

Zoom Chat Log from September 14, 2020 PFC Meeting:

19:12:01 From Jerry - Meadowood Neighborhood : I'd like to thank the PFC for all of their time and energy in seeking input from Madison. On behalf of Meadowood Neighborhood, I give you my thanks along with my hope that our voices will play a role in the final decision. Good luck. Jerry

19:17:55 From Mike Quieto (Minute Taker) : [policechiefsearch@cityofmadison.com](mailto:policechiefsearch@cityofmadison.com)

19:31:00 From Jerry - Meadowood Neighborhood : If your goal is to have a candidate that is committed to the "Final Report of the President's Task Force on 21st Century Policing", that's a good place to start in order to direct your summary of the community input. It's long and meandering, but does guide in general terms of what seems to matter to Madison.

19:35:22 From Kevin Gundlach : I have another obligation. I have to go.

19:37:18 From Jerry - Meadowood Neighborhood : And as I shared tonight, maybe not as clearly as I wished, there are general underlying themes that have been stated by a large part of the public in their comments. In reading through everything that I could find, many of those themes became more obvious. Good luck.

20:38:34 From Karen Meulendyke (she/her) : Thank you for the open meeting! I appreciated the conversation.
