**Subject:** Please heed Dan Nordstrum's paper  
**Date:** Wednesday, December 18, 2019 4:53:01 PM

---

A quick note to Thank the ALRC for its Alcohol Density Study in Madison -- so important in this time of too many firearms and accidents. I also thank Dan Nordstrum for his extensive research that he submitted to the ALRC, titled:

**Addressing Alcohol Outlet Density in Madison, Wisconsin**

Dan Nordstrom, MSSW, LCSW [dan@addictionmadison.com](mailto:dan@addictionmadison.com) Updated Dec 15, 2019

I also ask, as he does, that **"the City of Madison should explore placing (a) limits on drink specials, (b) limits on alcohol advertising in public areas, (c) limits on outdoor seating at bars and restaurants that serve alcohol, (d) limiting alcohol sales at athletic and community events, and consider (e) increasing funding for the prevention of alcohol misuse through public safety, human services and public health agencies."**

**Who is Dan Nordstrum>**

**"... a parent of two school-age children and have lived in the Tenney-Lapham, Williamson-Marquette and Schenk-Atwood-Starkweather-Yahara (SASY) Neighborhoods in Madison, Wisconsin, since 2004. I have a Master of Science degree in Social Work from the University of Wisconsin-Madison ('06), with a concentration in healthcare policy and administration. My occupational background is in disability policy, corrections, healthcare, higher education and mental health counseling with an emphasis on addictions and behavioral health. I have worked at the Dane County Jail, Oakhill Correctional Institution, University of Wisconsin-Madison and the State of Wisconsin Department of Health."**
