Next Steps:

4/12/21: CDD RFP closes

April-early June:

- Create a written, continuously updated Roadmap FAQ to post to the violence prevention website
- Send out a survey to partners regarding coalition interest & Roadmap workgroups to support Coalition reconvening planning
- Develop preliminary high-level Roadmap evaluation metrics with data partners to monitor community violence trends over five years; process and outcome metrics specific to Roadmap goals, strategies, and objectives will be developed in conjunction with coalition partners
- Work with violence prevention data partners on developing a standardized process to communicate VP data to public and coalition; expectation of quarterly communication, with the goal of eventually establishing a data dashboard
- June reconvening of the Madison Dane County Violence Prevention Coalition
