#### Independent Auditor's Report

Board of Directors Overture Center Foundation, Inc. Madison, Wisconsin

We have audited the accompanying consolidated financial statements of Overture Center Foundation, Inc. and Overture Development Corporation, which comprise the consolidated statements of financial position as of June 30, 2020 and 2019, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes, the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

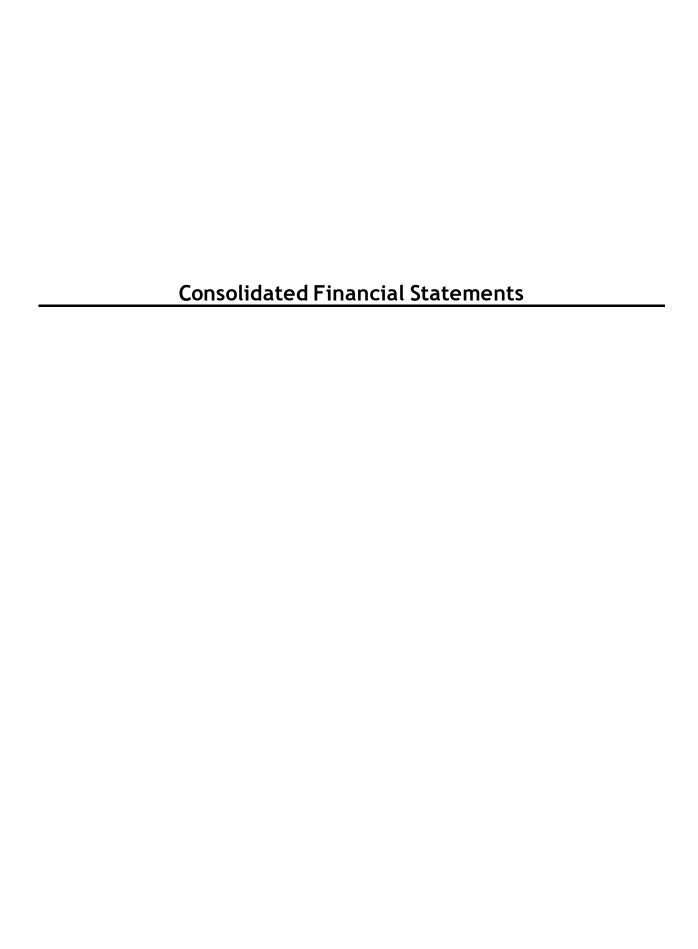

#### Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Overture Center Foundation, Inc. and Overture Development Corporation as of June 30, 2020 and 2019, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### Notes to Consolidated Financial Statements

# 1. Information about the Organization and Summary of Significant Accounting Policies

Overture Center Foundation, Inc. (OCF) is a Wisconsin non-stock, tax exempt organization that leases and operates the Overture Center for the Arts (the Center), a performing and visual arts center in Madison, Wisconsin. OCF's mission is to enrich the lives of individuals and the community by creating, encouraging, and catalyzing extraordinary experiences. Among other activities, OCF raises funds to support free and low-cost community and education programs, as well as other programs and initiatives which help to advance the mission. The Center is also home to ten resident companies: Bach Dancing and Dynamite Society, Forward Theater Company, Children's Theater of Madison, Li Chiao-Ping Dance, Kanopy Dance Company, Madison Ballet, Madison Opera, Madison Symphony Orchestra, Wisconsin Academy, and Wisconsin Chamber Orchestra (collectively, Residents).

Overture Development Corporation (ODC), a Wisconsin non-stock, tax exempt organization, was established on June 8, 2000, for the sole purpose of constructing the Center. On August 5, 2011, the Block 65 Condominium Association was formed and the Center was split into two condominiums. Unit one was gifted to the Madison Museum of Contemporary Art (MMoCA). Unit two was retained by ODC and leased to OCF. The bylaws of ODC require that three of the five board members be members of OCF's board of directors. This composition of ODC's board gives OCF a majority voting interest in ODC and, thus, requires the consolidation of ODC with OCF.

A summary of the significant accounting policies applied in the preparation of the accompanying consolidated financial statements follows:

#### Principles of Consolidation

The consolidated financial statements include the accounts of OCF and ODC, (collectively referred to as the "Organization"). ODC is consolidated since OCF has both an economic interest in ODC and control of ODC through a majority voting interest in its governing body. All significant transactions and balances between the organizations have been eliminated for financial statement purposes.

#### **Basis of Presentation**

The consolidated financial statements of OCF have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

#### Estimates

The preparation of consolidated financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Notes to Consolidated Financial Statements

#### Cash and Cash Equivalents

OCF defines cash and cash equivalents as highly liquid, short-term investments with a maturity at the date of acquisition of three months or less, except for those amounts held for investment purposes.

#### Accounts Receivable

Accounts receivable are stated at the amount OCF expects to collect from outstanding balances. Based upon OCF's assessment of the credit history with customers having outstanding balances and current relationships with them, it has concluded that realization of losses on balances outstanding at year end will be immaterial. Accounts are written off when management believes the balance is no longer collectible. Accounts receivable are shown net of an allowance for doubtful accounts of \$2,000 for the years ended June 30, 2020 and 2019.

#### Promises to Give

Conditional promises to give are not recognized in the financial statements until the conditions are substantially met. Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in more than one year are recorded at fair value, which is measured as the present value of their future cash flows. The discounts on those amounts are computed using risk-adjusted interest rates applicable to the years in which the promises are expected to be received. Amortization of the discounts is included in contribution revenue. In the absence of donor stipulations to the contrary, promises with payments due in future periods are restricted to use after the due date. Promises that remain uncollected more than one year after their due date are written off unless the donors indicate that payment is merely postponed. Promises to give are shown net of an allowance for doubtful accounts of \$10,000 for the years ended June 30, 2020 and 2019.

#### Investments

Investments are generally recorded at fair value based upon quoted market prices, when available, or estimates of fair value. The fair value of fixed income and equity mutual funds are based on the daily closing price reported on the active markets on which the investments are traded. Money market funds are valued daily at the net asset value of the shares held at the end of the year. Donated assets are recorded at fair value at the date of donation, or, if sold immediately after receipt, at the amount of sales proceeds received (which are considered a fair measure of the value at the date of donation). Those investments for which fair value is not readily determinable are carried at cost or, if donated, at fair value at the date of donation, or if no value can be estimated, at a nominal value. OCF records the change of ownership of bonds and stocks on the day a trade is made. Investment income or loss and realized and unrealized gains or losses are included in the consolidated statement of activities as increases or decreases in net assets without donor restrictions unless the income or loss is restricted by donor or law.

Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of financial position.

#### Notes to Consolidated Financial Statements

#### **Property and Equipment**

Property and equipment are stated at cost if purchased or fair value at date of the gift if donated. All acquisitions of property and equipment in excess of \$5,000 and all expenditures for improvements and betterments that materially prolong the useful lives of assets are capitalized. Maintenance, repairs, and minor improvements are expensed as incurred. When assets are retired or otherwise disposed of, their costs and related accumulated depreciation are removed from the accounts and resulting gains or losses are included in the consolidated statements of activities as increases or decreases in net assets without donor restrictions.

Donated property and equipment are recognized as revenue at their estimated fair value at the date of receipt and capitalized and depreciated over their useful lives. Donated property and equipment are recognized as unrestricted support unless the donor stipulates how the donated assets must be used.

Contributions of cash that must be used to acquire property and equipment are reported as with donor restricted contributions. OCF reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. OCF reclassifies net assets with donor restrictions to net assets without donor restrictions at that time.

Property and equipment are depreciated using the straight-line method over their estimated useful lives as follows:

	Estimated
Asset Classification	Useful Life
Building	25 - 55 years
Furniture, fixtures, and equipment	3 - 15 years

#### Impairment of Long-Lived Assets

OCF reviews long-lived assets, including property and equipment, for impairment whenever events or changes in business circumstances indicate that the carrying value of an asset may not be fully recoverable. An impairment loss would be recognized when the estimated future cash flows from the use of the asset are less than the carrying amount of that asset. To date, there have been no such losses.

#### **Net Assets**

OCF reports information regarding its financial position and activities according to the following two classes of net assets that are based upon the existence or absence of restrictions on use that are placed by its donors:

Net assets without donor restrictions - Net assets that are not restricted by donors. Designations are voluntary, board-approved segregations of net assets without donor restrictions for specific purposes, projects, or investments.

#### Notes to Consolidated Financial Statements

*Net assets with donor restrictions* - Net assets whose use has been limited by donor-imposed time restrictions or purpose restrictions, including net assets that have been restricted by donors to be maintained by OCF in perpetuity.

When a restriction expires (that is, when a stipulated time restriction ends, or purpose restrictions are accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

#### Revenue Recognition

Charges for ticket sales, ticketing fees, facility rentals, and other services revenue are recorded in the period when the related service is performed.

Ticket office receipts and facility rental deposits attributable to future activities are included in cash and cash equivalents and reflected as unearned revenue until earned.

Contributions (including grants and sponsorships) are recognized as revenue when they are received or unconditionally pledged. Contributions are recorded as support with or without donor restrictions depending on the existence or nature of any donor restrictions.

Contributed goods are recognized as revenue at their estimated fair value at date of receipt and expensed when used. Contributed services are recognized as revenue if the services create or enhance nonfinancial assets or require a specialized skill, are provided by individuals possessing those skills, and typically need to be purchased if not provided by donation. Contributed services that do not meet the above criteria are not recognized as revenues and are not reported in the accompanying consolidated financial statements. Volunteers have contributed countless hours of service supporting the arts. OCF simply could not work without the hundreds of dedicated individuals who donate their time and talents each year as ushers, tour guides, information desk associates, and special events staff. While the value of these volunteer services is not recognized as revenue, these services save OCF over \$400,000 annually in labor costs.

Gifts of land, buildings, and equipment are recognized as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as support with donor restrictions. Gifts of long-lived assets are capitalized and depreciated in accordance with OCF's property and equipment practices.

#### Advertising Expenses

Advertising costs are charged to operations when incurred. Advertising expense was \$1,059,005 and \$1,033,686 for the years ended June 30, 2020 and 2019, respectively.

#### Functional Expense Allocations

The financial statements report certain categories of expenses that are attributable to more than one program or supporting function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. Salaries, wages and benefits are allocated based on estimates of time and effort. Information technology expenses are allocated by the percentage of FTEs per

#### Notes to Consolidated Financial Statements

department. Depreciation expense is allocated based on the estimated usage of equipment by department, with the exception of depreciation of the property and building, which is entirely allocated to facilities. Insurance expense is allocated based on estimated coverage of equipment and personnel by department, with the exception of property insurance covering the building, which is entirely allocated to facilities. Utilities expense is allocated based on the estimated usage by department.

#### Tax Exempt Status

OCF and ODC are tax exempt organizations under Section 501(c)(3) of the U.S. Internal Revenue Code and corresponding provisions of Wisconsin law, and accordingly, are not subject to federal or state income taxes. However, income from certain activities not directly related to the tax-exempt purpose of OCF or ODC may be subject to taxation as unrelated business income. OCF has net operating loss carry-forwards for both federal and state purposes resulting from certain unrelated business activities. If not used, the federal and state carry-forwards will begin to expire in 2028 and 2023, respectively. Any deferred tax asset resulting from the carry-forwards has been fully allowed for due to uncertainty of any benefit being realized.

OCF and ODC must recognize the tax benefit associated with the tax positions taken for tax return purposes when it is more likely than not the position will be sustained. OCF and ODC do not believe there are any material uncertain tax positions, and, accordingly, they did not recognize any liability for unrecognized tax benefits. For the years ended June 30, 2020 and 2019, there were no interest or penalties recorded or included in the consolidated financial statements.

#### Sales Tax

Sales tax is recorded on the net method. All applicable taxes are recorded as a liability when incurred.

#### Concentrations of Credit Risk

OCF's financial instruments that are exposed to concentrations of credit risk consist primarily of cash and cash equivalents. OCF places its cash and cash equivalents with high credit quality financial institutions. At times, such investments may be in excess of the Federal Deposit Insurance Corporation insured limit. OCF has not experienced any loses related to these accounts.

#### Financial Instruments

OCF follows the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820 Fair Value Measurement and Disclosure, which defines fair value, establishes a framework for measuring fair value, and expands the disclosures about fair value measurements. The fair values of cash and cash equivalents, receivables, promises to give, prepaid expenses, payables, accrued liabilities, unearned revenue, and notes payable approximate the carrying value due to the immediate or short-term maturity of these financial instruments. OCF has no financial instruments for which the carrying value differs materially from fair value.

#### Notes to Consolidated Financial Statements

#### Accounting Pronouncements Issued but Not Yet Adopted

In May 2014, the FASB issued Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers (Topic 606). This update, along with ASU 2016-08, Revenue from Contracts with Customers (Topic 606): Principal versus Agent Considerations (Reporting Revenue Gross versus Net), ASU 2016-10, Revenue from Contracts with Customers (Topic 606): Identifying Performance Obligations and Licensing and ASU 2016-12, Revenue from Contracts with Customers (Topic 606): Narrow-Scope Improvements and Practical Expedients, establishes a comprehensive revenue recognition standard. The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. In June 2020, the FASB issued ASU No. 2020-05, which created the option to defer the implementation of ASU No. 2014-09 for one year. Topic 606 will now be effective for nonpublic entities electing the one-year deferral for periods beginning after December 15, 2019, and is required to be applied retrospectively including any combination of practical expedients as permitted. Earlier adoption is permitted subject to certain limitations. The amendments in this update are required to be applied retrospectively to each prior reporting period presented or with the cumulative effect being recognized at the date of initial application. Management is currently evaluating the impact of these ASUs on their financial statements.

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842). This update, along with ASU 2018-10, Codification Improvements to Topic 842: Leases, ASU 2018-11, Leases (Topic 842): Targeted Improvements and ASU 2018-20, Leases (Topic 842): Narrow-Scope Improvements for Lessors, establishes a comprehensive leasing standard. These updates require the recognition of lease assets and lease liabilities on the statement of financial position and disclosure of key information about leasing arrangements for lessees and lessors. The new standard applies a right-of-use (ROU) model that requires, for leases with a lease term of more than 12 months, an asset representing its right to use the underlying asset for the lease term and a liability to make lease payments to be recorded. The guidance also expands the required quantitative and qualitative lease disclosures as well as provides entities with an additional (and optional) transition method to adopt the new standard. The ASU is effective for OCF's fiscal years beginning after December 15, 2021, with early adoption permitted. Management is currently evaluating the impact of these ASUs on their financial statements.

#### **Subsequent Events**

Management has evaluated subsequent events through September 22, 2020, the date the consolidated financial statements were available to be issued.

#### 2. Fair Value Measurements

ASC Topic 820, Fair Value Measurements and Disclosures defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between participants on the measurement date. When determining fair value, OCF considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

#### Notes to Consolidated Financial Statements

The framework for measuring fair value provides a fair value hierarchy that requires OCF to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization in the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The hierarchy establishes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets or liabilities.

Fair values of assets measured on a recurring basis at June 30 are as follows:

2020		Total		Level 1		Level 2		Level 3
Investments restricted for endowment								
Money market fund	\$	11,272	\$	-	\$	11,272	\$	-

OCF's beneficial interest in assets held by Madison Community Foundation (MCF) represents an agreement between OCF and MCF in which OCF transfers assets to MCF in exchange for future distributions. The beneficial interest is not actively traded, and significant other observable inputs are not available. Thus, the fair value of the beneficial interest is measured at the proportional share of the underlying assets as reported to OCF by MCF. Little information about

#### Notes to Consolidated Financial Statements

those assets is released publicly. The estimated value does not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined.

OCF's valuation methodologies used to measure the fair value of investments are described in Note 1. There have been no changes in methodologies used at June 30, 2020 and 2019. The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although OCF believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents additional information about assets measured at fair value on a recurring basis using significant unobservable inputs:

June 30,	2020	2019

#### 3. Unconditional Promises to Give

Unconditional promises to give are as follows at:

June 30,		2020		2019
Receivable in less than one year	\$	471,688	\$	521,320
Receivable in one to five years	·	163,200	·	520,100

The rates used to discount the unconditional promises to give at June 30, 2020 and 2019, ranged between 1.2% and 3.7%.

#### 4. Endowment

Endowment assets consisted of the following:

June 30,	2020	2019
Cash restricted for endowment	\$ 21,250	\$ -
Pledges receivable restricted for endowment	60,000	80,000
Investments held at Trust Point	1,103,843	1,080,598

Madison Community Foundation	1,381,002	1,451,947
Total Endowment Assets	\$ 2,566,095	\$ 2,612,545

The Overture Center Endowment Fund (Fund) is a component fund of the Madison Community Foundation, a tax-exempt community foundation located in Madison, Wisconsin. OCF is the designated beneficiary of the Fund. The Fund was originally established in 1977 by the Common Council of the City of Madison to provide support for the operations of the Madison Civic Center. In 1985, a permanent endowment of \$830,000 was established. In 2013, 2015, 2016, 2017, 2018, 2019, and 2020, a donor contributed \$15,000, \$28,250, \$15,000, \$14,500, \$14,000, \$13,500, and \$13,500, respectively, to OCF's permanent endowment fund with the MCF. The Fund agreement provides for the distribution of net income of the Fund each year. The current policy is to distribute 4.25% of the Fund's average market value over the last 20 quarters. However, no distributions from the Fund will reduce the minimum balance of the Fund below the \$943,750 permanent endowment requirement. The Fund is charged management and trust fees by MCF each quarter.

In 2005, the Center was built, replacing the Madison Civic Center. On January 1, 2012, when OCF took over the operations of Overture Center for the Arts from the Madison Cultural Arts District (MCAD), it became the beneficiary of the Fund and thus recorded the asset value of the Fund on its financial statements.

Interpretation of Relevant Law - The OCF governing board has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of fair value of the original gift as of the date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, OCF classifies as net assets with permanent donor restrictions (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that does not have permanent donor restrictions is classified as net assets with donor restrictions until those amounts are appropriated for expenditure by OCF in a manner consistent with the standard of prudence described by UPMIFA.

#### **Notes to Consolidated Financial Statements**

In accordance with UPMIFA, OCF considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1. The duration and preservation of the fund
- 2. The purposes of OCF and the donor-restricted endowment fund
- 3. General economic conditions
- 4. The possible effect of inflation and deflation
- 5. The expected total return from income and the appreciation of investments
- 6. Other resources of OCF
- 7. The investment policies of OCF

June 30, 2020	\$ -	\$ 2,566,095	\$ 2,566,095

Funds with Deficiencies - From time to time, the fair value of assets associated with individual donor-restricted endowment funds could fall below the level that the donor or UPMIFA requires the OCF to retain as a fund of perpetual duration. In accordance with US GAAP, deficiencies of this nature are reported in net assets with donor restrictions. OCF does not have any such deficiencies within its endowment fund as of June 30, 2020 and 2019.

Spending Policy Summary - The MCF's spending policy guidelines follow methods for the distribution of earnings from donor-restricted endowment funds that seek to preserve the Fund's purchasing power. In addition, in the context of investing the majority of the assets in equities, OCF's goal is to manage the Fund in a manner that will seek to produce a predictable and stable stream of funds for charitable purposes. It includes a strategy for long-term investment and a procedure for calculating the amount to be distributed. The amount to be distributed from a fund is 4.25% of the Fund's average market value over the last 20 quarters. Administrative fees are based on a percentage of the Fund's market value.

#### Notes to Consolidated Financial Statements

Investment Strategy - The MCF investment strategy incorporates a diversified asset allocation approach and maintains, within defined limits, exposure to the world equity, fixed income, commodities, real estate, and private equity markets. This strategy provides the MCF with a long-term asset mix that is most likely to meet the MCF's long-term goals with the appropriate level of risk.

#### 5. Property and Equipment

Property and equipment consist of the following:

June 30,	2020	2019
Land	\$ 5,848,499	\$ 5,848,499
Building	155,125,703	155,125,703

Depreciation expense, including amortization of leased assets, was \$3,790,938 and \$3,765,237 for the years ended June 30, 2020 and 2019, respectively.

#### 6. Retirement Plan

OCF offers a defined contribution retirement plan that covers substantially all full-time employees of OCF. New employees become eligible on the first day of the month after they begin employment. OCF makes a matching contribution of up to 3% on all eligible wages. During the years ended June 30, 2020 and 2019, the OCF contributed \$143,160 and \$126,197 to the plan, respectively.

#### 7. Structural Agreement with City of Madison

On December 31, 2010, OCF entered into a long-term structural agreement with the City of Madison regarding the operation of the Center. By the terms of the agreement, the operations of the Center transferred from MCAD to OCF on January 1, 2012. The City of Madison agreed to provide OCF with an annual grant of \$2,000,000 per year subject to approval by the Common Council. The City of Madison further agreed to adjust the grant amount annually by the change in the consumer price index methodology in the State's Expenditure Restraint Program ("ERP"). This annual grant was to help fund operations, capital expenditures, and to support free and low-cost community programming. OCF applied for its first grant on August 1, 2011, and must reapply on or before August 1, for each subsequent year. For calendar years 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, and 2020, OCF received grants in the amount of \$1,850,000, \$1,750,000, \$1,750,000, \$1,750,000, \$1,900,000, \$2,000,000, and \$1,200,000, respectively. The cumulative difference between grants OCF received from the City of Madison

#### Notes to Consolidated Financial Statements

and the grants to be received per the agreement is \$3,582,900 including ERP. Per annual performance terms within the agreement, OCF also agreed to use its best efforts to accumulate a capital reserve fund of \$5,000,000 by June 30, 2017. In fiscal year 2012-13, the OCF Board of Directors designated \$700,000 and in fiscal year 2015-16 designated another \$800,000 of net assets in a "Board Designated Reserve" that could be used to meet the intent of the structural agreement. In fiscal year 2016-17, the board designated an additional \$670,000 for a total of \$2,170,000.

As part of the structural agreement, OCF agreed to repay the City of Madison for a share of certain post-employment liabilities related to MCAD employees as of December 31, 2011. OCF agreed to repay these liabilities over a 10-year period in equal installments (the first installment was due December 30, 2012). In June 2013, the State of Wisconsin Department of Revenue (State) concluded a state sales tax audit of the MCAD for the years 2008 to 2011. The State determined the sales tax liability against the City of Madison, for sales taxes related to the MCAD, to be \$272,969. The City of Madison paid the State of Wisconsin the amount due in full. The City of Madison then negotiated an agreement with OCF to split the liability. This agreement, dated July 21, 2014, requires OCF to reimburse the City of Madison for its half of the liability in five equal annual principal payments in the amount of \$27,297, beginning August 15, 2014 through August 15, 2019, together with interest on the outstanding principal balance. The interest rate assessed will be equal to the City of Madison's earning rate on its pooled general fund investments plus 0.25%. This liability and corresponding expense (in the amount of \$136,485) was recognized by OCF in its consolidated financial statements in June 2014.

The components of the remaining liability include the following:

- a. Unfunded Prior Pension Liability: The City of Madison had borrowed funds to fund an unfunded liability to the Wisconsin Retirement System for all City of Madison employees. MCAD agreed to repay the City of Madison for 50% of the liability of \$177,193 at December 31, 2011. The balance due to the City of Madison as of June 30, 2020 and 2019, was \$35,437 and \$53,157, respectively.
- b. Accrued Vacation and Comp Time: MCAD employees were entitled to a payout of accrued vacation and comp time upon leaving City of Madison employment. In the case of payouts to city employees subsequently hired by OCF, OCF agreed to repay the City of Madison 50% of payouts of \$36,963 at December 31, 2011. The balance due to the City of Madison as of June 30, 2020 and 2019, was \$7,391 and \$11,087, respectively.

### 8. Building Operating Lease - ODC

The lease between ODC and OCF for Unit 2 of the Block 65 Condominium Association, dated January 1, 2012, is a "net lease" in which OCF does not pay ODC rent for the leased premises. OCF is responsible for all repairs, maintenance, improvements, and alterations required to the leased premises during the term of the lease. It is also responsible for all costs and expenses necessary to operate the leased property. OCF also agrees to pay or reimburse ODC for all costs, fees, and expenses ODC incurred for accounting, audit fees, reporting, legal fees, and any and all other costs, fees, or expenses associated with, related to, or arising in connection with the leased premises. As such, the lease between ODC and OCF does not meet the criteria for a capital lease and is being accounted for as an operating lease which expires December 31, 2041.

### 10. Commitments and Contingencies

OCF is required to enter into an annual performance contract with the City of Madison in conjunction with its operating grant. OCF must meet certain financial and performance benchmarks to continue to be eligible for the grant given by the City of Madison.

From time to time, OCF is party to various pending claims and legal proceedings. Although the outcome of such matters cannot be forecasted with certainty, it is the opinion of management that the likelihood is remote that any such claims or proceedings will have a material adverse effect on OCF's financial position or results of operations. Currently, no pending claims or legal proceedings exist.

#### 11. Net Assets

#### 12. Liquidity and Availability of Financial Assets

OCF's financial assets available within one year of the statement of financial position date for general expenditures are as follows:

June 30,	2020	2019
Cash and cash equivalents	\$ 10,881,425	\$ 10,868,720
Accounts receivable, net	460,978	704,516

Total financial assets available within one year	11,814,091	12,094,556
Less: amounts with donor restrictions	(607,526)	(673,212)
Total Financial Assets Available to Management for		
General Expenditures within One Year	\$ 11,206,565	\$ 11,421,344

None of the financial assets are subject to donor or other contractual restrictions, except for \$607,526, that make them unavailable for general expenditure within one year of the statement of financial position date. The unconditional promises to give are subject to implied time restrictions but are expected to be collected within one year.

As part of OCF's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. In addition, as part of its liquidity management, OCF invests cash in excess of daily requirements in interest bearing, fully-insured, savings accounts.

OCF's endowment funds consist of donor-restricted endowments as described in Note 4. Income from donor-restricted endowments is restricted for specific purposes and, therefore, is not available for general expenditure.

#### 13. Risks and Uncertainties

#### COVID-19

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the COVID-19 outbreak) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

Management is actively monitoring the impact of the global situation on the not-for-profit industry, and the Organization's financial condition, liquidity and operations. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Organization is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2021. Although the Organization cannot estimate the length or gravity of the impact of the COVID-19 outbreak at this time, if the pandemic continues, it may have an adverse effect on results of future operations, financial position, and liquidity in fiscal

#### Notes to Consolidated Financial Statements

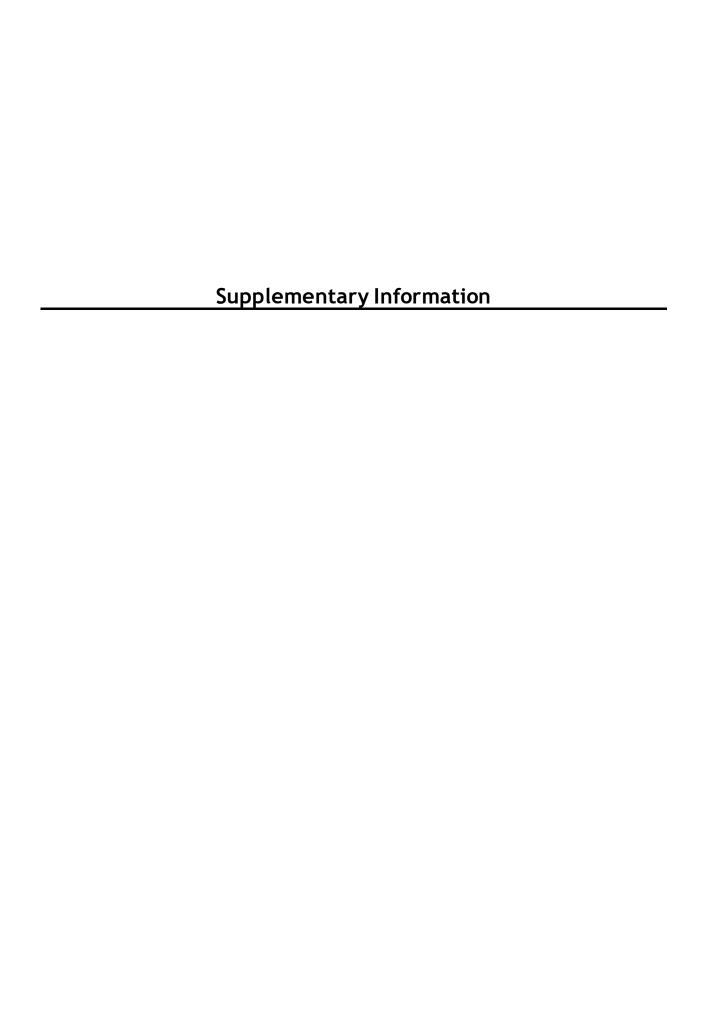

year 2021 if the Organization cannot generate revenues from operations, contributions are depressed or the declines in investment values worsen or do not improve. The Organization's operations are heavily dependent on these revenue sources.

#### **CARES Act**

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act, among other things, includes provisions relating to refundable payroll tax credits, deferment of employer-side social security payments, net operating loss carryback periods, alternative minimum tax credit refunds, modifications to the net interest deduction limitations, increased limitations on qualified charitable contributions, and technical corrections to tax depreciation methods for qualified improvement property.

The CARES Act also appropriated funds for the SBA Paycheck Protection Program loans that are forgivable in certain situations to promote continued employment, as well as Economic Injury Disaster Loans to provide liquidity to small businesses harmed by COVID-19. The Organization was approved for and received an SBA Paycheck Protection Program loan for \$1,526,500 on April 16, 2020.

The application for these funds required the Organization to, in good faith, certify that the current economic uncertainty at the time of the application made the loan request necessary to support the ongoing operations of the Organization.
