Hello,

I'm writing to encourage you to approve the Option 1 choice for E Dean Ave Road reconstruction. The traffic calming aspect of this design, combined with some parking opportunities and bike lanes on both sides, along with the possibility of rain gardens meets most of the needs of the most residents without creating extra work of shoveling a much wider sidewalk as does Option 2. The 3rd Option does not solve the traffic calming issue and speeding is an annoying and regular occurrence on E Dean.

Thank you.
