

28.041 - TRADITIONAL RESIDENTIAL - CONSISTENT DISTRICTS.

(1) Statement of Purpose.

The TR-C Districts are established to stabilize, protect and encourage throughout the City the essential characteristics of the residential areas typically located on the Isthmus, near East and near West portions of the City, and to promote and encourage a suitable environment for family life while accommodating a full range of life-cycle housing. The districts are also intended to:

- (a) Promote the preservation, development and redevelopment of traditional residential neighborhoods in a manner consistent with their distinct form and residential character.
- (b) Ensure that new buildings and additions to existing buildings are designed with sensitivity to their context in terms of building placement, facade width, height and proportions, garage and driveway placement, landscaping, and similar design features.
- (c) Maintain and improve the viability of existing housing of all types, while providing for updating of older housing in a context-sensitive manner.
- (d) Maintain or increase compatibility between residential and other allowed uses, and between different housing types, where permitted, by maintaining consistent building orientation and parking placement and screening.
- (e) Facilitate the preservation, development or redevelopment goals of the comprehensive plan and of adopted neighborhood, corridor or special area plans.
