

Q2 Does your property, or the roadway adjacent to your property, have any drainage/stormwater issues?

Answered: 32 Skipped: 1

ANSWER CHOICES	RESPONSES	
Yes, my property, or the roadway adjacent to my property, has drainage/stormwater issues.	50.00%	16
No, my property, or the roadway adjacent to my property, does not have drainage/stormwater issues.	50.00%	16
Total Respondents: 32		

Q4 Terrace Rain Gardens help reduce stormwater runoff and improve water quality! If your terrace is eligible per the rain garden requirements (minimum area of 10' by 15' in a relatively flat, open space away from trees and utilities), would you be interested in having a terrace rain garden installed with the project at a cost to you of \$200? Installation with the project would include all grading, the initial planting and mulch placement. You would be responsible for all future maintenance.

Answered: 31 Skipped: 2

ANSWER CHOICES	RESPONSES	
Yes	64.52%	20
No	35.48%	11
TOTAL		31

Q7 Do you have issues with grade or width of your existing driveway width?

Answered: 32 Skipped: 1
