

High Crossing Fifth Addition – Phase 6
Contract 8935, Project 13168

Project details: The Developer will construct the stormwater facilities of Outlot 4, 1750 City View Drive. The stockpile plans on private property on the east side of City View Drive are not included in this Developer Agreement. The plan has been reviewed by WDNR and City Engineering. City Engineering staff will inspect the project and final as-builts will be provided to the City. A CSM will dedicate this outlot to the City of Madison.
