Subject: RE: 6226 S Highlands Ave -- demolition permit and historical significance

Alex,

Thank you for your email. I need to gather additional information about this property before I can provide substantive comments. This property is not under consideration at the June 24 Landmarks Commission meeting and will likely show up on the demolition report for the July 8 meeting.

Do you know if anyone from the Madison Trust or any other organization has reached out to the property owner to discuss alternatives or possible assistance?

Subject: 6226 S Highlands Ave -- demolition permit and historical significance

I'm not sure what the best way to share this information is, but I thought you'd want to know and I'm interested in your feedback on this. 6226 S Highlands Avenue—which appears to be a signature mid-century work by architect Carl Gausewitz that was built in 1966—was recently was sold in April by the original owner. While I personally consider it architecturally significant, it is not landmarked or in a historic district. The new owner, David L. Stein plans to demolish it and build a new home. Notice the new owner plans to file for a demolition permit was delivered today:

"Please be advised that Paul Cuta will be filing a demolition permit application on June 27, 2019 for Plan Commission review that calls for a Single Family Residence located at 6226 N Highlands Ave Madison, WI 53705 to be demolished. For more information regarding this forthcoming application, you may contact the applicant, Paul Cuta, CaS4 Architecture, 4414 Regent Street Suite 102 Madison,

WI 53705 at paul@cas4arch.com or (608)709-1250.

"Applicant's Comments: Demolition of an existing, vacant, single family residence for the construction of a new single family residence.

"If you have any questions about the Plan Commission demolition permit approval process, please contact the City of Madison Planning Division at (608) 266-4635."

Here is a [link](#) to photos and information from the recent listing. If you have thoughts on the significance of this property or its disposition, I welcome your feedback. If you know anyone else interested in this information, please feel free to share it.

Cheers,

Subject: Board Assessment survey results for this evening's meeting

Wow! Very prompt responses to the survey from 7 of 8 board members. Thank you.

These results are attached and they will be mentioned at the meeting under the heading of Governance Committee.

Kudos to Patti for initiating, modifying, pursuing and completing this effort during a brief time period.

See you soon.

I think 6226 S Highlands is worth landmarking, which would give it some protection from demolition.

Thanks
