

City of Madison Historic Preservation Plan  
90% draft November 2019  
Comments from Christina Slattery  
December 17, 2019

Page 14: Latinx used twice, Latino used largely throughout the rest of the document

- Confirm 13 members (unsure based on list in intro) – if updated note that this is also reference later in the document

Page 19: typo in last paragraph in first column – “evalutated” should be evaluated

Chapter 3 – the phrase “current preservation activities” and current preservation strategies” are both used to discuss current things being done. Should one phrase be used consistently?

Page 35 – Recommend that the callout box of “current city preservation strategies” include a reference to full list in Appendix B.

Page 37 – Extra period under 1C-ii

- Recommend that the text be updated in the graphic with the addition of the bolded items below:
  - o 182 Locally designated **parcels**
  - o 7 National Historic Landmarks
  - o 1 World Heritage **Sites**

Page 38: Extra period under 2B-iii

Graphic: 1,898 parcels in graphic but on page 37 notes 1,897

Page 39: Type in first paragraph – candid should be candidate

Page 42 – Photo caption – add house

Page 43 – Sentence under 4A-ii seems to have an extra word – remove “are”

Page 48 – can formatting be adjusted so text is not orphaned at the top of the second column?

Page 49 – add addresses to photo caption

Page 51 – reference to Chapter 4 in the actual chapter 4 seems awkward

Page 52 – sidebar in purple – seems odd since it is repetition of the list above

Page 53 – add address to photo caption for parkway?

Page 61 – recommend that Sunset Hills be added to the list of neighborhoods covered on the near west side. This is a separate neighborhood from Sunset Village.

- Paragraphs 4 and 5 on this page are repetitive.

Page 79 – Principles should not need to be capitalized

Page 82 – the terminology used to reference the Historic Preservation Plan Advisory Committee is not consistent throughout the meeting summaries.
