Hi, I'm alexandra wilburn here is my documentation that I want to speak,

I'd also like to state for any official communications being saved in a public record documentation (email) that the way to register for this is too complex, it takes computer literacy, it's different than the processes to speak at other city / county meetings. Whether intentional or not it is suppression of the public voices and should be remedied.

I'm glad my registration was confirmed,

I will be stating this in the meeting but I would like to state here.

Whether intentional or not asking for public opinions and nominations during the same time as campaigning for national and state positions is inappropriate as it is obvious to anyone in the government systems that most activists and social justice groups focus is on those larger elections.

I will be calling for a complete renewal of the beginning of the process in good faith with wanting transparency with the community which will include not holding meetings at 8:30am or 4:30 pm but after traditional work hours.

in the early 1900's the police and fire commission's President deputized KKK members and allowed them to maim and kill members of the greenbush community. This board is remnant of an era that actively professed white dominant beliefs and it is not a representation of the democratic values that we claim as a nation to hold as it is not a democratic body that oversees those who enforce laws.
