

DOGS IN MADISON PARKS

COMMUNITY SURVEY

The Board of Park Commissioners and Common Council are in support of reviewing Madison General Ordinance 8.19 (click here to read the ordinance) which does not allow dogs either on or off leash in most Madison Parks. The ordinance prohibits dog owners from allowing a dog to enter any public park and any school grounds in the City of Madison or City space (City space is defined as any building or portion of a building that is occupied by the City). Exceptions to this prohibition include service dogs, law enforcement dogs, off-leash dog parks (currently located in 8 parks, click here to read the policy) and parks where dogs are allowed on-leash on paths (currently 26 parks, click here to view).

The ordinance was originally created in 1973 and has been revised several times. This review was prompted by the increase in the number of Madison residents and the increase in the number of dog owners in the city. There has also been an increase in population density in some areas of the city due to multi-family developments, particularly multi-family developments which allow dogs. The 2018-2023 Park and Open Space Plan stated that Dog Walking was one of the top 10 recreational activities (click here to access the plan).

Creating a policy which allows dogs in parks could include restrictions on dog access to only certain areas in a park. The policy will inform any changes to Madison General Ordinance 8.19.
