Hello Commissioners!

I would like to register in support of Item #8, Legistar #63443, and speak to it. I do have to be at another meeting from about 7-7:30 this evening, but will be on both before and after. Should testimony be during this time, I would ask to be able to speak after I return. I will also be happy to answer any questions from Commissioners.

Thank you for your service, and for your consideration,
Arvina
