2020 Operating Budget

Service Budget Proposal

IDENTIFYING INFORMATION

SELECT YOUR AGENCY: Library SELECT YOUR AGENCY'S SERVICE: **Facilities** SERVICE NUMBER: 504

SERVICE DESCRIPTION:

This service covers all activities and services associated with the operation of MPL's nine public libraries and the Badger Road facility including rent, utilities, maintenance, custodial tasks, and supplies, as well as internal labor service from Maintenance Services staff. This area focuses on providing a safe, pleasant, and welcoming environment at the Central and neighborhood libraries.

Part 1: Base Budget Proposal

PRIORITY

Citywide Element **Culture and Character**

Describe how this service advances the Citywide Element:

The Madison Public Library Facilities department supports the strategy of providing safe and affirming community spaces, and last year alone, provided 1,911,287 visitors with that experience. The Library is committed to maintaining (in this order) safe, accessible, comfortable, and welcoming buildings. We partner with the public, Library staff, City Engineering staff, and appropriate vendors to maintain safe facilities which service the entire community. In addition, we work to support the City's Green and Resilient committments by constantly seeking ways to both reduce facility operations costs and increase environmental sustainablity through initiatives such as solar panel installations, geothermal well systems, and LED light replacements.

ACTIVITIES PERFORMED BY THIS SERVICE

Activity	% of Effort	Description
Building maintenance	30%	Performing repairs, responding to user requests, coordinating preventative maintenance, coordinating vendor assistance.
Custodial tasks	30%	Cleaning Central Library, maintaining janitorial supplies, responding to custodial emergencies at Central and neighborhood libraries
Building projects	30%	Scheduling, coordinating, and completing major building projects such as renovations, refurbishments, and new construction.
Planning	10%	

Planning for new facilitiles, designing new facilities, and engaging the public and staff on future library facility

Part 2: Scaling Service Delivery

\$62,500 What amount is 2.5% of the service expenditure budget?

Would the changes include an increase to permanent staffing levels for this service? Yes

Increase

Explain how you would change the service activities and the level of service as a result of implementing a 2.5% funding increase to this service:	
Buildings power washed Central Library \$10,000. Convert an hourly poistion to a 60% Library Program Assistant \$32,980 (salary and benefits). Create event coordinator position \$17,500. (Hourly position.) Recycling will go up \$2,200 if we begin recycling books for neighborhood libraries.	
Explain the changes by major expenditure category that your agency would implement as a result of a 2.5 % funding increase to this service:	

▼ If yes, FTEs:

1.00

What impacts would City residents and visitors experience if this service is provided a 2.5% increase in funding?

The Central Library requires a complete building power washing. This would make the facility a more welcoming presence in the downtown landscape. The creation of a permanent part-time program assistant and the addition of an hourly Events Coordinator would allow for a greater number of programs at Central Library which increases its impact to the community; it would also provide some redundancy when Events staff are ill or on vacation and events must be facilitated regardless. Recycling books at neighborhood libraries is a Green and Resilient initative to divert those books from the landfill.

Decrease

Explain how you would change the service activities and the level of service as a resu	ult of implementing	a 2.5% funding deci	rease to this service:
\$5,000 furlough			
\$7,000 change temperature standards			
Maintenance Mechanic 2 will be retiring in 2019, do not refill position.			
Explain the changes by major expenditure category that your agency would impleme	ent as a result of a 2	2.5 % funding decrea	se to this service:
Would the changes include a decrease to permanent staffing levels for this service?	Yes ▼	If yes, FTEs:	1
What impacts would City residents and visitors experience if this service is provided	a 2.5% decrease in	funding?	
In collaboration with City Engineering, it has been calculated that each degree (up in summer, down i two degree change in our temperature standards (74 in summer instead of 72, 72 in winter instead o for both staff and visitors.	•		•
The elimation of a Central Library Maintenance Mechanic 2 would greatly reduce our ability maintain projects, would add time to snow removal, and would add response time to critical building issues.	a safe and sanitary fac	ility, would add lead tim	e to the completion of
