Ulian - I have no issues with the timelines proposed.

Alder Skidmore & Austin,

City Staff has requested that the Edison proposal be covered by two zoning requests. The first will address the CC-T zoning for the proposed multi-family, the second will modify the overall TR-P zoning to make it consistent with the proposed project. Both applications are consistent with the proposal that we have discussed with you and are the technical paperwork to make it all happen.

We are targeting the June 26th submittal which will feed into an August 14th UDC, August 26th PC, and September 3rd Common Council. While this project has been under discussion for some time, we wanted to make sure that everyone is aware of the proposed process; as such, please write back to confirm that this timeline works and that you are comfortable with the proposed submittal on the 26th.

Thank you,

Ullian,

I have no problems with your schedule either.

Please keep me posted on your progress. Please let me know if you have any problems.
