RE: Consideration of conditional use approval to construct an auto service station (i.e. an electric car charging facility) in the Commercial Center (CC) District at 675 S. Whitney Way. (LNDUSE-2020-00128; ID 62962)

Dear Mr. Adelman;

On January 11, 2021, the Plan Commission found the standards met and **approved** your client's conditional use request for an auto service station (i.e. an electric car charging facility) in the Commercial Center (CC) District to allow the addition of eight electric vehicle-charging stations for Tesla vehicles in the Hy-Vee Grocery store parking lot at 675 S. Whitney Way. In order to receive final approval of the conditional use, and for any permits to be issued for your project, the following conditions shall be satisfied:

Please contact Jeff Quamme of the City Engineering Division – Mapping Section at (608) 266-4097 if you have any questions regarding the following item:

1. The address of the charging station is 675 S Whitney Way # EVCS. The site plan shall reflect a proper street address of the property as reflected by official City of Madison Assessor's and Engineering Division records.

Please contact Sean Malloy of the Traffic Engineering Division at (608) 266-5987 if you have any questions regarding the following seven (7) items:

2. The applicant shall submit one contiguous plan showing proposed conditions and one contiguous plan showing existing conditions for approval. The plan drawings shall be scaled to 1" = 20' and include the following, when applicable: existing and proposed property lines; parcel addresses; all easements; pavement markings; signing; building placement; items in the terrace such as signs, street light poles, hydrants; surface types such as asphalt, concrete, grass, sidewalk; driveway approaches, including those adjacent to and across street from the project lot location; parking stall dimensions, including two (2) feet of vehicle overhang; drive aisle dimensions; semitrailer movement and vehicle routes; dimensions of radii; and percent of slope.
3. The Developer shall post a security deposit prior to the start of development. In the event that modifications need to be made to any City owned and/or maintained traffic signals, street lighting, signing, pavement marking and conduit/handholes, the Developer shall reimburse the City for all associated costs including engineering, labor and materials for both temporary and permanent installations.

4. The City Traffic Engineer may require public signing and marking related to the development; the Developer shall be financially responsible for such signing and marking.
5. All parking facility design shall conform to MGO standards, as set in section 10.08(6).
6. Include a parking plan demonstrating how specific stalls, to be used by the commercial site, will be reserved. Include any signage to be used to achieve this goal in the submitted plans.
7. The applicant shall be aware that the approvals for the Westgate Mall site to the North require reconfiguration of the existing S. Whitney Way driveway to be restricted to right in/right out/left in access only.
8. The applicant shall be aware that the approvals for the Westgate Mall site to the North require reconfiguration of the existing S. Whitney Way driveway to be restricted to right in/right out/left in access only.

Please contact Jenny Kirchgatter of the Zoning Division at (608) 266-4429 if you have any questions regarding the following six (6) items:

9. Submit a parking lot summary including the number of existing vehicle stalls, accessible stalls, and bicycle stalls to remain, and proposed charging stalls.
10. Provide a calculation and plan detail for lot coverage. The lot coverage maximum is 85%. Lot coverage is defined as the total area of all buildings, measured at grade, all accessory structures including patios, etc., and all paved areas as a percentage of the total area of the lot, with the following exceptions: sidewalks or paved paths no wider than five (5) feet, pervious pavement, green roofs and decks. If the existing site currently exceeds 85% maximum lot coverage, proposed site improvements may not further increase lot coverage above the maximum.
11. Submit the landscape plan and landscape worksheet for the project area stamped by the registered landscape architect. Show the existing trees and landscaping to remain as well as new or relocated landscaping. Any displaced landscaping elements must be replaced on the site and shown on a revised landscaping plan.
12. Exterior lighting provided shall be in accordance with City of Madison General Ordinances Section 10.085. Provide an exterior lighting plan and fixture cut sheets with the final plan submittal.
13. Per Section 28.186(4)(b), the property owner or operator is required to bring the property into compliance with all elements of the approved site plans by the date established by the Zoning Administrator as part of the site and building plan approval. Work with Zoning staff to establish a final site compliance date.
14. Signage approvals are not granted by the Plan Commission. Signage must be reviewed for compliance with Chapter 31 Sign Codes of the Madison General Ordinances and Chapter 33 Urban Design District ordinances. Signage permits are issued by the Zoning Section of the Department of Planning and Community and Economic Development.

Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.

Please now follow the procedures listed below for obtaining permits for your project:

1. The applicant shall resubmit a PDF copy of the plan set and any other supporting materials that are necessary, as specified in this letter to Zoning@cityofmadison.com. (Note: A 20MB email limit applies and multiple transmittals may be required.). A check for the site plan review fee shall be mailed to the City of Madison Building Inspection Division; PO Box 2984; Madison, WI 53701-2984.
2. City Agencies who submitted conditions of approval will review your revised plans to verify that their conditions, along with any applicable requirements, have been satisfied. When the revised plans are submitted, the applicant will be emailed a hyperlink to a website to follow, in real time, which agencies have reviewed the revised documents, and signed off or need additional information.
3. This letter shall be signed by the applicant and property owner (if not the applicant) to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting building permit approval. [Signature block on last page]
4. No alteration of this proposal shall be permitted unless approved by the Plan Commission, provided, however, the Zoning Administrator may issue permits for minor alterations. No alteration of a conditional use shall be permitted unless approved by the Plan Commission provided, however, the Zoning Administrator following consideration by the alderperson of the district, may approve minor alterations or additions which are approved by the Director of Planning and Community and Economic Development and are compatible with the concept approved by the Plan Commission and the conditional use standards. This approval shall become null and void one (1) year after the date of the Plan Commission unless the use is commenced, construction is under way, or a valid building permit is issued and construction commenced within 6 months of the issuance of said building permit. Where the plans have not been altered from the Plan Commission's approval, and the conditional use has expired, the Director of Planning and Community and Economic Development may, after consultation with the Alderperson of the District, approve an extension for up to 24 months from the expiration date. The Plan Commission shall retain jurisdiction over this matter for the purpose of resolving complaints against the approved conditional use permit.

If you have any questions regarding obtaining your building permits, please contact the Zoning Administrator at 266-4551. If you have any questions or if may be of any further assistance, please do not hesitate to contact my office at 261-9135.

Sincerely,

Chris Wells
 Planner

I hereby acknowledge that I understand and will comply with the above conditions of approval for this project.
