Dear City Officials,

I respectfully urge your support for The Langdon. Students are an integral part of the economic and cultural experience of the City, and Hub Lifestyle brings a unique hospitality experience that will be woven into the fabric of the community.

Existing inventory fills up quickly, and this project will help enhance the City by generating much needed tax revenue and creating jobs, which are extremely important in these uncertain economic times.

Core Spaces has incorporated feedback from the community, and they have the experience needed to create a world-class residential community that both students and Madison residents can be proud of.

Sincerely,

Mitch Lopez
