Subject: Old Sugar Distillery Comments for ALRC July 17th

Hello,

I am concerned about the license for the Old Sugar Distillery for a Entertainment and Class B license. I lived on Northern Ct. for several years as well as on the 400 block of S. Dickinson. It is not an appropriate place to have a bar with live music, even if the curfew is at Midnight. The residents of 1459 E. Main Street include many people with disabilities who may be disturbed by the noise from close proximity to this establishment. Also, any increase in capacity at this venue or others in the area of Williamson St. and Atwood Avenue will further add to problems created by a high level Alcohol Outlet Density.

Thank you for considering the effect of this change to the neighbors.

Sincerely,
Dan Nordstrom
136 Talmadge St.
