

**Fireworks:**

The Mallards will have planned six fireworks shows for 2020. Planned dates for these shows were: May 30, June 13, June 27, July 3, July 4, July 25

Due to likely changes to our schedule due to COVID 19, we would like to request approval to modify the dates of these shows as needed. Once final dates are selected, we would notify the Parks Superintendent and area alders.

The possibility exists that we may turn some of these shows into "Drive-in" fireworks displays for the community, in the event where we have a significant reduction in the number of games the Mallards play. We are currently working with Public Health Madison & Dane County to assure we can host events like this that are safe & within state guidelines.

**Drive-in Movies:**

We are currently in discussion with Public Health Madison & Dane County to possibly host a series of drive-in movies in the outfield at the ballpark, in the event that we have a significant reduction in the amount of games the Mallards play. We would use our digital video board to display movies & allow fans to park on the field to watch the movies & would use an FM transmitter to deliver the audio to the parked vehicles, so people can keep windows closed if desired or required by public health. We will continue to work with Public Health to pursue this possibility, but we are requesting Parks Commission approval of this concept.
