Hello Jim,

I can't believe almost 5 months has passed since our last extension approval. I wanted to reach out as we are not going to be opening in the timeline we had planned. Currently we are shooting for the second week of May for a real opening. It just doesn't make any sense from a business perspective for us to open right now or anytime real soon unfortunately.

We also have decided to lease an additional space that is being built beside station building. They are connected to each other, to ideally have more private space. I wonder if we could apply for this to be included in our liquor license as well?

Thank you so much Jim!
