Subject: Stormwater Ordinance

Dear Ledell Zellers,

I am a resident of Madison and recently received notice of the proposed updates in the stormwater ordinance. I am in strong support of the changes proposed by City Engineering staff. I believe that these changes in the city's building guidelines will promote wiser water usage and generally contribute to a more resilient climate.

I am a member of 350 Madison's Community Climate Solutions Team. Your attention to this request is appreciated.

Sincerely,
Pat Anderson
