to allow this project to start as-is.

Best regards,

Vonnie Sisauyhoat
