I live on the North Whitney Way, and shocked by the city of Madison's proposal, a critical item to eliminate parking on Whitney Way!

I oppose the removal of parking on Whitney Way proposal!

The removal of all the on street parking would make it **very difficult** for visitors, maintenance trucks, contractors, plumbers, delivery cars/trucks, and other service vehicles to necessary services. Where should they park their vehicles ?

Just received a high increases for property assessment from the city of Madison, and now City proposal to rip away the street parking on Whitney Way?!

I don't see bikers riding around the Whitney Way frequently. Yes, their safety is important. But, we residents rights, day-to-day activities cannot be ignored neither!

I oppose reducing the speed limit to 25mph. The cost of implementing the reduced speed limit would greater than the anticipated benefits.

Best Regards,

Victoria Chi
North Whitney Way
