Dear transportation commissioners,

I am writing to support the proposed safety improvements for Whitney Way that are on the agenda for this week's meeting. In particular, I am strongly in favor of the buffered bike lanes and the reduced speed limit. Indeed, it would be even better if the bike lanes had physical separation.

I live just a few blocks east of this stretch of Whitney Way, and I travel around the neighborhood with my family by various means (sometimes car, sometimes bike, sometimes on foot). I am confident these changes will improve the quality of life in our neighborhood.

Thanks,  
John Mackay
