Subject: Resident of Johnson St Against 60674

Caution: This email was sent from an external source. Avoid unknown links and attachments.

Dear Board of Public Works,

I have lived on Johnson Street, between Butler and Hancock, for four years. The vast majority of people who drive down Johnson Street do not live on Johnson Street.

According to Agenda Item 60674, and the justification given by ATC in their letter to residents dated June 5, 2020, it appears that City Engineering prioritizes the convenience of the people who drive down Johnson Street over the peaceful enjoyment of the people who live on Johnson Street.

If this utility work is expected to produce any noise, I ask that it be kept to the daylight hours, so that the people who live on Johnson Street -- who have bedroom windows that face Johnson Street -- can sleep peacefully and without disruption.

I am unable to attend tonight's meeting, but I have registered in opposition to this agenda item, and I urge the Board to do the same.

Thank you for your time and consideration,

Jonathan M. Bartnik (he/him)
