Good afternoon Alder Kemble. At the TC meeting tomorrow I will ask for referral of the Wheeler Road traffic calming measures to the 4/28/21 TC meeting, so you can have the opportunity to organize a public meeting to further discuss the issues.

Thanks and best regards,

Ann

Dear Commissioners:

I'm unable to attend your meeting tomorrow due to a conflicting obligation, but I wanted to make sure that you know there is not consensus about traffic calming measures on Wheeler between N. Sherman and School, with people especially concerned about speed humps.

For years I have fielded many complaints about excessive speeding on Wheeler Rd. and I've passed them on to the Madison Police Department and Traffic Engineering. MPD periodically does speed enforcement on Wheeler, and Traffic Engineering has conducted traffic studies, ranking the eastern section of Wheeler #2 on a city-wide list for streets warranting traffic calming measures.

This week I have heard from a number of residents of the Cherokee Park neighborhood who are opposed to traffic calming measures on Wheeler Rd. The main access to their neighborhood is via Wheeler Rd. They have been notified of your meeting tomorrow and I've encouraged them to write to you directly with their concerns.

I would very much appreciate it if you would hold off on a final decision about Wheeler Rd. traffic calming measures between N. Sherman Ave. and School Rd. until April after I've had a chance to organize a public meeting where people can understand and discuss the issues in

more depth.

Thank you for your consideration,

Rebecca Kemble
