I see that they appear to be up for license renewal. I live across the street from this bar, and it is increasingly becoming a nuisance. The noise is deafening at times, and there is significant loitering increasing in the parking lot. I'm not sure if the loiterers are patrons of the business or not. Vehicles come and go at frequent intervals while the loiterers are present. Last Thursday there were 10-12 extremely noisy motorcycles in the lot with riders congregating outside. Frequent neighborhood motorcycle rides 1-2 minutes, revving of very loud engines, loud music & yelling unable to hear my television with the doors and windows closed. Noise even beyond midnight. Please help us make this stop!

I would recommend denying the license as this establishment is making it impossible to continue living in this beautiful new building above the new Pinney Library.
