RE: Legistar #64582; Accela 'LNDUSE-2021-00019' -- Approval of conditional use for an animal daycare facility in an Industrial-Limited district at **410 Atlas Ave**

Dear Amy Hassleman:

At its April 26, 2021 meeting, the Plan Commission, meeting in regular session, found the standards met and approved your conditional use request for an animal daycare facility at **410 Atlas Avenue**. In order to receive final approval of the conditional use and for any permits that may need to be issued for your project, the following conditions shall be met:

Please contact Brenda Stanley of the Engineering Division, at 261-9127 if you have any questions regarding the following one (1) item:

1. Obtain a Street Terrace permit for the proposed work (installation of the driveway apron, landscaping, etc.) This permit application is available and must be completed on line at <http://www.cityofmadison.com/engineering/permits.cfm> (MGO 10.08).

Please contact Jeff Quamme of the Engineering Division – Mapping Section, at 266-4097 if you have any questions regarding the following one (1) item:

2. A shared access and parking agreement is in place and recorded as Document No. 5686666. This adequately addresses the reciprocal uses between the lots.

Please contact Sean Malloy of the Traffic Engineering Division, at 266-5987 if you have any questions regarding the following five (5) items:

3. The applicant shall submit one contiguous plan showing proposed conditions and one contiguous plan showing existing conditions for approval. The plan drawings shall be to engineering scale and include the following, when applicable: existing and proposed property lines; parcel addresses; all easements; vision triangles; pavement markings; signing; building placement; items in the terrace such as signs, street light poles, hydrants; surface types such as asphalt, concrete, grass, sidewalk; driveway approaches, including those adjacent to and across street from the project lot location; parking stall dimensions, including two (2) feet of vehicle overhang; drive aisle dimensions; semitrailer movement and vehicle routes; dimensions of radii; and percent of slope.

4. The Developer shall post a security deposit prior to the start of development. In the event that modifications need to be made to any City owned and/or maintained traffic signals, street lighting, signing, pavement marking and conduit/handholes, the Developer shall reimburse the City for all associated costs including engineering, labor and materials for both temporary and permanent installations.
5. The City Traffic Engineer may require public signing and marking related to the development; the Developer shall be financially responsible for such signing and marking.
6. All parking facility design shall conform to MGO standards, as set in section 10.08(6).
7. All existing driveway approaches on which are to be abandoned shall be removed and replaced with curb and gutter and noted on the plan.

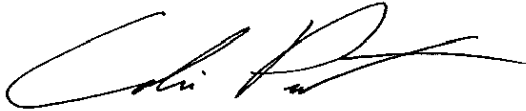

Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.

Please now follow the procedures listed below for obtaining your conditional use:

1. After the plans have been revised per the above conditions, please **one (1) complete digital plan set in PDF format** of complete, fully dimensioned, and to-scale plans; the appropriate site plan review application and fee pursuant to Section 28.206 of the Zoning Code; and any other documentation requested herein to the Zoning Administrator at zoning@cityofmadison.com. (Note that that an individual email cannot exceed 20MB and it is the responsibility of the applicant to present files in a manner that can be accepted. Please email zoning@cityofmadison.com regarding questions or if you need alternative filing options) The sets of final revised plans or documents will be circulated by Zoning staff to the City department staff listed above for their final approval.
2. This letter shall be signed by the applicant to acknowledge the conditions of approval and returned to the Zoning Administrator.
3. The conditional use approval is valid for one (1) year from the date of the Plan Commission approval. During this time, the applicant must either lawfully commence the use or obtain a building permit and begin erecting the building. If the applicant obtains a valid building permit, construction must commence within six (6) months of the date of issuance. The building permit shall not be renewed unless construction has commenced as is being diligently prosecuted.
4. Any alteration in plans for a proposed alternative use shall require Plan Commission approval, except for minor alterations. The Zoning Administrator may issue permits for minor alterations or additions which are approved by the Director of Planning and Community and Economic Development and are compatible with the concept approved by the City Plan Commission and the conditional use approval standards.
5. The Plan Commission retains continuing jurisdiction over all conditional uses for the purpose of resolving complaints against all previously approved conditional uses.

If you have any questions regarding obtaining your conditional use or building permits, please contact the Zoning Administrator at 266-4551. If you have any questions or if I may be of any further assistance, please do not hesitate to contact my office at 243-0455.

Sincerely,

Colin Punt
Planner

cc: Brenda Stanley, City Engineering Division
Jeff Quamme, City Engineering Division – Mapping
Sean Malloy, Traffic Engineering Division

I hereby acknowledge that I understand and will comply with the above conditions of approval for conditional use.
