I wish to comment on the proposed changes to Whitney Way. First, I believe that serious consideration should be given to homeowners, in a residential area, who are losing the ability to park in front of their own houses. Second, I would like to know if consideration has been given to the impact of the proposed changes on potential increases in traffic on Rosa and Segoe Roads, which children going to school must cross. Third, I believe that a bike lane on Whitney from Old Middleton to Mineral Point Roads is of limited value unless it is extended to at least Tokay and certainly not worth the burden imposed on Whitney Way homeowners - I would be totally opposed to an Old Middleton to Mineral Pt.-only bike lane. Has there been consideration given to using Rosa Rd. from Mineral Point to Regent St. as the BRT route?

Thanks,
Anna Shen
