Subject: Parking Restrictions - Marquette.O'Keeffe Schools

Dear Member of the Madison Traffic Commission,

Thank you for your active involvement in our community.

I am writing as a Madison community member and staff member on the Marquette/O'Keeffe Middle School campus. In the past week, stickers were placed on the parking signs adjacent to our campus, effectively ending the time-limited current restrictions and making it such that NO Parking can occur between the hours of 8 and 11:30 on Monday or Tuesday (depending on the day).

This has become an extreme inconvenience, as there are over a hundred full-time staff people who depend on the area surrounding Marquette/O'Keeffe for parking each day. You may or may not be aware of the limited parking spaces available in the Marquette parking lot.

I am aware that you will be convening on **October 30** to discuss this issue.

During that time, I request that you **consider allowing for more parking options around the vicinity of Marquette/O'Keeffe Schools**. This might include allowing parking on both sides of the street, which in turn might actually help slow down cars.

I can think of no other solutions, which is why I share with your expert selves this email inquiry into providing more parking options for staff on the Marquette/O'Keeffe campus.

I look forward to your response.

Amy Clements
