#### INDEPENDENT AUDITORS' REPORT

To the Transit and Parking Commission Metro Transit System Madison, Wisconsin

#### Report on the Financial Statements

We have audited the accompanying financial statements of Madison Metro Transit System, an enterprise fund of the City of Madison, as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control over financial reporting relevant to the Madison Metro Transit System's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Madison Metro Transit System's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Madison Metro Transit System as of December 31, 2020 and 2019, and the respective changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **Emphasis of Matters**

As discussed in Note 1, the financial statements present only the Madison Metro Transit System enterprise fund and do not purport to, and do not, present fairly the financial position of the City of Madison, as of December 31, 2020 and 2019 and the respective changes in financial position, or cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

#### Other Matters

## Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information as listed in the table of contents be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information as listed in the table of contents are presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information is fairly stated in all material respects in relation to the financial statements as a whole.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we will also issue a report on our consideration of the overall City of Madison's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters, including those systems applicable to Madison Metro Transit System. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Madison Metro Transit System's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Madison Metro Transit System's internal control over financial reporting and compliance.

Madison, Wisconsin June 23, 2021

Baker Tilly US, LLP

#### MANAGEMENT'S DISCUSSION AND ANALYSIS REPORT

The following report of Metro Transit's activities and financial performance provides the reader with an introduction and overview to the financial statements for the fiscal year ended December 31, 2020.

The information contained in this report should be considered in conjunction with the information contained in the other historical summaries and activities and financial performance section of this report.

## Mission

It is the mission of Metro Transit (Metro), through the efforts of dedicated, well-trained employees to provide safe, reliable, convenient and efficient public transportation to the citizens and visitors of the Metro service area.

Metro provides extensive fixed route and ADA paratransit service in a 72 square mile regional service area with a population of 253,075 and also provides contributions to Dane County for the delivery of Group Access Services (providing transportation of the elder to meal-sites), and Volunteer Driver Escort programs in the Metro service area. Metro is an Enterprise Fund of the City of Madison. Local investment partners are the Cities of Fitchburg, Middleton, Sun Prairie and Verona, Town of Madison, Madison College, Madison Metropolitan School District, the University of Wisconsin-Madison, the University of Wisconsin Hospital East, and the Village of Shorewood Hills. Unlimited ride pass program participants include the UW-Madison, Madison College, Edgewood College, St. Mary's and Meriter Hospitals, Dane County and the City of Madison.

## **Annual Overview**

Impact of Covid-19

Due to the pandemic, Metro was forced to balance the health of employees while still providing critical service to the community. On March 23, 2020, Metro reduced service and began operating Saturday schedules with some additional routes and frequencies during rush hours.

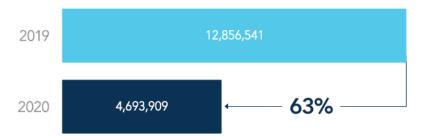

This resulted in operating about 65% of normal service levels and allowed for staff to be redeployed to critical tasks in the maintenance facility such as assisting with daily deep cleanings.

Metro worked closely with essential service organizations to make sure critical community needs were still being met despite the cut in service levels. Extra trips were added on routes serving hospitals to better coincide with employee shifts, and transportation was provided to and from emergency homeless shelters.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS REPORT

When college campuses began to open, Metro increased its service levels to approximately 85% of what was in place prior to the pandemic. Metro closed out the year with this same level of service, with plans to continue at this pace until a full review of the transit network is complete in 2022.

## Ridership Infographic

Metro provided a total of 4,693,909 rides in 2020. This was an approximate 63% decrease compared to the previous year due to Covid-19.

## Bus Rapid Transit

Metro continues to work towards the implementation of a bus rapid transit (BRT) system.

Staff are currently planning an initial corridor operating east to west through Madison's downtown and university campus areas. Additional BRT routes operating north and south in the through the city are also being developed.

With the first BRT corridor expected to cost \$120 –130 million, Madison is pursuing several funding sources for the project including local share, federal and state grants, local partnerships, and internal funding sources.

In August 2020, the City of Madison's proposed East-West Bus Rapid Transit (BRT) System was accepted into the Federal Transit Administration (FTA) Small Starts Program.

Acceptance into the program authorized the City to proceed into project development, the more detailed planning process required for the implementation of the proposed BRT system.

The City was also awarded \$4.7 million in federal Bus and Bus Facilities grant funds to help jumpstart BRT planning. This will help reduce the amount of local share funding needed for the project. Project construction is planned to begin in 2023 with service hoped to begin in Fall of 2024.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS REPORT

## Network Redesign

Metro has also started the process of a complete redesign of its system to better meet the regional needs of residents and businesses. Metro has not undertaken this type of system overhaul since converting to a transfer point system in 1998. The goal of the redesign is to make the system run more efficiently, reduce travel times, and incorporate service into Madison's future BRT system.

A first wave of service changes are expected in August of 2022 with additional changes implemented prior to the roll out of BRT service in 2024.

#### VW Settlement Funds

Metro Transit was selected as recipients in the second round of State of Wisconsin Transit Capital Assistance Grants made possible through the Volkswagen Mitigation Program.

The \$7.5 million grant award was used to purchase 12 new buses, allowing Metro to retire aging diesel buses in the fleet. All new vehicles feature clean idle certified engines, which reduce carbon emissions during idling and wasted fuel consumption saving both money and the environment.

Metro expects to bring on the City's first three all-electric buses in 2021 with plans to make significant investments in all-electric buses as part of our future bus rapid transit system.

## Facilities Update

Metro has completed the second phase of a \$44 million improvement project at its main maintenance and bus storage facility on East Washington Ave. Inadequate space to store buses, coupled with the aging infrastructure and inadequate ventilation has led to unsafe working conditions and substandard, inefficient amenities that needed to be addressed.

The first and second phase of construction included building new service lanes, remodeling of the workshop and body shop, structural work, critical HVAC upgrades and widespread electrical upgrades to support the addition of electric buses.

Phase three will begin in the summer of 2021 and includes remodels to maintenance bays/lifts, new boilers and water heaters, remodels to administration and office areas, new driver locker rooms, restrooms, and standby room, and new HVAC and lighting.

New Satellite Facility on Madison's Far East Side

To provide capacity to expand service and implement BRT, Metro has been looking for a satellite maintenance and bus storage facility for a number of years. Metro's current facility was designed to hold 160 buses, but currently houses 223.

## MANAGEMENT'S DISCUSSION AND ANALYSIS REPORT

The City of Madison has purchased two prior FedEx buildings located on the far-east side of the city near the UW Hospital American Center. One building is slated for a large bus storage area and bus wash, while the other will be more maintenance focused.

Staff expect to close on the property and start to immediately use the space in July 2021. Financially, Metro finished the year with a decrease to reserves, reducing the contingency fund by about \$2,402,776. These funds have helped to move forward with engineering and design work at Metro's proposed expansion facility and with work at our existing bus garage for safety, health, and other essential operational efficiency upgrades. Contributing factors to the contingency increase include better than expected paratransit ticket revenues and lower than expected paratransit trips provided.

Year	Beginning Balance	Reserves +/-	Ending Balance
2015	\$5,015,433	\$2,435,984	\$7,451,417
2016	\$7,451,417	(\$4,065,171)	\$3,386,246
2017	\$3,386,246	\$300,575	\$3,686,821
2018	\$3,686,821	\$1,024,367	\$4,711,188
2019	\$4,711,188	\$356,200	\$5,067,388
2020	\$5,067,388	(\$2,402,776)	\$2,664,612

## **2020 Detailed Financial Highlights**

A breakdown of revenues and expenses by mode is shown in the following chart detailing how Metro ended the year with a \$2,402,776 reduction to the reserve level.

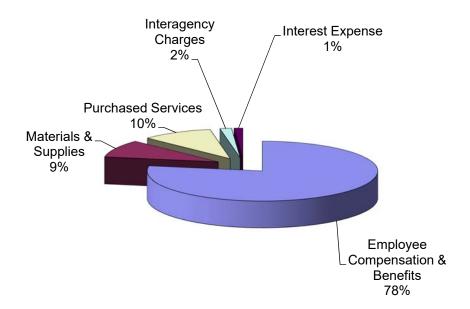

## MANAGEMENT'S DISCUSSION AND ANALYSIS REPORT

As can be seen from the following chart, employee compensation and benefits accounted for 78% of total expenses excluding depreciation in 2020, compared to 77% in 2019.

## 2020 Expenses excluding Depreciation

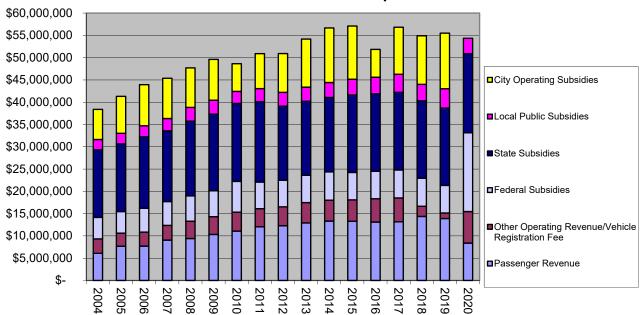

#### MANAGEMENT'S DISCUSSION AND ANALYSIS REPORT

The first of the following charts shows that total operating expenses decreased by 7.1% between 2019 and 2020, due primarily to decreases in purchased transportation and employee compensation. Between 2015 and 2020 Metro experienced an average decrease in total operating costs of 0.5% per year. The second chart compares Metro's revenue sources for the same period of time. Passenger revenue has decreased by an average of 7.4% per year during the last 5 years and state aid, which traditionally provides the largest portion of Metro's revenue, increased 0.4% per year during the same time period. Other operating revenue has increased 9.5% over the period with the introduction of the vehicle registration fee in 2020. Federal subsidies also increased during the five year period because of 2020 federal stimulus funding.

## MANAGEMENT'S DISCUSSION AND ANALYSIS REPORT

## **GRANT STATUS**

Metro is fortunate to have federal support for capital funding for rolling stock (buses), ITS hardware/software, transit enhancements, facilities improvements and other capital projects. The following chart shows the year-end grant status of each grant against which expenditures were charged during the year. Note that where balances are available as of 12/31/20 future capital project plans are budgeted to draw down those balances.

## MANAGEMENT'S DISCUSSION AND ANALYSIS REPORT

## **Borrowing**

As is shown in the information provided below, Metro's debt through the City's General Obligation borrowing (G.O. debt) has been kept to manageable levels. Most borrowing is related to capital purchases where 50 to 80 per cent of funding is derived from federal grant sources and the balance from local borrowing. The City has a AAA bond rating. The City carefully manages the borrowing and debt service.

## MANAGEMENT'S DISCUSSION AND ANALYSIS REPORT

## **Financial Statements**

Metro's basic financial statements are prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America, promulgated by the Government Accounting Standards Board (GASB). Revenues are recognized when earned, not when received. Expenses are recognized when incurred, not when they are paid. Capital assets, except land, are depreciated over their useful lives. See the notes to the financial report for a summary of Metro's significant accounting policies.

## **Condensed Statements**

The following condensed Statements found in Table 1 and Table 2 below is information required to appear in the Management Discussion and Analysis (MD & A) report. The footnoted references will assist in locating more details in the MD & A and Audit Report.

## MANAGEMENT'S DISCUSSION AND ANALYSIS REPORT

## **Request for Information**

This financial report is designed to provide a general overview of Metro's finances for all those interested. Questions concerning any of the information provided in this report or requests for additional information should be addressed in writing to Justin Stuehrenberg, Transit General Manager, Metro Transit 1245 East Washington Avenue, Suite 201, Madison, WI 53703 or by e-mail to:

jstuehrenberg@cityofmadison.com.

Respectfully submitted

Interim Transit General Manager

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Metro Transit System (Metro) have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to enterprise funds of government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant accounting principles and policies utilized by Metro are described below:

#### REPORTING ENTITY

Metro provides public bus transportation in the Cities of Madison, Middleton, Fitchburg, Sun Prairie and Verona, the Town of Madison and the Village of Shorewood Hills. Metro is governed by the Transportation Planning and Policy Board and Transportation Commission which consists of City Council members and citizen representatives. Service is provided in two major areas: fixed route service utilizing 218 coaches and paratransit services for the elderly and handicapped using purchased transportation services (as of August 2018 Metro no longer provides directly operated paratransit service).

#### MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The term measurement focus is used to denote <u>what</u> is being measured and reported in Metro's operating statement. Metro is accounted for on the flow of economic resources measurement focus. The fundamental objective of this focus is to measure whether Metro is better or worse off economically as a result of events and transactions of the period.

The term basis of accounting is used to determine <u>when</u> a transaction or event is recognized on Metro's operating statement. Metro uses the full accrual basis of accounting. Under this basis, revenues are recorded when earned and expenses are recorded when incurred, even though actual payment or receipt may not occur until after the period ends.

Metro is presented as an enterprise fund of the municipality. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business or where the governing body has decided that the determination of revenues earned, costs incurred and net income is necessary for management accountability.

Preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

## **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)**

## Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position

## Cash and Cash Equivalents

All Metro cash is commingled with the city cash and investments, which are managed by the City Treasurer. The disclosures regarding deposit and investment risks, as required by Statement No. 40 of the Governmental Accounting Standards Board are included in the general-purpose financial statements of the city, since it is not possible to segregate them by fund.

For purposes of the statement of cash flows, cash and cash equivalents have original maturities of three months or less from the date of acquisition.

#### Deposits and Investments

State statutes restrict investment of transit funds. Investments are limited to:

- 1. Time deposits in any credit union, bank, savings bank or trust company maturing in three years or less.
- 2. Bonds or securities of any county, city, drainage district, technical college district, village, town, or school district of the state. Also, bonds issued by a local exposition district, local professional baseball park district, local professional football stadium district, local cultural arts district or by the University of Wisconsin Hospitals and Clinics Authority.
- 3. Bonds or securities issued or guaranteed by the federal government.
- 4. The local government investment pool.
- 5. Any security maturing in seven years or less and having the highest or second highest rating category of a nationally recognized rating agency.
- 6. Securities of an open-end management investment company or investment trust, subject to various conditions and investment options.
- 7. Repurchase agreements with public depositories, with certain conditions.

Investments are stated at fair value, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair values are based on the methods and inputs outlined in the financial statements of the city in compliance with Statement No. 72 of the Governmental Accounting Standards Board. No investments are reported at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income.

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

## **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)**

## ASSETS, DEFERRED OUTFLOWS, LIABILITIES, DEFERRED INFLOWS, AND NET POSITION (cont.)

### Deposit with Fiscal Agent

Metro's deposit with fiscal agent represents cash that is being held in an escrow account for the payment of principal and interest on debt service. The deposits were up \$675,469 in 2020 due to the crossover advance refunding of the 2014-A General Obligation Notes.

#### Accounts Receivable

Metro considers receivables from government units to be fully collectible; accordingly, no allowance for doubtful accounts from governmental units is presented. An allowance of \$23,183 is included in 2020 and 2019 for general accounts receivable.

## Materials and Supplies

Materials and supplies are generally used for operation and maintenance work, not for resale. They are valued at lower of cost or market based on the FIFO method and charged to operation and maintenance expense when used. An allowance of \$50,000 for obsolete materials is included in 2020 and 2019.

## **Prepaid Expenses**

This represents amounts paid for services or coverage to be provided in future periods.

## Capital Assets

Capital assets are defined by Metro as assets with an initial, individual cost of more than \$10,000 and an estimated useful life in excess of one year.

Additions to and replacements of Metro capital assets are recorded at original cost, which includes material, labor, and overhead. The cost of renewals and betterments relating to retirement units is added to capital asset accounts. The cost of property replaced, retired or otherwise disposed of is deducted from capital asset accounts and is charged to accumulated depreciation.

Fixed assets other than land are depreciated using the straight line method over their estimated useful life.

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

## **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)**

#### ASSETS, DEFERRED OUTFLOWS, LIABILITIES, DEFERRED INFLOWS, AND NET POSITION (cont.)

A summary of capital assets and estimated useful lives follows:

	Balance 12/31/20	Balance 12/31/19	Years	
Land	\$ 2,604,992	\$ 2,604,992	N/A	
Building	27,657,188	20,890,626	5 – 40	
Curb and land improvements	6,652,515	6,652,515	5	
Revenue equipment	86,390,279	84,311,182	8 – 20	
Service vehicles	832,635	832,636	4 – 5	
Shop and garage equipment	1,840,236	1,817,971	3 – 10	
Furniture and office equipment	643,887	643,887	3 – 10	
Miscellaneous and farebox	10,351,796	10,324,176	3 – 15	
Total Capital Assets	\$ 136,973,528	\$ 128,077,985		

#### **Pensions**

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Wisconsin Retirement System (WRS) and additions to/deductions from WRS' fiduciary net position have been determined on the same basis as they are reported by WRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms, investments are reported at fair value.

#### Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, benefit payments are recognized when due and payable in accordance with the benefit terms.

### **Deferred Outflow of Resources**

A deferred outflow of resources represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense) until that future time.

## Accrued Compensation, Sick Leave and Vacation

Employees are allowed to accumulate up to 150 days of sick time. For office employees and drivers one day is equivalent to eight hours; for all other employees one day is equivalent to 8-36/60 hours. Upon retirement or disability, Wisconsin Retirement System participants may receive the cash value of the accumulated sick leave subject to the above maximum or use all or a portion for the payment of continued health insurance premiums. Funding for those costs is provided out of Metro's operating revenues. The estimated liability for current employees at December 31, 2020 and 2019 is \$3,589,755 and \$3,808,132 respectively.

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

## **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (cont.)

#### ASSETS, DEFERRED OUTFLOWS, LIABILITIES, DEFERRED INFLOWS, AND NET POSITION (cont.)

Employees earn varying amounts of vacation depending on the number of years of service. Vacation time for all non-represented employees and represented employees hired prior to January 1, 1998 is awarded based on the prior year's service and is, therefore, accrued at the end of each year. Represented employees hired after January 1, 1998 are awarded their vacation immediately and can use it once they have completed their probationary period. Represented employees may opt to carry over one week of vacation each year. All other vacation time must be used within the year received.

#### Retiree Health Insurance Escrow

Metro makes an annual deposit into an escrow account for contributions toward the health insurance premiums for certain eligible retirees. The deposits were \$459,831 in 2020 based on an estimate since the current Labor Agreement has expired and \$448,615 in 2019, respectively. To qualify a retiree must have retired on or after reaching age 55, must have completed ten continuous years of full-time service with Metro in a position represented by Teamsters Union Local 695, just prior to retiring and be eligible to retire under the Wisconsin Retirement System (WRS). Retirees receive this benefit for a maximum of five consecutive years or until becoming eligible for Medicare. Retirees will be eligible for premium contributions to the extent that funds are available in the escrow account and Metro will not be required to make any additional payments to the account should the cost of providing premium contributions exceed the amount deposited. Interest income remains with the escrow account less a 1% administrative fee transferred to the City. As of December 31, 2020, 108 current employees have met the eligibility requirements.

#### Unearned Revenue

Madison Metropolitan School District (MMSD) purchases passes for the school district that are valid for the entire school year. The estimated value of those passes that is related to rides to be provided in the following calendar year has been recorded as unearned revenue at year end. Due to the COVID-19 pandemic MMSD did not provide bus passes for students because of a virtual instruction format.

#### Long-Term Obligations

Long-term debt and other obligations are reported as Metro liabilities.

## **Deposits from Other Governments**

Metro collects deposits from various entities that provide Metro with local operating assistance subsidies. These deposits are held by Metro in reserve to help fund unanticipated cost increases in future years. The reserve balance is reviewed annually and amounts received in excess of the annual cost and the required reserve balance are reported as payables and refunded in the subsequent year. In 2020 and 2019, \$1,642,218 and \$142,382 respectively, were contracted as returns to these entities.

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

#### ASSETS, DEFERRED OUTFLOWS, LIABILITIES, DEFERRED INFLOWS, AND NET POSITION (cont.)

#### **Deferred Inflows of Resources**

A deferred inflow of resources represents an acquisition of net position that applies to a future period and therefore will not be recognized as an inflow of resources (revenue) until that future time.

#### **Net Position**

Equity is classified as Net Position and is displayed in three components:

- Net investment in capital assets This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.
- Restricted This component of net position consists of constraints placed on net position
  use through external constraints imposed by creditors (such as through debt covenants),
  grantors, contributors, or laws or regulations of other governments or constraints imposed
  by law through constitutional provisions or enabling legislations.
- Unrestricted net position This component of net position consists of net positions that do not meet the definition of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for use, it is Metro's policy to use restricted resources first then unrestricted resources as they are needed.

The following calculation supports the net investment in capital assets:

	_	2020	_	2019
Plant in service	\$	136,973,528	\$	128,077,985
Accumulated depreciation		(80,630,185)		(76,545,944)
Construction work in progress		330,522		139,740
Sub-Totals		56,673,865	_	51,671,781
Less: Capital related debt				
Current portion of general obligation bonds		3,522,958		2,411,154
Premium on capital bonds		4,850,505		-
Long-term portion of capital related general obligation bonds		24,102,161		19,613,715
Sub-Totals		32,475,624	_	22,024,869
Add unspent proceeds of capital-related debt included above		1,566,285	_	1,283,893
Net Investment in Capital Assets	\$	25,764,526	\$	30,930,805

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

## **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (cont.)

#### REVENUES AND EXPENSES

### Revenue Recognition

Metro distinguishes *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services. The principal operating revenues of Metro are charges to customers for services. In addition, as fully described in Note 5, Metro also receives operating subsidies from state, local and federal governments. Operating expenses include the cost of services, administrative expenses, and depreciation on capital assets. Other revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

#### **Taxes**

Municipal transit utilities are exempt from federal and state income taxes and, therefore, no income tax liability is recorded by Metro.

## Capital Contributions

Metro has received Federal, State and local funding for acquisition and construction of capital assets. In accordance with GASB Statement No. 33, this funding is reported as an increase in net position.

The Federal and State grants are subject to grantor agency compliance audits. Management believes losses, if any, resulting from those compliance audits are not material to these statements

#### EFFECT OF NEW ACCOUNTING STANDARDS ON CURRENT PERIOD FINANCIAL STATEMENTS

The Governmental Accounting Standards Board (GASB) has approved the following statements:

- Statement No. 87, Leases
- Statement No. 91, Conduit Debt Obligations
- Statement No. 92. Omnibus
- Statement No. 93, Replacement of Interbank Offered Rates
- Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements
- Statement No. 96, Subscription-Based Information Technology Arrangements
- Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32

When they become effective, application of these standards may restate portions of these financial statements.

#### **COMPARATIVE DATA**

Certain amounts presented in the prior year data may have been reclassified in order to be consistent with the current year's presentation.

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

## NOTE 2 - CHANGES IN CAPITAL ASSETS

A summary of changes in Metro capital assets for 2020 and 2019 follows:

	Balance 1/1/20	Additions	Retirements	Balance 12/31/20
Capital assets not being depreciated

In addition to the liabilities above, information on the net pension and other post-employment benefits liability (asset) are provided in Note 7 and Note 8, respectively.

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

#### **NOTE 5 – OPERATING SUBSIDIES**

Metro receives operating subsidies from state and local governments. Federal subsidies are received for capital grants as well as capital grants that reimburse outlays recorded as operating expenses.

State operating assistance is received in quarterly payments from the Wisconsin Department of Transportation.

Local operating assistance is in the form of subsidies from the City of Madison, Town of Madison, Cities of Middleton, Fitchburg, Sun Prairie and Verona, the Village of Shorewood Hills, the University of Wisconsin, Madison Area Technical College and Madison Metropolitan School District. Contracts are executed with all entities defining subsidy amounts and procedures.

A \$40 vehicle registration fee is received from City of Madison residents.

The following are the operating subsidies for the years 2020 and 2019:

	2020	2019
Federal	\$ 17,865,203	\$ 6,438,107
Federal operating grant pass-through to sub recipient	(186,957)	(238,134)
State	17,758,321	17,352,591
Local public subsidies	3,435,982	4,329,544
Vehicle Registration Fee	6,023,521	-
City of Madison	-	12,478,419

Federal and State subsidies are subject to granting agency compliance audits. Management believes losses, if any, resulting from the compliance audits are not material to these statements.

#### NOTE 6 - UNEARNED REVENUE/PREPAID EXPENSE - LAND AND TOWER LEASE

In 1993 the city on behalf of Metro entered into an operating lease with the University Research Park, Inc. for use of a tower. Metro's share of the lease was \$96,250. The lease is 25 years in length and was fully prepaid. The revenue received to pay for the lease was deferred and is being recognized using the straight-line method over the life of the lease.

In 1997 the city on behalf of Metro entered into a thirty year, fully prepaid operating lease with University Research Park, Inc. for a parcel of land used in conjunction with bus transfer facilities for \$214,000. The revenue received to pay for the lease was deferred and is being recognized over the life of the lease.

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

#### NOTE 6 - UNEARNED REVENUE/PREPAID EXPENSE - LAND AND TOWER LEASE (cont.)

In 2004, the city on behalf of Metro entered into an operating lease for \$103,488 with Kraft Foods for a parcel of land to be used as the North Park & Ride lot through 2012. At the same time extensions of both the North Transfer Point lease and the North Park & Ride lease were also negotiated through 2018 for an additional \$96,200. These leases were fully prepaid. The revenue received to pay for these leases was unearned and is being recognized over the life of the leases. These leases were fully recognized in 2018.

The following table represents the prepaid asset to be amortized over the remaining life of the leases:

		iversity arch Park	7	Γotal
2021	\$	3,096	\$	3,096
2022		2,872		2,872
2023		2,665		2,665
2024		2,473		2,473
2025		2,295		2,295
2026		2,130		2,130
2027		1,455		1,455
	<u>\$</u>	16,986	\$	16,986

The previous difference between the prepaid and the deferred revenue was equal to the 20% local match on the North Park and Ride Lot which was not deferred.

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

#### NOTE 7 - EMPLOYEES' RETIREMENT SYSTEM (cont.)

#### General Information About the Pension Plan

**Plan description.** The WRS is a cost-sharing multiple-employer defined benefit pension plan. WRS benefits and other plan provisions are established by Chapter 40 of the Wisconsin Statutes. Benefit terms may only be modified by the legislature. The retirement system is administered by the Wisconsin Department of Employee Trust Funds (ETF). The system provides coverage to all eligible State of Wisconsin, local government and other public employees. All employees, initially employed by a participating WRS employer on or after July 1, 2011, and expected to work at least 1,200 hours a year (880 hours for teachers and school district educational support employees) and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS.

ETF issues a standalone Comprehensive Annual Financial Report, which can be found at http://etf.wi.gov/publications/cafr.htm.

**Vesting.** For employees beginning participation on or after January 1, 1990, and no longer actively employed on or after April 24, 1998, creditable service in each of five years is required for eligibility for a retirement annuity. Participants employed prior to 1990 and on or after April 24, 1998, and prior to July 1, 2011, are immediately vested. Participants who initially became WRS eligible on or after July 1, 2011, must have five years of creditable service to be vested.

**Benefits provided**. Employees who retire at or after age 65 (54 for protective occupation employees, 62 for elected officials and State executive participants, if hired on or before 12/31/2016) are entitled to receive an unreduced retirement benefit. The factors influencing the benefit are: (1) final average earnings, (2) years of creditable service, and (3) a formula factor.

Final average earnings is the average of the participant's three highest years' earnings. Creditable service is the creditable current and prior service expressed in years or decimal equivalents of partial years for which a participant receives earnings and makes contributions as required. The formula factor is a standard percentage based on employment category.

Employees may retire at age 55 (50 for protective occupation employees) and receive reduced benefits. Employees terminating covered employment before becoming eligible for a retirement benefit may withdraw their contributions and forfeit all rights to any subsequent benefits.

The WRS also provides death and disability benefits for employees.

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

#### NOTE 7 - EMPLOYEES' RETIREMENT SYSTEM (cont.)

#### General Information About the Pension Plan (cont.)

**Post-retirement adjustments**. The Employee Trust Funds Board may periodically adjust annuity payments from the retirement system based on annual investment performance in accordance with s. 40.27, Wis. Stat. An increase (or decrease) in annuity payments may result when investment gains (losses), together with other actuarial experience factors, create a surplus (shortfall) in the reserves, as determined by the system's consulting actuary. Annuity increases are not based on cost of living or other similar factors. For Core annuities, decreases may be applied only to previously granted increases. By law, Core annuities cannot be reduced to an amount below the original, guaranteed amount (the "floor") set at retirement. The Core and Variable annuity adjustments granted during recent years are as follows:

Year	Core Fund Adjustment	Variable Fund Adjustment
2009	(2.1)	(42)
2010	(1.3)	22
2011	(1.2)	11
2012	(7.0)	(7)
2013	(9.6)	9
2014	4.7	25
2015	2.9	2
2016	0.5	(5)
2017	2.0	<b>À</b> .Ó
2018	2.4	17.0
2019	0.0	(10.0)

**Contributions.** Required contributions are determined by an annual actuarial valuation in accordance with Chapter 40 of the Wisconsin Statutes. The employee required contribution is one-half of the actuarially determined contribution rate for general category employees, including teachers, and Executives and Elected Officials. Starting January 1, 2016, the Executives and Elected Officials category merged into the General Employee category. Required contributions for protective employees are the same rate as general employees. Employers are required to contribute the remainder of the actuarially determined contribution rate. The employer may not pay the employee required contribution unless provided for by an existing collective bargaining agreement.

The WRS recognized \$1,930,838 and \$1,930,522 in contributions from Metro during the current and prior reporting periods, respectively.

Contribution rates as of December 31, 2020 and December 31, 2019 are:

	20	20	20	19
	<u>Employee</u>	<u>Employer</u>	<u>Employee</u>	Employer
General (including Executives and Elected Officials)	6.55%	6.55%	6.7%	6.7%
Protective with Social Security	6.55%	10.55%	6.7%	10.7%
Protective without Social Security	6.55%	14.95%	6.7%	14.9%

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

#### **NOTE 7 – EMPLOYEES' RETIREMENT SYSTEM** (cont.)

# Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2020, Metro reported a liability (asset) of \$(5,848,135) for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of December 31, 2019, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of December 31, 2018 rolled forward to December 31, 2019. No material changes in assumptions or benefit terms occurred between the actuarial valuation date and the measurement date. Metro's proportion of the net pension liability (asset) was based on Metro's share of contributions to the pension plan relative to the contributions of all participating employers. At December 31, 2019, the City's proportion was 1.80212477%, which was an increase of .03840256% from its proportion measured as of December 31, 2018.

At December 31, 2019, Metro reported a liability (asset) of \$6,572,282 for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of December 31, 2017 rolled forward to December 31, 2018. No material changes in assumptions or benefit terms occurred between the actuarial valuation date and the measurement date. Metro's proportion of the net pension liability (asset) was based on Metro's share of contributions to the pension plan relative to the contributions of all participating employers. At December 31, 2018, the City's proportion was 1.76372221%, which was an increase of .05859068% from its proportion measured as of December 31, 2017.

For the year ended December 31, 2020, and 2019 Metro recognized pension expense of \$(36,362) and \$2,605,319.

At December 31, 2019 Metro reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	rred Outflows Resources	 ferred Inflows Resources
Differences between expected and actual experience Changes in assumptions Net differences between projected and actual earnings	\$ 11,527,046 692,336	\$ 6,490,817
on pension plan investments Changes in proportion and differences between employer	-	10,898,235
contributions and proportionate share of contributions Employer contributions subsequent to the measurement date	 8,266 1,965,131	 75,824 
Totals	\$ 14,192,779	\$ 17,464,876

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

#### NOTE 7 - EMPLOYEES' RETIREMENT SYSTEM (cont.)

# Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (cont.)

At December 31, 2019 Metro reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	 rred Outflows Resources	 erred Inflows Resources
Differences between expected and actual experience	\$ 5,344,385	\$ 9,629,484
Changes in assumptions	1,301,090	-
Net differences between projected and actual earnings		
on pension plan investments	10,280,067	-
Changes in proportion and differences between employer		
contributions and proportionate share of contributions	-	114,938
Employer contributions subsequent to the measurement date	 1,930,838	 <u>-</u>
Totals	\$ 18,856,380	\$ 9,744,422

Deferred outflows related to pension resulting from the WRS Employer's contributions subsequent to the measurement date reported in the tables above will be recognized as a reduction of the net pension liability (asset) in the subsequent year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year Ended December 31	 2020
2021 2022 2023 2024 2025 Thereafter	\$ (1,566,773) (1,163,588) 171,992 (2,678,859)
Total	\$ (5,237,228)

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

#### **NOTE 7 – EMPLOYEES' RETIREMENT SYSTEM** (cont.)

# Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (cont.)

**Actuarial assumptions**. The total pension liability in the actuarial valuation used in the current and prior year was determined using the following actuarial assumptions, applied to all periods included in the measurement:

	2020	2019
Actuarial valuation date Measurement date of net pension	December 31, 2018*	December 31, 2017*
liability (asset)	December 31, 2019	December 31, 2018
Actuarial cost method	Entry age	Entry age
Asset valuation method	Fair market value	Fair market value
Long-term expected rate of return	7.0%	7.0%
Discount rate	7.0%	7.0%
Salary increases		
Inflation	3.0%	3.0%
Seniority/Merit	0.1% - 5.6%	0.1% - 5.6%
Mortality	Wisconsin 2018 Mortality Table	Wisconsin 2018 Mortality Table
Post-retirement adjustments**	1.9%	1.9%

<sup>\*</sup>Actuarial assumptions are based upon an experience study conducted in 2018 using experience from 2015 through 2017.

Actuarial assumptions used in the December 31, 2018 actuarial valuation is based upon an experience study conducted in 2018 using experience from 2016 – 2018. The total pension liability for December 31, 2019 is based upon a roll-forward of the liability calculated from the December 31, 2018 actuarial valuation.

Actuarial assumptions used in the December 31, 2017 actuarial valuation is based upon an experience study conducted in 2018 using experience from 2015 – 2017. The total pension liability for December 31, 2018 is based upon a roll-forward of the liability calculated from the December 31, 2017 actuarial valuation.

<sup>\*\*</sup>No post-retirement adjustment is guaranteed. Actual adjustments are based on recognized investment return, actuarial experience and other factors. The percentages listed above are the assumed annual adjustment based on the investment return assumption and the post-retirement discount rate.

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

#### NOTE 7 - EMPLOYEES' RETIREMENT SYSTEM (cont.)

# Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (cont.)

**Long-term expected return on plan assets.** The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of December 31, 2020 are summarized in the following table:

Core Fund Asset Class	Current Asset Allocation %	Long-Term Expected Nominal Rate of Return %	Long-Term Expected Real Rate of Return %
Global Equities	49%	8.0%	5.1%
Fixed Income	24.5	4.9	2.1
Inflation Sensitive Assets	15.5	4.0	1.2
Real Estate	9.0	6.3	3.5
Private Equity/Debt	8.0	10.6	7.6
Multi-Asset	4.0	6.9	4.0
Total Core Fund	110.0	7.5	4.6

#### NOTE 7 - EMPLOYEES' RETIREMENT SYSTEM (cont.)

# Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (cont.)

The target allocation and best estimates of arithmetic real rates of return for each major asset class as of December 31, 2019 are summarized in the following table:

Core Fund Asset Class	Current Asset Allocation %	Long-Term Expected Nominal Rate of Return %	Long-Term Expected Real Rate of Return %
U.S. Equities	49%	8.1%	5.5%
Fixed Income	24.5	4.0	1.45
Inflation Sensitive Assets	15.5	3.8	1.3
Real Estate	9	6.5	3.9
Private Equity/Debt	8	9.4	6.7
Multi-Asset	4	6.7	4.1
Total Core Fund	110	7.3	4.47
Variable Fund Asset Class			
U.S Equities	70	7.6	5.0
International Equities	30	8.5	5.9
Total Variable Fund	100	8.0	5.4

New England Pension Consultants Long-Term U.S. CPI (Inflation) Forecast: 2.5% (2020). Asset Allocations are managed within established ranges, target percentages may differ from actual monthly allocations.

Single discount rate. A single discount rate of 7.00% and 7.00% was used to measure the total pension liability as of December 31, 2020 and December 31, 2019, respectively. As of December 31, 2019, the single discount rate was based on the expected rate of return on pension plan investments of 7.00% and a long term bond rate of 2.75%. As of December 31, 2019, the single discount rate was based on the expected rate of return on pension plan investments of 7.00% and a long-term bond rate of 3.71%. Because of the unique structure of WRS, the 7.00% (7.00% for 2019) expected rate of return implies that a dividend of approximately 1.9% (1.9% for 2019) will always be paid. For purposes of the single discount rate, it was assumed that the dividend would always be paid. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments (including expected dividends) of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability (asset).

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

#### NOTE 7 - EMPLOYEES' RETIREMENT SYSTEM (cont.)

Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (cont.)

Sensitivity of the Metro's proportionate share of the net pension liability (asset) to changes in the discount rate. The following presents the utilities' proportionate share of the net pension liability (asset) calculated using the current discount rate, as well as what the utilities' proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

The sensitivity analysis as of December 31, 2020 and 2019 follows:

Metro's proportionate share of the net position liability (asset)	 Decrease to iscount Rate (6.00%)	 urrent Discount Rate (7.00%)	1% Increase to Discount Rate (8.00%)
December 31, 2020 December 31, 2019	\$ 15,059,956 26,797,614	\$ (5,848,135) 6,572,282	\$ (21,479,312) (8,169,062)

**Pension plan fiduciary net position.** Detailed information about the pension plan's fiduciary net position is available in separately issued financial statements available at <a href="http://etf.wi.gov/Publications/cafr.htm">http://etf.wi.gov/Publications/cafr.htm</a>.

#### **NOTE 8 – OTHER POST-EMPLOYMENT BENEFITS**

The city administers a single-employer defined benefit healthcare plan, (the Retiree Health Plan) in which Metro participates. The Plan provides healthcare coverage to city employees and their spouses, which covers both active and eligible retired members. The Plan is affiliated with the Wisconsin Public Employer's Group Health Insurance – Dane County service area plan, a purchasing plan administered by the State of Wisconsin. Benefit provisions are established through collective bargaining agreements. The Retiree Health Plan does not issue a publicly available financial report.

Contribution requirements are established through collective bargaining agreements and may be amended only through negotiations between the city and the union. The Plan provides eligible retirees with the opportunity to stay on the city's health insurance plan. Eligible retirees and spouses contribute the full amount of the premiums after age 55, except for teamsters who contribute the difference between the rate paid by the city and current year rate. As the eligibility requirements for different classes of employees vary, please see the City of Madison audit report for complete details of all benefits offered.

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

#### NOTE 8 - OTHER POST-EMPLOYMENT BENEFITS (cont.)

**Employees covered by benefit terms.** At December 31, 2020 and 2019, the following employees were covered by the benefit terms for the City of Madison:

	City of Madison	
	2020	2019
Inactive plan members or beneficiaries currently receiving benefit		
payments	2,851	2,895
Active plan members	697	807
Total members	3,548	3,702

#### TOTAL OPEB LIABILITY

Metro's total OPEB liability of \$10,822,111 was measured as of December 31, 2020, and was determined by an actuarial valuation as of that date. At December 31, 2019, the Metro's total OPEB liability was \$10,357,781 was measured as of December 31, 2019, and was determined by an actuarial valuation as of that date.

**Actuarial assumptions.** The total OPEB liability in the January 1, 2020 and 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

	2020	2019
Actuarial valuation date Inflation Salary increases	December 31, 2020 2.50% per year 3.00%	January 1, 2019 2.70% per year 3.20% - 4.80%
Investment rate of return	3.26% as of January 1, 2020 and 2.12% as of December 31, 2020	4.11% as of January 1, 2019 and 3.26% as of December 31, 2019
Healthcare cost trend rates	8.0% initially reduced by decrements to an ultimate rate of 4.5% after 7 years	7.5% initially reduced by decrements to an ultimate rate of 4.5% after 8 years
Retirees' share of benefit-related costs Discount rate	100% 2.12%	100% 3.26%

The discount rate was based on 20-year tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (or equivalent quality on another rating scale.

Mortality Rates are based on RPH-2020 Total Dataset Mortality Table fully generational using Scale MP-2020

Other assumptions are based on a City-determined analysis of past trends and future expectations.

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

#### **NOTE 8 – OTHER POST-EMPLOYMENT BENEFITS (cont.)**

#### CHANGES IN THE TOTAL OPEB LIABILITY

	Total OPEE Liability	3
Balances at December 31, 2019	\$ 10,357,7	81
Changes for the year: Service cost Interest Differences between expected and actual experience Changes in assumptions Employer contributions Net changes	444,6 119,8 (714,3 1,277,0 (662,9 464,3	388 326) 349 320)
Balances at December 31, 2020	\$ 10,822,1	111
	Total OPEE Liability	3
Balances at December 31, 2018		
Balances at December 31, 2018  Changes for the year:    Service cost    Interest    Differences between expected and actual experience    Changes in assumptions    Employer contributions Net changes	Liability	35 305 154) 105 152)

Changes in assumptions and other inputs from December 31, 2019 to December 31, 2020 include the following, respectively; change in the discount rate from 3.26% to 2.12%, and an update in the health care and subsidy trend rates from an initial rate of 7.50% decreasing by 0.375% annually to an ultimate rate of 4.50% to an initial rate of 8.00% decreasing by 0.50% annually to an ultimate rate of 4.50%.

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

#### NOTE 8 - OTHER POST-EMPLOYMENT BENEFITS (cont.)

#### CHANGES IN THE TOTAL OPEB LIABILITY (cont.)

**Sensitivity of the total OPEB liability to changes in the discount rate**. The following presents the total OPEB liability of Metro, as well as what the Metro's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

As of December 31, 2020:	1% Decrease Discount Rate 1% Increase (1.12%) (2.12%) (3.12%)
Total OPEB liability	\$ 11,760,842 \$ 10,822,111 \$ 9,974,635
As of December 31, 2019:	1% Decrease Discount Rate 1% Increase (2.26%) (3.26%) (4.26%)
Total OPEB liability	\$ 11,195,219 \$ 10,357,781 \$ 9,599,178

**Sensitivity of the net OPEB liability to changes in the healthcare cost trend rates.** The following presents the net OPEB liability of Metro, as well as what the Metro's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

As of December 31, 2020:	Healthcare Cost 1% Decrease Trend Rates (7.00%) (8.00%)	1% Increase (9.00%)
Total OPEB liability	\$ 9,726,290 \$ 10,822,111	\$ 12,131,488
As of December 31, 2019:	1% Decrease Healthcare Cost Trend Rates (7.50%)	1% Increase (8.50%)
Total OPEB liability	\$ 9,343,859 \$ 10,357,781	\$ 11,561,032

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

#### NOTE 8 - OTHER POST-EMPLOYMENT BENEFITS (cont.)

#### OPEB EXPENSE AND DEFERRED INFLOWS OF RESOURCES RELATED TO OPEB

For the year ended December 31, 2020 and 2019, Metro recognized OPEB expense of \$489,563 and \$711,069, respectively. At December 31, 2020 and 2019, Metro reported deferred inflows of resources related to OPEB from the following sources:

	2020	2019			
	Deferred Deferred Outflows of Inflows of Resources Resources	Deferred Deferred Outflows of Inflows of Resources Resources			
Changes of assumptions or other inputs Differences between expected and actual	\$ 1,732,431 \$ 1,104,353	\$ 568,309 \$ 146,238			
experience	- 109,412	- 857,298			
Total	<u>\$ 1,732,431</u>	<u>\$ 568,309</u> \$1,003,536			

Deferred outflows related to OPEB resulting from the employer's contributions subsequent to the measurement date reported in the table above will be recognized as a reduction of the total OPEB liability in the subsequent year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

#### Year Ended December 31:

2021	\$ 48,181
2022	48,181
2023	48,181
2024	48,181
2025	48,181
Thereafter	 277,763
Total	\$ 518,666

NOTES TO FINANCIAL STATEMENTS
December 31, 2020 and 2019

#### NOTE 9 - RISK MANAGEMENT

Metro is exposed to various risks of loss related to torts, theft of, damage to, or destruction of assets, errors and omissions, workers compensation, and health care of its employees. The city purchases commercial insurance for liability and most property losses. Settled claims have not exceeded the commercial coverage for health claims in any of the past three years. There has been no reduction in coverage compared to the prior year.

Metro is partially self-funded and participates in a public entity risk pool to provide coverage for liability and transit system property losses.

#### TRANSIT MUTUAL INSURANCE CORPORATION OF WISCONSIN (TMI)

Transit Mutual Insurance Corporation of Wisconsin (TMi) is a municipal mutual insurance corporation which provides auto liability and physical damage coverage for municipally-owned transit systems in Wisconsin. Each insured property is an owner of the mutual insurance corporation. Metro insures its transit systems' auto liability and physical damage with TMi and is an owner of the corporation.

In 2020, TMi issued Metro an auto liability policy with a \$250,000 per person policy limit and a \$7,000,000 per accident policy limit. Of the per accident policy limit, TMi insures \$2,000,000 and reinsures \$5,000,000 with Great American Reinsurance Group. In addition, Metro's policy provides for \$25,000 per person and \$50,000 per accident in uninsured motorist insurance.

In 2020, TMi also provided Metro with auto physical damage coverage for its buses with a total limit of \$78,200,000 and a \$5,000 deductible for collision and comprehensive coverage. TMi insures \$750,000 and reinsures the remainder of \$77,450,000 with Great American Insurance Group.

Management of TMi consists of a board of directors comprised of one representative for each member. Metro does not exercise any control over the activities of TMi beyond its representation on the board of directors.

Premiums are determined in advance of each premium year, which begins on January 1. TMi is an assessable mutual; accordingly, the board of directors may require that supplemental contributions be made by members to ensure adequate funds are available to meet the obligations applicable to the premium year. Members are required by Wisconsin statute and TMi bylaws to fund any deficit attributable to a premium year during which they were a member. TMi was incorporated in 1985 and began issuing insurance policies in 1986; there has never been a member assessment beyond the annual premiums.

#### Other Liability Coverage

For its other liability coverage Metro Transit was insured under the City of Madison's liability program with Wisconsin Mutual Insurance Company (WMMIC). Details of the City's participation with WMMIC are provided in the City's financial statements. Metro Transit's workers' compensation program is also included in the City's self-insured workers' compensation program. Metro Transit's property exposures are insured under the City's property coverage through Municipal Property Insurance Company (MPIC).

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

#### NOTE 9 - RISK MANAGEMENT (cont.)

Metro's share of TMi is 36.54% for auto liability. A list of the other members and their share of participation is available in the TMi report which is available from: TMi, PO Box 1135, Appleton, WI 54915-1483 or by email from tmi@transitmutual.com.

#### NOTE 10 - Basis For Existing Fares

Current fares were made effective August 28, 2016 as approved by the Transit and Parking Commission.

#### NOTE 11 - COMMITMENTS AND CONTINGENCIES

Metro provides Wisconsin Department of Transportation Section 85.20 funds to Dane County for door-to-door volunteer driver escort services and Group Access Transportation for the elderly and disabled in the Metro Transit System service area.

Metro contracts with a number of providers for demand-responsive paratransit services. Contract terms and conditions vary for each provider.

In September of 2018 the Transit and Parking Commission approved a contract with New Flyer Corp. for the purchase of up to 72 buses over a five-year period. As of December 31, 2020, 27 buses had been purchased under this contract.

From time to time Metro is party to various pending claims and legal proceedings. Although the outcome of such matters cannot be forecasted with certainty, it is the opinion of management and Metro's legal counsel that the likelihood is remote that any such claims or proceedings will have a material adverse effect on Metro's financial position or results of operations.

NOTES TO FINANCIAL STATEMENTS December 31, 2020 and 2019

### **NOTE 13 - SUBSEQUENT EVENTS**

Metro will receive \$4,798,800 related to a Volkswagen settlement with the State of Wisconsin for the purchase of low emission buses. 75% of the award will be paid back with no interest over the next ten years, and the remaining 25% was recorded as a receivable as of December 31, 2020.
