119 W Mifflin Street

Commercial building constructed in 1923.

Google Street View

Google Earth

Applicant: Victor Villacrez, Hovde Properties

Applicant's Comments: Hovde Properties intends to submit an application to demolish four adjacent commercial buildings at 119, 121, 123, and 125 West Mifflin St. All four buildings are deteriorated and have been vacant for several years.

Staff Findings: The preservation file indicates that the neo-classical revival terra cotta building was designed by architect Philip Homer. It was known as the Mifflin Arcade and was home to a variety of commercial uses in its early years. It was owned by Madison Realty, who intended to create "a high-class shopping district for women and to make the Mifflin Arcade one of the best known business blocks in the city," according to a 1922 *Wisconsin State Journal* article. The building was considered contributing to the potential State Street National Register Historic District.

121 W Mifflin Street

Commercial building constructed in 1923.
