Hello,

I tried but couldn't find a good way to communicate to the commission.

I am in support of including a northside community for the 20 mph pilot. Please don't limit it to those neighborhoods with good means and influence. We have a speeding issue on my local street and have been working with the city since 2019 to no avail. We do not have a neighborhood association but we do have support for traffic calming.

Thanks.
