Subject: Spaight St. Traffic Calming Barrier
Date: Monday, August 19, 2019 8:15:25 PM

Patrick McGuigan, Transportation Commission Secretary

Dear Patrick:

I was very sorry to learn that the planned installation of speed bumps on the 1300 block of Spaight Street was cancelled. As I noted in my February 10 email to the Transportation Commission, my husband and I have lived on Spaight Street since 1993. Within the last five years we have seen a marked increase in traffic. Just this last Sunday cars were whizzing by at 30-35 miles per hour. Unfortunately this behavior does not stop when school begins and that coupled with buses picking up and discharging passengers and children walking to and from school creates a volatile mix. Please approve a traffic calming barrier.

Sincerely,

Miriam Simmons
1339 Spaight Street.
