Hello,

My name is Miryam Bernard-Donals. I am a Madison, Wisconsin resident. I urge you to please support resolution #60764.

I also support ending curfew - i.e against item 132- as an extended curfew will only serve to bring more police onto the streets, which puts youth/people of color in harms way. It is also adding additional strain to those who work night shifts (our very own essential workers).

I understand there are pieces to the system that you, as Mayor and Alders, do not have control over. But these ARE pieces that you DO have power to push forward!

Please, please do these small acts so we can take the next steps towards a just and equitable system!

Thank you,  
Miryam Bernard - Donals

Hello,

My name is Kelsey McLeod. I reside at 22 E Dayton St, Madison, WI 53703. I am writing to voice my support of the recent council meeting agenda items regarding the introduction of a community police oversight committee and urge the city of Madison to push forward and complete the next steps to create the position of Police Auditor. This position must be created and filled as soon as possible to hold our police accountable for their actions and create an environment of trust in our community.

Thank you,  
Kelsey McLeod

Madison Alders,

My name is Leah Rosenblum and I am a Madison resident and UW-Madison student. I am writing to urge you to vote tonight to remove curfew as well as Resolution 60764. The racist curfew put in place only serves to antagonize Madison residents-- particularly Black residents and has only led to more violence, as Madison police and the national guard unleash tear gas and flash-bang grenades on citizens.

This sort of police violence is one of the many reasons it is absolutely crucial that Resolution 60764 is passed. We need immediate oversight of the police force and to implement police reforms. If the police truly exist to 'serve and protect', then why were peaceful demonstrators tear-gassed? Why is the man that murdered Tony Robinson still employed on the force?

These reforms are long overdue. However, America has now found ourselves at a crossroads, giving government leaders the opportunity to either be on the side of racial justice and equality or to continue to uphold the institutions that commit horrific acts of military-style violence.

If Madison is the city I know it is, then I know that you all will vote to revoke the racist curfew and pass resolution 60764. We must do everything we can to protect Black life.

Sincerely,

Leah Rosenblum

Dear Madison City Alders,

I, Freya Hambrick, a long time madison residents want to see you vote on a couple things.

The first being to remove the curfew. The right to free speech and assembly is crucial for our democracy and curfews are only increasing violence against the communities that are coming together to protest police brutality. It does not protect Madison citizens, only heightens the tension of the situation and allows the police to use excessive force based on the curfew order.

The second, is to vote on the 173 recommendations to reduce the harm done by MPD to the community. While I agree that the need for an oversight committee is both needed and necessary, the Madison community needs support now. By adopting these recommendations it would begin to heal our community and prove that our city is listening to our demands.

Third, I ask that you vote to create community oversight of the police force. We keep us safe, not the militarized police force.

Thank you for your time, I will make sure to hold you accountable for your votes.

Sincerely,

Freya Hambrick

Elected officials need to implement change regarding:

- the harmful curfew that aims to punish and inflict violence
- police activity/abuse/violence
- police funding
- qualified immunity put in place to protect and excuse police as they violate the law
- The Law Enforcement Officers Bill of Rights that excuses their violence and murdering

We're watching. We're voting. We're asking hard questions. We're organizing. We're taking action. We're making changes. We must see this reflected in our city's government as well.

**To:** [All Alders](#); [Mayor](#)  
**Subject:** COMMON COUNCIL AGENDA ITEMS #60762 (OPPOSE), #60764 (SUPPORT)  
**Date:** Tuesday, June 2, 2020 9:05:37 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Mayor and Madison Alders,

My name is Willa Brenneis, I am a resident on Madison's East Side, and I am writing to express my concerns with AGENDA ITEM #60762 to instate a state of emergency in Madison and continue the 9:30pm curfew. As a direct ask from yesterday's protests, Black Lives Matter organizers have expressed that this curfew puts black youth in danger and only gives police more freedom to inflict harm. Therefore, I would like to express that I strongly **OPPOSE RESOLUTION #60762**.

Further, in order to insure that police officers are held accountable for their continued and systematic violence against communities of color, I would like to express my **SUPPORT for AGENDA ITEM #60762**, which will be a step towards more community control over police.

Thank you for your time and service,  
Willa Brenneis

Madelyn Vilker

**From:** [Monica Ruppert](#)  
**To:** [All Alders](#); [Mayor](#)  
**Subject:** Items for 6/16 Common Council Meeting  
**Date:** Tuesday, June 2, 2020 8:58:10 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hello,

My name is Monica Ruppert, and I am a Madison resident who lives downtown. I would like to express my support for Resolution #60764, Creating the MPD Ad Hoc Recommendation Oversight Committee, and I would like it to be put up for a vote when it is discussed next, which I believe was mentioned to be the 6/19/20 Common Council Meeting.

I also support ending curfew (I know that item 132 is extending curfew), which I believe only serves to bring more police officers onto the streets, therefore putting youth of color in harm's way. Additionally, curfew creates difficulties for employees working night shifts, especially those of color, who have to therefore encounter even more police on their way to and from work.

Thank you for taking the time to hear this, and please let me know if I can register these stances elsewhere. I hope you all are doing okay.

Monica Ruppert

Dear Mayor Rhodes-Conway & Madison Alders,

First I want to thank you for what leadership and peace you've been able to offer the city in this dire time. I hope that you continue to pursue progressive plans to improve the relationship between the police and the citizenry, however I feel it's important to ask you to consider some very specific recommendations for the immediate and long term well-being of our city and state.

First of all, I implore you to pass Resolution 60764 to create an oversight committee on our Police Department. This is necessary first, yet light, step towards accountable and responsible policing.

Next, I suggest you put an end to the curfew. This only encourages unruly behavior by making the act of staying out after dark one of defiance which can have disastrous results, it costs an unreasonable amount for limited results and furthers the strain on the already tenuous relationship between PD and Madison residents.

Lastly, and most vital for the future of this city, follow the other [NAACP](#) demands regarding reform:

- A ban on the use of knee holds and choke holds as an acceptable practice for Police Officers
- The Use of Force Continuum for any police department in the country must ensure that there are at least 6 levels of steps, with clear rules on escalation
- Each State's Open Records Act must ensure office misconduct information and disciplinary histories are not shielded from the public. Re-certification credentials may be denied for officers if determined that their use of deadly force was unwarranted by federal guidelines

We are on the precipice of something monumental and how we act can have lifelong consequences for many. Tread intelligently, empathetically and quickly so as not to lose the public confidence.

I'd like to commend Mayor Rhodes-Conway for continuing to distinguish between the protestors and the looters as conflating the two brings harm to many. Additionally for calling out the people griping more about damaged goods than lives stolen from so many Black and Brown people this country over. These are important comments and should always be mentioned.

Please continue to advocate for Black and Brown lives. Please continue to pursue valid and realistic police reform. Stay Strong, Stay Vigilant and Stay Outspoken against injustice.

Sincerely,  
Gregory Gavin

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hello,

As a long-time Madison citizen living in District 15, I love this city, but I love its people more. I believe Black Lives Matter, and the protests in Madison are long overdue. Broken glass and overturned planters can be fixed. People cannot be brought back from the dead.

I'm asking you, as representatives of the Black citizens of Madison, to vote NO tonight on Resolution #60762, item 132 to extend the state of emergency and curfew.

I encourage you to vote YES on a temporary police oversight committee (Resolution #60764).

Please, defend black life.

Jessica Jones

Hello,

My name is Griffin Walker, and I'm a resident of Madison, WI. I'm writing to request your support of resolution 60764 for creating a police oversight committee. This is one piece of bringing justice for black lives in Madison. We as a community deserve to have control over the police who are supposed to be protecting and serving us, rather than murdering us unjustly. Tony Robinson deserves justice. Please take this step forward.

Thank you,  
Griffin Walker

As elected alders it is your responsibility to uphold citizens' constitutional rights. Imposing this curfew is an obvious effort to curb the first amendment right of the Black Lives Matter protestors, to limit their freedoms and to prevent dialogue on this important issue. I have a full time job, like many other citizens who want to get involved in this movement. I also take full time classes at UW. It is not possible for me to attend protests which take place during the day. People who work deserve to have their voices heard, and imposing this curfew disallows this. You would be limiting working people from speaking out by upholding this curfew, attempting to silence this movement and clearly disregarding the profound urgency with which the citizens of this nation-and those you have been elected to represent- wish to address the injustices imposed upon black and brown citizens. I urge you all to vote against upholding this curfew, lest you be exposed as supporters of the oppressive system that ignores and murders its own citizens. Do not become part of the problem.

Dear Mayor Rhodes-Conway and Madison Alders,

We need an MPD Ad Hoc Recommendation Oversight Committee started now, this session. I want to see resolution file # 60764 on Tuesday's agenda. I want to see our city leadership committed to police reform and oversight and community control. We have and have had an exhaustive report detailing necessary reforms and now it's time to take action. Please think of your community; this is what is needed now! The PSCR and EOC have already recommended this Committee in Dec. 2019. Let's go. Alder Carter, other alders, and Mayor Rhodes-Conway, I look forward to your immediate action on this issue.

Thank you for your attention to this urgent matter.

Sincerely,  
Claire

I am a concerned citizen. I am a voter. I am a resident of Madison. I am a social worker that provides community based mental health services to underserved populations.

I am not okay with what is going on in our country and our community. It needs to change now.

The police have been given chances to reform themselves. They have not. They will not. They have taken implicit bias training, they have taking mental health training, they know they are on camera. They continue to use excessive force, they continue to act with impunity. It is time for oversight. It is time for community involvement in policies and practice we deem acceptable by the police. It is time to limit their use of force. It is time to defund them if they cannot change their behavior and listen to their community. We should expect more.

Please support Resolution 60764. Give our community a voice.

Thank you,  
Anastasia Coppola

**Would you like us to contact you?** Yes, by email

**Message:**

Because you did not announce there would not be public comment on these issues, I did not email my comments by 3pm. I hope that you will still record the statement I was prepared to make:

My name is Jennifer Bastian. I am here today as a Madison resident, a mother, and a small business owner. I am here to oppose the extension of the state of emergency and demand that the mayor and the city end the curfew and cease the brutalization of black youth.

The idealistic view of a peaceful protest and the discomfort of violent disruption are not set opposite each other in a binary. The language used to express hundreds of years of oppression at the hands of a government wielding systemic white supremacy is not going to be clean, easy to digest, and used as a sound bite for political posturing.

The structure of white supremacy must be dismantled before any kindness can be asked of our black community members.

Where was this curfew and show of military force when WHITE right wing militia members came into the capitol with assault weapons? When black and brown youth have repeatedly been the subject of police brutality in and outside of schools?

End this curfew now. We know that the militarization of police always escalates, it does not de-escalate violence.

You have the opportunity to listen to black leaders, to hear their demands, and to change direction. Take this generous gift they are giving you right now and end the curfew. Divest from the police. Begin community control of the police. Get cops out of schools. Free all incarcerated peoples at risk for COVID-19. Create a budget that sees humanity rather than holding property over the value of black lives.

Alders, Mayor-

You're not going to take public comment on this? Really? You're not going to listen to your citizens? Extending curfew puts the lives of our protestors, specifically black protestors, at serious risk for violence. They have a right to be out protesting and you're deeply losing sight of community values.

Change your perspectives or we will change who we vote for.

As citizens of the City of Madison,  
We, as a whole, demand change. We have spent decades fighting for the equal treatment of black people by the police. Yet, repeatedly, we see black men and women, children and adults, beaten, unlawfully arrested, and killed by men in blue. We need change. Change to better the community as a whole by holding these men accountable. Change to instill a sense of pride and safety in and from our police force. You are here to speak for us, and we are telling you that we demand change. We will not stop protesting, we will not stop flooding emails and we will not stop screaming from the rooftops until we are heard. Help us make this change, help us ACTUALLY make America great. For the first time. Make this the country you want to be proud to raise your children in! Vote for Item 134!

Speak for us

Silence is violence

Vote.

**Message:**

To All Alders

Our Mayor and Chief of Police failed us last night. As State Street is vandalized and looted for a third straight night, the rights of our citizens are once again violated.

I'm going very tired of our Leadership and believe it is now time for the City Council to step in and say - enough is enough. When our Mayor said property can be replace - my jaw dropped to the ground. Her complete lack of understanding on what it is to be a business owner is completely beyond belief.

We are a diverse community with many interests and loves. But without Leadership - many of our faithful businesses will rightfully leave our city. This is unacceptable - no matter what the cause is.

Enough is enough - round up the criminals and put them in jail.

I know the job of our police department is difficult and without the support of our Mayor - I'm sure it is much more difficult. I've talked with many officer over the last three days and they are very frustrated with our leadership. Time to lead and not follow our Mayor.

Bruce Rounds

**Date:** Tuesday, June 2, 2020 7:10:53 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Madison Alders,

We need action on community oversight of Madison Police Department *now*.

These harm reduction recommendations in the original resolution have been crafted with the help of the community and cannot wait longer; the protests are sufficient example of the urgency of this situation. The steps that we can take now, crafted democratically with the assistance of citizens' boards, can and must be taken.

I urge you to take direct action tonight. Oppressive and brutal structures will not tarry to end more lives while we debate an alternate resolution.

Yours in sincerity and urgency,

Casey Coolidge

Hello,

I am emailing to urge all alders to vote on and PASS as is resolution 60764. Adoption of this resolution is an important step forward in addressing systemic racism in madison police force and returning control to communities of color. Community oversight of police should not be controversial. I also urge all of you to consider the demands of Forward Inc, Urban Triage and other locally led community organizers in beginning to address these very important issues

Dear Alders,

I grew up in Madison and have lived here for most of my life. As a white, middle-class, cisgender person with ability privilege, who has not been in the streets the past few days, I don't see my experiences or identities as particularly important ones from which to speak on the always critical but especially timely issues of systemic racism and police violence. However, I feel called to act in solidarity with those most impacted by and organizing against these vehicles of oppression, and I hope this can be a small way to add weight to their voices.

Recently we've watched local elected officials, including many of yourselves, tell us they are deeply concerned about institutional racism and police violence. We heard from MPD leadership that they want to build trust with marginalized community members. And then we watched curfews go into place, the National Guard called in, and militarized police use tear gas and rubber bullets against protestors and bystanders (often unprovoked and unannounced, by the accounts of people I know who were witnessing this directly). Is this how you build trust in your personal relationships? Do you see this as effective, or aligned with your stated values?

I work in interpersonal violence prevention. In my field, we call this gaslighting. When you tell a person or community that you care about them, and then turn around and cause them direct harm, we consider that manipulation and psychological abuse. Let's be clear that the state-organized and state-sanctioned violence in this country against people of color and specifically Black folx is emotional as well as institutional and physical.

I want to echo the calls of Freedom Inc., Urban Triage, and PSL for defunding of the police and community control of safety and accountability structures. As someone who does anti-violence work, I am opposed to violence and coercion in all their forms, particularly when organized and justified as weapons of social control against vulnerable people.

I'm going to assume most of you do not feel abolition and defunding are currently possible. So here are what I see, from my limited perspective, as the bare minimum alternatives to act with integrity in this time: Can you vote not to extend a state of emergency that could easily lay the ground for autocratic decision-making, curfews, and unchecked police use of force? Can you take the step that the loved ones of people killed by the police in this city have been asking you to take for years and vote to create an accountability committee to evaluate MPD? If you aren't willing to dismantle the systems of state violence actively causing people harm, what is the possible justification for refusing to take minimum action to check and mitigate that harm? How is it possible that this is controversial or has taken us so long? What are you afraid an ad hoc committee will find?

I have been invited and challenged lately by colleagues and people in my life to check in with my body and emotions. I know from my work and my experience that what truly guides our action or lack thereof is how we feel, not what we know intellectually.

So I want to ask each of you: what is your body telling you? What are you feeling? Do you feel any guilt or shame about the role you are playing in this moment in history? Are you feeling grief? Anger? Fear? What are you afraid of? What about love, compassion, and gratitude for young black and brown folx on the streets, grassroots organizations leading this work, community members who have not given up on the fight for accountability, and communities who have been resisting and resilient for hundreds of years? What is guiding you? What isn't?

I could not do the work I do if I did not believe that change is always possible. I believe in transformative justice and the possibility of all people to change their course of action with intention, hard work, and accountability from others. Change is politically and existentially terrifying for those in positions of relative power. But the status quo is terrifying at a visceral level for people who have already lived lifetimes and generations of harm and exclusion. I do not think it is hyperbolic to say that voting for curfews and against police accountability at this time is voting with blood on your hands. Furthermore, doing that while saying you are opposed to state violence and systemic oppression is a mindgame. Please do better.

Thank you for your time, attention, and for those of you who have been organizing against the extension of the state of emergency and who have brought the police accountability ad hoc committee back on the table. I am grateful for your courageous leadership. Please know that even in my grave concern about the direction of city leadership in this moment, I value the humanity of each of you, and wish you and your loved ones safety, wellness, and opportunities for self- and community care in the days and weeks that come. Here's to a future of collective liberation for all of us. To paraphrase Arundhati Roy, it may be coming sooner than we think.

Sincerely,  
Nola Pastor (she/her)

Dear all of our alder-people,

The last few nights have clearly gotten out of control. We can all see it. Though the protests remain peaceful, people meant to sabotage the image of the movement have caused destruction to the city. It is important to note that I am not condoning the actions of the few. I live on State Street. I am living the 'riots'. Though I am immersed in the situation, I do not fear the protesters. They are not here for me. They are here for the system. Pass resolution 60764 now to ensure the safety of not only the citizens of Madison, but to set an example for the rest of the country. We need oversight. We will not be silenced. Until there is real change, there will be no change. Find it in your hearts to make a difference before a tragedy happens.

Best regards,  
Sarah Arafat

Hello --

Please end the curfew here in Madison! It does not keep people safe, especially people who are most vulnerable right now. It becomes an excuse for police to get involved, which has just escalated the situation every time. We can keep each other safe. I have been practicing strict social distancing (several housemates are immuno-compromised and don't have health insurance, which is a whole other story!!), so I am staying inside regardless -- but people should have the right to protest. From everything I've heard and seen, protesters have not harmed other civilians, and in fact have been supporting each other through thoughtful de-escalation practices.

Please end the curfew, please listen to people, please don't be afraid of anger. We cannot keep avoiding the problems we've caused; we need to be accountable.

Thank you,

Madison Mayor and Alders,

Please support Resolution #607694 and put it up for a vote at tonight's Common Council meeting. We must recognize that the recommendations made for police accountability must be put into action for our community to see any benefits.

Also, please end curfew- item 132 is extending curfew- which only serves to bring more cops onto the streets which puts youth of color in harms way, and it's also really bad for those working night shifts.

Thank you,

To the Madison Common Council and Madison Mayor,

I am writing to urge you to bring resolution #60764 to a vote, and to vote in support of it at tonight's meeting. Now is the time to act and make the right choice for Madison. The Madison Police Policy & Procedure Committee transitioning to the Recommendation Oversight Committee only makes sense and is a long time coming. This is just a step towards accountability and community control of the police and it is necessary. Do not delay.

I also urge you to end the curfew. Vote against item 132 that would extend the curfew further. This only serves to increase the number of police present, thereby escalating the situation and putting youth of color at risk. This anger and grief is justified and should be heard. Do not allow military tactics to continue violating our safety and the safety of black and brown people in this city. It is time to stand down!

Please show leadership for all of Madison. We need community based solutions and an end to state sanctioned police violence now.

Sincerely,  
Brenna Clark  
Tenney Park neighborhood

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear all of our alder-people,

The last few nights have clearly gotten out of control. We can all see it. Though the protests remain peaceful, people meant to sabotage the image of the movement have caused destruction to the city. It is important to note that I am not condoning the actions of the few. I live on State Street. I am living the 'riots'. Though I am immersed in the situation, I do not fear the protesters. They are not here for me. They are here for the system. Pass resolution 60764 now to ensure the safety of not only the citizens of Madison, but to set an example for the rest of the country. We need oversight. We will not be silenced. Until there is real change, there will be no change. Find it in your hearts to make a difference before a tragedy happens.

Mary Batson

On Tue, Jun 2, 2020 at 3:04 PM Mary Batson <[batsonme22@gmail.com](mailto:batsonme22@gmail.com)> wrote:

Dear Alders,

I just sent this exact letter to my alder, Arvina Martin.

Dear Ms. Martin,

I am writing urging you to vote to pass alternate resolution 60764 the MPD Civilian Oversight Board.

I love Madison. I was born and raised here and am now 55 years old. Yet during all of that time Madison has yet to get it right when it comes to improving racial disparities and ending discrimination. As beautiful and interesting as Madison we've totally failed our families and communities of color.

I know that at this time, we need strong oversight with authority and power to use that authority. Pass the alternate resolution. Give citizens oversight and make sure that those citizens are endorsed by the communities they will serve to protect.

In addition, I am greatly disappointed by the narrative Mayor Rhodes-Conway is perpetuating -- focusing on and distinguishing between legitimate and not legitimate protesting.

The problem, and the absolute reason for the need for civilian oversight, is the excessive and abusive use of power that is wielded through the institution of policing. The protesters chant "we keep us safe". And that's the truth -- especially when the tools at our disposal are high quality education, free and accessible health and mental health care, healthy environments (parks, green spaces, bike paths, and bike lanes), clean air and water - not guns. This is the stuff that creates the conditions for safety. Threats of and use of force only escalate violence. Every news clip, story, and image is a testament to that now. It's time to divest from all institutions that work through force, "enforcement", and invest in that which promotes health and healing.

Thank you for your work and your care,

Mary Batson

Madison Common Council:

I'm writing to you in support of resolution 60764, in the hopes that it will be brought up for vote in tonight's meeting. Time and time again we see the need for increased police oversight, and in light of recent events, the time for action must be sooner rather than later. A civilian review board of the police is absolutely necessary in order to better hold our police officers accountable for their actions, as well as to foster better relations between the police and the community at large. The police are here to protect and serve this community, and as such, the community should ultimately be the decider of how it would like to be policed.

Respectfully,

Jacob Fauble

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hello, I'm Ahnika Krupnow, a member of the Madison community. I've heard that tonight you will be gathering to determine whether or not to lift the curfew and I'd like to give you my opinion.

I ask that you please lift it. Please. I understand people's concerns about safety, and that there has been some damage to property in certain places due to the protests, but I am very concerned myself. I am concerned that people in our community do not feel safe around the police and that they have not for some time because of numerous deaths of unarmed men, women, and in some cases children across our nation.

I am afraid myself. I am afraid that one of my neighbors will reach out for help from the police one day and be killed because we have failed to address the knee jerk reaction our officers can have to people of color. I am afraid that one of the children who play outside my apartment building, laughing with their friends in the sun will one day be playing with a water gun that is mistaken for a deadly weapon and be shot without question.

We should not have to be afraid of dead children on our doorstep or seeing our neighbors shot in incidents that are entirely preventable. I really cannot imagine how much worse it is to be afraid that it will be your child dead on your lawn, or your sister, or yourself. That is why I am asking you, please, to lift the curfew. Allow the people of Madison their right to protest the failings of police departments nation wide. Do not stifle the voices of those who gather peacefully to mourn and create change

**From:** [Monica Schwartz](#)

Caution: This email was sent from an external source. Avoid unknown links and attachments.

This concerns us all,

As a resident of Madison, WI, **I fully support Resolution #60764, and I want it to be put up for a vote at tonight's Common Council meeting.**

I believe it is imperative that the work already completed by the MPD Policy & Procedure Ad Hoc Committee is implemented immediately. While you may not be able to offer immediate action, you are able to offer the creation of a Recommendation Oversight Committee. The uprising you are now facing is due to lack of police oversight. The MPD Policy & Procedure Ad Hoc Committee has already written 177 possible solutions to this problem. Allow those solutions to be implemented. A decision not to support Resolution #60764 would signal to me that you do not believe Black lives are equally important as white lives.

**I also fully support ending curfew.** Adding more police officers to this equation will not solve this problem. Adding more police officers increases the risk that more Black bodies will be harmed. Don't try to end this uprising with curfews and militarization; end it by listening and implementing good policy.

Thank you for reading. Thank you for trying.

To whom it concerns,

I would like to state that I support resolution #60764 and the work that the Madison Police Policy and Procedure Committee has done over the years.

I ask that this resolution be brought to the council to vote on tonight.

I also ask that on the matter of item 132, curfew not be extended. The unintended consequences of the imposed curfew must be considered and it ought to be ended immediately.

Sincerely,

Tim O'Brien

**Message:**

I want to urgently express my support for resolution 60764, and want to make clear that it cannot simply be a talking body but must have authority to remove officers from the force. Matt Kenny should not still be a police officer.

I also oppose 60762. The emergency is police brutality and the curfew needs to end now. Madison needs to remove riot cops from streets and prevent National Guard from operating in our city.

Finally, 60658 is disturbing. It is vague and I can find no info online about what it means other than that Police Intervention Equipment appears to refer to extreme crowd control tools which endanger the lives of people in our community. We deserve more transparency over what this is and under no circumstances, even including so-called "insurrection," should the police be authorized or enabled in brutalizing us, the very thing that caused the current unrest. You govern at our pleasure, and you all helped cause this in your running of the city. Don't make it worse.

**Message:**

We've heard from our Mayor who is grateful for the anger expressed on our streets. And from Alder Kemble who, from the comfort of her home, thought MPD used gross and an inappropriate show of force at the protests. What planet are these women from!!!? I would have thought Alders would be downtown from 'curfew??' until the area is calm.

Many of you are unable to walk and chew gum at the same time. You we can be outraged about the murder of Mr Floyd and hope to see justice done with the four officers. AND, you can discourage the unruly behavior that is occurring downtown, at the malls, and at many other businesses throughout the city.

Most of us can even talk while chewing gum and walking. Give some support/acknowledgement to our police officers who are operating in a very very dangerous situation. Kemble's list of demands was over the top. They are OUR not the CC's officers.

One of the most frightening things about this mess is that its possible that this passive response may actually help Trump in the election. God help us all.

Alders,

I hope this finds you hanging in there and prepared to listen to what the people of Madison are asking for in regards to their safety during the ongoing protests and demonstrations.

To that end, I'm requesting that you vote to not extend the curfew in Madison. When curfews are instituted, Black members of the Madison community find themselves at the most risk of police suspicion and potential brutality. This is unacceptable.

I hope that you vote tonight to support Madison's community in its ongoing efforts to combat racism in our midst.

Thank you for your time.

Shaun Soman

Hi,

I am emailing to express my support for removing the curfew that has been imposed in downtown Madison. The curfew provides the police department with an arbitrary reason to deny protesters the ability to speak up and encourages the immoral use of violence/force against protesters. Please remove the curfew.

Sincerely,  
Camila Hernandez Flowerman  
District 2 resident

Hello,

I am writing to extend my support of Resolution #60764 and would like it to be put to vote at the Common Council Meeting.

Additionally, I support ENDING curfew and do not believe item 132 is a helpful approach to meaningful change and building of trust and connection in the Madison community. It also puts night workers in harms way and creates further divide of power between citizens and those who supposedly work for us.

Best,

Sara Coenen

**From:** [Tenzin Tashi](#)  
**To:** [All Alders](#)  
**Subject:** Resolution 60764  
**Date:** Tuesday, June 2, 2020 6:06:07 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

To whom it concerns,

My name is Tenzin Tashi. I have lived here for 11 years and call this city my home ever since. To me I have had only positive interactions with the police my whole life. I had the privilege. It is sad to see that people's lack of rights becomes another's privilege and really opens your eyes to see what privilege really means. To be seen as criminals and suspects when you have done nothing but to be born with few extra melanin.

I am writing to you to pass Resolution 60764 today as we have seen over time over time that police can not be trusted and they lack the competence to serve and protect all that falls into their jurisdiction equally and justly. To be police means to uphold justice and not to harass those that they have biased against.

When preventable tragedy strikes, the apology statement is always "We do not condone this officer's behavior." That that particular officer does not reflect the whole department. Unfortunately it does. The few rotten apples spoil the bunch. There are few careers that there cannot be any bad apples. This is one of them. Would you accept flying if that airline has some few bad pilots that might or might not get your from point A to point B? Of course you wouldn't, those bad pilots would be fired and how come the same don't apply to police officers?

Ways to improve the image of police and to end the usage of the word "ACAB." Change the system so they uphold a system that is fair and just to everyone. Police are hated because they serve and protect that very system that is designed to oppress a certain group of people. You may be thinking to yourself that you do not have a racist and oppressive views. That on papers, everyone is equal in the eyes of the law. In practice, it is not the same. If you still think that's how it is then I guess Russia is a democratic state as they have stated on paper. We know in reality they operate very differently. What is on the paper should reflect what is being put into practice otherwise what is practiced must show on the paper. You cannot say police are the peacekeepers and shall bring no harm to the innocents as they are protected by the law, then we see innocent lives of African American being lost. A person does not have the power nor the justification to end a life of another especially for the minor crime they have allegedly been accused of. Then let's take Dylann Roof who walked into a church and shot and killed 9 people cold bloodedly and he walks away with just being arrested.

Lastly I want to thank you for taking the time out of your day to read this email. I hope you are able to do what's in your heart and what's right. I hope the two are aligned. If not I pray for your soul. Have a good night.

Best regards,  
Tenzin Tashi

To our respected alders,  
My name is Ann Murphy, and I live on the west side of Madison. I remember the death of Tony Robinson and the beating of Genele Laird. I ask you to be mindful of the repeated acts of violence on black bodies by police over decades.

I am imploring you to pass resolution 60765, and to implement the recommendations of the Ad Hoc committee, to provide community oversight of our police force.

In order for people of color in Madison to have true justice and safety, there must be community control over police.

Until there is accountability, there can be no justice. Until there is justice, there can be no peace. Until there is peace, there can be no forgiveness.

Ann Murphy

Dear city council,

As a fellow American, I am writing that you vote to support Resolution #60764. As a young scientist training here at UW-Madison, I am a part of a diverse and vibrant research community composed of people of all colors and backgrounds. I believe this country should strive to treat each one of these people with the same level of respect, regardless of race. Unfortunately, this country and the state of Wisconsin has often failed to reach this standard. Our police must be held to a even higher standard to not harm innocent people, use excessive force, and act on racial biases. Consistent with the fundamental right to protest, I also support ending the curfew in regards to item 132. I see the curfew as a means to manage the protests into being less of an inconvenience to the city. Protests are meant to be an inconvenience and limiting them in this manner would clearly send a message that this council fundamentally misunderstands the actions that people are taking to defend their that are being stripped from them all too often. Please listen to my voice and the voices of others and do the right thing.

Thank you,  
William Kasberg

Dear Madison City Officials,

I'm writing to let you know I support Resolution #60764 and I'm asking City Council President Sherri Carter to put it up for a vote at tonight's Common Council meeting. I urge you to vote in favor of this Resolution. The recommendations proposed by the Madison Police Policy & Procedures Committee should have been adopted before we found ourselves here. I also support ending curfew (item 132) as it only sends the wrong message and encourages military-style tactics in police enforcers. Make it clear that you stand with the people, not the police department.

I have lived and worked in our city for the last 12 years, I expect you as our city representatives to listen to the black members of our community and hear them when they say the police are a problem. We must defund and demilitarize our law enforcement. We must remove officers from our schools and reduce their unnecessary presence in Madison communities. We must hold Matt Kenny responsible, that he is training officers is a cruel joke that should have been stopped years ago. We must be better than this. We elected *you* to be better than this.

Do not look to other cities to set the example, be the example others need to follow. Disinvest in the police, invest in communities.

Sincerely,  
AJ Blachet

**From:** [Matt Brausen](#)

**Subject:** Support for Resolution #60764  
**Date:** Tuesday, June 2, 2020 5:50:43 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

To whom it may concern,

I support resolution #60764 and would like it to be put up for a vote at tonight's common council meeting.

I also support ending curfew. Extending the curfew on the city only serves to bring more police onto the streets which puts youth of color in harm's way and which will lead to more black lives lost.

Please consider your humanity and that of your neighbor. Lives are more important than property, but our local government is clearly not seeing it that way.

Hello,

I'm a Madisom resident, and I support the removal of the city's curfew. It was created in response to legitimate protests against police brutality and systemic racism, and it needs to be removed. Punitive measures against protesters are unacceptable, especially when no action to address their concerns is taken. Remove the curfew.

Thank you.

Hello,

I would like to express my desire to remove the curfew. The curfew as it stands is almost universally viewed as a way to silence peaceful protesters and prevent them from getting their message across, while giving police forces excuses to arrest and escalate force against the otherwise peaceful protests.

I want to share my support for the idea of having a Civilian Oversight Board for the Madison Police Department. Resolution #60764.

It seems like that would be a worthy idea in light of the terrible things that have happened around the country. Most police officers are wonderful people, but there needs to be accountability and a way to keep the bad officers from skating by and remaining on the force even when they have done bad things. That is the only way to avoid a tragedy.

Alders of Madison,

As the city council meeting approaches, it is crucial we citizens of Madison—who may not be able to attend council—share our voices. I am emailing to share my support for the 60764 resolution that creates the MPD Ad Hoc Recommendation Oversight Committee. This position can help assure civilians are checked in their practice, so we might as a city and police force steer away from prejudiced incidences like George Floyd's in the future.

At this time when Madison citizens join in protest, we make it clear that our voice matters, and beyond this, the unheard voices of Black Americans.

Help the voice of anti-prejudice be heard and pass resolution 60764.

Respectfully and peacefully,  
Elizabeth Tyranski

Hello there.

I am writing because I support Resolution #60764 and I demand it be put up for vote at tonight's common council. I also support item #132, ending curfew immediately, as it only serves to put more cops onto the streets which puts youth of color in harms way, as well as those working the night shift.

As a lifelong wisconsinite, and Madison citizen, I demand you protect the lives of our BIPOC community, and protestors, and show that by no longer putting them in danger.

Tear gas is a chemical weapon, banned in war.

It is absolutely deplorable, that our city cares more about destruction of property, rather than human lives, and safety.

Show Madison that you care about them, as much as your precious glass buildings and untarnished reputation. As much as you care about making this a perfect college/tourist town. As much as you care about pushing out our homeless madisin citizens, and punishing them for existing.

Show that you care about our community, and our community, is the people. Not the buildings.

All power to the people,

K. Geib.

Hello,

I am a 7-year resident of Madison, WI, and I am contacting you to express my support for Resolution #60764--I would like this to be put up for vote tonight. We need increased and effective accountability for police AT THE VERY LEAST. This cannot wait. This needs to happen now. A civilian review of the police is critical. The people have a say in every other member of public life and this should be no different. There has been a severe lack of accountability that cannot last one more day. The people of Madison deserve to have their voice heard. The people of color in Madison deserve to LIVE.

In addition, I am opposed to resolution #60762, as it puts young youth of color in danger. Many people of color work night shifts and are at a higher risk of being out in order to make a living. Many people may not speak English and may not understand what this curfew is; please very seriously consider opposing this resolution.

Thank you for your time and attention to these matters. I implore you to act NOW. This cannot wait.

Sincerely,

Alex Owens

To whom this concerns,

Resolution 60764 needs to pass tonight. My 20 year old son, who is a Journalism major at UMN, attended the peaceful part of the protest on Sunday and stated that once the police came marching down the street, backed up by the National Guard, they immediately started shooting tear gas while the protesters got on their knees and raised their hands. There was a young woman in the front row who was targeted while the officer aimed right at her and said "who can't breathe now?" I have long been a Madison resident and my husband and I are professional members of this community. My eyes are wide open now and this needs to be addressed immediately. That young woman is going to be traumatized and is going to need intervention to deal with this event and I hope to god she is advocating for herself. I wish I could speak to her about this but sadly this story is one among the many.

**Subject:** Resolution #60764  
**Date:** Tuesday, June 2, 2020 5:25:12 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hello,

I am writing as a proud Madison resident who is deeply concerned by the injustices happening in and around our city. I fully support Resolution #60764 and I request that it be put on the table for a vote at tonight's Common Council meeting. This is a small step towards the extremely important goal of Community Control Over Police.

Additionally, I would like to express my firm opposition of Item 132 — extending curfew — as this only serves to put more police officers and put youth of color in harm's way, not to mention the difficulty it causes for those who work night shifts.

Thank you for your time.

Respectfully,

Nicole Sponseller

**Date:** Tuesday, June 2, 2020 5:24:49 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

I am a Madison resident in District 6 and I demand that alders pass Resolution 60764- Community oversight over the police.

**ALDERS VOTE TO TEMP OVERSIGHT COMMITTEE - RESOLUTION #60764 VOTE YES!**  
A temporary oversight committee including Ad Hoc Committee Members must be formed now. Thank you Authors of Resolution 60764 Alders Rebecca Kemble, Tag Evers, Grant Foster, Patrick W. Heck, Max Prestigiacomo, Marsha A. Rummel, Samba Baldeh, Syed Abbas and Mike Verveer.

The temporary committee would temporarily oversee the implementation of the recommendations of the Ad-Hoc Committee until the permanent board is appointed, up to speed and running.

The Ad-Hoc Committee worked for four years on the 177 recommendations, it could be a year before the permanent oversight committee is appointed but we need to insure that progress is being made on implementation - including on the hiring of the Independent Monitor.

The temporary committee proposed in the Resolution would make sure MPD and the CITY are implementing the recommendations consistent with the intent of the Ad Hoc Committee, including the recommendation that forms the permanent oversight board that some in the city have already tried to changed. Do this now Alders, vote YES to Pass Resolution 60764.

Once the permanent oversight board is formed and ready to oversee implementation, the temporary committee will be disbanded.

All Ad Hoc members might not want to take part in the temporary oversight committee and that's OK! Others will.

Vote YES and PASS RESOLUTION 60764 tonight Madison Wisconsin Elected Alders. Our Community is the answer to oversee over the police.

Dear Members of Common Council,

I am emailing you to ask that you vote in support of Resolution 60764-Community Oversight Over Police.

Police departments around the country and in Madison have continued to prove that the only way to stop police violence against Black people and other people of color is to make them accountable to the community. I would also like you to support ending curfew, item 132, which only serves to bring more police presence on the streets which puts Black people and other people of color in harm's way. Many people work night shifts and cannot abide by this curfew.

Support Community Oversight Over Police!

Signed,  
Becca Wanta

Dear Alders and Mayor,

As a concerned citizen of Madison, the US, and the world - and as a business owner with large windows and a proven-to-be-smashable building - I urge you to end the curfew and also demilitarize MPD and other police response to Defending Black Lives protests.

Please return to our early 70's roots of peacemaking-oriented policing. You know that protestors have an urgently important task, and less intensive actions have failed to produce change. Show Madison's commitment to doing better. Please!

Talk with the protestors, adopt real measures for real change (reduce the police force and redirect money to community-led and -owned peacemaking and capacity-building efforts, implement the OIR recommendations for MPD changes, fund black wealth-building and reparations, make accessible housing available to everyone, redress the wrong of redlining and 'urban renewal'). Recognize that now that the violence has begun, parties on all sides are using it to their own ends, and make sure the people who are out to end racist violence are the ones who end up getting their agenda furthered.

Thanks for your time and attention. Thanks for serving in this extremely difficult time. I hope that Madison can be part of a guiding light in how a city might come together to move through this in something resembling a healthy way.

take care,  
Stephanie Rearick  
Ald. District 6

To Madison Alders,

I'm writing in support of passing resolution #60764 on Tuesday to create civilian oversight of the police.

The protests of the past week, while unsettling, are nothing compared to the systemic inequalities and injustice that black and brown people deal with every day here and throughout the country, and which the pandemic has magnified. I don't know the answer to these injustices, but I don't believe that more police force is part of the solution.

Please pass #60764 and demonstrate that Madison's elected officials are capable of positive leadership on this issue now, as I know you are. Thanks to the alders who have sponsored this resolution, Sheri Carter, Shiva Bidar, Keith Furman, and Christian A. Albouras, and to all of you for continuing to meet and to run our city in a very challenging time.

Stay well!

Dear President Carter and Alders,

I believe that black lives matter. I believe that we are not free as long as there is injustice in the world.

I want civilian oversight of the police NOW, so that the police can be held more accountable for their unjust actions.

Please pass resolution 60764 today.

Additionally, remove the curfews. They only justify additional violence by the police on people of color.

Finally, I want Matt Kenny fired so that the people have control of hiring and firing of police officers.

Thank you.

Hello,

I'm writing to voice my support as a resident of downtown Madison for Resolution 60764. This is a great first step in civilian oversight of the police, as well hopefully reducing the risk of police force in situations where it's unnecessary. The police need oversight from civilians from diverse backgrounds and with many perspectives in order to make better decisions and protocols and treat all people fairly. Please vote and pass this resolution! Additionally I would add that I'm in support of ending Madison's curfew as soon as possible( item 132). I'm afraid it puts vulnerable populations at risk, particularly Madison's homeless population and those who work late and night shifts.

Thanks for your consideration,  
Candace Penny

Hello,

I would like to call for the city of Madison to lift the curfew. At this point it is clear that the curfew is simply a tool used to excuse provocation of peaceful demonstrators on state street and around the capital. I live on state street and have seen out my window the harm these riot officers have caused to both peaceful protesters and homeless people on state street who had nowhere to go but were still pepper sprayed and tear gassed. As a heavily segregated city with a large population of homeless people, the curfew is an excuse for racist officers to test out their new military-grade gear on civilians they are supposed to protect.

Thank you,  
Calvin Parkin

June 2, 2020

Dear Common Council President Carter, Madison Alders, and Mayor Rhodes-Conway,

I call on you to REJECT Resolution 60762, "Approving the Mayor's declaration that a state of emergency exists for the City of Madison pursuant to Wis. Stats. § 323.11 and Madison General Ordinances Section 3.19". While swift action on the part of city government is indeed needed at this time in response to current protests, the City Council already has on the table one such option for swift action: voting tonight to ACCEPT Resolution 60764, "Creating the MPD Ad Hoc Recommendation Oversight Committee".

Madisonians have seen live, and widely-disseminated, video of police officers in riot gear using weapons like pepper spray and tear gas against nonviolent protesters, without verbal warning, and it is the moral responsibility of the Mayor and City Council to ensure that such violations cease immediately. I am deeply concerned that the State of Emergency and curfew provide police with greater leeway and pretext for engaging in unwarranted violent behavior. City leaders have an opportunity tonight to reconsider a decision which puts the physical safety of their constituents at greater, not lesser, risk.

I am a resident of Ald. Rummel's district, and would appreciate her vote AGAINST Resolution 60762.

President Carter, Alders, and Mayor Rhodes-Conway, please REJECT Resolution 60762.

In addition, I urge you to bring to VOTE, and ACCEPT, Resolution 60764, "Creating the MPD Ad Hoc Recommendation Oversight Committee"

and also to REJECT Resolution 60658, "Amending the Police Department's 2020 Capital Budget to transfer up to \$125,000 in general obligation borrowing authority from the Midtown District Station Project to capital projects authorizing the purchase and installation of a generator at the East District Station and to expand the capacity of an existing capital project, the Police Intervention Equipment project"

both of which I will address (or have addressed) in separate e-mails.

Respectfully,

Jeffrey Stanek

June 2, 2020

Dear Common Council President Carter, Madison Alders, and Mayor Rhodes-Conway,

I, along with many others, demand that you to bring Resolution 60764, "Creating the MPD Ad Hoc Recommendation Oversight Committee" to a vote at tonight's Common Council Meeting. Civilian oversight of Madison Police Department is urgently needed, and the Council cannot in good conscience delay steps needed to take positive action on the 177 recommendations from the Madison Police Department Policy & Procedure Review Ad Hoc Committee. Madison residents deserve, more than anything else, to feel protected, not endangered, by MPD, and it's time that we see all our tax dollars that funded this committee's impressive work yield real-world results.

I am a resident of Ald. Rummel's district, and I thank and commend her for sponsoring Resolution 60764.

President Carter, Alders, and Mayor Rhodes-Conway, please bring Resolution 60764 to a VOTE tonight, and vote to ACCEPT it.

In addition, I urge you to REJECT Resolution 60762, "Approving the Mayor's declaration that a state of emergency exists for the City of Madison pursuant to Wis. Stats. § 323.11 and Madison General Ordinances Section 3.19"

I am emailing you to ask that you VOTE NO for Resolution 60658.

The provision of funds for so-called "alternative force options" (weapons used to maim or accidentally kill civilians, instead of intentionally kill them) is not a solution to the epidemic of racist police violence. Instead, the police's budget should be significantly reduced, and more controls placed on the availability of \*any\* weaponry.

If cops want money to buy tasers, they should start by selling off their guns and riot gear.

Good Afternoon,

I have some concerns with this resolution that is being brought to my attention.

If these are going to be oversight of the police force for the people by the people, wouldn't we want the people to be voting on their representation and not have them be appointees? The other main concern I have is about the representation itself, how will appointed citizens who have no training on force needed to be applied in a quick amount of time? Will the appointees go through training courses themselves on how hard it can be to make a decision like this? Will they go through training on trying to determine how much force is needed when they have been through an adrenaline event?

I know a lot has happened from May 25, 2020 and on with how things were handled. I know we all want solutions to stop all needless killings. Do we need another board to do the same thing that social media already does? I would support body cams on all officers in the field. I would support support training renewal every few years. I just have a harder time supporting a civilian board that doesn't see the normal day in and day out of police just to tell them if they are doing a good job or bad job.

Why not talk about an outreach program were a few officers do drive a longs or other forms of community building were people have a chance to have an open dialogue with the officers as they see how they keep their community safe? I would like to see police and the community they serve work together instead of the officers having more eyes on them trying to find them at fault. We are all humans in this world trying to work together for a better tomorrow.

I wish you the best of luck and consideration in this resolution that has been put forth.

Alex Petrouske

Hello,

I'd like to implore you to remove the curfew. This curfew is harming the protestors' ability to exercise their first amendment rights. The curfew also encourages police and the national guard to escalate peaceful protests to the point of violence as we saw on Sunday night. This is an incredibly important issue in my opinion.

Thank you,  
Liam Duffy

I am a resident of Madison in District 6.

I am writing to ask you to vote YES on Resolution #60764 in favor of a temp oversight committee for Madison Police Department and the City of Madison. BOTH temporary and permanent oversight are needed.

I would also ask that you vote NO on Resolution #60762 to extend the curfew. According to former police chief and use of force expert Mike Scott, the militarization of police only escalates, never deescalates.

Thank you,  
Alanna Stapleton

Caution: This email was sent from an external source. Avoid unknown links and attachments.

To Madison's representatives:

Please remove this unjust curfew at once.

There is no difference between a peaceful protest at 6 p.m. versus 11:30 p.m.

If you are true allies of the minority populations of this city, then you will recognize their rights to protest peacefully whenever they choose.

In reading the Bill of Rights, I never saw the clause that says those rights only apply at a certain time of day.

Furthermore, by creating more laws, rules and regulations, you are giving police more things to enforce. We are seeing nationwide that policing needs reform. So why are you needlessly increasing the amount of policing in this city?

Protests in Madison have been overwhelmingly peaceful.

For these reasons and more, you should immediately repeal this unjust curfew.

**Subject:** In Support of Resolution 60764  
**Date:** Tuesday, June 2, 2020 5:01:21 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hello,

My name is Hailey and I've been a resident of Madison for the majority of my life. My parents met here, and my middle name is Madison as a tribute to our city.

But something is not right here, in Madison, nor throughout the US. And we know that as a progressive and diverse city that we must take steps to protect and serve all members of our community. If Resolution 60764 is not passed, **we are failing ourselves, our neighbors and our children.**

I urge you to pass this resolution so that we are able to have oversight of the police and the ability to enact change on the ways that MPD patrols, (de)escalates conflicts, and protects our citizens of color, among many other marginalized groups. I refuse to stand by a city, even one as dear to me as Madison, that perpetuates structural and physical violence against people of color. I need you to join me.

Thank you,

Hailey Cross

**From:** [Alice Anderson](#)  
**To:** [All Alders](#); [Mayor](#)  
**Subject:** Resolution #60764 and Curfew  
**Date:** Tuesday, June 2, 2020 5:00:27 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hello,

As a citizen of Madison for several years, I am writing in to add my support to Resolution #60764. I would like to see it to be put up for a vote at tonight's Common Council meeting by City Council President Sherri Carter.

I also am writing to say that I support an end to the curfew, which only serves to bring more cops into the streets and puts youths of color in harm's way. It also makes things difficult for those working night shifts, which are statistically positions filled by Black and Latino people of color. There is no strong evidence that shows short-term curfews actually work in reducing crime.

Thank you.

**From:** [Evelyn Gildrie-Voyles](#)  
**To:** [Mayor](#); [All Alders](#)  
**Subject:** Please end the curfew and ensure the proper implementation of the recommendations of the adhoc Committee  
Madison Police Policy & Procedure Committee  
**Date:** Tuesday, June 2, 2020 5:00:17 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Mayor Rhodes-Conway and City Alders,

I ask that the curfew be ended. More police and especially police using militarized tactics will increase peace. Curfew's are particular harder for community members that work not standard hours and serve as an excuse for police violence against protestors.

In addition, I ask City Council President Sherri Carter please put Resolution #60764 on the table for a vote.

I encourage all alders to vote to have the adhoc committee on Madison Police Policy and Procedure serve as a temporary oversight committee until a full and permanent oversight committee is put in place.

I am a preschool teacher, about 9 years ago a group of children were playing "cops" they were jumping on "the bad guys" hitting them and dragging them to "jail". I sat down and talked to them about how police officers help people. How they don't hit and hurt people. I talked to them about how they can look to police officers if they are in trouble. Some of those children were black some of them were Latinx. Now I feel that I did those children a disservice. I did not tell them the truth, the truth that they can see now. Police in Madison and across the nation are not seeking to serve or protect people. Right now property or a sense of complete obedience to authority is what they protect and serve. I would not want those children (especially the ones who were black and brown) to call a police officer if they were in trouble now. I could not guarantee that they or their friends would not be hurt.

Please show that black lives matter more than property, more than a false sense of law and order.

Please begin the process of making police accountable to the community so that one day they will be helpers again.

Thank you,  
Evy Gildrie-Voyes

Hello,

I'm a lifetime resident of Madison, WI and student at University of Wisconsin Madison.

Out of concern for my community and support for the Black Lives Matter movement, I demand that you put Resolution #60764 up to a vote at tonight's Common Council meeting.

I also demand that you end curfew (item 132). I believe that it only serves to bring more cops onto the streets, bringing youth of color in harm's way. It's also bad for those working night shifts.

I hope that you make the decision to protect and listen to your people. Thank you.

Your constituent,

Josie Brandmeier

One last thought, instead of having the interim committee oversee MPD policy implementation, it could instead oversee the creation of the IM and COB- which in my view is a good middle ground and path forward in all of this.

Matthew Braunginn

On Tue, Jun 2, 2020 at 2:46 PM Matthew Braunginn <[braunginn@gmail.com](mailto:braunginn@gmail.com)> wrote:

Good afternoon Alders,

I am unsure if I will be able to join tonight due to some personal issues I have been working through. But I wanted to voice my support for the Alternate Resolution proposed by Alder Sheri Carter, Shiva Bidar, Keith Furman, and Christian A. Albouras.

I agree with the letter Keith Findley and Tom Brown sent, that Veronica Figueroa-Velez and Sean Saiz signed onto, but I would like to provide some additional thoughts.

While I understand the concerns that there is no oversight right now, I have concerns about the effectiveness of an interim committee effectively taking on the work of not just the COB but also IM. With the IM intending to be a full-time position. I'm worried there will be unintended consequences of this decision, in that due to the focus needed for this work, the oversight won't be complete enough or meet the standards that it should be. And in doing so, it will also make it more difficult to review the policies being implemented by MPD right now, as any attempt to take a look at them there will be major push back as MPD would rightly argue they implemented these policies with oversight. But I believe in taking a more prudent path, even though policies are being implemented right now, they would have to be deeply explored by the IM and COB, precisely because there was no oversight in their implementation.

I fully recognize the want and need to have oversight right now, but I do not believe that the interim committee would be able to function at the level of effectiveness that needs to happen, and in doing so ultimately doing more harm than good. To me, this is more about getting it right than speed. I very much do respect and understand the want to create the interim, I do not outright reject the creation of it, or even have hard opposition to it, I just believe this alternate resolution is a more prudent path forward. I also don't think there is a right answer here, these are hard choices you have to make and I don't envy them, but commend you all for taking this serious as these are the very conversations we have to be having- serious ones on the best path to implement system changes.

What I am opposed to is any attempt to strip down our carefully created and researched recommendations, especially around the IM and COB, we spent a lot of time figuring out strengths and weaknesses across the nation around these ideas and recs. As it would be all too easy to go down that route to appease certain viewpoints within our community. This isn't about being anti-police, but about accountability to those who they are supposed to serve,

and we must keep that root idea in mind as we move forward.

thanks,

Matthew Braunginn

To whoever is reading this email today:

Hello, my name is Lily Baird and I grew up in Madison, and now live in Middleton. I often frequent the downtown areas and have spent many years enjoying what Madison has to offer. I truly hope you have been paying close attention to the terrifying police brutality occurring around the nation, this state, and our own Madison community. Resolution 60764 is an important first step in allowing the community to gain power and influence in law enforcement and the criminal justice system. We MUST hold police officers accountable for their actions - and Resolution 60764 is a good start.

Please do your part to pass and encourage the passing of Resolution 60764. We must do our part to give justice to our black brothers and sisters in the Madison community.

**Date:** Tuesday, June 2, 2020 4:45:23 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Good afternoon.

As a longtime Madison resident, my heart is breaking about what is happening in our city. But it doesn't surprise me. Police violence against our city's residents has to stop.

One good step in this direction would be voting on Resolution #60764 at tonight's Common Council meeting. I support this resolution, as I don't think we can heal a community without community involvement in finding solutions to the difficult issues we face in Madison.

I also would urge you not to extend the curfew in the city. I've watched live reporting from downtown for three nights in a row, and what I've seen is peaceful protesting--way past curfew--when the protesters are allowed to continue expressing their freedom of speech as late as they care to. When the police step in to enforce curfew -- or show up in riot gear -- things get ugly. I don't condone lawlessness but let the police deal with the specific incidences of vandalism and looting. Leave the protesters to protest.

I strongly urge you to take up Resolution #60764 tonight in order to start making baby steps toward healing our community.

Thank you,

Debra Greene  
208 Bordner Drive  
Madison

I am writing in support of resolution #60764 and Freedom, Inc.'s demands for community control of the police. Please bring this resolution to a vote, and vote in support. We need oversight and accountability for the police. We've needed it for a long time, and their violent and escalating response to protestors since Saturday is further evidence that they are not protecting our community. They are not protecting the people.

I also support ending the curfew (re: agenda item #132). This curfew should never have been enacted. It has harmed, physically and emotionally, Black and brown youth forced to face police violence while they march and grieve. I can only imagine what could be accomplished if the resources used to enact this curfew, send large numbers of cops into the street armed with riot gear, tear gas and rubber bullets, were instead invested in systemic solutions and change.

**Subject:** RESOLUTION #60764 ON THE COUNCIL AGENDA \*\*\*FOR IMMEDIATE ACTION!\*\*\*  
**Date:** Tuesday, June 2, 2020 4:40:53 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

DEAR COUNCIL PRESIDENT SHERI CARTER,

WE WANT RESOLUTION #60764 ON THE COUNCIL AGENDA

THANK YOU Alders Rebecca Kemble, Tag Evers, Grant Foster, Patrick W Heck, Max Prestigiacomio, Marsha Rummel, Samba Baldeh Batch Samba, Syed Abbas, Michael E. Verveer for walking your talk on this resolution and not holding an action for safer policing hostage to boost a political party or for political currency. Thank you for putting human life first.

This effort to fully address the toxic culture of MPD started on the N. East side of Madison when my friend and housemate Paulie Heenan was killed by MPD officer Steve Heimsness.

Nearly a thousand neighbors were moved to act and that was almost 8 years ago. Despite a petition so prolific, it shut down city email servers, city government was too afraid to call out Chief Wray and MPD didn't do anything until one of their own officers (Sarah Mackasey) forced Chief Wray and Chief Kristin Roman's hands to investigate and then terminate Heimsness for a number of incidents from hazing to racist comments to active shooter-like comments. But that is all they did.

Then, 18 year old Tony Robinson was killed and the city finally responded. Youth filled the streets and forced more in city council to act.

We are now on the cusp of having a civilian oversight board and independent monitor for the Madison Police Department along with 175 other recommendations for a safer and smarter police department. These recommendations must be implemented by a group that knows them by nuance and knows police policy so the police don't make half changes. We need you to re-engage, folks.

WE WANT SAFER POLICE, NOW!

TELL ALDER PRESIDENT SHERI CARTER TO PUT RESOLUTION FILE # 60764 ON TUESDAY'S AGENDA AND LET THE COUNCIL VOTE!

THE PSRC AND EOC ALREADY RECOMMENDED THIS ITEM IN DEC. 2019.

PRESIDENT CARTER IS TRYING TO STALL/BLOCK IT, AGAIN.

The proposed resolution creates the MPD Ad Hoc Recommendation Oversight Committee to monitor the implementation of the recommendations of the MPD Policy & Procedure Ad Hoc Committee and to provide regular reports to the Common Council. The committee will be staffed by the Common Council Office legislative analyst. Costs associated with the Committee are anticipated to be minimal and will be absorbed with existing resources.

Hello,

I grew up in Madison and am a UW Madison alumni. My family owns a small business in Madison. I believe that black people have been treated unfairly by the system for far too long and we need to start seeing changes made to fix this. We need to help acknowledge that black lives matter. I urge you to pass resolution 60764 tonight for immediate oversight of the police and implementation of 177 police reforms already adopted.

Thank you,  
Olivia Kossel

Dear City Council Members,

I strongly encourage you to pass resolution 60674; community oversight by police. By passing this resolution you can give the power back to the people and we can start to make changes that are long overdue.

With desire to see a better tomorrow,

Kayla Kozlowski

Dear Members of Common Council,

I am emailing you to ask that you vote in support of Resolution 60764 - Community Oversight Over Police.

Police departments around the nation, including those in Madison, have continued to show the only way to stop police violence against Black people and other POC is to hold them accountable to the community.

Additionally, I oppose the extension of the Madison curfew as it increases the risk of police violence against community members. I ask that you end the curfew immediately.

Sincerely,

A Concerned Madisonian

I write in strong support for Resolution 60764 to create the MPD Civilian Oversight Board. Given not only the events of the past week, but also the ongoing problems associated with many police officers' inability or unwillingness to value Black lives equally as they discharge their duties, we have an obligation to take action in order to begin the process of addressing this long-running condition of inequality and injustice. The MPD Civilian Oversight Board as proposed in Resolution 60764 is an important step toward greater accountability, and is critically needed.

Sincerely,  
Robert Kaiser

Good afternoon!

I'm hoping I can influence you to pass resolution #60764, instituting a civilian council to oversee the Madison Police Department.

Our Madison Police Department is trying to keep order in a city with a hole in the middle. A quick Google search put Madison in the top 10 of several "Top # Places to Live" lists of the last few years - and it also regularly features in the top 10 lists of "Worst Places for Black People." Our public school students do well if they are white, less well if they are not.

Having a good relationship between the municipal police and the civilian populace could start the process of making at least one part of our civic life more fair, and voting for this resolution would show Madison's people that Madison's elected alders care about equity and about having a city that works for everyone.

Thank you,  
April

Dear Mayor Rhodes-Conway and all Madison Alders,  
Our community needs a Madison Police Department Ad Hoc Recommendation Oversight Committee started NOW. PLEASE ADD RESOLUTION FILE #60754 to Tues 6/2/20's Agenda. I believe City leadership needs to take action to commit to police reform and oversight and community control. It is my understanding that city leaders have already been provided with reports providing the various reforms necessary to ensure positive changes in the way law enforcement interacts with our community.

We are looking to you to lead the way and take action that will help protect our community and facilitate the equity we have been lacking.

We can do better. There are lives depending on the choices we make today.

Thank you for your time and consideration on this matter.  
(I live on Madison's North side and Alderman Syed Abbas is my alderman.)

To whom it may concern,

I am writing to you in support of Resolution [60764](#). I believe it is imperative to create an MPD Ad Hoc Recommendation Oversight Committee in order to work towards dismantling corruption within the MPD. This is one small step towards eradicating police brutality that disproportionately affects Black Americans and residents of Madison.

As a recent graduate of UW-Madison and citizen looking to build a career and life here, I strongly believe in this community oversight resolution, and wish for it to be passed AS IS at tonight's Common Council meeting.

Sincerely,

Nicole Shields  
262-989-7990

**Subject:** Resolution 60764- Please Pass Tonight  
**Date:** Tuesday, June 2, 2020 4:18:51 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hi, I am writing in strong support of the passage of resolution 60764 tonight. Our city needs stronger oversight of Madison police. We've seen Madisonians needlessly die at the hands of the police in recent years, including Paul Heenan and Tony Robinson, and there's no guarantee that it won't happen again in the future without drastic restructuring of what we accept as policing in our city.

I encourage any of you who may be currently directing most of your mental energy to the property destruction currently occurring in our city to remember that it is merely a temporary symptom. The persistent fear of a police interaction gone wrong faced by some of our minority citizens is not a temporary condition and won't subside until real change is enacted. That fear was here long before the death of George Floyd and it still remains.

If you happen to personally believe our city's police force has evolved beyond the problems we are seeing from those in other American cities, that's still not enough justification to vote against this resolution. We should strive to make Madison the paragon of how a modern American city should be structured, and passing this resolution is a step in the direction of achieving that lofty goal.

Thank you for your consideration,

Adam Tupitza  
407 W. Dayton St. #1  
Madison, WI, 53703

Dear Members of Common Council,

I am emailing you to ask that you vote to end curfew. Vote no on item 132 to extend curfew. Extending curfew only serves to bring more cops onto the streets which puts youth of color in harms way, and is harmful for those working night shifts.

Signed,

M Sweetnam

**Subject:** 60764 Alternate Resolution  
**Date:** Tuesday, June 2, 2020 4:17:22 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Alders,

I hope that you will support 60764 Alternate Resolution for the Civilian Oversight Board at the Common Council meeting tonight. As I read the language, it seems to create a body that is both more able to assert accountability and more likely to be made up of the people most affected by disparities in the policing and criminal justice systems.

To be clear, I don't see this as anti-police in the least. It is simply checks and balances for an agency that has broad and high stakes powers over the lives of people.

Thank you for your hard work on this.

Paul Terranova

**Subject:** Remove Curfew and Pass Resolution 60764  
**Date:** Tuesday, June 2, 2020 4:15:28 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Madison Alders,

My name is Madeline Pawlak and I am a Madison resident and UW-Madison student. I am writing to urge you to vote tonight to remove curfew as well as Resolution 60764. The racist curfew put in place only serves to antagonize Madison residents-- particularly Black residents and has only led to more violence, as Madison police and the national guard unleash tear gas and flash-bang grenades on citizens.

This sort of police violence is one of the many reasons it is absolutely crucial that Resolution 60764 is passed. We need immediate oversight of the police force and to implement police reforms. If the police truly exist to 'serve and protect', then why were peaceful demonstrators tear-gassed? Why is the man that murdered Tony Robinson still employed on the force?

These reforms are long overdue. However, America has now found ourselves at a crossroads, giving government leaders the opportunity to either be on the side of racial justice and equality or to continue to uphold the institutions that commit horrific acts of military-style violence.

If Madison is the city I know it is, then I know that you all will vote to revoke the racist curfew and pass resolution 60764. We must do everything we can to protect Black life.

**From:** [Clare Witkowski](#)  
**To:** [All Alders](#)  
**Subject:** Place resolution 60764 for a vote  
**Date:** Tuesday, June 2, 2020 4:13:51 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Place resolution 60764 for a vote today.

Elected officials need to implement change regarding:

- the harmful curfew that aims to punish and inflict violence
- police activity/abuse/violence
- police funding
- qualified immunity put in place to protect and excuse police as they violate the law
- The Law Enforcement Officers Bill of Rights that excuses their violence and murdering

We're watching. We're voting. We're asking hard questions. We're organizing. We're taking action. We're making changes. We must see this reflected in our city's government.

Clare Witkowski

Dear Members of Common Counsel,

I am contacting you as a citizen of the great state of Wisconsin and as a member of the greater Madison community.

I demand that the State of Wisconsin, the City of Madison and all of its representatives do everything in their power to address racial inequality and police brutality.

I demand that ALL MADISON RESIDENTS get treated equally under the law and by those who enforce those laws.

I demand that the City of Madison recognizes that BLACK LIVES MATTER and that the State of Wisconsin acknowledges the integral role Black lives play in making our state as AMAZING as it is.

I demand that you vote YES on Resolution 60764- Community Oversight over the Police. It's the first of MANY steps we as a community need to take to begin addressing the inequality black Madisonians face on a daily basis.

Thank you for your time and I look forward to your response.

Sincerely,  
-Susan Klosa

Madison Alders and Mayor Satya,

We need an MPD Ad Hoc Recommendation Oversight Committee. I want to see resolution file # 60764 on tonight's agenda. I would like to see how committed our city leadership is to police reform. Why spend all that money on a exhaustive report detailing needed reforms without following through? It's time to take action.

Thank you to the co-sponsors, including my own alder Marsha Rummel.

Council President Sheri Carter, other alders, and Mayor Rhodes-Conway, I look forward to your response and immediate action on this issue. It is time for ACTION, not just words.

Thank you for your time.

Leah

Dear Members of Common Council,

I am emailing you to ask that you vote in support of Resolution 60764-Community Oversight Over Police.

As a Madison community member, local artist, and UW-Madison staff member, I am outraged by the continual violence and murder against Black and Brown folx happening at the hands of the police that have been historically left unchecked across the country and here in Madison. I am also disturbed and alarmed by the unnecessary (and often unprompted) violence police have been committing against peaceful protestors and community members alike over the past several days through the use of tear gas, pepper spray, and rubber bullets. Police departments around the country and in Madison have continued to prove that the only way to stop police violence against Black people and other POC is to make them accountable to the community.

Enough is enough and I stand in solidarity with groups such as Freedom, Inc., Urban Triage, and PSL demanding for community control over the police.

Please support Resolution 60764-Community Oversight Over Police!

Signed,

**Alex C. Nelson, MSW**

**Message:**

Good afternoon,

I sincerely hope that you will support the passage of resolution 60764, the creation of a Madison Police Department Civilian Oversight Board. I have been a civilian police officer 5 years with Memphis, TN PD, and retired from the military 2 1/2 years ago, where I was a military police K9 officer and unit supervisor for 17 years. Additionally, I've graduated from Madison College's Human Services and Addiction Studies programs, and worked and volunteered with several Madison-area organizations that focused on homelessness. I will be pursuing my bachelors and masters degrees in social work at UW Milwaukee, beginning in September. I briefly list my background to underscore that I know quite a bit about law enforcement and community problems/issues. The need for civilian oversight was, in my view, crystal clear prior to recent events. I think in the past week, the need for it has been made even more clear. I do hope that you support the resolution and encourage your counterparts on the council to do the same.

Rob Brown

Hello

My name is Stuart Eikenberry, and I am a resident of Madison, WI, District 12. I am writing today to ask for all of your support in passing Resolution 60764. As people all over the country engage in protest over the death of yet another black man in the hands of police, I ask that you support this resolution. It is well past the time that something is done about this issue, but you have the ability to enact change, not only today, but every single day until this country is a home for everyone who lives here.

Once again, I ask for your full support. Thank you.

Stuart

Dear Mayor Rhodes-Conway and Madison Alders,

We need an MPD Ad Hoc Recommendation Oversight Committee started now, this session. I want to see resolution file # 60764 on Tuesday's agenda. I want to see our city leadership committed to police reform and oversight and community control. We have and have had an exhaustive report detailing necessary reforms and now it's time to take action. Please think of your community; this is what is needed now! The PSCR and EOC have already recommended this Committee in Dec. 2019. Let's go. Alder Carter, other alders, and Mayor Rhodes-Conway, I look forward to your immediate action on this issue.

Thanks for all the work you are doing- we believe in you.

Good afternoon!

I'm hoping I can influence you to pass resolution #60764, instituting a civilian council to oversee the Madison Police Department.

Our Madison Police Department is trying to keep order in a city with a hole in the middle. A quick Google search put Madison in the top 10 of several "Top # Places to Live" lists of the last few years - and it also regularly features in the top 10 lists of "Worst Places for Black People." Our public school students do well if they are white, less well if they are not.

Having a good relationship between the municipal police and the civilian populace could start the process of making at least one part of our civic life more fair, and voting for this resolution would show Madison's people that Madison's elected alders care about equity and about having a city that works for everyone.

Thank you,

Janice Gordon

Dear President Carter and Alders,

We want civilian oversight of the police NOW. Please stop stalling and pass #60764 today.

Stop letting the police steer the process and pass the recommendations AS IS NOW.

Police should be held to the same - IF NOT A HIGHER - standard to uphold the law as most citizens are. We are tired of police not being held accountable or responsible for their actions when they are disproportionately arresting, harming, brutalizing, and MURDERING Black people. Enough is enough. Our community is BETTER than this. Be the example for what community action can look like that our country needs to see right now.

Thank you,

Erin Quigley

Dear Mayor Rhodes-Conway and Alders,

I'm writing to express that I am in support of Resolution 60764 for creating the MPD Ad Hoc Recommendation Oversight Committee. I stand with others in my community who ask that you vote and pass this resolution, as it is crucial for the safety of our Black community. Action must be taken towards reforming the police (I also believe that total police abolition and developing a system with zero ties to the current system is extremely necessary) because it is a matter of life or death for BIPOC. The police have way too much political power and very little training. Many officers use racial bias to dictate their actions and those that don't fall under this category aren't doing anything to help this situation and hold their fellow officers accountable.

Additionally, I support ending the curfew (item 132). All this is doing is giving more reason for police to patrol our downtown area. This only allows more potential for police brutality.

Thank you for taking the time to read my email.

Sincerely,  
Rachel Plummer

Dear Members of Common Council,

I am emailing you to ask that you vote in **support** of Resolution 60764-Community Oversight Over Police. Police departments around the country and in Madison have continued to prove that the only way to stop police violence against Black people and other POC is to make them accountable to the community. Support Community Oversight Over Police!

I am also asking that you vote **no** for Resolution 60658. The provision of funds for so-called "alternative force options" (weapons used to maim or accidentally kill civilians, instead of intentionally kill them) is not a solution to the epidemic of racist police violence. Instead, the police's budget should be significantly reduced, and more controls placed on the availability of **any** weaponry. If cops want money to buy tasers, they should start by selling off their guns and riot gear.

**Message:**

I am urging you to pass Resolution 60764. The police in this country and in Madison in particular have shown that they are not able to regulate themselves.

In addition, please de-fund the police. Resources for the police must be reallocated to rent assistance/housing, public transit, education, and appropriate conflict resolution e.g. social workers, NOT POLICE, which will do more to mitigate crime than unleashing violence against civilians. Madison must not continue to tolerate violence and discrimination. Black lives matter.

Dear alders and mayor,

Please let this email find you in good health and reflection on the terror gripping the country. I'm writing you in support of resolution #60764 in order to make our police staff more accountable to the civilians who pay for their very existence. My tax dollars should not go towards terrorizing black and brown folx in our community. The world may not be watching us as closely as some other cities, but Madison needs to grapple with its issues of racism - overt and systemic which plague our daily existence.

Thank you for your action in this time,

Robbie Williams

Dear Members of the Council,

I am emailing you to ask that you vote in support of Resolution 60764-Community Oversight Over Police.

While nothing can bring back George Floyd or Tony Robinson, Madison can be part of the solution. Police departments around the country and in Madison have continued to prove that the only way to stop police violence against Black people and other POC is to make them accountable to the community.

Please support Community Oversight over the police!

Signed,  
Elena McGrath

**Date:** Tuesday, June 2, 2020 3:40:33 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

To Alder Arvina Martin, Mayor Rhodes-Conway, and all of the alders on the Madison City Council:

I am writing to urge you to vote to pass alternate resolution 60764, recommending the creation of a Civilian Review Board to oversee the Madison Police. It has become explicitly clear that the Madison Police is an insular group with a strong impulse to protect its own, regardless of the harm it may do. This does not make Madison's police force different from many others. But you have the ability to put a check on ours by providing civilian oversight: please do not hesitate to use your authority to do so now.

In addition I urge you to *\*end\** curfew, in contrast to item 132, which would extend curfew. Imposing a curfew seems to do nothing more than create exacerbated tension between citizens and the police, as the past two nights have shown.

Please: be Madison! And begin to end this gap between the liberal image we enjoy touting, and the reality of a circle-the-wagons police force whose transgressions are almost impossible to check, as evidenced by Matt Kenny's continued employment with the Madison police, and the exoneration of Genele Laird's police assailant (just watch the video!) -- to give only two examples.

Thank you for your work and your concern.

Bill Herman  
5750 Bittersweet Place  
Madison

Hello!

I am a resident of Madison and I am writing to urge you to to put resolution #60764 to a vote tonight. I support this resolution. I also urge you to end the curfew (item 132). The curfew signals that Madison wants to silence protestors, which on it's own is deplorable, but at a time where we're in a pandemic (no curfew for that!) it's especially offensive and aggressive to enact a curfew.

Please represent Madison's interests in equality and justice.

Thank you for reading.  
Sierra Lee

Dear Mayor Rhodes-Conway and Madison Alders,

Our community needs a Madison Police Department Ad Hoc Recommendation Oversight Committee started now. Resolution file #60764 needs to be on Tuesday's agenda. City leadership needs to take action to commit to police reform and oversight and community control. It is my understanding city leaders have already been supplied with exhaustive reports detailing the various reforms necessary to make positive change in the way law enforcement interacts with our community and those reports deem your review today. We are looking to you to lead the way and take action that will help protect our community and facilitate the equity we have been long lacking.

Thank you for your time and consideration on this matter.

Sincerely,  
Elizabeth Kalmbach  
Ward 29  
Madison, WI 53704

**Date:** Tuesday, June 2, 2020 3:35:36 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Please support this resolution as a start in limiting the power of the police. After that you much terminate funding to the police and establish civilian and community control over policing. You have to see how broken the system is and the excessive power that police unions and lobbying groups have. The extreme militarization has resulted in police being unable to see the community members they police as human beings. It's critical that you use your elected status to move this reformation forward.

Thank you  
Deborah Elsas

Hello community Alders,

My name is Audrey Burke. I have lived in Madison for the almost 20 years of my life. I am extremely proud of the movement that has come from the Madison people, whether that be through the Act 10 protests, student led marches up East Wash, or the protests that have been happening the past few days over police brutality and George Floyd's murder.

The people have spoken about their outrage, and now it is time to bring even more power to the people. Implementing community oversight of police will demonstrate that Madison leaders are committed to uplifting the voices of their people, and that they are committed to progressive change in our country.

Thank you for the time it took you to read this email, I hope my voice helps to urge you to pass resolution 60764.

**Subject:** 6/2/20 Common Council Meeting: Proposed Consent Agenda Exclusions

**Please note that exclusions on this listing may change at the meeting.**

**Items may be added or taken off the list when the consent agenda is presented.**

**What is a consent agenda?**

Typical consent agenda items are routine, procedural decisions, and decisions that are likely to be noncontroversial.

*Examples include:*

Routine matters such as appointments to committees;

Routine resolutions approving plans, improvements, etc.

Reports provided for information only;

Correspondence requiring no action.

**Why is a consent agendas used?**

The consent agenda is used by the Council to save meeting time and to help ensure that Council meetings focus on substantive topics that are worth discussion. Through the “bundling” process, the entire set of routine agenda items can be voted on in one action versus taking the time to vote on each individual item.

**What is the exclusion list?**

These are agenda items that alders have requested be taken off the consent agenda. The main reason an alder asks for an agenda item to be excluded is that they want to discuss/debate the item at the Council meeting.

Please note that public hearing items are never included on the exclusion list. They are specifically scheduled and taken up by the Common Council at 6:45 p.m.

To all,

Now is the time for leadership and real change. **Place resolution 60764 for a vote today and end the curfew** - this aims to punish versus maintaining accountability.

I implore elected officials to start asking hard questions and vote and push change in our city when it comes to police use, their funding, and the protections and immunity provided to them. Why do police officers need a Law Enforcement Officers' Bill of Rights when we as a country have a Bill of Rights? Why are cities and municipalities required to pay for lawsuits against officers that violate the law under qualified immunity?

Change needs to occur within all levels of government, including the City of Madison. To those that do not wish to tackle the issues of Police abuse, allowance of excessive force, or sufficient oversight and accountability - I am watching. I vote in local elections. And I will ensure others know of the actions this government has or has not taken.

-Michael

Hello,

I am a citizen of Madison, and I would like to express my support for resolution 60764. I believe a civilian oversight committee is an important step towards tackling systemic racism and police brutality.

Best,

Eleanor Landwehr

Dear Mayor Rhodes-Conway and Madison Alders,

Our community needs a Madison Police Department Ad Hoc Recommendation Oversight Committee started now. Resolution file #60764 needs to be on Tuesday's agenda. City leadership needs to take action to commit to police reform and oversight and community control. It is my understanding city leaders have already been supplied with exhaustive reports detailing the various reforms necessary to make positive change in the way law enforcement interacts with our community and those reports deem your review today. We are looking to you to lead the way and take action that will help protect our community and facilitate the equity we have been long lacking.

Thank you for your time and consideration on this matter.

Sincerely,

Alders,

We clearly have a police problem. We have tried the typical liberal response of more training, and that has not worked. We had a committee to review suggestions, and they were ignored. If you felt you didn't have the political capital against the powerful police unions, you have it now. This is the perfect time for resolution 60764, we need community control of the police! Please do not continue to give lip service to Black Lives Matter while not changing our systems. The time for action is now, and we are watching.

Dear Members of Common Council,

I am emailing you to ask that you VOTE NO for Resolution 60658. The provision of funds for so-called "alternative force options" (weapons used to maim or accidentally kill civilians, instead of intentionally kill them) is not a solution to the epidemic of racist police violence. Instead, the police's budget should be significantly reduced, and more controls placed on the availability of \*any\* weaponry.

Signed,  
Amanda

**Date:** Tuesday, June 2, 2020 3:14:55 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

I am writing in support of resolution #60764 and Freedom, Inc.'s demands for community control of the police. Please bring this resolution to a vote, and vote in support. We need oversight and accountability for the police. We've needed it for a long time, and their violent and escalating response to protestors since Saturday is further evidence that they are not protecting our community. They are not protecting the people.

I also support ending the curfew (re: agenda item #132). This curfew should never have been enacted. It has harmed, physically and emotionally, Black and brown youth forced to face police violence while they march and grieve. I can only imagine what could be accomplished if the resources used to enact this curfew, send large numbers of cops into the street armed with riot gear, tear gas and rubber bullets, were instead invested in systemic solutions and change.

Good afternoon!

I'm hoping I can influence you to pass resolution #60764, instituting a civilian council to oversee the Madison Police Department.

Our Madison Police Department is trying to keep order in a city with a hole in the middle. A quick Google search put Madison in the top 10 of several "Top # Places to Live" lists of the last few years - and it also regularly features in the top 10 lists of "Worst Places for Black People." Our public school students do well if they are white, less well if they are not.

Having a good relationship between the municipal police and the civilian populace could start the process of making at least one part of our civic life more fair, and voting for this resolution would show Madison's people that Madison's elected alders care about equity and about having a city that works for everyone.

Thank you,

**Date:** Tuesday, June 2, 2020 3:13:04 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Alders,

To the alders who have already committed to Resolution 60764: thank you for standing with your community.

To alders who have not yet done so: I need you to pass Resolution 60764 for community oversight over policing. The police have wielded life-and-death power over people in Madison. The police need to be accountable to the people in return.

Additionally, item 132: end curfew. Curfew endangers the Black youth and other young people who are out practicing their First Amendment rights of speech and assembly.

Curfew endangers people, especially Black and brown people, doing third-shift work.

If you are at all concerned about the spread of COVID-19 and its impact on the Madison community, see this piece on public health experts' support for the protests. Demand that law enforcement stop using tear gas and pepper spray on protestors in Madison.

<https://www.npr.org/sections/coronavirus-live-updates/2020/06/01/867200259/protests-over-racism-versus-risk-of-covid-i-wouldn-t-weigh-these-crises-separate>

Finally, to alders who are in opposition to these measures: know that while people writing to you might be outside of your district today, by the time you are running in your next election, they could have moved to your district, and they will remember the path you chose in this moment.

Thank you,  
Yasmin Schamiloglu

**Subject:** 6/2/20 Common Council Meeting: Proposed Consent Agenda Exclusions  
**Date:** Tuesday, June 2, 2020 3:11:28 PM  
**Attachments:** [060220 consentagenda.pdf](#)

---

**Please note that exclusions on this listing may change at the meeting.**

**Items may be added or taken off the list when the consent agenda is presented.**

### **What is a consent agenda?**

Typical consent agenda items are routine, procedural decisions, and decisions that are likely to be noncontroversial.

#### Examples include:

Routine matters such as appointments to committees;  
Routine resolutions approving plans, improvements, etc.  
Reports provided for information only;  
Correspondence requiring no action.

### **Why is a consent agendas used?**

The consent agenda is used by the Council to save meeting time and to help ensure that Council meetings focus on substantive topics that are worth discussion. Through the “bundling” process, the entire set of routine agenda items can be voted on in one action versus taking the time to vote on each individual item.

### **What is the exclusion list?**

These are agenda items that alders have requested be taken off the consent agenda. The main reason an alder asks for an agenda item to be excluded is that they want to discuss/debate the item at the Council meeting.

Please note that public hearing items are never included on the exclusion list. They are specifically scheduled and taken up by the Common Council at 6:45 p.m.

Dear Members of Common Council,

I would like to voice my support of Resolution 60764-Community Oversight Over Police.

It's hard for me to put into words how important it is that the city that I have called home for over 25 years is continuing to faithfully serve and represent our community. My experience working in a local community non-profit has given me the opportunity to work with people on both sides of law enforcement interactions. These experiences have so clearly shown me that any community service, including the police force, works best when it is accountable to the community, and actively working to make their voices heard.

The response we are seeing around the world to police interactions only further proves the point that more establishing more infrastructure around a community voice in relation to police interactions is not simply a good idea, but is actually a vital and perhaps life-saving one.

Please vote in favor of Resolution 60764-Community Oversight Over Police.

Respectfully,  
Nate Schorr

**Subject:** Vote for Res#60764 and stop the curfew  
**Date:** Tuesday, June 2, 2020 3:08:44 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hello alders of Madison,  
I am writing to urgently request two things, and I thank you for your attention during this chaotic time.

First, I ask that you hold a vote this evening on Resolution #60764. I support this resolution and believe that community oversight of police forces is the only way we will manage the systemic issue of police brutality against black indigenous people of color in this country and indeed in Madison. Please put this resolution on the table tonight and know that this is one very important step in putting BIPOC voices and lives at the forefront of our priorities in Madison.

My second concern is regarding the curfew that has been in place for several nights and is scheduled to continue through June 3. The use of curfews only instigates violence between police, who we all know are prone to brutal and unjustified violence, and people of color, including youth and trans people of color. Protect these individuals and show your solidarity with the Movement for Black Lives by ENDing the curfew.

Thank you,  
Marguerite

To the Madison Common Council and Madison Mayor,

I am writing to urge you to bring resolution #60764 to a vote, and to vote in support of it at tonight's meeting. Now is the time to act and make the right choice for Madison. The Madison Police Policy & Procedure Committee transitioning to the Recommendation Oversight Committee only makes sense and is a long time coming. This is just a step towards accountability and community control of the police and it is necessary. Do not delay.

I also urge you to end the curfew. Vote against item 132 that would extend the curfew further. This only serves to increase the number of police present, thereby escalating the situation and putting youth of color at risk. This anger and grief is justified and should be heard. Do not allow military tactics to continue violating our safety and the safety of black and brown people in this city. It is time to stand down!

Please show leadership for all of Madison. We need community based solutions and an end to state sanctioned police violence now.

Sincerely,  
Twyla Clark  
Eken Park  
Madison, WI

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Alders,

I just sent this exact letter to my alder, Arvina Martin.

Dear Ms. Martin,

I am writing urging you to vote to pass alternate resolution 60764 the MPD Civilian Oversight Board.

I love Madison. I was born and raised here and am now 55 years old. Yet during all of that time Madison has yet to get it right when it comes to improving racial disparities and ending discrimination. As beautiful and interesting as Madison we've totally failed our families and communities of color.

I know that at this time, we need strong oversight with authority and power to use that authority. Pass the alternate resolution. Give citizens oversight and make sure that those citizens are endorsed by the communities they will serve to protect.

In addition, I am greatly disappointed by the narrative Mayor Rhodes-Conway is perpetuating -- focusing on and distinguishing between legitimate and not legitimate protesting.

The problem, and the absolute reason for the need for civilian oversight, is the excessive and abusive use of power that is wielded through the institution of policing. The protesters chant "we keep us safe". And that's the truth -- especially when the tools at our disposal are high quality education, free and accessible health and mental health care, healthy environments (parks, green spaces, bike paths, and bike lanes), clean air and water - not guns. This is the stuff that creates the conditions for safety. Threats of and use of force only escalate violence. Every news clip, story, and image is a testament to that now. It's time to divest from all institutions that work through force, "enforcement", and invest in that which promotes health and healing.

Thank you for your work and your care,

Mary Batson

**From:** [Ayden Prehara](#)  
**To:** [Mayor](#); [All Alders](#)  
**Subject:** Resolution #60764 and Item 132  
**Date:** Tuesday, June 2, 2020 3:03:49 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Good afternoon,

I am writing as a concerned member of the Madison community. Since moving to Madison ten years ago - attending both a Madison high school and then earning a bachelor's at UW Madison - I have never seen such an abhorrent display of violence against protesters in our city. Protesters come to the streets to demand justice and peace, yet we have for the past several nights seen police come to insight violence against the young people in the streets demanding a better future.

I want to take this opportunity to express my support for Resolution #60764. I would like to see this resolution put to a vote. The right of civilians, particularly black and brown people in Madison, to oversee and review the Madison Police Department is vital for a more just future in Madison.

I urge the city of Madison to halt the extension of curfew - item #132. The expansion of curfew has been used by police and the National Guard to utilize violence against demonstrators. The heightened police presence brought by curfew only puts youth of color in harm's ways and further puts individuals working night shifts in harm's way. Please note that the majority of individuals working night shifts are people of color who are already are more at risk of falling victim to unjust police violence.

Thank you for taking the time to consider the above. I urge our representatives to make decisions that will protect people of color in our city.

Sincerely,  
Ayden Prehara

To whomever is taking time to read today:

Hello. My name is Marcus Knoke, and I am a citizen of Madison, in District 4. I am writing to urge you all to pass Resolution 60764 AS IS. I truly hope you all have been paying attention to the brutality of police both in Madison as well as around the country. We must hold these people accountable. Obviously the police department is unable to control or discipline its own officers. The only solution is community oversight — by the community, and for the community.

**DO NOT FAIL THE BLACK CITIZENS OF MADISON.**

Dear Mayor Rhodes-Conway and Madison Alders,

Our community needs a Madison Police Department Ad Hoc Recommendation Oversight Committee started now. Resolution file #60764 needs to be on Tuesday's agenda. City leadership needs to take action to commit to police reform and oversight and community control. It is my understanding city leaders have already been supplied with exhaustive reports detailing the various reforms necessary to make positive change in the way law enforcement interacts with our community and those reports deem your review today. We are looking to you to lead the way and take action that will help protect our community and facilitate the equity we have been long lacking.

Thank you for your time and consideration on this matter.

Sincerely,

Megan Paulson

City of Madison resident

Hello,

My name is Eli Krebs and I am a recent alumnus from the University of Wisconsin-Madison. I wanted to email you to say that I support Resolution #60764 and that I want it to be put up for a vote at tonight's Common Council meeting. I am also in favor of ending curfew - Item 123 - which only serves to bring more cops into the streets. This puts youth of color at risk in addition to Black people and people of color going home from night shifts.

Best regards,  
Eli Krebs

**From:** [Marc Brousseau](#)

Caution: This email was sent from an external source. Avoid unknown links and attachments.

I am emailing to urge you to vote yes on resolution 60764: Creating the MPD Ad Hoc Recommendation Oversight Committee.

I support this resolution because I believe that our police force should implement the recommendations within the final report of the MPD Policy and Procedure Review Ad Hoc committee.

The report calls for more transparency and community oversight of the MPD. I believe that given the murder of Tony Robinson by Madison police officer Matt Kinney and the consistent and overwhelming negative impact of policing on people of color, this is a call that needs to be answered.

Please consider voting yes on this resolution.

Thank you,  
Marc Brousseau

**Subject:** Support for Alternate Resolution  
**Date:** Tuesday, June 2, 2020 2:57:23 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Alders,

We were co-chairs (Keith Findley and Tom Brown) and members (Veronica Figueroa-Velez and Sean Saiz) of the Madison Police Department Ad Hoc Review Committee, which issued its report with 177 recommendations for reform in the MPD last fall. We write to urge you to adopt the Alternate Resolution proposed by Alders Sheri Carter, Shiva Bidar, Keith Furman and Christian A. Albouras, in File No. 60764, which is Item 134 on tonight's Common Council meeting agenda. We agree with the sentiment that we need to move promptly to address the concerns that underlie 60764, but we also believe that what we need is not yet another interim oversight body, which does not reflect the composition or duties our Committee envisioned, but rather what we need is prompt implementation of our Committee's recommendations. The Oversight Board recommended by our Committee was carefully thought through by the Committee to address the needs of our community, and to ensure that the voices of those most affected by policing are fully heard. The interim oversight committee in the original 60764 does not accomplish that. Please move promptly with creating the Civilian Review Board recommended by our Ad Hoc Committee, without diverting attention to an interim body that does not have clearly identified duties or responsibilities and whose composition will not reflect the voices our Ad Hoc Committee felt were so important to include. The time is now to truly allow those most impacted by police to lead and inform this process.

Thank you.

Keith Findley

Tom Brown

Veronica Figueroa-Velez

Sean Saiz

**Message:**

Dear Alderpeople,

I am writing to urge you and the Common Council to adopt Resolution 60764-Community Oversight Over the Police. Frankly I am dismayed to learn that the City of Madison does not follow the numerous protocols outlined in the resolution. Given the fact that much of what constitutes today's police force in America was originally established during the era of Jim Crow, it is necessary that the practices currently used by law enforcement undergo a thorough overhaul designed to rid them of systemic bias.

Additionally, I call on you as members of the Council to pressure the Mayor to engage with the protestors in direct negotiations not only in an effort to stop the current protests and protect lives, but to ensure that justice is finally meted out in an equitable manner in our city.

Please feel free to contact me with any questions or concerns you may have.

Sincerely,  
Amy Quan Barry  
Halls-Bascom and Vilas Distinguished Professor of English

Good afternoon,

It is no secret that the lives of black men and women are being threatened constantly throughout our country and within our community. It is extremely important that you all take action to help those in our community who have been suffering for hundreds of years. I beg you to vote and pass resolution #60764 to aid in this cause. Additionally, community oversight to the Madison Police Department is absolutely necessary for the protection of black lives in our community. If you continue to stay silent on this matter, you are contributing to the deaths of black men and women in our community, and have taken the side of the oppressor. I hope you take these notes into consideration when taking action in the next few days.

Sincerely,

Lauren Haydin

Dear Alders,

We need to start building on the work of the Ad Hoc Police Review Committee and implementing the OIR recommendations, NOW. Now is too late, but we need to begin now. The Public Safety Review Committee and EOC already recommended the establishment of this committee months ago.

We clearly need a different relationship between the police and city residents. A relationship that will make things safer not just for city residents, but also our dedicated police officers. That's what is at the heart of the OIR recommendations, many of which I heard discussed in Ad Hoc Police Review Committee meetings. A diverse group of city residents poured blood, sweat and tears in to that committee and those recommendations and in the process demonstrated that they could have a dialogue with the community.

Much gratitude to you who have sponsored this. Everyone, please pass this resolution tonight.

Sincerely,  
Sue Pastor  
2502 Green Ridge Drive.

**From:** [Matthew Braunginn](#)  
**To:** [All Alders](#)  
**Subject:** Support for alternate resolution  
**Date:** Tuesday, June 2, 2020 2:46:40 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Good afternoon Alders,

I am unsure if I will be able to join tonight due to some personal issues I have been working through. But I wanted to voice my support for the Alternate Resolution proposed by Alder Sheri Carter, Shiva Bidar, Keith Furman, and Christian A. Albouras.

I agree with the letter Keith Findley and Tom Brown sent, that Veronica Figueroa-Velez and Sean Saiz signed onto, but I would like to provide some additional thoughts.

While I understand the concerns that there is no oversight right now, I have concerns about the effectiveness of an interim committee effectively taking on the work of not just the COB but also IM. With the IM intending to be a full-time position. I'm worried there will be unintended consequences of this decision, in that due to the focus needed for this work, the oversight won't be complete enough or meet the standards that it should be. And in doing so, it will also make it more difficult to review the policies being implemented by MPD right now, as any attempt to take a look at them there will be major push back as MPD would rightly argue they implemented these policies with oversight. But I believe in taking a more prudent path, even though policies are being implemented right now, they would have to be deeply explored by the IM and COB, precisely because there was no oversight in their implementation.

I fully recognize the want and need to have oversight right now, but I do not believe that the interim committee would be able to function at the level of effectiveness that needs to happen, and in doing so ultimately doing more harm than good. To me, this is more about getting it right than speed. I very much do respect and understand the want to create the interim, I do not outright reject the creation of it, or even have hard opposition to it, I just believe this alternate resolution is a more prudent path forward. I also don't think there is a right answer here, these are hard choices you have to make and I don't envy them, but commend you all for taking this serious as these are the very conversations we have to be having- serious ones on the best path to implement system changes.

What I am opposed to is any attempt to strip down our carefully created and researched recommendations, especially around the IM and COB, we spent a lot of time figuring out strengths and weaknesses across the nation around these ideas and recs. As it would be all too easy to go down that route to appease certain viewpoints within our community. This isn't about being anti-police, but about accountability to those who they are supposed to serve, and we must keep that root idea in mind as we move forward.

thanks,

Matthew Braunginn

Greetings,

I am a citizen of Madison in support of Resolution 60764 and I would like to see it put up to a vote in tonight's city council meeting. I would also like to add that I am in support of ending curfew and do not want to see it extended.

Sincerely,  
Visith Kour

Is it time to get a gun? I've made it through seventy-five years without owning one of those detested things, but recent events in Madison and around the country make me wonder if armed protection may be necessary. Judging from the collapse of police action in the face of mob mayhem -- arson, looting, assaults, vandalism -- and the lack of arrests or consequences to offenders, it's practically a guarantee that similar criminal action will be repeated. There's hundreds of other looting targets out there. Any parent or teacher knows if you don't have zero tolerance for youth mayhem on day one, repetition and escalation is inevitable. The mayor of Minneapolis made this mistake; Madison's mayor followed suit. No one is arguing with the PC liberal line that peaceful demonstration must be supported or that excessive police force is criminal. The element that exploits the protest movement -- about 150 in Madison, according to the police chief -- should have been shut down on day one. For hours, TV showed the disgusting, ugly mayhem on State Street with no police intervention or protection. Where was the mayor? Writing her PC speech for the next day?

In conclusion, I'm still debating the idea of getting a gun. But I'm pretty much decided about the need for new city representatives.

Caution: This email was sent from an external source. Avoid unknown links and attachments.

I am writing to urge you to vote in favor of resolution #60764 and creating a temporary oversight committee of former Ad Hoc members to temporarily oversee implementation of Ad Hoc recommendations for reform of the Madison Police Department (MPD). These are the people who researched OIR's work thoroughly, and followed through on crafting a final set of recommendations. They were the people who debated every single item, considered all of MPD's voluminous objections one by one, and saw each one through to completion. Nobody knows this material as well as they do, and understands how each part of the plan fits into the whole. I've seen no indication that more than a handful of people in city government have actually familiarized themselves with the whole report (i.e., read it carefully), and certainly none of the people you've designated to see it through the next steps in the process were involved in its creation, except of course for all the police representatives who were there representing the department. There is no excuse for barring these community experts from participating in the ongoing process of implementing the recommendations.

The OIR report is eloquent in its discussion of MPD's shortcomings in allowing, much less accepting or taking seriously, any kind of input from the community it is supposed to serve. They found a department which has remarkably few mechanisms for allowing community input, and which is defensive whenever any feedback is offered. Those who have been involved all along have already experienced MPD's relentless resistance to all suggestions that it modify, change, improve, evolve, that it strive to be what its community requires of it. Instead, the OIR report describes a reaction of circling the wagons, and denying that any but its own command staff has a right to make any critique of how it functions.

The administrative fiat, and votes by city council members, have amputated everyone who has been involved in this process except for the police department itself. And it tends to behave as if it should be the only judge of its own performance in service to its community -- a profoundly dysfunctional mindset.

After years of steadfast, grinding work to move police reform forward, it would be inexcusable to allow it to be weakened or to fizzle out now, which is what I think is likely to happen if it is not most carefully shepherded all the way through by those who made it happen and know it best.

We are in a moment in which it's glaringly evident that this department is not what Madison needs, and it is urgent that it begin to change in appropriate ways.

I urge you to make sure this is on this evening's agenda, and to vote in favor of restoring community/citizen oversight of the process of making changes in Madison's police department.

Sincerely,

Debra Rogers

I am emailing you to ask that you VOTE NO for Resolution 60658.

The provision of funds for so-called "alternative force options" (weapons used to maim or accidentally kill civilians, instead of intentionally kill them) is not a solution to the epidemic of racist police violence. Instead, the police's budget should be significantly reduced, and more controls placed on the availability of \*any\* weaponry.

If cops want money to buy tasers, they should start by selling off their guns and riot gear.

Thank you,  
Anna Bartel

Hi,

I support resolution #60764 – I believe it is a commonsense resolution and should be put to vote at tonight’s council meeting.

I also support ending the curfew – item 132. This will only bring more cops to our city, which endangers people of color in our communities, and it’s a pain for those working night shifts!  
Thank you for your consideration.

Best,

**Alex Clegg**

Hello,

My name is Drew Doering and I have been a resident of Madison since 2009. I am emailing to voice my support of the formation of a Madison Police Department oversight committee.

I was here when unarmed 19-year-old black man Tony Robinson was killed by white police officer Matthew Kenny. This killing and others like it around our country have made this much clear: The time has long passed since we have been in need for police oversight. In our country's system of checks and balances against power, police departments have somehow been allowed to arm themselves like militias with military-grade equipment that is gravely unnecessary for protecting and serving the citizens of Madison. In recent days, it has become crystal clear that the primary targets of these tools of destruction are black people and others who are marginalized in our society.

It is time for a change.

Regards,

Drew T. Doering, PhD

Dear Mayor Rhodes-Conway and Madison Alders,

Our community needs a Madison Police Department Ad Hoc Recommendation Oversight Committee started now. Resolution file #60764 needs to be on Tuesday's agenda. City leadership needs to take action to commit to police reform and oversight and community control. It is my understanding city leaders have already been supplied with exhaustive reports detailing the various reforms necessary to make positive change in the way law enforcement interacts with our community and those reports deem your review today. We are looking to you to lead the way and take action that will help protect our community and facilitate the equity we have been long lacking.

Thank you for your time and consideration on this matter.

Sincerely,

Mitch Harlan

I wanted to add one more thing. As I understand it, extending the curfew will also be discussed at the meeting today. Please support ENDING the curfew not extending it further. It makes it easier for police to justify and enact more violence on Black Madisonians. It also makes getting to and from work harder for those who work nightshift job (I would hazard a guess that a disproportionate amount of nightshift folks are Black or PoC).

Thank you for your time,  
Eleanor Terry-Welsh

To Mayor Rhodes-Conway, Council President Carter, and the Alders who serve on the Madison Common Council,

I write to you today with a heavy heart, as a Minnesota native, and as a resident of Madison for over one third of my 35-year life. I implore you to bring Resolution #60764 up for a vote at tonight's Common Council meeting. If the last several years have made anything apparent, it's that voting cannot be the only mechanism by which a community can feel they have a say. A vote in favor of the resolution will allow for the chance to drastically improve the relationship between law enforcement and the community. You can see how much pain there is in the community. While this will not heal everything, it would be an important first step to reestablishing trust between parties that need to trust one another.

Dear President Carter and Alders,

I have lived in Madison for four years, studying to be a doctor and academic in Wisconsin, and am excited to stay for longer. But police brutality, presence in schools, and violence against Black bodies is not who we are or the best we can be as a community. I echo the leadership of Black community members and Freedom Inc. in asking for civilian oversight of the police NOW. Please stop stalling -- our community's Black lives cannot, must not, stand it. Pass #60764 today. Stop letting the police steer the process and pass the recommendations for and by our community AS IS NOW.

Yours in community,

**Subject:** black lives matter -- end the curfew & bring resolution 60764 to a vote!  
**Date:** Tuesday, June 2, 2020 2:20:26 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hello --

My name is Annie & I'm a Madison resident. I want to first thank you for your service to our community during the pandemic, and for the time and effort you put into your work on the city council.

I hope that you have listened to the concerns of the protesters over the past few days, and are committed to enacting sweeping changes to the way we keep our community safe.

In the immediate sense, I urge you to do everything in your power to cancel the curfew in place. It puts peaceful protestors at risk of needless harassment and violence from law enforcement, and only leads to guaranteed escalation of tension. It also risks the lives and safety of workers and residents -- especially black Madisonians - just trying to get home, who might be profiled and targeted for harassment by law enforcement for the offense of just existing after 9:30pm.

Towards this end, I oppose resolution 60762, extending the declaration of emergency and curfew.

I also support Resolution 60764 at a reasonable & easy first step towards community control over the institutions that keep us safe. I would like this see this be put up for a vote at the Common Council meeting.

Ultimately, I would like to see a city that is not "policed" but instead is resourced with unarmed counselors, social workers, and other service providers, but these are two good first steps.

Thank you for your time,  
Annie Sholar

Dear Alders,

I am writing to express my support of Resolution 60764: Creating the MPD Ad Hoc Recommendation Oversight Committee. Our city has been struggling with aggressive policing issues for years. Tony Robinson, Paulie Heenan, Ashley DiPiazza, Michael Shumacher - all have died needlessly at the hands of Madison police in recent years.

The Madison Police Department Policy & Procedures Ad Hoc Committee has been working on recommendations since 2015. Final recommendations were approved in 2019. But the recommendations can not be implemented without further action.

Please vote to approve Resolution 60674 immediately. Move our city towards more just and fair policing practices.

Dear Alders and members of the Common Council,

I am writing today in support of Resolution 60764, on the agenda for tonight's meeting (June 2, 2020), Agenda Item #134.

In light of the the recommendations issued by the Madison Police Department Policy & Review Ad Hoc Committee in October 2019, I believe that the establishment of a committee such as the MPD Ad Hoc Recommendation Oversight Committee would be an important step during these challenging times of social unrest, which stem directly from incidents of police brutality nationwide.

Police departments around the country, including our own MPD, have proven that the only way to stop police violence against Black people and other people of color is to make them accountable to the community.

Please support Community Oversight.

Most sincerely,  
Lauren E Surovi  
Madison, WI

Dear Alders,

I am writing to you in support of resolution 60764, community oversight over police. Patrick Heck is my alder. In my 7 years living in this neighborhood I have witnessed and heard of many accounts of police harassing citizens, especially citizens of color and ESPECIALLY black citizens. Let us not forget Matt Kenny, who murdered Tony Robinson, is still a police officer. The community has NOT forgotten.

Police in our community and around the nations have shown that the only way to stop police violence and murder (lynchings) is to make them accountable to the community.

**Support Community Oversight Over the Police!**

Signed,  
Sophie Martin

On Tue, Jun 2, 2020 at 12:10 PM Ethan Beihl <[ebeihl@gmail.com](mailto:ebeihl@gmail.com)> wrote:

Dear Alder Bidar and members of the Common Council,

I am writing to express concerns about several matters before the Common Council. I commend the Council on speaking out and attempting to take action on police violence and systemic racism. However, there are serious issues with some of tonight's resolutions.

Resolution 60658:

The provision of funds for so-called "alternative force options" (weapons used to maim or accidentally kill civilians, instead of intentionally kill them) is not a solution to the epidemic of racist police violence. Instead, the police's budget should be significantly reduced, and more controls placed on the availability of *any* weaponry. If cops want money to buy tasers, they should start by selling off their guns and riot gear.

Resolution 60762:

Curfews allow the Mayor another opportunity to use deadly force to sweep political dissidence under the rug. Madisonians are standing up to demand justice. Instead of protecting citizens, as she claims, the Mayor is exposing them to more police violence.

Resolution 60763:

This resolution comes from a good place, but misses the mark on meaningful change, providing feel-good platitudes instead. "Acknowledg[ing] that not all police officers are racists" whitewashes the systematic role police play in the criminalization and oppression of Madisonians of color and especially Black people. Asking "all police departments including the Madison Police Department, to hold themselves accountable" is absurd. Police should never be trusted with their own oversight. Finally, the resolution calls for "legislators on local, state and federal levels of government to work and enact nationwide police and criminal justice reforms" without specifying the nature of such reforms. All in all, this resolution leaves me with the (hopefully incorrect) sense that the Common Council is more concerned about pandering for white liberal votes than seriously committing to addressing Madison's widespread racial injustices.

Resolution 60764:

Full text of the [resolution](#) is currently unavailable to me due to errors with the legislative database. I support binding community oversight of the police. However, further measures will be necessary to contain Madison's racist police force, including defunding and disarmament.

If we are to be safe from racism and police violence, Madisonians need more than what they've been offered. Sensitivity trainings, moral leadership, and a more "diverse" police force won't do it. We need cops out of schools, off the streets, disarmed, and defunded.

Thank you,  
Ethan Beihl

Dear Madison Alders,

I live at 1708 Mayfield Ln on the Northside of Madison. I have seen first-hand how black people ( youth in particular) living on the Northside have been met with different force than white people. It's troubling to see police show up in force at a library and escalate a situation that didn't need to be met with force.

As a White woman, I've been reflecting on the interactions I've had with police throughout my life and there have never really been anyway I have been abused as our black neighbors have been abused.

As my friend Olivia Barrow ( also white) mentions in her letter to you "When individuals have their basic needs met, and/or have reasonable access to a safety net ( via government or familial capacities), there is no need for police in their lives. ....

The police is a failed and unnecessary institution. It does not make people safe. It does not advance justice. It advances racism and perpetuates poverty and oppression"

We want civilian oversight of the police NOW! Please stop stalling and pass Agenda Item 60764 tonight. Stop letting the police steer the process and pass the recommendations AS THEY ARE STATED NOW.

Respectfully,

Sara Meredith

**Message:**

How dare you question the polices tactics. How about you stand next to them when the protestors are out, really do it after the peaceful part. Be there when they throw the projectiles at them, they spit in their face, push past them and hit them. You expect them to stand by and let the protestors hurt them? Remember they have families just like you and they want to see their families too. They haven't used any force. The mayor and all of you are the ones who are to blame for all this as she And you encourages protestors and by saying buildings and items can be replaced they took advantage of it and hurt people and buildings. Those people that own those businesses put their heart and soul and money into their businesses, and when you allow the protestors to destroy them they will not come back and your revenue for the city will be gone.

Please don't ever downgrade the police they are the ones that will come and take care of you. If you all feel that a time out in a corner will do and take care of the problem you are in a different world.

What you are asking is ridiculous, did you ask the looters what kind of item they used in breaking into stores, the size of rock, what color of bandana they wore, how hard they hit or threw the rocks? What you want is so much accountability from those who would take a bullet for you even when you are this way towards them. When one of your kids gets beaten up in school who will you call.?? You can't control them now and to demilitarize the police you are way out of line. Quit being so liberal and use common sense.

Dear Members of Common Council,

I am emailing you to ask that you VOTE NO for Resolution 60658. The provision of funds for so-called "alternative force options" (weapons used to maim or accidentally kill civilians, instead of intentionally kill them) is not a solution to the epidemic of racist police violence. Instead, the police's budget should be significantly reduced, and more controls placed on the availability of \*any\* weaponry. If cops want money to buy tasers, they should start by selling off their guns and riot gear.

Signed,  
Catherine Yu

**From:** [Sophia Burroughs](#)  
**To:** [All Alders](#); [Mayor](#)  
**Subject:** In Regards to Resolution #60764 and Item 132  
**Date:** Tuesday, June 2, 2020 2:00:28 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hello,

My name is Sophia Burroughs, and I have been a constituent of Madison for the past five years. I am writing to you in regards to a vote on Resolution #60764 and Item 132 this evening at the Common Council Meeting.

I believe Resolution #60764 should be put up for a vote and passed to improve our community. Our police force, as any government organization, should be held accountable for their actions. I am proud to be part of such an active and supportive community, and I know that Resolution #60764 would allow us to continue to be involved in our community to ensure the health, safety, and wellbeing of everyone who lives here.

Additionally, in relation to the current sociopolitical climate regarding George Floyd, this would allow us to proactively take steps to better our police force before violence and/or targeting of minorities can occur. Our community would be safer if we are able to prevent such occurrences from happening.

I also support voting for the end of curfew, specifically Item 132. It has been proven not only in our state but across the nation that curfew has not been effective, and only prohibits our right of the First Amendment. Additionally, curfew has allowed police and national guard to take extra measures to punish those who are exercising their right to free speech. In a community such as Madison, where we often exercise our right to protest and speak out against injustice, those rights should be protected and not punished. Lastly-- many people work night shifts to support the City of Madison, and are unfairly punished by curfew.

Thank you for your time and consideration.

Sophia Burroughs

**From:** [Katrina Olson](#)

To all concerned,

We need safer police in Madison, WI.

Put resolution #60764 on the agenda as soon as possible - call an emergency meeting if you have to, and have the council vote.

There will not be peace until protestors feel they are being heard and real change starts.

**From:** [Alexandra Pasqualone](#)  
**To:** [All Alders](#); [Mayor](#)  
**Subject:** PASS RESOLUTIoN #60764 and END CURFEW  
**Date:** Tuesday, June 2, 2020 2:00:03 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear President Carter and Alders and Mayor Rhodes-Conway:

As a concerned citizen, I am writing to you regarding resolution #60764 and the curfew set for the downtown area. I implore you to put this resolution on the agenda for today's council meeting. Many Madison residents, including myself, are asking for civilian oversight of the police starting immediately. This resolution has the potential to protect the Black and Brown communities of Madison and is a step towards community control. Please stop stalling and pass #60764 today. Stop letting police steer the process and pass the recommendations now.

In addition, the curfew - item 132 is harmful to youths of color who are demanding justice in the streets of downtown Madison. This only serves to bring more police on the streets and as a result is a threat to youths of color. Respectively, it is an unnecessary barrier for people in the community who work night shifts. Rather than enact prohibitive measures instilling continued divisions between groups in Madison, I encourage you to take the much needed steps that will help support the diverse populations that make up our community.

Please take these insights into consideration and support your community.

Sincerely,  
Alexandra Pasqualone

Dear Mayor and Common Council members,

We stand with Freedom Inc, Urban Triage, the Community Response Team, and the many thousands of people who have been protesting to call for justice for all Black people murdered by police, including Madison's Tony Robinson; for community control over police; and for redirecting resources from police budgets to Black communities.

The curfews and police use of riot gear, tear gas, mace, and rubber bullets not only harm individuals. These policies and actions reinforce disparities in our city and move us farther from the social, political, and economic changes needed to realize a Madison where all can thrive.

We already have a blueprint for what Madison can do to equitably ensure public safety. The OIR Group and Madison Police Department Policy and Procedure Review Ad Hoc Committee reports represent years of work, subject matter expertise, and broad engagement of leaders and members across Madison's diverse communities.

The Common Council passed resolutions accepting all 177 recommendations of the Ad Hoc group, but has yet to take action to ensure the implementation of the 173 recommendations not dealing with body-worn cameras.

At tonight's Common Council meeting, we urge you to pass resolution #60764 to create a temporary oversight committee including Ad Hoc committee members to oversee the implementation of recommendations while the permanent civilian oversight board is formed.

We also urge you to oppose resolution #60762, which extends the state of emergency and curfews in Madison.

Sincerely,

Progressive Dane Steering Committee members

Diane Farsetta  
Martha Kemble  
Brenda Konkell  
Annie Kraus  
Heidi Wegleitner

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hello,

I am a resident of the city of Madison and would like to express my support of Resolution #60764 that increases community oversight of the police in Madison. I would like that resolution (agenda item #134) to be put up for a vote at tonight's Common Council meeting.

I have concerns about the use of a curfew which increases the odds our black youth will be harmed by police. As we've seen, the curfew does not stop people from being out on the streets. It just increases the chances of our black youth being put in harm's way. I support ending the curfew and oppose agenda item 132.

I have some major concerns with the violent measures (chemical weapons and rubber bullets) being used by the police towards protestors, and do not support resolution 60762 to declare a state of emergency in Madison. More policing is not the answer right now. We need systemic and real policy change to promote peace in our community.

Sincerely

Colleen O'Brien

**Message:**

I have lived my entire life in Madison, WI, all 65 years on the Northside. My neighborhood is chronically dealing with drug deals, car thefts, shootings, etc., and I have nothing but the utmost respect for the majority of the MPD.

An immediate family member is a law enforcement officer in the city and I have heard many of the stories about individuals who choose to break the law, my family member being reluctant to visit Madison eateries in uniform for fear of something being put in one's food, etc.

It's so similar to the profession I enjoyed here for over 40 years being an educator. A teacher speaks a racial slur, what have you, and the entire profession is put on public trial.

I crossed State Street today for the first time in a month and didn't recognize the store fronts. I applaud the group that has come out to speak about injustice, police brutality, and the need to come together with a plan of action. At the same time, I abhor the behaviors of other groups who come with one mission: destruction and bodily harm.

I AM PROUD of Madison's Police Department and admire the restraint they have showed over the last four nights. DO NOT BE TOO QUICK TO JUDGE until you have served in their shoes.

We have a lot of work ahead of us, at all levels, and the 'scolding' issued by a small group of alders to the MPD is definitely NOT a step in the right direction.

-Jane M. Allen-Jauch

Good Afternoon,

I support Resolution #60764 and I would like it to be put up for a vote at tonight's Common Council meeting.

I also support ending curfew (item 132) which only serves to bring more police onto the streets which puts youth of color in harms way.

Thank you,  
Nicole Kindschi

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

I am in support of resolution #60764 and it SHOULD be put up for a vote tonight at the Common Council meeting.

The power should belong to the people, not the police! So, in addition, I also support ending curfew. Extending curfew is you supporting police to harm and harass your constituents and citizens, and it is not mindful of those who have to work night shifts.

This is your responsibility. Show up and speak up.

Dear Members of Common Council,

I am a Madison resident emailing you to ask that you vote in support of Resolution 60764-Community Oversight Over Police.

Police are public servants who are employed by the community. Community oversight is a key way to protect Black people and other historically marginalized people from the use of excessive force.

Please support Resolution 60764 for Community Oversight Over Police.

Yours Truly,

Nina Marie Neff  
Madison, WI

Hello,

I am writing to express support for passing Resolution 60764. In addition to this, we as a city should ensure that Black communities have equal access to good, affordable groceries, fresh produce, and community services. Please help spread the wealth to support the entire city, and for that we will all be better!

Cheers,

Hi,

I'm contacting you to voice my support for Resolution #60764, and ask that you pass it as is. Community oversight of the police is key to ensuring fair treatment of all Madison citizens, and critical in limiting violence and promoting individual rights. I hope you make the right choice by passing this resolution.

Thank you,  
Ethan Cook.

**From:** [Keith & Sue Findley](#)  
**To:** [All Alders](#)  
**Subject:** Support for Alternate Resolution  
**Date:** Tuesday, June 2, 2020 1:41:57 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Alders,

We were co-chairs (Keith Findley and Tom Brown) and members (Veronica Figueroa-Velez and Sean Saiz) of the Madison Police Department Ad Hoc Review Committee, which issued its report with 177 recommendations for reform in the MPD last fall. We write to urge you to adopt the Alternate Resolution proposed by Alders Sheri Carter, Shiva Bidar, Keith Furman and Christian A. Albouras, in File No. 60764, which is Item 134 on tonight's Common Council meeting agenda. We agree with the sentiment that we need to move promptly to address the concerns that underlie 60764, but we also believe that what we need is not yet another interim oversight body, which does not reflect the composition or duties our Committee envisioned, but rather what we need is prompt implementation of our Committee's recommendations. The Oversight Board recommended by our Committee was carefully thought through by the Committee to address the needs of our community, and to ensure that the voices of those most affected by policing are fully heard. The interim oversight committee in the original 60764 does not accomplish that. Please move promptly with creating the Civilian Review Board recommended by our Ad Hoc Committee, without diverting attention to an interim body that does not have clearly identified duties or responsibilities and whose composition will not reflect the voices our Ad Hoc Committee felt were so important to include. The time is now to truly allow those most impacted by police to lead and inform this process.

Thank you.

Keith Findley

Tom Brown

Veronica Figueroa-Velez

I have sent this message to the Mayor through the contact the mayor page on the city website.

Madison Alders and Mayor Satya,

We are all aware of the anger and pain that our community is experiencing as a whole. I don't think there is one of us that would say that it is not justified or that there is not a lot of work to be done. However, the work starts now.

Tonight, during the Common Council Meeting, there are two agenda items to move forward action. There is a resolution "Denouncing the murders of African Americans across the United States of America without consequence." There is also a Resolution to create an MPD Ad Hoc Recommendation Oversight Committee.

Both of these resolutions are not adequate if you still approve an expansion of the 2020 MPD capital budget and approve the mayor's declaration of emergency. The black community is specifically calling on you to defund the police in favor of funding black people. Mayor Satya, this is what you promised to them when you spoke at yesterdays rally. And, approving this money for the police department would be the exact opposite of listening to their demands. They have also called on you all to remove the curfew established by this declaration of emergency. Mayor Satya, you have refused to do so, and have even extended curfews further.

Respond to the demands of the people in this community who are asking for you to help them.

-Zach Johnson

Dear Members of the Common Council,

I am standing with many other members of our community to ask that you vote in support of Resolution 60764 – Creating the MPD Oversight Committee. To build any sort of trust between people of color and the police, the balance of power needs to shift. Things cannot remain as they are.

I am also asking that you do not support the extension of the state of emergency in Madison. The curfew, as so with many other laws, is disproportionately impacting black protestors who want their voices and their message to be heard. People are asking for change, and by keeping a curfew in place – something likely to lead the more arrests of black community members – you are saying no to that change before they can even get the question out.

Madison city leaders keep talking about working together with the community – as we were taught in elementary school writing – show, don't tell.

Thank you for your time,

Grace

**Message:**

Hello, as a Madison resident I am concerned about the unjust enforcement of laws in Madison, specifically racial targeting and profiling, and the lack of accountability in the Police department.

I am urging you, the Common Council, to continue the work of the MPD Policy Procedure & Review Ad Hoc Committee and move forward, rapidly, with the creation of the independent monitor's office and civilian review body.

Furthermore this office should not only have the power to make recommendations, but also have full power to independently handle investigations of allegations against officers. This independent body should be able to prosecute and discipline officers found guilty of wrongdoing, as well as initiate policy changes within the police.

I am no expert but I urge you to seek advice from those who are. Recommendations for just policing laid out by the The Leadership Conference on Civil and Human Rights below provide a starting point from which you can work to help the Madison Police department better serve all Madison residents.

<https://civilrights.org/wp-content/uploads/Toolkit.pdf>

Sincerely, Nyika Campbell

My name is Ciaran Gallagher and I am a resident of Madison's District 13.

I would like support the creation of the MPD Ad Hoc Recommendation Oversight Committee. While this is not a perfect solution to address the police brutality directed at black and brown bodies in our community and across America, it is a tangible first step.

I would also like to voice my opposition in continuing the declaration of emergency and enforcing curfew in downtown Madison. A curfew and militarized police response (including the use of banned war tactics like tear gas) are beyond comprehensible and should not be allowed to continue.

**Subject:** Vote no on Resolution 60658  
**Date:** Tuesday, June 2, 2020 1:21:50 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Members of Common Council,

I am emailing you to ask that you VOTE NO for Resolution 60658. The provision of funds for so-called "alternative force options" (weapons used to maim or accidentally kill civilians, instead of intentionally kill them) is not a solution to the epidemic of racist police violence. Instead, the police's budget should be significantly reduced, and more controls placed on the availability of \*any\* weaponry. If cops want money to buy tasers, they should start by selling off their guns and riot gear.

Signed,

Meghan Randolph

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear President Carter and Alders and Mayor Rhodes-Conway:

I am writing to you on behalf on behalf of resolution #60764 and the curfew set for the downtown area. Many Madison residents, including myself, are asking for civilian oversight of the police starting today. This resolution has the potential to protect the Black and Brown communities of Madison and is a step towards community control. Please stop stalling and pass #60764 today. Stop letting police steer the process and pass the recommendations now.

In addition, the curfew - item 132 is harmful to youths of color who are demanding justice in the streets of downtown Madison. This only serves to bring more police on the streets and as a result is is a threat to youths of color. Respectively, it is an unnecessary barrier for people in the community who work night shifts.

Please take these insights into consideration and support your community.

Sincerely,

Emily (a concerned resident)

Good afternoon, all!

I live, work, and learn here in Madison, and there are a lot of reasons that I love it here, not the least of which is the thriving LGBT community that helped me to love myself more fully and the commitment to social justice that most residents and officials alike often display. As I think about my own origins as an openly queer woman, especially on the second day of June, which normally signifies a month of Pride celebrations, I'm reminded of the Black and Brown trans women who did the work that allow me and so many others to be proud of my sexuality today. I'm also reminded that, at the time, the Stonewall riots were viewed in much the same way as the current protests in Madison are viewed - controversial, dangerous, violent - but looking back on it now, forward-thinking folx would agree that they were necessary for the movement of progress. I know that for many of you, this is not new information, but I think it bears repeating as we continue our march toward justice for Black folx. I love Madison so much, and I want the best for it, but most of all I want the best for my Black and Brown neighbors and friends who live here. I want to be proud of how my city responded to these protests - and right now, I'm not.

All of that is a preface to what I'm asking you to do today, which is as follows:

- Please put Resolution #60764 up for a vote tonight at the Common Council meeting.
- Please lift the curfew placed on the city so that protests can continue and so that justice is not impeded by the fear of arrest or other forms of brutality.

These actions will allow me and others to look back on how our city responded to these very real and urgent concerns and feel heard, seen, listened to. It will allow us to continue to be proud of our city, and continue to see our city as progressive, welcoming, and affirming. Please take these small steps toward allowing for the progress that needs to happen in order to save Black lives.

Thank you for your time in reading this (lengthy) email. Have a great day.

Bailey Anderson

June 2, 2020 / [View this email in your browser](#)

[A special note from Director john a. powell](#)

Dear friend,

I'm writing firstly to express my sincere condolences to the families of George Floyd, Breonna Taylor, Ahmaud Arbery, and the many others who have been killed in recent months at the hands of police and related violence, including the protesters who lost their lives over the weekend around the country demanding their voices be heard, and their grievances be addressed.

I also want to acknowledge the profound grief and trauma being experienced particularly in Black communities which, after centuries of struggle for freedom and equality, have seen the struggle move with fits and starts. Now we are in a situation where many of the country's resources are being used to terrorize the Black

community and others who would stand up for justice. With the collective trauma that the nation is facing, it is more than understandable to despair.

And yet, we must resist this inclination. Not only because there are glimmers of hope and cracks in the solid wall of injustice and hatred, but also because our care for the world calls on us to keep the struggle for love and humanity alive. This does not mean we do not despair, feel pain, and just get tired. But these feelings are only part of who we are and who we insist on becoming. We must acknowledge our pain and embrace hope at the same time.

It is not surprising in a country that has a long history of anti-Black racism, fear of Black bodies and a criminal justice system that does not see the humanity of Black and Brown people that there will be a continued killing of Blacks with impunity. There was some hope that if these killings could be recorded, their frequency would slow down, if not end. But this would only be true if police who murder Blacks were punished by the state. In most cases they were not.

Social unrest resulting from the massive inequalities experienced in Black communities, ignited almost always by state violence, has been with me my entire life. I was 20 years old at the time of the uprising in my home city of Detroit in 1967. It took place over many days, left many people dead, and was just one of the dozens of similar events that erupted in cities around the country that year prompting President Johnson to form what would be called the Kerner Commission to investigate the root causes of the unrest.

The findings of the commission—poor housing and schools, high unemployment, police violence and lack of accountability, and others—still apply today. If we just take the last point on the relationship of the police to the Black community, some of the recent events we've witnessed reveal something interesting on how the perpetrators understand the nature of those relationships.

In the case of Amy Cooper, the white woman who called the police on a Black man in Central Park after he asked her to leash her dog, just take note of what she did.

She threatened and then acted on the threat to call the police. She said an African American man was threatening her, which he wasn't. She was in fact threatening him. She could only do that because of the history that we all share.

She believed she could summon the police to bring the raft of the state onto the body of a Black man. She knew that being a Black man or woman alone could expose you to racialized state violence, especially where white women are concerned. But how

did she know that? Where did she learn that she had the ability to call the police, lie, and potentially have a Black man beaten, arrested, or even killed for merely asking that she follow the rules?

Black people have known for generations the danger of standing up to white people even to exercise what should be basic rights. Whites have the power of the state to protect their prerogatives no matter how small or petty. But the white community often denies this reality. Amy did not just acknowledge it, she threatened, then tried to use it.

In the case of George Floyd, how did the police know they could kill a Black man, on camera, and in such cavalier fashion as demonstrated by the posture of the officer who was suffocating his victim, and not have to answer for it?

He kneels with his knee on George's neck for more than 8 minutes while being filmed and ignoring the pleas of George and bystanders. The witnesses and cameras are of no concern. Like Amy, he knows he can call on the state to protect him in the killing of Black bodies when a police officer is involved. He is doing his job, and Blacks are expendable.

The brutal murder of Ahmaud Arbery as he jogged down a road in Georgia is another example of this understanding. The perpetrators went more than two months without being arrested, until video surfaced revealing the shocking nature of the crime.

And in case one thinks that the solution is for Black people to stay home, just remember how the life of Breonna Taylor was cut short while she was sleeping in her house with her boyfriend. The only charge brought in that case thus far was not against the police who shot Breonna 8 times while firing 20 rounds of bullets, but against Breonna's boyfriend who tried to protect her and himself from unannounced intruders.

What these cases reveal is that yes, police officers, but even liberal whites like Amy Cooper, understand how the relationship between institutions and different racial groups truly functions. They are cognizant of the role police play as an instrument to protect white society, and to harm Black and Brown bodies, even if that reality goes against official narratives and codes of ethics.

So, where are the glimmers of hope I mentioned earlier?

In each of those cases with the exception of Breonna's, we witnessed subsequent

actions taken against the perpetrators, contrary to how prevailing logic until now has played out. Amy lost her job and was widely censured almost immediately. The two men who killed Ahmaud Arbery were finally arrested, and their actions widely denounced, even by the right-wing governor of Georgia and many conservative officials. And perhaps most significant were the subsequent actions to the murder of George Floyd.

In that case, the four police officers involved in George's murder were fired within a day of the killing, even before demonstrations erupted. The mayor of Minneapolis and governor of Minnesota expressed shock and demanded justice. The mayor in one of his press conferences had to fight back tears as he described what the police had done. Police chiefs and police unions, which typically form a blue shield to protect their officers from the consequences of their crimes, issued a flurry of statements denouncing those responsible for his killing. And then just four days after the killing, one of the officers was arrested and charged with murder.

We're even witnessing similar reactions and statements of solidarity from corporations, and international figures. A number of the major tech companies have expressed disgust. The head of Target, after having a store looted, expressed support for the demonstrators. The Prime Minister of Canada spoke passionately about addressing not prejudice, or implicit bias, not even racism, but specifically anti-Black racism. While the Black community has raised its voice to say enough, their voices have been joined by other voices and other communities in many parts of the United States, and indeed the world.

The extent and expediency in which these actions were taken are unprecedented. While there remains strong anti-Black sentiments in our governments and institutions, led by the White House, there is a crack, a glimmer.

To be clear, I'm not saying this is enough. The work is far from over in the larger goal of creating a just society where institutions, including the police, serve all people. What I am saying is that fissures are beginning to appear in the system. And when cracks start to show, we have to keep on hammering.

We also have to recognize that we are in a country where anti-Black racism runs deep, and there is much suffering visited upon Black people. My family and I have been the subjects of white violence against Blacks. Sometimes the violence is physical. Sometimes it is emotional. Often it is both. And yet, there is a glimmer. We must hold on to that as well.

This requires acknowledging and welcoming all those who truly stand for a country

where all people count. This may be difficult. And it is understandable if some reject this or are not quite ready. But this is how we gain power. This is how we support humanity. This is how we nurture love. This is how we build belonging.

When we experience injustices like those that the people of our country are currently responding to in the streets, we should be upset. There will be more police brutality and killing as the police and military is egged on by Trump's call for dominance. We should protest. We should organize. We should demand that police departments across the country be held accountable when they violate the law.

But we also need to remember that policing is but a single component of the larger system of oppression so acutely felt in the Black community. That means we simultaneously need to continue to fight for housing justice, school reforms and integration, job opportunities, and healthy neighborhoods. We are not just fighting for justice in our relationship with the police. We are fighting for the full humanity of Black people.

If we get fatalistic, if we believe nothing will ever change and give up, then we've sealed that fate. But if we recognize this moment as an opportunity to invite new people into our movements and propel forward with unstoppable force, then we can cause that wall of injustice to crumble, and replace it with a system that works for all of us. We can build a circle of humanity where no one is outside.

Warmly,

john a. powell

Hello Madison Alders,

My name is Kristine Donahue (zip 53705, district 11). I am emailing you today to implore you to pass resolution 60764. More oversight of the Madison Police Department is key to keeping EVERYONE in our community safe, ESPECIALLY black folx and other BIPOC/vulnerable groups . If you will not be supporting 60764, I demand that you at least give some rationale to the people of Madison.

Sincerely,

Kristine

Hello,

I'm a resident of Madison, WI and I live at 21 N Butler St downtown.

This past weekend has been very disturbing to me seeing how the civilian public and the policing officials interact due to the lack of justice or fair oversight of police departments around the country.

In an effort to improve relations and functionality of the Madison Police Department, please consider and vote on Resolution File #60764 at your council meeting agenda today. This is not as punishment for anything MPD has done, in fact from what I've seen the MPD has been very wisely discretionary in their use of force over the past weekend. This is for the sake of improving our city.

Police departments work for the people, not against them. This measure will help reinforce that and better the lives of everyone here.

Thank you for your consideration.

-Concerned Citizen, Benjamin Button

Mayor and Alderpersons,

I am writing to support Resolution #60764 and I want it to be put up for a vote at tonight's Common Council meeting.

I also write to OPPOSE resolution #60762. I support ending the curfew in Madison. I do not see any benefit to enforcing a curfew that "requires" more armed and militant police officers to be present during peaceful protest. More police = more weapons = more risk of harm to the the marginalized groups who are protesting.

To whom it may or may not concern,

I am writing to tell you that I fully support Resolution #60764 and I am requesting it to be put up for a vote at tonight's Common Council meeting. Others do feel the same way and I hope they take the time to write you regarding this issue and it's resolutions. This is a very small Request- that City Council President Sherri Carter puts this on the table for a vote. This resolution makes it so that the Ad-Hoc Committee who came up with these proposals transition their roles to become the Recommendation Oversight Committee - i.e. the people who will oversee an implementation of their recommendations. And that would only be right.

I also very much support ending curfew- (item 132 is extending curfew- which only serves to bring more cops onto the streets which puts youth of color in harms way, and it's also really bad for those working night shifts!) this is not fair to our people. We need to come together after the tragedies the corrupt system has released on us and heal. I have shared this information and education on the Resolution number and item 132 and hope more messages like mine find you well.

Lastly, the city of Madison will not be right again until Matt Kenny is fired and brought to justice for brutally murdering Tony Robinson. Instead, the city has released info that he will be returning to street patrol. This makes me sick and makes me wonder how many black men are going to die at your expense before we see a small beam of justice. I'm scared. I don't feel protected. We need resolutions.

Thank you for your time in advance,  
MacKenzie Buell  
Resident of Madison, WI since birth.  
(P.s. I know we can do better)

**Date:** Tuesday, June 2, 2020 12:53:17 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Members of Common Council,

As a graduate student in education at UW Madison, I am emailing you to ask that you VOTE NO for Resolution 60658. The provision of funds for so-called "alternative force options" (weapons used to maim or accidentally kill civilians, instead of intentionally kill them) is not a solution to the epidemic of racist police violence. Instead, the police's budget should be significantly reduced, and more controls placed on the availability of \*any\* weaponry. If cops want money to buy tasers, they should start by selling off their guns and riot gear.

Signed,

Kailea Saplan

**Message:**

Dear Alder Heck and Council,

I am writing to urge you to vote to pass resolution 60764 for community oversight over the Madison police force. As a woman of color, I was raised with an understanding that the police are not a universal reliable source of help, but rather a specific arm of the state only to be contacted judiciously. With Madison continuing to grow in population, we have more members of the community both from populations who have been victimized by the police, and also people who trivially wield the power of the police without a reckoning of the undue ramifications that can have, and these two groups are going to be in increasing contact as neighborhoods undergo gentrification.

When I moved here, I was shocked to learn that a black child had been murdered by the police, with the officer continuing to work in our community with impunity, especially in a city small enough that city staff cannot feign distance from the populace because actual community engagement should be feasible even at the city-wide level. This is not a matter of mere statistical likelihood of this happening. This is a sign of a policing system that is sick and requires overhaul. In order for people like me to feel as safe in Madison as my white peers do, there must be tangible structures to hold the police accountable. Further, the police escalating violence these past few days during protests against the wanton state-sanctioned killing of black people, in contrast with the welcome mat rolled out for the heavily armed aggressive protests against public health measures speaks volumes about the enforcement of inequity in this city.

So please take the first necessary step, the bare minimum to try to build trust, toward safer and more effective community policing in Madison by voting to pass resolution 60764.

Thank you.

**From:** [amber ault](#)

**Subject:** Tuesday's agenda  
**Date:** Tuesday, June 2, 2020 12:52:40 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Greetings.

I write out of deep concern for our city and our society.

I was shocked and horrified by the gross mishandling of events on State Street by MPD over the weekend. The outcome was more trauma and distress for our city's residents, along with massive property damage. All of it would have been avoidable with competent policing.

This is not new, and should not be news. Recommendations for establishing a functional, integrated, proportionate, humane, and effective policing practice have already been created by city committees that have studied this issue.

Like other residents, I ask that you put resolution #60764 on tonight's agenda for immediate action.

Madison deserves better.

Sincerely,

Amber Ault

Dear city council,

On Saturday, Sunday, and Monday evenings, Madison police officers came to peaceful protests in riot gear. They inflicted chemical weapons upon the general public, including journalists, bystanders, street musicians, elected officials and other community leaders, and several of my friends. Their chemical weapons flooded the apartments of residents who were at home complying with curfew.

There are resolutions before the council today to create a committee and hire an auditor to oversee the police department. I don't know which of those would be more effective, so I must support both. I hope you will too.

Those resolutions are a step forward, but they're not the only step we should take. I will leave it to others to propose changes to the rules police in our city must follow. We also need to evaluate the police's current actions against their current rules.

If you feel that I have misunderstood or mischaracterized the department's actions in any way, please take that as further proof that the public needs transparency and accountability for what our police have been doing in our community's name.

Madison police are supposed to be trained in deescalation, but instead, they chose to escalate these protests and prolong the unrest. The public deserves to know who in the chain of command authorized the usage of chemical weapons on Madison residents. The officers who used those chemical weapons need to be held to account for all of the people affected by them.

If the proposed committee or auditor won't consider police actions from prior to their establishment, then this investigation is something we need in addition to those reforms. As it currently stands, these officers who showed so little regard for human life are still wearing badge and uniform, still carrying chemical and ballistic weapons, still carrying racism and sadism in their hearts, with no mark upon their service record. We can't let yesterday's atrocities slide just because the rules will be different tomorrow.

Thank you,  
Nick Davies

Hello,

I am writing to demand that you support creating an oversight committee for the madison police department and immediately defund the police department. The use of tear gas and rubber bullets against protesters is abhorrent and all members of the council should demand the police force immediately stand down.

Good morning alders,

I first want to thank you for all you do for our community, I feel like I served during some tumultuous times for Madison but these last few months is unmatched - probably in the City's history. Your dedication to leading us through all this does not go unnoticed, of course I'm particularly fond of that District 20 Alder!

Speaking of noticed, I did notice that there is an item on your agenda for introduction to, as best I can tell, reinstate the Madison Police Department Policy and Procedure Review Ad Hoc Committee and allow the former members to continue serving if they wish. As I am sure you all are aware, the creation of this committee has quite a well documented and shall we say, interesting, history. Many of us fought very hard to create and fund it, with direct pushback from the former Chief, the union and members of the community.

After months of wrangling we passed it with the understanding that its mission was to pick a consultant (OIR) to do a comprehensive review of the department, oversee that review process, and present a series of MPD reform recommendations to the Council. In January, I believe, the Council formerly accepted the report and the recommendations within it. Therefore, the work of the committee, as it was intended, is through. And if I'm not mistaken, the first recommendation in the report advises the Council and Mayor to create an independent auditor's office (already budgeted) with a civilian review board whose job will be to oversee that position and, generally, to provide community oversight of the department. I assume part of board's responsibility would be to monitor whether the recommendations set forth in the OIR report and by the ad hoc committee, are being implemented within the department. What's the need for extending the ad hoc committee then? Since the civilian review board is intended to be truly representative of the community and has important work to do, I would suggest spending your time getting it up and running as quickly as possible. It's smart policy...and good PR, something I always thought the Council should spend a little more time thinking about :)

The pieces are in place to actually add some level of community and structural accountability over the police department, I do not understand why there is a need to add (or extend) an extra layer of oversight. It seems to me this will only add confusion for the public and unnecessary internal red tape for City government. And from a political point of view, instead of spending the next two weeks debating the merits of having another committee (never a good look, especially during a time of heightened awareness and anger), I would suggest going through the OIR/ad hoc committee recommendations and picking out a few (in addition to the advisory board and auditor) that could be pushed forward immediately. Recommendations 6, 7, 8, 20, 40, 79, 84 (how can you work with the County here?), and 177 come to mind as possibilities.

So, while it took four and a half years with many twists, turns and imperfections the committee fulfilled it's mission and shifted the responsibility where it was always intended to be...with you!. Please, take that responsibility, honor the work of the ad hoc committee and of

OIR and get to work making our department more just, equitable and accountable.

Regards,  
Matt Phair

Hi all,

My name is Julia Levine and I'm a concerned Madison citizen.

Right now, we are living through history. I want you all to act accordingly and recognize that your reputation, your political alliances, and your bureaucratic sanctity are not nearly as important as doing what's best for the kids right now.

Put #60764 on the table. Let the Common Council vote. It's the least you can do. Thanks to the sponsors ALDERS Rebecca Kemble, Tag Evers, Grant Foster, Patrick W. Heck, Max Prestigiacomio, Marsha A. Rummel, Samba Baldeh, Syed Abbas.

And END CURFEW. It's dangerous, it solves nothing, and it puts these youth in harms way- how long will it be before your precious MPD hurts or kills someone? I already saw them pepper spray innocent bystanders on state street. Act like leaders or step down. I'm opposed to resolution #60762.

Julia

President Carter and Alders,

Civilian oversight of the police is imperative NOW. STOP stalling and pass #60764 today. Stop letting police steer the process and pass it AS IS NOW. This should be a non issue. Police are meant to serve and protect the people and IF police are doing a good job there should be no issue with community oversight and it should be welcomed. The fact that there isn't and there is resistance is telling and questionable. Do the right thing and PASS IT AS IS NOW. It is what the people want and deserve.

Sincerely,  
Sarah Lowenberg BSN, RN

Hello,

I am a concerned citizen asking for police accountability. We need justice, not just for Tony Robinson and George Floyd, but for all black people who have been harassed and killed by police departments all around the country with no recourse. That starts with community oversight. Resolution 607694 is the LEAST you can do to start the process. Listen to your community. We've been hurting. We need our leaders to step up and do the right thing. Madison is a so-called liberal progressive place, but it's one of the worst places to live if you're black. Do the right thing. Bring that resolution to a vote TODAY. Start the process toward community oversight.

Bryce Lackey

---

Good Afternoon Alders,

I have attached the proposed alternate that has been entered into legistar, and creates the Oversight Board as recommended by the MPD Ad Hoc Committee. This language you can find for reference on page 32 of their report (see link below)

<https://www.cityofmadison.com/sites/default/files/city-of-madison/clerk/documents/PFCfinalMPDReport20191018.pdf>

Please email Lisa Veldran - if you would like to be added as a co-sponsor the alternate.

*Alder Sheri Carter*

President Carter and Alders,

I am urging you to pass Resolution 60764 tonight. Our community cannot be burdened any longer with excessive police force. We need community oversight of the police NOW. You have the power in your hands to transform our community and put Madison on the right path to ending the police violence that disproportionately affects black and brown Madisonians. History has it's eyes on you.

In Community,

Elena Haasl  
She/Her/Hers  
District 5 Dane County Supervisor

Dear Members of the Common Council,

I am emailing you to ask that you vote in support of Resolution 60764-Community Oversight Over Police.

Police departments around the country and in Madison have continued to prove that the only way to stop police violence against Black people and other POC is to make them accountable to the community. The excessive force I witnessed in response to the protests over this past weekend and the last few days has only made this all the more clear. Please, I implore you, support Community Oversight Over Police!

Signed,

Sarah Curley

**Message:**

Hello Madison Alders,

My name is Brianna Wanek and I am a Junior at UW-Madison and a member of the Madison community. First and foremost, I want to say that for a city I have loved my whole life, I am terribly disappointed in our communities' leadership. They have made empty promises to our Black Community over and over again. Words are meaningless without the actions to back them up. We all know that. Someone can say they're sorry, but if they do not show it, what does it matter? We have thousands of individuals living in our community, but do not feel that they are part of it. They are NOT being listened to, they are not being heard, and their concerns are not being addressed.

As a community, we need to take action and listen to what our Black Community is demanding. Rather than serving one population the WHITE population, why don't we implement policies that will decrease the racial gap that is SO evident in our community and benefit all populations? In order to rightfully serve a population, you MUST listen to their needs.

As a white member of our community, I am demanding that the city Alders vote and pass resolution 60764, allowing community oversight over the police. The police are supposed to keep our community SAFE, but what good do they serve if a large portion of our community feels threatened by our police force? As I said, the police are supposed to keep our community safe and we are a "democracy," so it seems right and just to grant Community Oversight of Law Enforcement.

Thank you,  
Brianna Wanek

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hello Madison Alders,

Real action must be taken if real change is our goal. Community oversight of MPD is needed in Madison to make it a safe place for black and brown residents. Resolution #60764 must be passed.

Preserve black lives and bring justice to those who have been killed, abused, and mistreated at the hands of MPD. We need to create alternatives to violent policing of the most systemically vulnerable members of our community. Until new systems of community protection and preservation can be in place, we must engage oversight immediately so that not one more black member of our community is killed, abused, or mistreated by MPD while we "figure things out."

**Subject:** Agenda Item 60764  
**Date:** Tuesday, June 2, 2020 11:34:50 AM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Madison Alders,

I live at 56 Corry St. in Madison. I'm a White woman, and I've been reflecting on my interactions with police throughout my life as more evidence comes out by the hour about the inherent racial bias present in every police force in America.

What I've come to see is that when individuals have their basic needs met, and/or have reasonable access to a safety net (whether provided by the government, or in my case, middle-class parents with enough wealth to take me in if my income sources dried up, or even bury me if I died suddenly without any significant strain on their resources), there is no need for police in their lives.

The police system is a failed and unnecessary institution. It does not make people safe. It does not advance justice. It advances racism and perpetuates poverty and oppression.

When we invest in policing, instead of investing in a social safety net, we operate from the basic assumption that the poor and marginalized in our community, and most specifically our Black neighbors, are inherently violent and in need of policing. A mostly White community like mine has very little interaction with the police. The Black community in Madison is crying out for LESS policing because the police have an overwhelmingly negative impact on their lives. Period. They know their situations. They know what real dangers are present in their communities (primarily because of years of systemic oppression and racist policing) -- and they still say no to more policing.

Please, listen to the Black community on this one, and do everything you can to answer the demands that we made yesterday outside of the police station downtown:

- 1) Defund the police
- 2) End solitary confinement and free prisoners during the pandemic
- 3) Provide community control of the police

To that end, please pass Agenda Item 60764 tonight.

Respectfully,

--

Thank you,

Heather Wentler

Dear President Carter and Alders,

I agree and join with others in wanting civilian oversight of the police NOW. Please stop stalling and pass #60764 on Tuesday. We have had many opportunities and reasons to pass this type of resolution. What have we been waiting for? When will we do more than just grieve the outcomes of poor oversight of some police and press into making some real change? This is long overdue. Have some courage to lead out and make changes. None of us can breathe while racism especially that directed at Black Americans is allowed to continue through those who carry power to make decisions and carry them out in our community.

Dear Members of Common Council,

I am emailing you to ask that you vote in support of Resolution 60764-Community Oversight Over Police.

Police departments around the country and in Madison have continued to prove that the only way to stop police violence against Black people and other POC is to make them accountable to the community.

We not only need community control over existing police, we need to divest from being overly reliant on a police force that is too often unaccountable to the public they are supposed to serve. Our city could easily divert millions of dollars away from police to social services, mental health services, traffic and engineering, and other public servants who do not carry weapons and who are not regimented into self-protecting brigades that murder people with seeming impunity.

The existing institution of policing in our nation, and in this city, is a citadel of white supremacy and serves primarily to protect and serve capital and property rights, over and above basic human needs. The entire institution is complicit and police forces deserve to be abolished and replaced with genuinely public serving ones. We can at least start with giving our community true oversight over the police that are supposed to serve and protect us.

Support Community Oversight Over Police!

Signed,

Dear Council Leadership and all Alders:

I am writing to urge you to allow the entire Council to vote on Resolution #60764 this evening. The members of the Ad Hoc committee had an extensive discussion about the Civilian Oversight Board and maintained that the Board must be representative of the community and all of its diversity. Page 30 of the Recommendations from the Ad Hoc Committee clearly outlines our intention, that the Civilian Oversight Board must include members from across all of our community including race, ethnicity, gender, sexual orientation, people with prior experience with MPD, including lived experiences with arrest, criminal conviction, homelessness, substance abuse and mental health struggles. Without such broad representation the Civilian Oversight Board cannot be legitimately called a Civilian Oversight Board. Failure to adhere to the recommendations of the Ad Hoc Committee amounts to lip service to the idea of equity, inclusion and transparency among our police department, and further fans the flames of distrust among the MPD. Currently only the Interim MPD Chief and Deputy Mayor Cam McLay are the only individuals working on the Independent Monitor position description or really any efforts to implement report recommendations. Resolution 60764 will begin meaningful action on implementation of the recommendations of the Ad Hoc Committee until the permanent oversight board can be put in place. Given the complexity and detail contained in the report it makes sense that we have an interim committee comprised of former members of the Ad Hoc Committee, along with alders, EOC and PSRC members begin this work.

Current unrest and uncertainty in our community, including a pandemic and protests related to another murder of a Black man at the hands of police necessitate that Resolution 60764 be voted on and the recommendations of the Ad Hoc Committee continue to be implemented. White Madison holds itself in high esteem with many people believing that an incident like the murder of George Floyd could not happen here. I dare say that is the same impression Madison had of itself in 2015 when it believed that an incident like Michael Brown could not happen here, and then Tony Robinson was killed at the hands of a police officer who refused to wait for back-up when responding to what was supposed to be a wellness check. Every day delayed to meaningful work to implement the recommendations of the Ad Hoc Committee is a day closer to the next incident. Now is the time for the Common Council and the Mayor's Office do demonstrate that it is committed to systemic change in our police department, that the City of Madison is committed to working to dismantle policies and procedures that have resulted in the worst racial disparities in our country related to arrest.

Sincerely,

Linda Ketcham

Dear Council President Sheri Carter, the Madison Common Council and Mayor Rhodes Conway,

I'm writing today to urge all council members to support resolution file #60764. The gruesome, untimely deaths of Breonna Taylor, George Floyd and now David McAtee have been the latest examples of our country's centuries-old problem of police miscarriage of justice. Here in Madison, I want us to be LEADERS of this country in the fight against these injustices. Implementing greater oversight of police procedure reform is, to be clear, only the beginning of this fight, but it is a crucial step in making our communities safer and more equitable.

Standing up for Black Americans is standing up for all Americans. Resolution #60764 is an opportunity for Madison to be at the forefront of America's struggle to dispel the racism that has been central to our institutions since the country was founded. Thank you, Alders Rebecca Kemble, Tag Evers, Grant Foster, Patrick W. Heck, Max Prestigiacomo, Marsha A. Rummel, Samba Baldeh, and Syed Abbas for taking up this issue and attempting to put Madison on a path towards a brighter future.

-Jack Swiler

Dear Members of the Common Council,

I am emailing you to ask you to vote in support of Resolution 60764—Community Oversight Over Police.

Police departments around the country and in Madison have continued to prove that the only way to stop police violence against Black people and other POC is to make them accountable to the community.

Support Community Oversight Over Police!

Signed,

Taylor Bailey

Hello,

I'd like to express my support for resolution 60764 (community oversight of police). As a Madison resident it is very important to me that the police are held accountable for their actions. I see no downside, and a lot to gain.

Thank you,  
Jon Duff

Dear Madison Alders,

I live on Monroe Street in Madison. I'm a White woman, and I've been reflecting on my interactions with police throughout my life as more evidence comes out by the hour about the inherent racial bias present in every police force in America.

What I've come to see is that when individuals have their basic needs met, and/or have reasonable access to a safety net (whether provided by the government, or in my case, middle-class parents with enough wealth to take me in if my income sources dried up, or even bury me if I died suddenly without any significant strain on their resources), there is no need for police in their lives.

The police is a failed and unnecessary institution. It does not make people safe. It does not advance justice. It advances racism and perpetuates poverty and oppression.

When we invest in policing, instead of investing in a social safety net, we operate from the basic assumption that the poor and marginalized in our community, and most specifically our Black neighbors, are inherently violent and in need of policing. A mostly White community like mine has very little interaction with the police. The Black community in Madison is crying out for LESS policing because the police have an overwhelmingly negative impact on their lives. Period. They know their situations. They know what real dangers are present in their communities (primarily because of years of systemic oppression and racist policing) -- and they still say no to more policing.

Please, listen to the Black community on this one, and do everything you can to answer the demands that we made yesterday outside of the police station downtown:

- 1) Defund the police
- 2) End solitary confinement and free prisoners during the pandemic
- 3) Provide community control of the police

To that end, please pass Agenda Item 60764 tonight.

Respectfully,

--

Hello Madison Alders,

Real action must be taken if real change is our goal. Community oversight of MPD is needed in Madison to make it a safe place for black and brown residents. Resolution #60764 must be passed.

Preserve black lives and bring justice to those who have been killed, abused, and mistreated at the hands of MPD. We need to create alternatives to violent policing of the most systemically vulnerable members of our community. Until new systems of community protection and preservation can be in place, we must engage oversight immediately so that not one more black member of our community is killed, abused, or mistreated by MPD while we "figure things out."

As a criminal defense attorney who has worked dane county public defender cases I have seen firsthand how policing affects the most vulnerable. My faith in the system has been badly shaken. If concrete steps are not taken to fundamentally change our approach to the criminal justice system I fear thousands and thousands will reject it entirely. Personally, i am reevaluating my career path, at least in part, to refuse to be a cog in such a horrific machine.

Best,  
Joel R Witt

Hello,

I live on the North Side of Madison and am writing to express my support for Recommendation 60764. I am a white immigrant to the area, and must share that Madison's reputation for racial violence by police is known internationally. While our police department may not be as bad as some others around the country, these demonstrations have shown the desperate need for community oversight of our police forces.

Madison cannot call itself a progressive hub for all people unless you, our leaders, stand up for what is right and just. Please do not buy into Trump's divisive and evil rhetoric, and vote in favour of expanded community oversight of our already heavily militarized police force.

Thank you,  
Bryce

Dear Mayor Rhodes-Conway and Madison Alders,

We need an MPD Ad Hoc Recommendation Oversight Committee started now, this session. I want to see resolution file # 60764 on Tuesday's agenda.

I want to see our city leadership committed to police reform and oversight and community control. We have and have had an exhaustive report detailing necessary reforms and now it's time to take action. Please think of your community; this is what is needed now! The PSCR and EOC have already recommended this Committee in Dec. 2019. Let's go.

Alder Carter, other alders, and Mayor Rhodes-Conway, I look forward to your immediate action on this issue.

Thank you,

Rachel Tatge

Hello,

I am a member of the Madison community and am emailing you on behalf of Resolution 60764 that will be discussed this evening.

I am urging you to enact Resolution 60764 AS IS so that the Madison community may oversee the police actions. Police across the country and in Madison are attacking protestors with extreme, unnecessary force. As a public service, the police department should be subject to the community's judgement.

Pass Resolution 60764 as is or risk further death of innocent citizens at the hands of a militarized police force.

Thank you,  
Emma Morales (concerned citizen and activist)

Hello,

I'm a very concerned member of the downtown community. I was born in Madison, at St. Mary's, in 1990. My grandfather taught Zoology at UW Madison, and every one of my immediate family (other than myself) has attended UW universities. I moved back to Madison as soon as I graduated because I loved this city. I loved that it was so progressive. Going back farther, I even have relatives that helped to erect the Capitol dome! It's safe to say that I've been a member of the community for a long time. And as a member of the Madison community, I feel that things must change.

The problem of police brutality and murder may not be as large of an issue here as some other places, but it's systemic and everywhere in this country. For centuries we have failed PoC. Even as we take steps forward, we too often rest on our laurels after a minor concession towards decency, but every step helps. Every step saves lives.

Please, vote to create community based oversight of the police in Madison. And PLEASE PLEASE PLEASE include Black, and other PoC, leaders in as many steps of this process as possible.

Regards,

**Date:** Tuesday, June 2, 2020 11:10:40 AM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Alder Bidar and members of the Common Council,

I am writing to express concerns about several matters before the Common Council. I commend the Council on speaking out and attempting to take action on police violence and systemic racism. However, there are serious issues with some of tonight's resolutions.

Resolution 60658:

The provision of funds for so-called "alternative force options" (weapons used to maim or accidentally kill civilians, instead of intentionally kill them) is not a solution to the epidemic of racist police violence. Instead, the police's budget should be significantly reduced, and more controls placed on the availability of *any* weaponry. If cops want money to buy tasers, they should start by selling off their guns and riot gear.

Resolution 60762:

Curfews allow the Mayor another opportunity to use deadly force to sweep political dissidence under the rug. Madisonians are standing up to demand justice. Instead of protecting citizens, as she claims, the Mayor is exposing them to more police violence.

Resolution 60763:

This resolution comes from a good place, but misses the mark on meaningful change, providing feel-good platitudes instead. "Acknowledg[ing] that not all police officers are racists" whitewashes the systematic role police play in the criminalization and oppression of Madisonians of color and especially Black people. Asking "all police departments including the Madison Police Department, to hold themselves accountable" is absurd. Police should never be trusted with their own oversight. Finally, the resolution calls for "legislators on local, state and federal levels of government to work and enact nationwide police and criminal justice reforms" without specifying the nature of such reforms. All in all, this resolution leaves me with the (hopefully incorrect) sense that the Common Council is more concerned about pandering for white liberal votes than seriously committing to addressing Madison's widespread racial injustices.

Resolution 60764:

Full text of the [resolution](#) is currently unavailable to me due to errors with the legislative database. I support binding community oversight of the police. However, further measures will be necessary to contain Madison's racist police force, including defunding and disarmament.

If we are to be safe from racism and police violence, Madisonians need more than what they've been offered. Sensitivity trainings, moral leadership, and a more "diverse" police force won't do it. We need cops out of schools, off the streets, disarmed, and defunded.

Thank you,  
Ethan Beihl

Dear Mayor Rhodes-Conway and Madison Alders,

Please pass the proposed resolution. Madison needed police oversight after Paul was shot on the sidewalk in front of his next door neighbor's house on Baldwin St. - a mere half a block from my apartment at the time. It was needed more so after Tony was shot in on the steps in his apartment building on Williamson St. The PSCR and EOC have already recommended this Committee in Dec. 2019. Alder Carter, other alders, and Mayor Rhodes-Conway, I look forward to your immediate action on this issue.

Thank you,

Jen

Hello Madison alders,

I am emailing to express my support for resolution 60764, community oversight of police. Please vote in favor of this resolution, we need justice for our community.

Thank you.

Best,  
Tory Ash

Madison Resident

Hi Madison Alders,

I am emailing in support of passing 60764 recommendation. We can not tolerate racism in Madison Police Department. We need community oversight of police. The people most affected need to be at the table. This type of work has been shown to be effective. Divest from police and invest in our residents.

Thank you,  
Emily Lynch

Dear President Carter and Alders:

As a resident of Madison over the past six years, I have repeatedly witnessed a police department in desperate need of civilian oversight. As such, I urge you to vote to pass resolution #60764 in its current format today. We must immediately shift the nature of policing in Madison for the benefit of all of its citizens, but especially our citizens of color.

Best,  
Rosie Miesner

Dear Mayor Rhodes-Conway and Madison Alders,

We need an MPD Ad Hoc Recommendation Oversight Committee started now, this session. I want to see resolution file # 60764 on today's agenda. I want to see our city leadership committed to police reform and oversight and community control. We have had an exhaustive report detailing necessary reforms and now it's time to take action. Please think of your community; this is what is needed now! The PSCR and EOC have already recommended this Committee in Dec. 2019. Let's go. Alder Furman, other alders, and Mayor Rhodes-Conway, I look forward to your immediate action on this issue.

Members of the Madison Common Council,

I am writing to implore you to support Resolution 60764- Community Oversight Over Police.

It is abundantly clear to me that police in Madison, and across the country, face little to no consequences for their wanton violence and murder of people of color. I agree with Freedom, Inc. and other activists groups across the country who believe that the only way to stop brutal police violence is to give local communities real control over the police.

Please support Resolution 60764 and help our community heal.

Respectfully,  
Benjamin Sharp (he/his)

Hi,

As a new resident of Madison, I'm hurting yet impassioned by what I've seen, heard, and learned about in Madison in the time I've lived here. I had no idea who Tony Robinson was until I came here. I had no idea how little justice had been served for him or that his murderer was still employed by MPD. I had no idea that 46% of Dane county jail's inmates are black or brown, even though white people outnumber black people almost 16 to 1 here (79% white vs. 5% black).

While the burden of education here is on myself (and reinforces the internal work I need to do to broaden my circle and address my own racism), the policy and operational decisions that this city operates on is too.

So, I implore you to add Resolution 60764, to increase public oversight to the police force, on today's agenda, and pass it with expediency. Black men (and womxn and QTIPOCs) will continue to be disproportionately targeted, jailed, and brutally murdered by our own police force without YOUR action. I'm doing what I can on the ground, but I can't change policy or the police force. You can.

Allison Watson

Hi there,

I'm a Madison resident who lives in Patrick Heck's district, near James Madison Park.

I'm emailing to express my support for resolution 60764. We are badly in need of fundamental police reform, because our current system does a poor job addressing our needs. Community oversight is a small but necessary step in the right direction.

Please affirm this resolution.

Mitchell

How a City Once Consumed by Civil Unrest Has Kept Protests Peaceful

<https://www.nytimes.com/2020/06/01/nyregion/newark-peaceful-protests-george-floyd.html?referringSource=articleShare>

A few things that stood out:

The director of the Newark Police Department, Anthony F. Ambrose, who is white, made a tactical decision not to position police officers in military-style gear along the route.

And members of the Newark Community Street Team, an entity formed six years ago to de-escalate violence in the city, and other community groups were deployed throughout the crowd to try to isolate those intent on destruction.

Newark, a city of 282,000, is about half African-American, 36 percent Hispanic and 10 percent white. Its police department, which remains bound to a federal consent decree linked to past abuses, is about 84 percent black or Hispanic, officials said.

Police officials said they are now poring over video from body cameras worn by officers, cellphones and street surveillance footage and will pursue arrests as warranted. They said they remain hypervigilant, well aware of the volatility and frustration sweeping the nation.

Stay safe & kind,  
Carla

Dear Alders,

I am writing to express my support of Resolution 60764: Creating the MPD Ad Hoc Recommendation Oversight Committee. Our city has been struggling with aggressive policing issues for years. Tony Robinson, Paulie Heenan, Ashley DiPiazza, Michael Shumacher - all have died needlessly at the hands of Madison police in recent years.

The Madison Police Department Policy & Procedures Ad Hoc Committee has been working on recommendations since 2015. Final recommendations were approved in 2019. But the recommendations can not be implemented without further action.

Please vote to approve Resolution 60674 immediately. Move our city towards more just and fair policing practices.

Sincerely,  
Ronda L. Halpin  
Resident of the City of Madison

Dear Mayor Rhodes-Conway and Madison Alders,

We need an MPD Ad Hoc Recommendation Oversight Committee started now, this session. I want to see resolution file # 60764 on Tuesday's agenda. I want to see our city leadership committed to police reform and oversight and community control. We have and have had an exhaustive report detailing necessary reforms and now it's time to take action. Please think of your community; this is what is needed now! The PSCR and EOC have already recommended this Committee in Dec. 2019. Let's go. Alder Carter, other alders, and Mayor Rhodes-Conway, I look forward to your immediate action on this issue.

-Ian Adcock

Dear President Carter and Alders,

First, thank you for your civil service and everything you do for our city. I am emailing you to ask for your support to help provide civilian oversight of the police. I am typically not someone who is "called to action," but I am so moved by the protests and outrage in the U.S. right now. Please do everything in your power to pass the recommendations on Tuesday.

Thank you so much,

Melissa

Dear Alders,

I'm contacting you to encourage you to support the creation of a civilian oversight committee over the Madison Police Department (60764).

Many citizens of Madison are afraid of the police, and they feel like the police do not hold their safety at high priority. With the way police have dressed up on our streets and set poisonous gas on the citizens of this town, it is too easy to forget that the police ARE civilians too. They are not military, they are not above the laws that govern the rest of us, and they are an arm of government that deserves accountability. Many of my fellow citizens and I look at the way police behave and feel discouraged that there are simply no mechanisms to hold them accountable for the harm that they sometimes cause. It seems only right to create more structures that let citizens of Madison feel like the police belong to the same democratic system as the rest of us.

Thank you for reading my message. I hope you vote to support the measure.

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Hello,

I writing to you today to urge this council to pass Resolution 60764.

Having moved to Madison in July 2019, I am a fairly new resident. And while I have not been here for long, I feel at home. Madison is a beautiful city to live in. I have so enjoyed integrating with the local community and discovering all that it has to offer. The local restaurants, farmers markets, events, small businesses, and people make me understand why Madison is consistently rated one of the best places to live.

Despite all of this, I think Madison can do better. I have discovered that Madison, like many cities, still has residents that suffer disproportionately from racial discrimination and economic disparity. These problems are complex in nature and will take significant work to remedy, but one of the things we can do today is to create better oversight our police department.

Please be the leaders this community needs and pass Resolution 60764.

Thank you,

Laura

Dear Aldermen,

I am writing to you to urge you to pass resolution 60764 immediately. For far too long, police have enjoyed and abused their power over the populace with little oversight. The people demand accountability for police brutality, which will require an independent oversight committee of law enforcement. If a heart surgeon who harms a patient during a necessary surgery is subject to an independent investigation, why does a police officer who shoots an unarmed civilian escape the same justice, time and time again?

Thank you,

Jay Winans

Hello Madison Alders,

Real action must be taken if real change is our goals. Community oversight of the Madison Police Department is needed in Madison to make a safe place for black and brown residents. Resolution #60764 must be passed.

Preserve black lives and bring justice to those who have been killed, abused, and mistreated at the hands of the MPD. We need to create alternatives to violent policing of the most systemically vulnerable members of our community. Until new systems of community protection and preservation can be in place, we must engage oversight immediately so that we can end violence against black community members.

Thank you,  
Laura

I am emailing to urge you to vote yes on resolution 60764: Creating the MPD Ad Hoc Recommendation Oversight Committee.

I support this resolution because I believe that our police force should implement the recommendations within the final report of the MPD Policy and Procedure Review Ad Hoc Committee.

The report calls for more transparency and community oversight of the MPD. I believe that given the murder of Tony Robinson by Madison police officer Matt Kinney and the consistent and overwhelming negative impact of policing on people of color, this is a call that needs to be answered.

Please consider voting yes on this resolution.

Thank you,  
Anna Bartel

Dear President Carter and Alders,

We want civilian oversight of the police NOW. I think we have all seen more than enough violence against Black, Brown and Indigenous people at this point to understand policing in this way is more harmful (even lethal, for some) than protective. Please stop stalling and pass #60764 today. Stop letting the police steer the process and pass the recommendations AS IS NOW. Protect our FULL Madison community.

Sincerely,  
Anna Donahoe

Dear Mayor Rhodes-Conway and Madison Alders,

We need an MPD Ad Hoc Recommendation Oversight Committee started now, this session. I want to see resolution file # 60764 on Tuesday's agenda. I want to see our city leadership committed to police reform and oversight and community control. We have and have had an exhaustive report detailing necessary reforms and now it's time to take action. Please think of your community; this is what is needed now! The PSCR and EOC have already recommended this Committee in Dec. 2019. Let's go. Alder Carter, other alders, and Mayor Rhodes-Conway, I look forward to your immediate action on this issue.

F. J. Bergmann

Dear Members of Common Council,

I am writing to urge you to support Resolution 60764-Community Oversight Over Police.

It is critical for all of our city's residents to be able to count on the Madison Police Department for protection, fair treatment, and wise action. As a white female Madison resident, I want my police force to be equally as responsive and compassionate to every Black Madisonian as it is to me.

We need to stop police violence, and we need to stop deluding ourselves that Madison is exempt from systemic racism. Thanks to those of you who sponsored this bill. Please pass it.

Signed,

Solveig Hanson

Dear Members of Common Council,

Please vote in support of Resolution 60764-Community Oversight Over Police.

Every time an instance of police violence occurs and receives public attention, people ask what can be done. This is something that can be done— at least tried. What could be the harm of trying some concrete action in the face of this endemic problem of police brutality? Police forces must be accountable to the community.

Signed,

Tara Ptasnik

Hello Madison Alders,

Real action must be taken if real change is our goal. Community oversight of MPD is needed in Madison to make it a safe place for black and brown residents. **Resolution #60764 must be passed.**

Preserve black lives and bring justice to those who have been killed, abused, and mistreated at the hands of MPD. We need to create alternatives to violent policing of the most systemically vulnerable members of our community. Until new systems of community protection and preservation can be in place, we must engage oversight immediately so that not one more black member of our community is killed, abused, or mistreated by MPD while we "figure things out."

Good morning,

I am writing in support of the passage of city council resolution 60764 establishing a MPD oversight committee. Studies have found that "a small percentage of officers accounted for a disproportionate percentage of total complaints, excessive force and discourtesy were often the most common allegations lodged, and younger officers and those with less experience generally received a greater number of complaints" ([Terrill and Ingram 2015](#)). The same study finds that "cities where the police internal affairs unit served as the investigatory entity, but had their outcome decisions (i.e., dispositions) reviewed by an external civilian oversight agency, were significantly more likely to sustain complaints." Civilian oversight will help ensure the small percentage of officers responsible for using excessive force are held accountable and help rebuild trust between police and the public. I look forward to seeing the vote on the resolution and urge you to vote in favor.

Best,

Hi Alders,

I am emailing to urge you to vote yes on resolution 60764: Creating the MPD Ad Hoc Recommendation Oversight Committee.

I support this resolution because I believe that our police force should implement the recommendations within the final report of the MPD Policy and Procedure Review Ad Hoc Committee.

The report calls for more transparency and community oversight of the MPD. I believe that given the murder of Tony Robinson by Madison police officer Matt Kinney and the consistent and overwhelming negative impact of policing on people of color, this is a call that needs to be answered.

Please consider voting yes on this resolution.

Thank you,

**Message:**

Dear Aldermen,

I am sure you are inundated with emails right now. I hope that by adding my drop to the bucket I can help motivate you to instigate change.

There is unrest, and unrest is indicative of societal imbalance or injustice. I have seen many suggestions on how to fix the injustice, one of which is defunding, or even abolishing, the police.

I am very new to this idea, and do not speak with much knowledge or even a clear personal opinion. However, a few things I've read and heard have stuck with me. Upon first hearing about the Defund the Police campaign, I was skeptical because I fear that defunding the corrupt institution would just make it a smaller, but still corrupt, institution. However, someone informed me that the funds taken would be those that are spent on military grade weapons which are seldom used and almost never promote peace, and this option seems doable and viable. A striking insight from the Abolish the Police Campaign is that part of the reason people so resist abolishing the institution is because there isn't a precedents for alternatives, but all progress requires a frightening leap of faith.

I do not yet know what the "right" actions are. My goal in writing to you is to ask that you join me and countless others in thinking critically about what changes to make. Then I ask that you use your positions to try act on them as your conscience dictates.

Sincerely,

Elizabeth Whelan

Dear Members of Common Council,

I am emailing you to ask that you vote in support of Resolution 60764-Community Oversight Over Police. I know there are some existing governance structures in place for police oversight and community input into policing, and I know no proposal is perfect, but I think implementing a system where the recommendations outlined after the death of Toni Robinson would be overseen/reported on (including if some are not implemented and why) in a transparent way is warranted given the state of community/police relations right now. If the Civilian Oversight Board is a better place for this work to be housed, that would be OK too.

Know that our family and neighbors are thinking of you all as you make tough decisions around difficult issues moving forward.

Hello,

I've read resolution 60764, but don't know if I grasp what the resolution would achieve. From my brief reading, it seems that it 1) seeks to establish a committee to watch the previously established committee to provide police oversight, and 2) that it's primary aim is to get Madison to accept more of the changes regarding body cams for police.

Could you please provide some context for the proposed resolution, ie what it intends to achieve?

Thank you,  
Jake Kruse  
Madison, WI

Hello,

I am in support of Resolution 60764 which proposes the creation of a Madison Police Department Ad Hoc Recommendation Oversight Committee that would monitor the implementation of recommendations of the MPD Policy and Procedure Ad Hoc Committee and would provide regular reports to the Common Council. With respect to the high level of police violence this resolution provides hope that an Oversight Committee could prevent additional conflict and unnecessary department mistakes.

Dear Alders,

I am writing to express my support of Resolution 60764: Creating the MPD Ad Hoc Recommendation Oversight Committee. Our city has been struggling with aggressive policing issues for years. Tony Robinson, Paulie Heenan, Ashley DiPiazza, Michael Shumacher - all have died needlessly at the hands of Madison police in recent years.

The Madison Police Department Policy & Procedures Ad Hoc Committee has been working on recommendations since 2015. Final recommendations were approved in 2019. But the recommendations can not be implemented without further action.

Please take the time to go through the 177 recommendations, move this discussion forward as a top priority and vote to approve Resolution 60674 immediately. Move our city towards more just and fair policing practices.

Best,

Liz Sexe

Dear President Carter and Alders,

Please please PLEASE pass resolution #60764 today! We need civilian oversight on the police now more than ever before. We need them working WITH us, not against us. We need them to value the protection of life and the ability to exercise free speech more than ever before. We need to stand up and demand justice for our black brothers and sisters before it is too late. And that starts with passing this resolution TODAY.

Sincerely,

Paige Pistono

Dear Mayor Rhodes-Conway and Madison Alders,

We need an MPD Ad Hoc Recommendation Oversight Committee started now, this session. I want to see resolution file # 60764 on Tuesday's agenda. I want to see our city leadership committed to police reform and oversight and community control. We have and have had an exhaustive report detailing necessary reforms and now it's time to take action. Please think of your community; this is what is needed now! The PSCR and EOC have already recommended this Committee in Dec. 2019. Let's go. Alder Carter, other alders, and Mayor Rhodes-Conway, I look forward to your immediate action on this issue.

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Alders,

I am writing to express my support of Resolution 60764: Creating the MPD Ad Hoc Recommendation Oversight Committee. Our city has been struggling with aggressive policing issues for years. Tony Robinson, Paulie Heenan, Ashley DiPiazza, Michael Shumacher - all have died needlessly at the hands of Madison police in recent years.

The Madison Police Department Policy & Procedures Ad Hoc Committee has been working on recommendations since 2015. Final recommendations were approved in 2019. But the recommendations can not be implemented without further action.

Please vote to approve Resolution 60674 immediately. Move our city towards more just and fair policing practices.

Thank you,  
Deanna Schneider

Hello Alders of Madison,

The people of Madison cannot come together until **resolution #60764** for community oversight of the police has been passed. This is critical - we need real change in this moment. Discussions and lip service are not enough. Too many black and brown people have been harassed, mistreated, and murdered by those who are sworn to serve and protect. We need community oversight of our police force.

**Message:**

Dear Alders,  
As a citizen of Madison, I would like to know what the city of Madison is doing to hold police officers to a high standard of professional conduct.

Today's New York Times has an editorial outlining concrete strategies to increase the public's trust in law enforcement: [The Editorial Board America's Protests Won't Stop Until Police Brutality Does](#) This country has failed to provide one of the most fundamental protections in the Constitution: the right to life.

Is Madison utilizing any of these strategies?

I love the city of Madison, but have no idea what the police department is doing to address issues such as excessive force, racism and covering up for cops who have a record of unlawful behavior.

At this time of crisis, the citizens need to be reassured that the city is holding law enforcement to the highest standard, so we can trust police officers and work together to address the issues. A blueprint explaining what is being done should be shared with the citizens if available. If not available, then one should be developed incorporating the strategies from the article I referenced above.

Thank you,  
Amy Whitehead

**Message:**

I, and all of my friends are disappointed in how the city is handling the looting going on around Madison. A 9PM CURFEW MEANS 9PM!!! The police need to arrest anyone who is out past that time or what is the point of the curfew? Other cities have curfews that are enforced. If the mayor can't show leadership at this time, the council needs to take over. You all are doing Madison a huge disserve by not enforcing the laws. It sends a message to the looters that it's ok to break the law. And guess who gets the tab for all the damage being done? I do, along with other hard working Madisonians. We cannot afford to pay higher taxes for more problems in the city. A safe city is number one! No one cares how many buses are running if it's not safe to go out! Enforce the curfew!

Dear Mayor and Madison Alders,

"The time is now if you want to reform our police. A no vote or refusal to introduce this resolution means you do not want to reform our police and you are satisfied with their use of tear gas and other violent methods where other cities have found police kneeling side by side with protestors."

We need an MPD Ad Hoc Recommendation Oversight Committee. I want to see resolution file # 60764 on Tuesday's agenda. I would like to see how committed our city leadership is to police reform. to include the Ad Hoc community as official oversight for the implementation of the report they researched, reviewed and wrote over a period of 4 years. They know the material better than anyone and they were selected by the city because of their experience and commitment. It makes no sense to exclude them and all the sense in the world to include them. Please include them as oversight in this implementation process of the whole report.

Thank you, Kristin Mathews

Dear President Carter, Alder Martin, and Members of the Common Council:

I am emailing to ask that you vote in support of Resolution #60764: Community Oversight Over Police. This resolution has been stalled for months, and it needs to be passed now. Events of the last few days have shown once again that the Madison Police Department cannot be allowed to act with impunity. The only solution is to make them accountable to the community. Madison needs civilian oversight of the police NOW. Please stop stalling and pass #60764 on Tuesday. Please stop letting the MPD steer the process. Pass the recommendations WITHOUT CHANGE NOW.

Thank you.

Sue Breckenridge

Dear Members of Common Council,

I am emailing you to ask that you vote in support of Resolution 60764-Community Oversight Over Police.

Police departments around the country and in Madison have continued to prove that the only way to stop police violence against Black people and other POC is to make them accountable to the community.

Support Community Oversight Over Police!

Signed,

Grant Phipps

Hello,

My name is Megan Nolan, I'm a resident here in Madison who lives on the west side and works downtown. I am reaching out to inform you of my support of Resolution 60764 and encourage you to vote to pass it. The police need community oversight. We have seen time and time again in communities across the country how the culture in departments can become toxic and their seclusion and autonomy only compounds these issues. The police need to see themselves not as our punishers but as people meant to serve. They need to be asked to face our questions and answer them; they need to be ready to face critique and respond to it; they need to be held accountable.

Please pass this resolution. We need it.

Megan

Dear President Carter and Alders,

We, the residents of Madison, demand civilian oversight of the police immediately. The destruction and abuse of power occurring at the hands of police in Madison and across the United States of America is unacceptable and will not be tolerated. Stop stalling and pass Resolution 60764 immediately. This is the bare minimum you can do to get momentum and regain the trust of the public. Thank you for your time.

Sincerely,

Justin Bunch

Good evening,

I'd like to encourage anyone reading this who has the prerogative to do so to pass Resolution 60764, pertaining to community oversight of Madison police. I moved out of Madison some months ago so I'm not sure how effective this email can be, but I figured I'd try because I also have family members who work for MPD and UWPD. For the sake of citizens' safety and well-being as well as officers', please implement a stronger, more meaningful form of community control, oversight, & input on policing so that accountability may be developed and trust restored between these two groups.

Thanks,  
Johnny Collins

**From:** [Mary Carolla](#)

Dear Members of the Common Council,

I am a resident of Madison, and I am emailing you to ask that you vote in support of Resolution 60764 - Community Oversight Over Police.

Police departments in cities around the nation, including Madison, have continued to show the only way to stop police violence against Black people and other POC is to make the police accountable to the community.

Support Community Oversight Over Police!

Signed,

Mary Carolla

**From:** [Philip Chu](#)  
**To:** [All Alders](#)  
**Subject:** 60764 MPD Oversight Committee  
**Date:** Tuesday, June 2, 2020 12:23:23 AM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Alders,

I'm writing to voice my strong support for measure 60764: Creating the MPD Ad Hoc Recommendation Oversight Committee, which will come before the council tomorrow.

That said, the word "Recommendation" sticks out to me... we have enough toothless committees saddled with the responsibility of keeping the powerful in check. This body must have the ability to enforce and implement the solutions at which it arrives. The police can be neither above the law, nor the society, and every day that we're complicit in this deadly status quo, we undermine the legitimacy of both.

I pray you use compassion and sense in doing what we've *a/ways* needed to be done, despite it only occasionally being so blindingly obvious as it is today.

Sincerely,

Philip Chu

**From:** [Tony Stano](#)  
**To:** [All Alders](#)  
**Subject:** Do not approve the mayor's state of emergency: 60762  
**Date:** Tuesday, June 2, 2020 12:16:12 AM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear President Carter and Alders,

My name is Tony Stano and I'm a resident of Madison aldermanic district 13. I urge you not to approve the Mayor's state of emergency declaration, Item 60762. While this certainly is an unprecedented time which may warrant some sort of declaration of emergency, the institution of a curfew enforced by the police is a bad idea. The protests are about police brutality, and the curfew seems to have given the police the power to brutalize anybody they find out after curfew. Giving the police additional power and reasons to shake people down is unacceptable.

Additionally, it has always been the case, but it is becoming more clear by the day that increased police presence makes for more violence not less. Police will use tear gas and rubber bullets on otherwise peaceful protesters, angering them, and causing more human suffering and property damage.

Thank you,  
Tony Stano

Dear President Carter and Alders,

Systemic racism is not just a problem in our country, it is our City's ugly legacy as well. As a City, we have already acknowledged racism is a public health crisis, meaning we are in the middle of two simultaneous public health crises. Let us address both of them now with the same action:

We want civilian oversight of the police NOW. Please stop stalling and pass #60764 on Tuesday. Stop letting the police steer the process and pass the recommendations AS WRITTEN NOW. You asked community experts on the Ad Hoc Committee, they have given their recommendations and it is PAST TIME TO ACT.

Respectfully,

Abigail Ryan

Hello,

My fiancé and I have lived in the Madison area for the past five and a half years, currently residing at 5152 E Cheryl Pkwy (Unit 201) in Fitchburg. We will be moving into Madison's city limits at the end of next month.

We heard about the motion for community oversight of the police force and urge you to vote on and pass this resolution. It will provide the collaboration between our citizens and law enforcement that is so critical at this moment. We would love to preserve the community presence that we've come to know and love during our time in this wonderful city.

Thank you for your time and for your continued efforts to make Madison safe and sound.

Alex Brest

Hello:

I am emailing to urge you to pass resolution 60764 Tuesday night to give civilians oversight of the police. We already had the death of one of our African American residents, Tony Robinson, at the hands of police and we need to insure there aren't any more.

This resolution would create the MPD Ad Hoc Recommendation Oversight Committee to monitor the implementation of the recommendations of the MPD Policy and Procedure Ad Hoc Committee and to provide regular reports to the Common Council. This resolution was already recommended by the Public Safety Review Committee and the Equal Opportunities Commission.

It is essential that we citizens have a say in how we are protected and policed. Please don't wait until it is too late. We need to be pro-active now and protect our citizens by giving them a say.

Thank you for your time,

Marilyn Feil

Dear Members of Common Council,

As a Madison resident, I am emailing you to urge that you vote in support of Resolution 60764 - Community Oversight Over Police.

Police departments around the country and in Madison have continued to prove that the only way to stop police violence against Black people and other POC is to make them accountable to the community. I will not stand by and let my Black, Indigenous and other POC neighbors in Madison, or any community, be terrorized. There is NO WAY to regain any semblance of trust without community oversight over police.

**SHOW LEADERSHIP. SHOW COURAGE.**

Rue Genger

Dear President Carter and Alders,

It is very important to me that there be civilian oversight of the police. Police brutality doesn't come from "a few bad apples." Rather it is systematic and historically influenced. The Wisconsin Police Manual puts Black and Brown bodies at increased risk of danger as it allows for ample situations where force is allowed and other Wisconsin laws allow trained police officers to act without consequence when dealing with untrained civilians if they acted in "good faith." These policies create an environment in Wisconsin where civilians are not safe. This kind of problematic policy could be prevented by more oversight.

Please pass #60764 on Tuesday to create an Oversight Committee for the Police. Stop letting the police steer the process and pass the recommendations.

Best,  
Lily

I am a new resident of madison. but have lived in Wisconsin my whole life. This is my capital city and the heart of my state. The protests and police response to them have stirred in me something that I should have felt long ago - end the violence, end the brutality towards people of color.

The first step is for you - the alder people of Madison - to pass into law the ability for the communities being policed to have control over how they are being policed.

Pass community oversight over the police - resolution 60764.

Sincerely,

Frank Cushman

Dear President Carter and Alders,

I write to you a concerned citizen who has spent the last few days watching the city come together in solidarity to protest police brutality and demand reforms. I have seen the city become a stage of rebellion, like many other cities across our nation. I have seen the pain and justified anger of the people and the continued inaction by the city's leaders. I have been in Madison and have participated in numerous protests since 2014 and I have seen little change occur that has meaningful impact on our community. I ask that the council listen and comply with the demands of the people you represent. We want civilian oversight of the police, NOW! Please stop stalling and pass #60764 on Tuesday, June 2. Stop letting the police steer the process and pass he recommendations AS IS NOW. We as a city find ourselves at a curious moment where history and meaningful progress can be made. Please choose to be on the right side of history. Pass #60764 and listen to those you represent.

Peace and Solidarity,

Jonny Khammanivong

Hello,

My name is Natalie and I am a Madison resident on the near East side. I am writing to insist that you put Resolution #60764 re: Police Oversight on the council agenda immediately.

Black people, indigenous people, and other people of color in our community have been demanding changes in the way Madison handles policing for years now. Madison has held countless meetings, published reports, started committees, etc. with limited change for BIPOC community members -- most of these efforts have provided placation more than anything else! That is no longer working.

Folks of color in Madison have to deal with untrustworthy police in their communities and severe over-policing in schools. Dane County has some of the worst racial disparities in the country despite taking pride on being a liberal/progressive town. All of these economic and structural problems have lasting effects on people's mental health, well-being, and ability to strive for a positive future. Countless black and brown people are alienated and directly harmed by our police force with limited accountability mechanisms in place, as reflected by the lack of justice for Tony Robinson (among many other issues). And all of these problems especially affect youth!

The resulting frustration and trauma are clear in the protests that began on Saturday and will continue until the city takes REAL action on these issues. People are coming together and doing everything they can to get local politicians to listen and to start passing laws that allow for police oversight and increased community control of the police force. Please hear their voices. Put Resolution #60764 up for a vote. You must start making real, tangible progress on this issue if the Madison community is ever to heal.

- Natalie Wheeler  
Madison District 6 Resident

Dear President Carter and Alders, We want civilian oversight of the police NOW. Please stop stalling and pass #60764 on Tuesday. Stop letting the police steer the process and pass the recommendations AS IS NOW.

De-escalation and de-militarization of the police is paramount in restoring public trust in a position that is meant to be a civil servant to ALL people. As a lifelong citizen of Madison it is clear to me that our city residents would be deeply in favor of this, and we have an opportunity to be leaders of progress in a deeply torn nation.

I wish you the best, and trust you will empathize with a suffering people when the time comes to make a decision.

Dear Mayor Rhodes-Conway and Alders,

Thank you for including Resolution 60764 on the agenda for the June 2, 2020 Common Council meeting. I am writing to you today to urge you to vote and pass resolution 60764 for Creating the MPD Ad Hoc Recommendation Oversight Committee.

We need Community Oversight of the Police. Our community has been in pain for too long. Black people's lives are being constantly threatened by excessive force and inadequate training from police. We do not accept any delayed action. Please reflect on the trauma that black people in this country have been forced to endure. It is time for transformative justice. This is an excellent place to start.

Passing Resolution 60764 will help make a safer Madison for all. Please make the decision in alignment with the values and demands of

Freedom Inc and Urban Triage. Thank you.

Sincerely,

Dear president Carter and common council alders,

As someone who has called Madison my home for my entire life I care deeply about this city and its various communities. We are sitting at a critical point in history where enough is enough and radical change to promote racial justice and safety for our black community is a must. It starts here in our city. We cannot allow the police to remain as an institution that disproportionately inflicts violence on communities of color. We need to rise above and show that we really care about our black brothers and sisters.

Please vote to pass resolution #60764 to give oversight over our police to the community, to civilians. The police have been allowed to go unchecked for too long. The time to act is now! Stop letting the police steer the process of this resolution and do what is right for our city and its marginalized communities.

Best,  
A Madisonian who cares

To whom it may concern,

My name is Chloe Baumbach and I am a Madison native who is now pursuing my bachelors degree at UW-Madison. I have lived in Madison my entire life, so I am familiar with the police department and their role. Never before have I feared police, as I am a white woman. In 2015 when Tony Robinson was murdered by Officer Matt Kenney I was a sophomore in high school. I did not understand fully the pain the black community felt. I still do not fully understand the pain the black community feels as I am privileged with white skin and will never be scared for my life due to my race. I am contacting you now to demand that you pass resolution 60764. It is time the people feel safe in their homes. It is time black mothers don't have to teach their sons to put their hands up and calmly follow orders so as not to be shot. It is time black children can play a game of cops and robbers without being murdered. Pass resolution 60764 to show the people that you represent that you actually care about their well being. Be on the right side of history.

Thank you,  
Chloe Baumbach

Dear Madison Alders,

I'm so used to seeing stalling and excuses. Imagine my surprise to learn that you already have a resolution in front of you that does precisely one of the core demands of our movement. Pass resolution #60764 now, unchanged! This is one first step of many required for justice, but it's a step you can take right now, so take it!

**Date:** Monday, June 1, 2020 9:54:14 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Council President Sheri Carter, the Madison Common Council and Mayor Rhodes Conway,

With the current nationwide wave of protest that was triggered by the death of George Floyd, I felt so dismayed to learn that the MPD Ad Hoc Recommendation Oversight Committee remains in limbo. We need a transformation to policing now and as such, I urge all council members to come together and co-sponsor resolution file #60764 and to demand it be placed on Tuesday's agenda for immediate action. **Creation of the MPD Ad Hoc Recommendation Oversight Committee to monitor the implementation and progress of the recommendations of the MPD Policy & Procedure Ad Hoc Committee continues to be urgently needed to bring about changes to MPD.**

Council President Carter, I am writing to ask you to put resolution file #60764 on [this Tuesday's](#) agenda for immediate action and to let the council vote. In December of 2019, the PSRC and EOC already recommended a committee with Ad Hoc be formed to oversee the implementation of the full body of recommendations. Please don't stand between that recommendation, resolution # 60764, and safer policing for all. Cities are on fire. Please don't delay on this again. Avoiding action on this resolution is an abuse of power and must stop.

Thank you, Alders Rebecca Kemble, Tag Evers, Grant Foster, Patrick W. Heck, Max Prestigiacomo, Marsha A. Rummel, Samba Baldeh, Syed Abbas. We appreciate your leadership and the risk you are taking for the safety of your most vulnerable constituents.

Alders,

A car was recently driven through protests in Madison. The police were nowhere in sight to protect the citizens harmed. The police eventually escorted the car away without any charges (attempted first degree murder, attempted vehicular manslaughter). This is an example of the terrible dissonance between civilians and police in Madison. These officers are meant to protect and serve their citizens, especially during times of distress. Instead, here in Madison, they allow cars to pass through lines of protest, run protestors over, and then escort them away safely.

We want civilian oversight of the police NOW! Police are civilians- they should act like civilians and be regulated by civilians. Stop stalling and pass resolution #60764 IMMEDIATELY. Civilians need to have power over police matters, as proven by recent protests.

Derek

Dear Madison Alders,

Our police department looks pretty good in comparison with the racist brutality we've recently seen in Minneapolis and other cities, but it still needs to be under civilian control, preferably with a smaller budget and many more calls delegated to social workers and mental health specialists. We need a new normal, and I hope you will pass resolution 60764 to get that process started.

Yours respectfully,

Dear Alders,

We are writing to express our support for Resolution 60764, and to urge the Council to take it up tomorrow and pass it swiftly. All citizens of Madison, and the black community in particular, deserve an accountable police department that serves the people rather than brutalizing and oppressing them. Body cameras and a Civilian Oversight Board are sorely needed reforms, and this resolution is a small step in the right direction. Additionally, we urge the Council to demand the lifting of the current curfew, which only creates additional opportunities to criminalize peaceful protest, and encourages aggressive policing.

Sincerely,  
Mikko Utevsy and Thalia Coombs

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Mayor and Alders,

Most of you have long acknowledged a need for change in our city's, and country's, approach to policing. The urgency of this need couldn't be more clear, and it's essential that you take this opportunity to act where you can. Disinvest in policing that we all know, due to a preponderance of solid evidence that the city and county regularly pay lip service to, is counter-productive to the goal of safe and healthy communities.

Please take this opportunity to Do The Right Thing. When it counts.

I urge all council members to come together and co-sponsor resolution file #60764 and to demand it be placed on Tuesday's agenda for immediate action.

As a city, we are in a privileged position to have had the opportunity to work methodically through a process of police review and recommendations, and we have a knowledgeable and well-qualified body already in place to make changes that count. Changes that will leave us with a more effective (and cost-effective but that's hardly the important issue here) public safety picture.

Council President Carter, I am writing to ask you to put resolution file #60764 on this Tuesday's agenda for immediate action and to let the council vote. In December of 2019, the PSRC and EOC already recommended a committee with Ad Hoc be formed to oversee the implementation of the full body of recommendations. Please don't stand between that recommendation, resolution # 60764 and safe policing for all.

Thank you, Alders Rebecca Kemble, Tag Evers, Grant Foster, Patrick W. Heck, Max Prestigiacomo, Marsha A. Rummel, Samba Baldeh, Syed Abbas. I appreciate your leadership.

Thank you and take care,

Hello my name is Jacquelyn Hunt. For 4 years, I gave my time to serve on the Police Policy and Procedures Ad Hoc Committee. We As a committee worked really hard, and at the end provided our recommendations. Now I am hearing that you would like to create yet another committee instead of the oversight board! I am in strong opposition of creating yet another committee. Please can we just move forward with the hiring the Oversight Board! The climate of this country, this state, this city, and this county DICTATES and DEMANDS that we ACT and ACT SWIFTLY! No More Committees, hire the Oversight Board!

Sincerely,  
Jacquelyn Hunt

**Subject:** Pass resolution #60764  
**Date:** Monday, June 1, 2020 9:43:16 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear President Carter and Alders,

My name is Olivia Panthofer, and I am a student at UW-Madison. I am contacting you because I, along with many others in Madison, would like citizen oversight of the police.

Now more than ever, those who have been protesting and actively fighting for Black rights and against police brutality need to know that they have been heard and that their efforts have ensued change. Recent events, which have been happening for centuries, have demonstrated that there are serious problems in the structure and nature of policing, and passing this resolution is the first big step for the Madison community towards the change we are demanding.

Please pass this resolution. Please stop letting the police navigate the process and pass recommendations. We demand citizen oversight of the police to ensure that they are *actually* serving the people. Pass #60764 on Tuesday.

Thank you for taking the time to read this email,  
Olivia

Dear Members of Common Council,

I am emailing you to ask that you vote in support of Resolution 60764-Community Oversight Over Police.

Police departments around the country and in Madison have continued to prove that the only way to stop police violence against Black people and other people of color is to make them accountable to the community.

Support Community Oversight Over Police!

Sincerely,

Brittany Seefeld, APSW

Dear President Carter and Alders,

We want civilian oversight of the police NOW. Please stop stalling and pass #60764 on Tuesday. It does not hurt for the police to have additional oversight over the actions that they take. I have the utmost respect for the police force but believe oversight is needed. Please pass this legislation AS IS.

Sincerely,  
Trevor

Dear Mayor Rhodes-Conway and Madison Alders,

We need an MPD Ad Hoc Recommendation Oversight Committee. Please put resolution file # 60764 on Tuesday's agenda. Why spend all that money on an exhaustive report detailing needed reforms without following through? I am saddened at how the MPD has responded to protestors. People in Madison are grieving; why is the MPD using violence? This is why we need reform.

Council President Sheri Carter, other alders, and Mayor Rhodes-Conway, I look forward to your response and immediate action on this issue.

Thank you,  
Bethe Bonk, Madison resident

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear President Carter and Alders,

As you vote on Resolution 60764 tomorrow, take this opportunity to lead Madison towards progress by voting for civilian oversight of the police. In these uncertain times, there does not need to be another reason for distrust in our leaders and the police who are supposed to protect and serve. Your support for this resolution would be a small, but necessary step in mending the distrust. In a time where there is such harsh division between the police department and civilians, this would be a chance to create shared accountability and sorely necessary transparency. Please don't let your constituents down.

Matt Koch

Dear President Carter and Alders,

It is your responsibility and your opportunity to do everything in your power to end the atrocities committed on Black people's bodies and lives at the hands of MPD, which includes tomorrow passing resolution #60764.

The report of recommendations must be implemented by knowledgeable people who will respect the integrity of the recommendations and the 4 years of research, decade of advocacy, half-century of data that went into it. I urge you to hold steady and stay on a firm track to see these recommendations through to action. Honest action.

Our system of racial injustice was built with intention and it must be dismantled with intention, and one step towards that is in your hands.

Sincerely,  
Taylor Martine Stewart

**Subject:** Resolution #60764  
**Date:** Monday, June 1, 2020 9:21:15 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear President Carter and Alders,

I am writing you as a concerned citizen of Madison. I have been blessed to have found a home in this city for over 13 years - I've worked, studied, and found my partner here. However, the recent escalation of violence nationwide has made the both of us aware that we need to do what we can do to keep our citizens safe.

We want civilian oversight of the police and urge you to pass #60764 (with the recommendations as is) on Tuesday. Not only can we help bridge the divide that has become apparent within the past few days with the police and our citizens, but we can help become models for our nation as we face leadership that is willing to use fear instead of diplomacy.

Thank you for your time, as well as your continued work to our city.

Dear President Carter and Alders,

I am a social worker here in Madison and I am writing because I am sick and tired of Madison Police threatening the lives of my black and brown community members. I and many others want **civilian oversight of the police NOW. Please stop stalling and pass #60764 on Tuesday. Stop letting the police steer the process and pass the recommendations AS IS NOW.**

Thank you,  
Rachel, CAPSW, SAC-IT

Hello,

Please put Safer Police Resolution #60764 on Tuesday's agenda and consider actionable items you can do in your power today to help our suffering community.

As I know the Mayor is also doing, please also work with nonprofit organizations such as Freedom Inc. to create the change and actions necessary to make Madison and Dane County safer for all people.

Thank you,  
Lauren Hodkiewicz  
Madison/Dane County Resident

Dear President Carter and Alders,

I'm writing to urge you to pass resolution #60764 on Tuesday. Our community demands civilian oversight of the police immediately. It is clear the police are not being held accountable in our communities for their systemic prejudices, brutality, supremacy, and the outright murder of black and brown people.

We need swift action to keep citizens safe from police who actively harm them. We need it now before more lives are lost.

Sincerely,  
Ashley Wilkinson

I am a student at UW-Madison, and I stand with Black Lives Matter. Black and brown people are suffering, have been suffering by the police since it has been created. People do not cry for Black death, and COVID has pushed people out to their edge of enduring this pain. We want civilian oversight of the police NOW. If you stall one more and do not pass #60764, you cannot be surprised for the desperation that will spill out of this community. You cannot continue to assist the police putting their knee on Black and brown community.

Lisa Yang

**Message:**

Hello,

In an effort to help one of the most well known cities in our state move forward and continue to address the issue of systemic racism, I stand with the community of protestors who demand this council to vote and pass resolution 60764. Community oversight is an important tool to hold police More accountable to those that they protect and serve. A vote for community oversight will hopefully help set an open and constructive tone for the work that lies ahead. It will send a great message to not only the residents in your direct community but also the residents in our state and possibly the country. I know that as a resident in rural Wisconsin, I am looking to the actions of our larger cities like Madison to help push the progress.

Thank you for your service and your commitment to helping your community.

Dear President Carter and Alders, We want civilian oversight of the police NOW. Please stop stalling and pass #60764 on Tuesday. Stop letting the police steer the process and pass the recommendations AS IS NOW. As citizens of Madison and the surrounding areas, we care deeply for the lives of black people as well as the lives of police officers.

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Madison alders and Mayor Rhodes-Conway, I am writing to ask you to put resolution #60764 on this Tuesday's agenda for immediate action and to let the council vote. I live on the 1200 block of Spaight street and in the last several years 3 people within a few blocks of my house were shot and killed by police. Paul Heenan was shot and killed by a police officer just a block and a half from my house. I am friends with the person who was walking Paul to his house when he was shot and heard first hand from him how unnecessary and unprovoked this killing was. I live 3 blocks from where Tony Robinson was shot and killed. I live two blocks from where Michael Schumacher was shot and killed by police. I was surprised (and horrified) to learn after Paul's death that the Madison police officer did not violate any policies or procedures in killing Paul.

I was glad to hear that at some point the MPD Policy and Procedure Review Ad Hoc Committee was formed. As you know, the committee members researched for several years and wrote a comprehensive report with more than 100 recommendations to make the Madison police department safer. The city spent alot of money on this report. Why are we not implementing any of the recommendations in this report? It is my understanding that this resolution creates an Ad Hoc oversight committee to monitor the implementation of the proposed recommendations and provide regular reports to the council. Why wouldn't the city of Madison want this?

I can't imagine anyone on council is happy with what has happened between our police force and protesters these last few days. Watching the live coverage on FB live I find it impossible to not question why we have such a militarized police force. It seems to me that right now is a moment unlike other moments where the city council has its greatest leverage with the police department. I encourage you to use this moment to reform our police. A no vote or refusal to introduce this resolution will certainly send a message that the city of Madison does not want to reform our police and you are satisfied with their use of tear gas and other violent methods.

Sincerely,

Jen Rubin

Dear City Council,

My name is Jonathan Bartnik, i have been a Madison resident since 2012. It is utterly abhorrent that Officer Kenny remains on the MPD.

It is well past time that the police fall under community control. They are a rogue agency, unaccountable throughout the country an, yes, also here in Madison.

Community control of police is the FIRST STEP towards racial justice for black and brown people who are targets of police violence and terror.

I urge all of you to vote in favor of resolution 60764 AS IS to take this step towards repairing CENTURIES of injustice against Black people in this country, and in Madison.

Sincerely,

Jonathan M Bartnik

Dear Madison Alders,

I urge you to please listen to the voices of your community and to take steps to protect black lives. As a community, we need civilian oversight of our police system IMMEDIATELY. The abuses of power and violence need to be checked. Much more work needs to be done, but this move is an important first step. Please demonstrate your concern for all members of our community, especially Black and Brown folks. Please pass Resolution #60764

Sincerely,

Dear Madison alders,

I'm asking as your constituent and someone who has lived in Madison for over a decade, please pass recommendation 60764 tomorrow.

I have directly witnessed and intervened in racism and harassment from Madison police. We can't tolerate this any longer.

We need to divest from the police and invest in our residents. Not through white led nonprofits, but directly to the people who need help.

If we took care of residents, we wouldn't need as many police. We have criminalized poverty. The people affected need a seat at the table.

We need to support black Madisonians. We need community oversight of police. Please pass this recommendation.

Thank you,  
Cakelin Marquardt

Dear President Carter and Alders of the Common Council,

I am writing to add my voice in support of the legislation to create the MPD Ad Hoc Recommendation Oversight Committee. We need civilian oversight of the police NOW. Community control is the first step towards ending bigoted police brutality. Please stop stalling and pass resolution #60764 on Tuesday, June 2nd, 2020.

Stop letting police control the process. A capitol city should serve as an example for the state that surrounds it. The current police state serves only to disproportionately harm people of color. The murder of Tony Robinson should not have happened. The murder of George Floyd should not have happened. The murder of David McAtee should not have happened. Do your part to stop further violence.

All power to the people.

Thank you.

DEAR COUNCIL PRESIDENT SHERI CARTER, WE WANT RESOLUTION #60764 ON THE COUNCIL AGENDA \*\*\*FOR IMMEDIATE ACTION!\*\*\*

Madison needs a civilian oversight board and independent monitor for the Madison Police Department along with 175 other recommendations for a safer and smarter police department. These recommendations must be implemented by a group that knows them by nuance and knows police policy so our city can start to move towards policies of racial justice.

WE WANT SAFER POLICE, NOW!

PUT RESOLUTION FILE # 60764 ON TUESDAY'S AGENDA AND LET THE COUNCIL VOTE!

Please create the MPD Ad Hoc Recommendation Oversight Committee to monitor the implementation of the recommendations of the MPD Policy & Procedure Ad Hoc Committee and to provide regular reports to the Common Council.

Thank you, Lindsay Lopez  
502 Dunning Street MADison

Dear City of Madison Alders,

I have been a resident of Madison for almost ten years, and I am currently expecting my first child, who I plan to raise here in Madison. I am a white mental health professional working with youth and families here in Dane County who are experiencing significant mental health crisis. I am deeply invested in our community and our collective wellbeing, and it is for this reason that I am reaching out to you today.

The murder of George Floyd has once again brought violence against Black bodies by the police to the forefront. You can see from our community's reaction that we can no longer tolerate the unchecked power of the police force. A large number of our community leaders have spoken out in condemnation of the terrible act of violence that deprived George Floyd of his life, and this is important, but it is not enough. We cannot verbalize that Black lives matter while continuing to uphold the systems and structures that repeatedly lead to harm and violence against Black lives.

It is time for our city to demonstrate our commitment to Black lives. I urge you to pass Resolution #60764 and grant our community civilian oversight of the police force. You have the opportunity to protect Black lives *before* they are ended and begin to lay our city on a trajectory toward a more equitable and just reality.

Please use this opportunity to do what is right for our community and protect those most vulnerable community members whose lives are in your hands.

Sincerely,

Sarah Chodorow, LCSW  
(she/her/hers)

Dear Alders,

I have already emailed a number of you directly, but I wish to send another note to express the importance of supporting resolution #60764. Many of you already support this resolution, but it is time to find consensus and establish this new means of citizen oversight for police.

The protests these last few days have shown that the people of Madison are through with tyrannical policing, especially in already oppressed communities, and citizens have come together to demand a better future, with a better system for creating a and accountable system of community-controlled police.

Help make that system a reality by supporting resolution #60764 on Tuesday.

Many thanks for your service to our city,

William Hutchison

Dear President Carter and Alders,

As you're all aware, Madison police have committed unwarranted acts of aggression against civilian protesters every day for the past 3 days and counting. These acts are shameful, cowardly, and only serve to harm Madison's youth and people of color - the people on the front lines. The people of Madison demand accountability from their police, which is why I'm asking that you vote on and pass resolution 60764 at your next meeting. The recommendations it contains represent a vital first step towards repairing the harm that the city, county, and state governments have inflicted on its black citizens over the past days, months, and years. Anything less than a passing vote is unacceptable and would signal utter disrespect for the people you serve.

Thank you,  
Logan Jones

June 1, 2020

Dear Council President Sheri Carter, the Madison Common Council and Mayor Rhodes Conway,

This weekend, in Madison, I watched the MPD turn peaceful protests for George Floyd, Breonna Taylor, and Ahmaud Arbery into riots. Do police really need riot gear, tear gas, rubber bullets and military vehicles to respond to couple of white teenage girls breaking windows? Or, last night, in response to a group of approximately 150 youngsters, marching and chanting past curfew? No. I don't recall MPD using tear gas and rubber bullets against those protesting our Governor's Stay-Home Order.

MPD's response did not inspire trust or a sense of community in a time of grief. Yet, for some reason, the city and schools continue to cough up funds for more police officers, a new jail, the latest military technology and school resource officers. There never seems to be enough support for our schools and students, and for non-violent measures that address public health and safety non-punitively. This is not the kind of community I want the City of Madison to be.

Every year over a thousand black lives are lost to police use of excessive force. In the vast majority of cases the confrontational attitudes of police escalate the situation. All the words of shared grief are meaningless without a commitment to change.

Council President Carter, it is ever more urgent to include Resolution File #60764 on Common Council Agenda tomorrow and vote in favor of the immediate creation of an Oversight Committee to monitor the implementation of the recommendations of the MPD Policy & Procedure Ad Hoc Committee, and specifically an Oversight Committee which includes all former members of Ad

Hoc Committee who wish to serve. Please stop further delays of measures that were already needed years ago.

Thank you, Alders Kemble, Evers, Foster, Heck, Prestigiacomo, Rummel, Baldeh, and Abbas for your leadership in sponsoring Resolution #60764 for the safety of your most vulnerable constituents.

Sincerely,

Gisela F Wilson, PhD

May 28, 2020

Dear Mayor and Alders,

The recent murders of George Floyd, Breonna Taylor, and Ahmaud Arbery by police or retired police once again highlight the need for police oversight, especially for people of color and those with different physical or mental abilities.

Thankfully, several years ago the City of Madison's Common Council formed the MPD Policy and Procedure Ad Hoc Committee to review police protocols in order to minimize the likelihood of the use of excessive force and murder in Madison and Dane County.

A four year process of researching best practices and deliberation in which members of the MPD had equal representation produced a Report with 177 Recommendations to improve the safety of Madison residents and officers.

I find it more than a little distressing that the input and concerns of underrepresented individuals in our communities might be lost as the Recommendations are implemented into MPD Standard Operating Procedures. To prevent this from occurring, I urge you to restore the position of the Ad Hoc Committee in overseeing implementation. It is essential to ensure the original intentions of the Report are maintained. Please don't relegate several years of concerted effort, in many cases volunteer effort on the part of residents hoping to prevent lasting injury and scars for our community, to the status of an empty face-saving gesture on the part of local government and MPD.

Sincerely,

Gisela F Wilson, PhD

### COVID-19 Information Update 6/1/20

June 1, 2020  
10:30 AM

Public Health  
MADISON & DANE COUNTY

## Dane County COVID-19 Daily Update

4 New positive tests  
737 Total positive tests

---

**Want to get tested?**  
You can get a free COVID-19 test at Alliant Energy Center Monday through Saturday.

**Need the latest recommendations?**  
Visit our website for guidance and resources.

[publichealthmdc.com/coronavirus](https://publichealthmdc.com/coronavirus)

As of this morning, there are 737 people who have tested positive for COVID-19 in Dane County, up 4 from yesterday.

#### Alliant Energy Center Community Testing Site Update

- There were 637 samples collected today. 10,115 total samples have been collected at the community test site.
- The test site has been extended to stay open until June 24.

#### [New Blog Post: Fighting for racial justice is essential, even in a pandemic](#)

- Communities across the country--including our own--are reeling from the murder of George Floyd. The past several days have been devastating as we grieve for George and the long line of people of color who have been killed while in police custody. As we all are taking really important actions to protest injustice, we also want to encourage everyone to take precautions against COVID-19:

#### Information for Alders:

Next CCEC and Common Council Meeting is June 2.

Due to MPD being stretched thin, the Wisconsin National Guard has been activated to protect critical infrastructure in the City.

**Subject:** Pass Resolution #60764 NOW  
**Date:** Monday, June 1, 2020 7:04:08 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear President Carter and Alders,

I am a resident of Madison, and I'm emailing to demand for civilian oversight of the police now. Madison PD deployed combat level tactics against peaceful, unarmed protestors who were protesting police brutality against Black people. This has to stop. Madison PD should be working to support the community, not to oppress it. I am disgusted to see videos of police enacting such hatred and violence against these peaceful protestors. Seeing them do this to these protestors and remembering that a Madison police officer murdered Tony Robinson, it sickens me knowing what else they may be doing without civilian oversight. I, as somebody who lives in Madison, DO NOT TRUST my police department and I demand that there is further oversight.

I am writing this email specifically to advocate for Resolution #60764 as is right now. DO NOT let the police guide the process, this should be led by independent parties who are willing to review police actions critically. Pass this resolution now, as is.

Thank you,  
Melissa Morris

**Subject:** Madison PD response to protests  
**Date:** Monday, June 1, 2020 7:01:21 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Alderperson,

I write you as a graduate student of UW-Madison and as a Madisonian. I have witnessed the protest actions over the past two days, and I must say I am extremely concerned with the behavior of Madison PD and the Dane County Sheriffs. I have witnessed needless escalation of conflict, a lack of desire to settle things peacefully, and a complete dereliction of their charge "to protect and serve" us as citizens.

When I fail my duties as a worker, I expect there to be consequences. I believe that the police are failing in their duty, and I strongly urge you to consider a reduction in the operating budget of Madison PD. I believe that city funds would better protect and serve us all by being diverted to other community support programs rather than paying for riot gear and military-grade equipment for police officers who have repeatedly failed in their protective duties.

Thank you for taking the time to listen to a concerned voter.

Erik Flom (he/him)

Dear President Carter and all alders,

I'm writing to urge you, and in fact to plead with you, to pass resolution #60764. The adhoc committee recommendations are years in the making, but they couldn't be up for consideration at a more necessary time. It's vital that we acknowledge the need for oversight in a public system intended to keep us all safe. The recommendations on the use of force, in particular, must be implemented.

Please take action now,

Sara Siegmann

**Subject:** Civilian oversight of police force  
**Date:** Monday, June 1, 2020 6:20:02 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Madison alders,

I am writing to plead with you to work towards civilian oversight of the Madison Police Department.

This has been a long-standing issue, and the riots, violence, destruction, anger, and fear rushing through our country and our community right now are only the latest symptoms of violent structural racism in which black and brown people are not given the right to live their full humanity.

I write to ask for the removal of police from public schools, the importance of repeated de-escalation training, and the civilian oversight of the police force. While there are many good, peaceful, and level-headed people on the police force, even here in Madison we must be vigilant to work against structural violence and racism. I am writing to you as a white person who abhors the racist acts being perpetuated right now.

Thank you for your work on behalf of our city.

Sincerely,

Re: Creating the MPD Ad Hoc Recommendation Oversight Committee

President Carter and Alders:

Please add resolution # 60764 to the Council's Tuesday agenda for action and vote.

This resolution is action in a positive direction to continue supporting the community and MPD, building on progress made and what works, while identifying what no longer serves all involved. Culture change is difficult. This resolution affirms Madison's intent to take best action and implement best practices.

Re: Creating the MPD Ad Hoc Recommendation Oversight Committee

President Carter and Alders:

Please add resolution # 60764 to the Council's Tuesday agenda for action and vote.

This resolution is action in a positive direction to continue supporting the community and MPD, building on progress made and what works, while identifying what no longer serves all involved. Culture change is difficult. This resolution affirms Madison's intent to take best action and implement best practices.

Juli Wagner

Hello,

I live on Union Street here in Madison.

While I have had mostly positive interactions personally with the police, I know that is primarily because I am a white woman conditioned to believe the police are always there to protect. This isn't true always, and they need to be held accountable. I would greatly like to see resolution #60764 put on the agenda for the council to vote immediately. It is more important than ever to create this Oversight Committee.

Cheers,  
Dana Gerber-Margie

Dear President Carter and Alders,

The situation with the police around the country and yes, in our very own neighborhoods here in the lovely Madison has gotten far too much out of control! I want to trust in the institution of police but as they currently stand, I regretfully say that there's no way that's possible. Do the right thing for the health and safety of our community! Pass #60764 on Tuesday.

Regards

[image004.png](#)

## COVID-19 Information Update 6/1/20

As of this morning, there are 737 people who have tested positive for COVID-19 in Dane County, up 4 from yesterday.

### Alliant Energy Center Community Testing Site Update

- There were 637 samples collected today. 10,115 total samples have been collected at the community test site.
- The test site has been extended to stay open until June 24.

### [New Blog Post: Fighting for racial justice is essential, even in a pandemic](#)

- Communities across the country--including our own--are reeling from the murder of George Floyd. The past several days have been devastating as we grieve for George and the long line of people of color who have been killed while in police custody. As we all are taking really important actions to protest injustice, we also want to encourage everyone to take precautions against COVID-19:

**New Data Snapshot**

We are wrapping up the data snapshot and will post it later today. Follow us on [Facebook](#) for notification when it is posted.

The graphic is a blue rectangular card with white text. At the top left, it shows the date and time: 'June 1, 2020 10:30 AM'. At the top right is the Public Health Madison & Dane County logo, which consists of a sun-like icon and the text 'Public Health MADISON & DANE COUNTY'. The main title is 'Dane County COVID-19 Daily Update' in large, bold, white font. Below the title, it reports '4 New positive tests' and '737 Total positive tests'. A horizontal white line separates this from two columns of text. The left column is titled 'Want to get tested?' and describes a free COVID-19 test at Alliant Energy Center from Monday to Saturday. The right column is titled 'Need the latest recommendations?' and directs users to the website for guidance. At the bottom, a dark blue bar contains the website URL 'publichealthmdc.com/coronavirus' in white text.

Breonna Taylor.

George Floyd.

And now, I am reading the heartbreaking news about Black business owner, David McAtee, in Louisville KY, shot down by police in an indiscriminate volley of gunfire into a crowd of protestors. It's a miracle that more cities aren't on fire with the pain and outrage and pent up injustice of it all.

When politicians won't hold the police in check, by shrinking their budgets and redirecting funds to non-violent public health intervention and community-lead supports, by instituting STRONG and BINDING oversight like we could do here with the work of the Ad Hoc Subcommittee and the OIR recommendations, we get outcomes like we are seeing nationwide right now. All it took was 9 minutes of torture by another white officer on the neck of another unarmed Black man, and 400 years of unaccountable white supremacy.

How many times has the Madison City Council voted to shrink MPD's budget instead of raise it?

I demand policing that is accountable to the people NOW and as such, I urge all council members to come together and co-sponsor resolution file #60764 and to demand it be placed on Tuesday's agenda for immediate action. Given the violent overreach of the MPD (among others) during their attempts to enforce curfew on peaceful protestors on the night of 5/31, we need to implement the 177 recommendations of the Ad Hoc now more than ever, and not simply in a way that appeases MPD.

I noted the lack of *explicit* mention of *police* brutality towards Black Americans during the Mayor and Council President's address this past Sunday. I found it remarkable given that the explosion of anguish we see across the country was unleashed expressly because a police officer murdered an unarmed Black man just 5 hours north of Madison.

Council President Carter, I am writing to ask you to put resolution file #60764 on this Tuesday's agenda for immediate action and to let the council vote on it.

No more delays.

In December of 2019, the PSRC and EOC already recommended a committee with Ad Hoc be formed to oversee the implementation of all of the recommendations. Please don't stand between that recommendation, resolution #60764 and just and equitable policing for all. Cities are burning, people are getting killed. Why should I, an eye-witness to the MPD officer-involved murder of my loved one, and others, who experience state-sanctioned violence and trauma daily, still have to beg you to do the right thing?. Wasting time now is nothing more than willful dereliction of duty..

Thank you, Alders Rebecca Kemble, Tag Evers, Grant Foster, Patrick W. Heck, Max Prestigiacomo, Marsha A. Rummel, Samba Baldeh, Syed Abbas. My family and the Community Response Team appreciates your leadership and the risk you are taking for the safety of your most vulnerable constituents.

**Message:**

Dear Alders,

My neighbors, family, friends and I are so disappointed and frustrated by the lack of leadership with the mayor and city council regarding the destruction of State Street and our city. What good is it to have laws and a curfew if we don't enforce them.

I am requesting that you support the men and women of our police department as they try to protect our citizens and our business community. I was shocked to see the protestors, no, they are thugs, destroy our community. They even heavily damaged Goodman's, an institution in our community which has done so much for our poor and disadvantaged.

I sincerely ask that you instruct the mayor to support our police and instruct them to **ARREST** the thugs who want to destroy our people and community.

What happened in Minneapolis is a travesty but we are different in Madison. We **RESPECT** each other. Or we did. Maybe not so much anymore.

If the mayor is unable to handle this terrible situation, I respectfully request that you all ask her to step down and resign her position.

I would love to speak with any of the Alders who might not have the insight of my career and life has brought me.

Again, please support and instruct the police to end this destruction of a once fair, loving and caring city.

I am ashamed to call Madison my home. It is not who we are but a small group of individuals are leading us down this destructive path of violence and hatred.

It is up to you as our leaders to make Madison our home, safe for **EVERYONE**.

As I said, I would love to speak with any or all of you but I don't expect that to happen.

My number is 414 467-5212 and I am available anytime. I would also be available to meet with any Alder who would be willing to sit down and talk.

Thank you very much for taking the time to read this email.

Sincerely,

Gregory Schuler

**Message:**

Hello,

It is clear to me that the police system is failing the citizens it is meant to protect. There is a fundamental issue that has existed for the entirety of its life, and cannot be fixed with minor changes. Issues of this magnitude require changes that reflect the size of the issues. I hope that the council members will take action and help make the major changes that need to be made. I am certainly no legislator, but I would recommend starting with defunding police forces. The resources are not helping to protect the citizens, they are being used to oppress the voices of those who need to be protected. While defunding could be perceived as a radical approach, there are many resources online that are worth considering, and have convinced me that it is an answer to this. I fear that if significant change does not happen soon from our local governments, our local citizens nationwide will have to take it into their own hands, and this weekend has shown me that this option is becoming more and more feasible.

The time is well past when you all need to take a stand, and not just give lip service to changing the current dynamic of policing in Madison.

Please put RESOLUTION FILE # 60764 on the agenda for tomorrow's meeting a vote to implement the recommendations completely.

Let's make Madison a beacon of change for equal rights for all and accountability for our police force.

Lauren Buchholz  
Madison

PUT RESOLUTION FILE # 60764 ON TUESDAY'S COUNCIL AGENDA.

THE PSRC AND EOC ALREADY RECOMMENDED THIS ITEM IN DEC. 2019.

PRESIDENT SHERI CARTER IS TRYING TO STALL/BLOCK IT, AGAIN.

The proposed resolution creates the MPD Ad Hoc Recommendation Oversight Committee to monitor the implementation of the recommendations of the MPD Policy & Procedure Ad Hoc Committee and to provide regular reports to the Common Council. The committee will be staffed by the Common Council Office legislative analyst. Costs associated with the Committee are anticipated to be minimal and will be absorbed with existing resources.

Hello -

I am emailing to request that Resolution #60764 be approved for Tuesday's agenda. The people of Madison deserve a civilian oversight board and independent monitor for the Madison Police Department. We deserve safer and smarter policing, for the good of the citizens and the police force.

Thanks,  
Kristi Kaylo

**Date:** Monday, June 1, 2020 3:08:23 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Mayor and Alders,

Please end the curfew. It only gives the police the opportunity to aggressively counteract what they deem a violation of an order, but is likely peaceful protest.

The recent days show we need community control of our police. We need to implement the MPD AD Hoc Recommendation Oversight recommendations pronto. Continuing to stonewall the report's recommendations reflects poorly on our community.

Finally, send the national guard home. Their presence and lack of training for dealing with protesting community members will only lead to tragic outcomes.

We can make the changes necessary to positively transform our communities. Your leadership on these issues will help.

Sincerely,

Andy Heidt

Dear City Council President Sheri Carter, Madison Alders on the City Council, and Madison Mayor Satya Rhodes-Conway,

We have a window of opportunity to pass resolution file #60764 on Tuesday's council agenda. Policing and law enforcement need reforming. Citizen oversight is important of law enforcement to ensure the safety of people of color in Madison. There is tension with police, and we need immediate policy change.

The proposed resolution creates the MPD Ad Hoc Recommendation Oversight Committee to monitor the implementation of the recommendations of the MPD Policy & Procedure Ad Hoc Committee and to provide regular reports to the Common Council. The committee will be staffed by the Common Council Office legislative analyst. Costs associated with the Committee are anticipated to be minimal and will be absorbed with existing resources.

Thank you in advance for taking immediate action to address these matters,

Hi City Council,

I am a resident of District 16 and live in the Glendale Neighborhood. It breaks my heart to see how my neighbors and friends are crying out for justice. We need to do more to end police brutality/violence. Their tactics are wreaking havoc on our communities and are killing black people every day.

Something has to change within our community and country. Please use your power to put pressure on our mayor and other elected officials to bring about a real change with our police force. This has gone on for far too long. Black people deserve better.

Thank you for your attention to this matter!  
Nicholas Pichette

Hello:

I see that today several alders proposed resolution file number 60764 relating to creating an MPD Ad Hoc Recommendation Oversight Committee.

**I'm writing to ask that this matter be put on the agenda for tomorrow's meeting or as soon as possible.**

I believe this committee is vital to make sure that the recommendations of the MPD Policy & Procedure Ad Hoc Committee are actually implemented, and to make sure that regular reports are provided to the Common Council.

Thank you,  
Mary Pfothenauer  
District 6 resident

The time is now if you want to reform our police. The way to stop the protests is to introduce this resolution to create an Ad Hoc committee to monitor implementation of the recommendations of the MPD Policy & Procedure Ad Hoc Committee and to provide regular reports to the Common Council. Ignoring the groundswell outside your doors means you do not want to reform our police and you are satisfied with their use of tear gas and other violent methods. Let's reform MPD and join other cities where police kneel side by side with protesters.

President Carter -

It's a time of upheaval and grief - let there be action, and not just talk, of working together.

The protests around the country demand an audience and they demand action. We in Madison have a remarkable opportunity to prove we mean what we say about community, peace, and good-faith policing.

**PUT RESOLUTION FILE # 60764 ON TUESDAY'S AGENDA AND LET THE COUNCIL VOTE!**

We have the recommendations - now we need citizen oversight. The police work for us - they must be accountable to us.  
Allow the alders to vote on creating the MPD Ad Hoc Recommendation Oversight Committee to monitor and report on the implementation of the recommendations of the MPD Policy & Procedure Ad Hoc Committee

We owe it to Madison's youth of color risking their safety to be heard, and to the entirety of our community, to put ideas into practice and begin to repair the harm done by the police, who also stand to benefit from increased accountability, community connection, and clarity.

Put resolution file #60764 on the agenda and may we move forward together.  
Many people are upset and afraid, whether protesters or onlookers - if a riot is the language of the unheard, let's start listening. And act.

In hope,  
Laura Zimmerman

Hello Alders and Mayor -

I am writing to ask that you create an MPD Ad Hoc Recommendation Oversight Committee to monitor the implementation of the recommendations of the MPD Policy & Procedure Ad Hoc Committee.

Now is also a perfect time to hire a new police chief who is willing to make the tough choices that need to be made to turn MPD into a police department that is anti-racist and emphasizes restorative justice practices, and minimizes violence of any kind.

We can - and should - make changes that will make Madison an example of what can be done to create a police department that truly works to keep ALL members of our community safe.

Sincerely,

Lisa Dugdale

**Resolution - Creating the MPD Ad Hoc Recommendation Oversight Committee.**

Sponsors: Kemble, Evers, Foster, Heck, Prestigiacomio, Rummel, Baldeh and Abbas

WHEREAS, on May 19, 2015, in the aftermath of the fatal shooting of Tony Robinson by MPD Officer Matt Kenney, the Madison Common Council adopted RES-15-00477, “Declaring the City of Madison’s intention to review policies, procedures, culture and training of the Madison Police Department by hiring an expert(s) in community policing, law, problem oriented policing, racial disparities and implicit bias and the creation of an ad hoc committee”; and,

WHEREAS, on November 18, 2015 the Madison Police Department Policy & Procedures Ad Hoc Committee (Ad Hoc Committee) held its first meeting; and,

WHEREAS, on June 7, 2016 the Madison Common Council adopted RES-16-00436, “Amending the work timeline and funding amount for the City of Madison Police Department Policy & Procedure Review Ad Hoc Committee and amending the 2016 Adopted Operating Budget to appropriate \$350,000 from the Contingent Reserve to the direct appropriation supporting the work of this committee”; and,

WHEREAS, on June 6, 2016 Madison Police Chief Mike Koval published a blog post lobbying against the additional expenditure of \$350,000, referring to Madison residents advocating for police accountability as “the perpetually offended,” and directly threatening Alders stating, “You are being watched. And be on notice: this is a pre-emptive first strike from me to you.”; and,

WHEREAS, on August 2, 2016 the Common Council Executive Committee created the ‘Presidents Work Group on Police and Community Relations to:

- Provide a forum for residents and members of the Council to discuss police and community goals, priorities and interactions. Build a deeper understanding of policing for elected officials and members of the public; and,
- Explore models and options from other communities related to policing and other police policies; and,
- Provide a forum for information sharing regarding police training, policies, data and trends including detailed presentations from the MPD related to policing; and,
- Make recommendations to the Council on short-term policy, procedure and training while waiting for the results of the Ad Hoc Review of Police Policies and Procedures.

WHEREAS, on November 1, 2016 the Madison Common Council adopted RES-16-00838, “Accepting the recommendation of the Madison Police Department Policy and Procedure Review Ad Hoc Committee to select Michael J. Gennaco d/b/a OIR Group as the expert consultant to conduct the review of the Madison Police Department.”; and,

WHEREAS, on May 1, 2017 the President’s Work Group on Police and Community Relations

completed its work with a final report and 13 recommendations ; and,  
WHEREAS on January 11, 2018 the OIR Group presented its final report and recommendations to the Common Council; and,

WHEREAS the Ad Hoc Committee continued to evaluate the OIR recommendations, working with MPD and the City Attorney’s office to develop a final report including a comprehensive set of 177 recommendations ; and,

WHEREAS on August 6, 2019 the Common Council adopted RES-19-00578, “Accepting two recommendations from the Madison Police Department Policy and Procedure Review Ad Hoc Committee; 1. ‘Civilian Oversight/Independent Monitors Office and 2. Comprehensive Internal Review and Root-Cause Analysis of Critical Incidents ”; and,

WHEREAS, On November 20, 2019 the Public Safety Review Committee recommended adoption of the final report of the Ad Hoc Committee with a further recommendation that a new committee be formed to oversee the implementation of the report’s recommendations.

WHEREAS, on December 12, 2019 the Equal Opportunities Commission recommended adoption of the final report of the Ad Hoc Committee with a further recommendation that a new committee be formed to oversee the implementation of the report’s recommendations and that an EOC member be appointed as a member of that committee.

WHEREAS, on January 21, 2020 the Common Council adopted the final report of the Ad Hoc Committee including the recommendation that a new committee be formed to oversee the implementation of the report’s recommendations.

WHEREAS, on April 21, 2020 the Common Council adopted RES-20-00304, “Establishing a Body-Worn Camera Feasibility Review Committee as recommended by the Madison Police Department Policy and Procedure Review Ad Hoc Committee” with a charge of taking up 4 of the 177 recommendations that relate to body cameras; and,

WHEREAS, on April 21, 2020 the Common Council voted down an amendment to allow the Common Council to refer questions about any of the remaining 173 recommendations to the Body-Worn Camera Feasibility Review Committee on a 12-8 vote; and,

WHEREAS, the 177 recommendations from the Ad Hoc Committee report represent a major investment by the City of Madison and four years of work by dozens of residents and elected officials committed to improving the accountability and performance of the Madison Police Department; and,

WHEREAS, this investment of time and money can be fully realized only if the recommendations are implemented in alignment with their original intent, and the authors of those recommendations - the Ad Hoc Committee - are best positioned to ensure the integrity of the work; and,

WHEREAS, in the aftermath of the May 25, 2020 killing of George Floyd by Minneapolis Police Officer Derek Chauvin, Madison residents have increased their calls for community control of the police:

NOW, THEREFORE BE IT RESOLVED, that the MPD Ad Hoc Recommendation Oversight Committee will be formed in order to monitor the implementation of the recommendations of the MPD Policy & Procedure Ad Hoc Committee and to provide regular reports to the Common Council; and,

BE IT FURTHER RESOLVED, that the MPD Ad Hoc Recommendation Oversight Committee will work with MPD, the Mayor, the Common Council, and the Police and Fire Commission to conduct their work; and,

BE IT FURTHER RESOLVED, that the membership of the MPD Ad Hoc Recommendation Oversight Committee will include the following members:

- 1 member of the Public Safety Review Committee elected by the committee;

- 1 Member of the Equal Opportunities Commission elected by the committee;
- 2 Alders appointed by the Council President;
- All former members of the Madison Police Department Policy and Procedure Review Ad Hoc Committee who wish to serve. Interested members will forward their name to the Council President for formal appointment; and,

BE IT FINALLY RESOLVED, that the MPD Ad Hoc Recommendation Oversight Committee will be staffed by the Common Council Office legislative analyst and will complete its work when all 177 recommendations have been addressed or when the permanent Civilian Oversight Board is ready to accept the responsibility for oversight of the recommendations.

ALDER PRESIDENT SHERI CARTER, PUT RESOLUTION FILE # 60764 ON TUESDAY'S AGENDA AND LET THE COUNCIL VOTE!

THE PSRC AND EOC ALREADY RECOMMENDED THIS ITEM IN DEC. 2019.

PRESIDENT CARTER IS TRYING TO STALL/BLOCK IT, AGAIN.

The proposed resolution creates the MPD Ad Hoc Recommendation Oversight Committee to monitor the implementation of the recommendations of the MPD Policy & Procedure Ad Hoc Committee and to provide regular reports to the Common Council. The committee will be staffed by the Common Council Office legislative analyst. Costs associated with the Committee are anticipated to be minimal and will be absorbed with existing resources.

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Obviously we have an emergency situation in Madison right now, with the pandemic, protests, and now rioting. I have a few thoughts I want to share.

Over the last few years since the death of Tony Robinson, a committee worked to understand the problems and policing and the communities affected most. A very thorough and specific set of recommendations are laid out in that report to improve our policing in Madison.

What needs to happen now, is that the ad hoc committee members need to be allowed to be involved in the implementation and oversight of that process within the MPD. It shows a lack of accountability to leave MPD to implement the content of the report on their own. The ad hoc committee members know the topic deeply and can be pivotal in a successful implementation to improve our community policing.

This should be part of a public announcement about changes in the policing and accountability to the police and transparency for the community at large.

We are poised to make these changes, but we need to work together for the good of all.

I would also like to see joint press conference with the Mayor and protest organizers like Freedom Inc. to speak to the protesters about the parameters we need to have right now for everyone's safety, to allow freedom of protest and then to be able to separate the protesters from those who are here inciting violence which is then in turn putting rightfully angry youth who are out in the street, into harms way.

Greetings,

Timing is everything. I know that many of you are receiving emails requesting or demanding that all police officers wear body worn cameras for transparency. I have received three emails so far today, and I have receive numerous others this past weekend). I am also aware that members of the MPD command staff are receiving similar emails. I believe that many of these requests/demands are due to the real or perceived actions of officers over the past several days, but the emails correctly note that a BWC can provide vital information on interactions between officers and citizens. I still believe that there is strong support for a BWC program in Madison.

I also still firmly believe that it is important to conduct a pilot project in Madison to evaluate the benefits and liabilities of a BWC program before making a decision regarding implanting a City-wide program. To that end I am working to prepare a proposal to conduct a BWC pilot program in conjunction with the work of the BWC Feasibility Review Committee. This BWC pilot program should be budget neutral, so I am hoping that it could start soon.

I will be working with MPD staff to prepare this proposal. I am hoping that the Council will find that a pilot project is necessary to make an informed decision.

Good morning Alders,

I just wanted to provide an update on the status of the Body-Worn Camera Feasibility Review Committee.

- The Mayor and Council President have given us permission to set up the Body-Worn Camera Feasibility Review committee.
- Karen our legislative Analyst has reached out to the chairs and staff of the PSRC and EOC

requesting that they place an item on their next agenda to elect a representative from each of their committees to the Body-Worn Camera committee. Both PSRC and EOC are listed on the meeting schedule from the Mayor's Office as scheduled to meet virtually the 2<sup>nd</sup> week of June.

- Karen has also sent out a request for general schedule information to the members listed in the resolution establishing the committee, which was requested by Laila D'Costa and has received responses from almost all committee members so we plan on sending out the identified schedule parameters to Laila in order to receive a set of possible first meeting dates.

Please let me know if you have any further questions.

Sincerely,

Kwasi K. Obeng, Chief of Staff

**Subject:** Re: PSRC VIRTUAL MEETING  
**Date:** Monday, June 1, 2020 11:55:15 AM

---

DO NOT REPLY CALL - FOR INFORMATION ONLY.

President Carter and Vice President Abbas.  
I request a response.

I renew the request to have a virtual meeting of the PSRC during these critical days. To have 20 Alders independently requesting the same or similar questions...to offer a letter drafted and signed by "some alders" asking the questions outlined in the letter intentionally bypasses and in application dismisses the body charged by ordinance to do this very thing.

Description      Reports

Madison General Ordinance Sec. 33.22 - The board shall be advisory to the mayor and Common Council to assist them in the performance of their statutory duties. The board may review and make recommendations concerning departmental budgets; review service priorities and capital budget priorities of the Police and Fire Departments; serve as liaison between the community and the city on public safety issues; and review annually and make recommendations to the Common Council regarding the annual work plans and long-range goals of the departments.

This demonstrates how systemic inequality continues to live. The PSRC is the reporting body by Ordinance charged to ask these questions and provide a report back to the Executive Committee/Common Council is the appropriate process. I am concerned when it is presented in a manner which again divides us. I will not be able to sign on to an agenda of some Alders which in essence dismisses a process already in place. We all are concerned with the recent events of anger, frustration, protests unfolding across our nation. That demonstration of concerned should represent ALL ALDERS - WHAT MESSAGE DOES THIS SEND?

Dear Colleagues -

I have drafted a letter to Chief Wahl with questions and concerns about their operations last night. Please let me know by 11:15 this morning if you would like to sign on.

Dear Chief Wahl:

What we witnessed on the news last night was a gross and unnecessary display of force that deepens community divide and mistrust of the city and other bodies of government. Instead of kneeling with protesters, MPD led a militarized police effort that escalated the situation with pepper spray, gassing, injuries, and harmful trauma to youth and others in the downtown area last night.

Please provide us with the following information:

1. Incident reports from last night;
2. Information on the equipment/uniform MPD officers were wearing, the weapons they had on hand, and the weapons used, including manufacturer, and any MPD policies for training and deployment of these weapons, including any training or policies related to deployment during COVID-19;
3. The number of people taken into custody, numbers of people released, their ages, and their race, and the grounds for their arrest;
4. The number of people injured, a description of each injury, the source of injury, and what medical treatment was provided to them; and,
5. Policies and SOPs regarding policing protests and civil disobedience.

We look forward to your prompt response. People are hurt and angry and we need answers about what happened last night.

Sincerely,

Rebecca Kemble

**Subject:** Is Council leadership still meeting with MPD Chief  
**Date:** Monday, June 1, 2020 11:40:54 AM

---

Hi Council President and Vice President -

In the pass there use to be regular scheduled meetings with with the police chief and some of his officers to discuss burning issues with leadership and communicate back to the rest of the council. If these have been happening I have not heard or seen any communication.

I think the United States is at a crossroad and communities particularly those of color are perplexed by what is happening. This, more than any other time is when we should sit at the table with our law enforcement partners and have a conversation around these very challenging and disturbing issues. Also, in the pass the mayors calendar was shared with council; I have not seen that come through in a long time. These are not only good for transparency but trust and accountability.

Leadership please advise.

Thank you.

---

Alders,

Please let me know if you wish to be added to the following resolution that Council President Carter is introducing for adoption under suspension of the rules at the 6/2/20 Common Council meeting (addendum) AS SOON AS POSSIBLE. Thank you!

**Lisa Veldran, Legislative Services & Council Office Manager  
Madison Common Council Office**

**Resolution - Denouncing the murders of African Americans across the United States of America without consequence.**

WHEREAS Madison's Common Council passed a resolution last year recognizing the presence, struggles and resilience of African Americans over 400 years since landing on the shores of Virginia as slaves; and,

WHEREAS, on October 15, 2019, Madison's Common Council passed a resolution declaring racism as a public health crisis; and,

WHEREAS, on June 17, 2009 the Common Council passed a resolution condemning hate motivated violence; and,

WHEREAS, Madison has experienced its share of police involved violence against unarmed African American men; and,

WHEREAS, we have witnessed the murders of unarmed African American men and women at the hands of law enforcement and former law enforcement from Sandra Bland to Breonna Taylor to Mike Brown, Eric Garner, Freddie Gray, Ahmaud Arbery to now George Floyd; and,

WHEREAS, the Madison Common Council grieves and empathizes with the hurt of the African American community in Madison and across the United States; and,

WHEREAS, the Trump administration has systematically weakened the Civil Rights Division of the Department of Justice, responsible for rooting out racial prejudices in law enforcement and criminal justice practices; and,

WHEREAS, the City of Madison Common Council continues to take steps to ensure that policies and procedures of the Madison Police Department do not result in similar outcomes of murders of unarmed Black persons,

NOW, THEREFORE, BE IT RESOLVED that the City of Madison Common Council denounces the actions of former Minneapolis police officer Derek Chauvin in the murder of George Floyd on May 26, 2020; and

BE IT FURTHER RESOLVED, that the Common Council acknowledge that not all police officers are evil, however, Derek Chauvin's actions were deplorable, horrific, and infuriating. We also deplore the actions of the officers who stood by and did nothing and expect them to be held accountable as well, with charges; and,

BE IT FURTHER RESOLVED, that we ask and expect of all police departments including the Madison Police Department, to hold themselves accountable. The community depends on police departments from the top to bottom to act in such a way that if they see another officer doing something that is unsafe, out of standard operating procedures, unacceptable, illegal, or if someone's life is in danger as a result of their actions, to step in and stop it; and,

BE IT FURTHER RESOLVED, that we ask all legislators on local, state and federal levels of government to work and enact nationwide police and criminal justice reforms,

BE IT FINALLY RESOLVED, that the City of Madison Common Council challenges all residents of Madison, Wisconsin and Nationwide to amplify their voices in upcoming elections to elevate those who will work towards the cause of eradicating the dual justice systems in America and implement reforms institutionally.

### **Statement on George Floyd Murder from Council President and Alders**

The Common Council denounces the Minneapolis police Officer Derek Chauvin's action in the murder of George Floyd on May 26, 2020. The video of the tragic killing of Mr. George Floyd played out for the world to witness. Once again, we heard the words – "I can't breathe, I can't breathe."

Again, those words are met with silence by the officers' present at the scene.

Alders & Mayor Rhodes-Conway:

I've never seen anything more horrifying in my life than hundreds of police and national guards swarming the streets of my city to chase down and gas young people. No more curfew. Madison Police Department in particular has a record of brutalizing black youth in our community and it is sick sick sick that our mayor has given them a green light to go wild on whole groups.

There were no outside agitators. These were young people and people from our own community. Police gassed indiscriminately, targeting people who were providing medical treatment to others from subsequent gas attacks as they lay in the street. They are monsters and they should never have been unleashed.

The businesses on State Street and downtown will all be fine. The people who were relentlessly attacked last night will never be the same after the violence they were subjected to.

I will also say that some of these young people SPOKE SPECIFICALLY about how they have been forced back to work during a pandemic. Thanks again, Mayor! Risking their lives to illness during the day, risking their lives at night to stand up to oppression. What a vile city that shows so little care to the people who live here and so much care for the businesses. We deserve better than this.

Dear Alders,

I have been devastated by recent acts of police violence against people of color throughout the U.S., and at the violence this has led to more locally. In researching our current Madison Police Department Policies of Procedure, I was surprised to learn that our police officers are not currently equipped with body cameras, though it has been considered in the past. It is my view that equipping our police officers with body cameras would help increase transparency throughout the community as well as help provide additional oversight and protection for the MPD. I would appreciate your support in implementing body cameras in Madison.

Sincerely,

Shannon Dowling

**Date:** Sunday, May 31, 2020 8:18:56 PM

---

I am logging in to my work email for the sole purpose of violating work rules. I haven't done this since I had then-Alder Satya Rhodes-Conway send a call for an illegal work stoppage from our occupation of the Capitol in 2011.

I cannot and will not support a curfew in the City of Madison. There is basically nothing I can do about this. I will exercise my white privilege by biking around my downtown neighborhood after 9:30pm. I won't get arrested, or even questioned, because I am a middle aged white male.

I will be coding my assigned hours tomorrow as unpaid (not using paid leave, not doing work) in direct violation of work rules. I am willing to accept discipline for this action.

Afterwards, I'll go back to my silent and banal staffing of the Police and Fire Commission next Monday and continue to do all the things that are part of dedicating my life to serving my neighbors and my city. My little gesture will be immediately forgotten. I am wasting your time and my time with this message. Nobody on Earth will ever care whether I got paid or not on Monday, and I'll probably get bored and sneak some work in while I'm insisting on not being paid and expecting everyone to act as though I really had been out walking a picket line.

I hate that my privilege allows me to send an email to everyone in power over me and expect no real repercussions. I wouldn't be shocked if due to budget issues, I'm forced to take comp time instead of unpaid time. Unless of course you're looking for cuts to cover police overtime, in which case here's 7.75 hours.

If y'all want to exclude me from management meetings, I understand. Please be aware that I found out about the curfew by word of mouth, not from any privileged communication.

I hope everyone is well tonight --

I wanted to drop a quick note to let you know that the National Guard has responded to MPD's request for assistance and their primary job will be helping to guard infrastructure and buildings including CCB, freeing MPD officers to be on the streets.

The EOC has been set up at the water utility building and will be working tonight.

Feel free to call or email either myself or Cam McClay tonight with questions or concerns.

My cell is 608 301 6602

Cam is 608 513 8509

Be well --

Mary Bottari

As the City was being decimated, cops were under siege, and a police squad car was set on fire, you stood there during your presser and said nothing to diffuse the situation. Not one word of support for our cops on the front lines. Not one word of disdain for the rioters, except to have the *audacity* to blame this on privilege?

Mayor, I work 60 plus hours a week so I can pay exorbitant property taxes for fewer services than when I first moved here. That's *my* privilege.

Perhaps your history is different than mine. *My* grandparents came here from eastern Europe at the beginning of the 20th century off a boat (steerage), and were treated like garbage by other whites. My father worked and sweated in a factory. We were looked down upon by Anglo-Saxons. I lived in a rundown apartment during my childhood. That's *my* privilege, Mayor.

Please tell me, once and for all, so I can understand Mayor, how am I racist? Or my white friends and family? What have we done to oppress anyone?

Is it because I'm white? Because if that's how you and your alders think, then *you're* the ones who are racist. Basing a person's worth by the color of their skin is the definition of racism. And that's how you and like-minded people think – you put people into limiting categories based on their race, rather than by their merits, level of character, and good works.

How are Madison police officers racist, Mayor? Nobody cares as much about the black community than our police officers do. Who's in the communities mentoring black youth, working with black citizens, putting their lives on the line for black lives? Be thankful that you still have these dedicated men and women willing to wear a badge after how the City treats them.

Paul Soglin isn't my favorite person in the world, but he would have done a hell of a better job than you did.

Absolutely shameful display!

**Message:**

I watched both Channel 3's and Channel 27's coverage from 6 p.m. until 11 p.m. last evening of the State Street protest. My thoughts:

1. I was greatly saddened to see the window of Goodman's Jewelers broken, but surprised that MPD was not there sooner.
2. I did not see any of the rock throwing or chair throwing.
3. I did see MPD launch three canisters of tear gas into a crowd of about 50-75 people, causing all to scramble and run towards other citizens.
4. The newscasters described this usage as "quite liberal" usage of tear gas canisters.
5. Later on, I saw at least two other instances of tear gas, primarily used on innocent people.
6. It appears that the total number of people on State Street ranged from about 250-350 over the course of the evening. It appeared that no more than 40 were causing destruction or looting, and that MPD made no attempt to go after the guilty parties, instead deciding to tear gas everyone.
7. Regardless of whether or not some people were not from the area, many people, including those in restaurants, suffered from the effects of the tear gas.

My questions for the mayor, the interim chief of police, and the Council:

1. Why was MPD consolidate in large groups instead of smaller groups of 6-8 in various locations where the damage was occurring?
2. Why did MPD not go after the individuals committing the crime?
3. Why was it decided to tear gas everyone on State St. instead of using fire hoses or smoke grenades?

The answers provided by the mayor and the interim chief of police have been incomplete and/or false.

Last night demonstrated that our police force was ill prepared for such an event and, I believe, an improvement plan needs to be put in place.

Thank you for listening.

David Hannes

**Subject:** Full implementation of MPD Policy and Procedure Ad Hoc Committee Recommendations with Oversight  
**Date:** Saturday, May 30, 2020 5:37:07 PM

---

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Mayor and Alders,

I can make this short because you already have in your hands a volume of information as to why the **Madison Police Department Policy and Procedure Ad Hoc Committee recommendations need to be implemented fully** and I appreciate that the Council accepted the Ad Hoc committee's report in January.

I've been around this city and city committees long enough to know that developing a plan is just one step, and far too often we stumble on the implementation of that plan.

**I urge you to also support The Ad Hoc Committee as part of implementation oversight**, as it was with good reason this specific group of people with their knowledge and experience were the ones chosen to develop the recommendations, and they are the same reasons this group of people are the best ones to have oversight of the implementation of the recommendations.

with gratitude,

Leslie Schroeder

Hello all Madison Alders and Mayor Rhodes-Conway,

It's been brought to my attention that the Madison Police Department Policy & Procedure Ad Hoc Committee Report still languishes somewhere not getting fully passed. This report took four years in the making with input from experts around the country and is, therefore, the whole enchilada. It is a carefully crafted total package; something that has been gone over ad infinitum by the MPD Policy & Procedure Ad Hoc Committee and should be passed entirely or the power of it - of it protecting the city of Madison's citizens *and* police officers will be lost.

Please allow the Ad Hoc Committee to finish it's job to make the report binding. Our city deserves this document. It provides more safety to everyone involved.

Sincerely,

Ken Swift

## For Alder Blogs:

### COVID-19 Information Update 5/29/20

The graphic is a blue rectangular card with white and dark blue text. At the top left, it says 'May 29, 2020 9:30 AM'. At the top right is the 'Public Health MADISON & DANE COUNTY' logo. The main title is 'Dane County COVID-19 Daily Update'. Below that, it reports '27 New positive tests' and '713 Total positive tests'. A white horizontal line separates this from two columns of text. The left column asks 'Want to get tested?' and provides information about a free COVID-19 test at the Alliant Energy Center. The right column asks 'Need the latest recommendations?' and directs users to the website for guidance. At the bottom, a dark blue bar contains the website URL 'publichealthmdc.com/coronavirus'.

As of this morning, there are 713 people who have tested positive for COVID-19 in Dane County, up 27 from yesterday's update. Fourteen of these new positives are from the community test site, 3 are from the VA Hospital, and 10 are from other sites (e.g., doctor's offices, hospitals, clinics).

#### Alliant Energy Center Community Testing Site Update

- There were 598 samples collected yesterday (5/28) and 525 samples collected today. 9,068 total samples have been collected at the community test site.
- The test site has been extended to stay open until June 24.

#### Other Updates

We've gotten questions about mass gatherings:

We believe the best way to slow the spread of COVID-19 is to limit the number of individuals gathering at one specific time at one location to 50 people max, with physical distancing. Under the Order, a business is subject to the 25% capacity rule for everyday operations. If a business is going to have a mass gathering (e.g., meeting, training, conference, movie, religious service), it must also follow the mass gathering rules under the Order. Please understand all places that have a mass gathering, including places of worship, concerts, movie theaters, conventions and other venues are limited to the same capacity limit of 25% of capacity up to 50 people, whichever is less. Size limits are recommended to minimize risk of

transmission and exposure and reduce the spread of illness.

Religious entities are not treated any differently under the Order. All mass gatherings under the Order are treated the same, regardless of where they are being held (office space, restaurant, religious facility) and all religious entities are being treated the same. There are no “government watchers” who will be policing any business or religious entity. In the shared spirit of keeping our friends, neighbors, and loved ones well, we ask everyone to identify ways to comply with these orders to reduce the risk of transmission of COVID-19.

The Order defines a Mass Gathering as a “planned event with a large number of individuals in attendance, such as a concert, festival, meetings, training, conference, religious service, or sporting event.” Mass gatherings offer more opportunities for person-to-person contact and therefore pose greater risk of COVID-19 transmission. The purpose of a mass gathering is to draw a large number of individuals to a single location and results in a large number of individuals arriving, attending, and departing at approximately the same time and increases opportunities for spreading the virus. That is why the Order makes a distinction for mass gatherings.

We’ve had a lot of rainfall recently. Mosquitoes lay their eggs in standing water, so now’s the time for folks to walk around their home and dump out flower pots, buckets, and anything else that’s been collecting rainwater! While there is no evidence to suggest that COVID-19 can be spread by mosquito bites, West Nile virus can! While we’re taking precautions when we go outside to protect ourselves from COVID-19, we should add in protecting ourselves from mosquito bites too. Our [news release](#) has the details on getting rid of mosquito breeding grounds and steps to take to fight the bite!

Hello, I am wanting to know two things about the Madison Police Department:

1. Are they required to wear body cameras while on duty?
2. When are they required to begin recording?
