Subject: RE: King Street Project - Tasting Room

Hi Tom,

With the downtown tasting room zoning text amendment legally published and in effect, please consider this to be my formal waiver of the notice of intent requirement for the application for conditional use permit for a proposed tasting room establishment at 110-112 King Street.

This waiver notice may be attached to your application. Please let me know if you require anything further.

Thanks,
Mike

Hello Alder Verveer,

I sent you a text, but thought I would send an email as well in case that was better for you.

I met with Zoning yesterday and it sounds as though the text amendment is going well. my hope was to get the conditional use application ASAP after the code is updated (7 days I believe). They suggested I speak to you about waiving the 30 day notice requirement. Is that something we could discuss as well as talk to you about the project and answer any questions you may have?
