The agenda was very hurriedly amended yesterday and the change did not take into account recent instructions on adding late items.

I am working with City IT to see about getting this corrected.

Hello All,

When I try to register to Support or Oppose Item 13 for today's Transportation Commission meeting which the agenda indicates is a "SUBSTITUTE - Approving roadway geometry for the construction of Cedar Street ..." the registration form shows:

Committee Name \* required

Transportation Commission

Meeting Date \* required

07/22/2020

Agenda Item # \* required

13

Metro Service Restoration Plan: 6

Cedar Street Roadway Geometry: 7

Spaanem Avenue Stop Signs: 8

**Agenda Item:** 13 61410 Update on Traffic Calming Subcommittee.

The agenda indicates that the "Update on Traffic Calming Subcommittee" should be Item 14. Has Item 13 from the agenda been dropped from today's meeting? That seems unlikely since it's still on the agenda.

Please let me know what's going on.

Regards,

Dave
