Dear Chairman Verbick

In that our neighborhood has had to rally against 'Visions'?? so many times over the last 35 or more years, I would think that it should be more of a fight between the City of Madison and the police department with 'Visions' than to try to pit the neighborhood against them one more time.?? Look at the neighborhood and tell me that this is a good use for the 'Visions' property that enhances?? our quality of life on the east side of Madison. Also, my wife has written to our Alderman and we have attended meetings about our neighborhood's quality of life in regards to the F-35 possibly coming to Madison.
