Subject: Names of neighbors who signed community letter re Item 5 for 1/11/21
Date: Monday, January 11, 2021 5:36:11 PM

Caution: This email was sent from an external source. Avoid unknown links and attachments.

I attached this list of names of Madison residents who signed the letter listing community concerns re Item 5 on tonight's agenda to my registration to speak to the Plan Commission. However, having now learned that this list may not be available for viewing during the meeting, I ask that you it to the letter on Legistar.

The Truman Olson Project
DOA Facilities Development and Management
P.O. Box 7866
Madison, WI 53707

To Whom It May Concern,

I write to you today to ask for your support for The Truman Olson project, which will come before Plan Commission next Monday, January 11th and the Urban Design Commission on Wednesday, January 13th. This project will be a significant development for South Madison, and will give residents access to affordable housing, and community oriented businesses.

When this project was brought to my attention, I could not think of a better development for our community. The Southside of Madison deserves this infrastructure investment to improve the lives of our neighbors. By using a dynamic neighborhood engagement model, residents of the Southside will have a say in how this project plays a part in their neighborhood.

Furthermore, this project reflects the vision for Southside to be an area of prosperity in Madison. The Truman Olson Project will house a community oriented grocery store, and create a service drive to be used for deliveries to the grocer, refuse pickup, and fire lane access. In addition, this project will bring much needed access to affordable housing. By creating more space for townhomes, those wishing to live on Madison's Southside will not be pushed out by rental prices. The diverse team of developers understand the needs of this diverse community, and they have worked to include their needs in this project.

Ultimately, the Truman Olson Project is about setting up the community for future success. This investment in infrastructure will make the Southside of Madison a better place for everyone. If you have any questions regarding this project, please contact my office.

Thank you,

A handwritten signature in black ink, appearing to read "Shelia Stubbs". The signature is fluid and cursive, with the first name "Shelia" being more prominent than the last name "Stubbs".

Representative Shelia Stubbs

77th Assembly District
