BPW Supplemental Info re: Legistar File ID no. 60512

Title: Authorizing the Mayor and City Clerk to Execute an Agreement with Dane County for the

Operation and Maintenance of Traffic Control Signals and Street Lights Along Certain County

Trunk Highways

TE Contact: Graham Heitz, PE (266-4589)

Summary: Since at least the late-1990's, City Traffic has maintained an agreement with Dane County to

address the routine maintenance & operation of traffic signals & certain street lighting on the CTH-system. This agreement has been amended approximately 5 times in subsequent years. At the request of Dane Co., the agreement has been updated more holistically & to include new installations, as well as remove installations in cases where ownership has been transferred to

other municipalities. Updated agreements with these other governmental units are pending.

Since the number of installations added to the Dane Co is equal to those being removed, the fiscal impacts are relatively unchanged. A complete list of traffic signal installations are referenced in the formal agreement as Table A. However, a short-list of the installations affected

by the new agreement are summarized below.

	nange Summary				05/20
Agreement			Dane Share	Other Share	Agreemer
Agreement	CTH	LOCATION	(%)	(%)	Status
NEW Agreement	AB	Buckeye Rd / Service Road east of HWY 51	50*	(70)	In Process
