Subject: 90 Day issuance extension petition

1 July 2019
Madison Common Council

As pursuant to question 65 and our agreement with the Statement of Intent (as part of Madison General Ordinance 38.05(3)(a)12) to complete all the above steps and be issued your license within 90 days of the Common Council granting your license. We are petitioning the Common Council for an extension of this deadline. We have pushed our opening date to late Summer-early fall-based on a variety of issues, specifically related to construction, space renovation and kitchen build-out! We originally were planning to place the kitchen in the basement as was the previous location by the former tenant, however found the limitations too significant. That said, we will be adding the kitchen to the first floor in a portion of the adjacent former Cousins Space. This change will require is to file for building permits etc. and ultimately require the extension. We are currently having architectural drawings completed and will be filing for permits. Also, based on a legal demand from an existing entity with a similar name we will be moving forward with the name D'Vino vs DINO-VINO and will be filing for corporate status etc with that new name. Should you have any further questions please don't hesitate to contact me. Thank you in advance for your consideration.

Sincerely,

DINO MANIACI/JASON HOKE
