RE: Consideration of a demolition permit and conditional use to demolish an existing two-unit residence and construct a new single-family residence on a lakefront parcel in the Traditional Residential – Consistent 4 (TR-C4) Zoning District at 1435 Morrison Street. (LNDUSE-2021-00078; ID [66594](#))

Dear Robert Bouril,

At its August 23, 2021 meeting, the Plan Commission found the standards met and **approved** your demolition permit and conditional use requests for 1435 Morrison Street. Prior to issuance of permits for the project, the conditions of approval in the following sections shall be satisfied:

Please contact Brenda Stanley of the City Engineering Division–Main Office at (608) 261-9127 if you have questions regarding the following two (2) items:

1. Obtain a Street Terrace permit for the proposed work (installation of the driveway apron, landscaping, etc.) This permit application is available and must be completed on line at <http://www.cityofmadison.com/engineering/permits.cfm> (MGO 10.08)
2. Obtain a permanent sewer plug permit for each existing sanitary sewer lateral serving a property that is not to be reused and a temporary sewer plug permit for each sewer lateral that is to be reused by the development. The procedures and fee schedule is available online at <http://www.cityofmadison.com/engineering/permits.cfm>. (MGO CH 35.02(14))

Please contact Lori Zenchenko of the City Engineering Division–Mapping Section, at (608) 266-5952 if you have questions regarding the following item:

3. The 1435 Morrison St, 1435 Morrison St Apt 1 & 1435 Morrison St Apt 2 addresses will be retired and archived with the demolition of the building. The new single family house will have an address of 1433 Morrison St. The site plan shall reflect a proper street address of the property as reflected by official City of Madison Assessor's and Engineering Division records.

Please contact Jacob Moskowitz, Assistant Zoning Administrator, at (608) 266-4560 if you have any questions regarding the following four (4) items:

4. Section 28.185(7)(a)5. requires that if a demolition or removal permit is approved, it shall not be issued until the reuse and recycling plan is approved by the Recycling Coordinator, Bryan Johnson (608-266-4682).
5. Section 28.185(10) Every person who is required to submit a reuse and recycling plan pursuant to Sec. 28.185(7)(a)5. shall submit documents showing compliance with the plan within sixty (60) days of completion of demolition.
6. Section 28.185(9)(a) A demolition or removal permit is valid for one (1) year from the date of the Plan Commission.
7. One measurement from the garage to the front property line appears to show 19.75 ft, which is less than the required 20 ft. Clarify the measurement from property line to building foundation wall.

Please contact Bill Sullivan of the Madison Fire Department at (608) 261-9658 if you have any questions regarding the following three (3) items:

8. The indoor fire table shall be listed for such use and with proper ventilation provided. The production of a carbon monoxide and/or carbon dioxide is a major health hazard.
9. Madison Fire Department recommends the installation of a residential fire sprinkler system in accordance with NFPA 13D. Additional information is available at the Home Fire Sprinkler Coalition website: <https://homefiresprinkler.org/building-residential-fire-sprinklers>. An upgrade to include a fire sprinkler system shall be offered along with a cost estimate for all initial single-family homes.
10. Please consider allowing Madison Fire Dept. to conduct training sequences prior to demolition. Contact MFD Training Division to discuss possibilities: Division Chief Paul Ripp at pripp@cityofmadison.com or (608)712-6277.

Please contact Brad Hofmann of the Forestry Division at (608) 267-4908 if you have questions regarding the following four (4) items:

11. Planting additional street tree is needed for this project. Tree planting specifications can be found in section 209 of City of Madison Standard Specifications for Public Works Construction - All street tree planting locations and tree species within the right of way shall be determined by City Forestry. A landscape plan (in PDF format) shall be submitted City Forestry for approval of planting locations and tree species. All available street tree planting locations shall be planted within the project boundaries. Add following note to plan: At least one week prior to street tree planting, Contractor shall contact City Forestry at (608) 266-4816 to schedule inspection and approval of nursery tree stock and review planting specifications with the landscaper.

12. All proposed street tree removals within the right of way shall be reviewed by City Forestry before the Plan Commission meeting. Street tree removals require approval and a tree removal permit issued by City Forestry. Any street tree removals requested after the development plan is approved by the Plan Commission or the Board of Public Works and City Forestry will require a minimum of a 72-hour review period which shall include the notification of the Alderperson within who's district is affected by the street tree removal(s) prior to a tree removal permit being issued.
13. An existing inventory of street trees located within the right of way shall be included on the landscape, site, demo, and utility plans. The inventory shall include the following: location, size (diameter at 4 1/2 feet), and species of existing street trees. The inventory should also note if a street tree is proposed to be removed and the reason for removal.
14. Contractor shall contact City Forestry at 266-4816 to issue a street tree removal permit for a 2' diameter Crabapple tree due to driveway installation. Add as a note on the plan set.

Please contact Jeff Belshaw of the Madison Water Utility at 261-9835 if you have any questions regarding the following two (2) items:

15. A Water Meter Application Form and fees must be submitted before connecting to the existing water lateral. Provide at least two working days notice between the application submittal and the scheduled lateral connection/extension. Application materials are available on the Water Utility's Plumbers & Contractors website (<http://www.cityofmadison.com/water/plumbers-contractors>), otherwise they may be obtained from the Water Utility Main Office at 119 E Olin Ave. A licensed plumber signature is required on all water service applications. For new or replacement services, the property owner or authorized agent is also required to sign the application. If you have questions regarding water service applications, please contact Madison Water Utility at (608) 266-4646.
16. The Madison Water Utility shall be notified to remove the water meter at least two working days prior to demolition. Contact the Water Utility Meter Department at (608) 266-4765 to schedule the meter removal appointment.

Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.

Please now follow the procedures listed below for obtaining permits for your project:

1. After the plans have been revised per the above conditions, please **one (1) complete digital plan set in PDF format** of complete, fully dimensioned, and to-scale plans; the appropriate site plan review application and [site plan review fee \(pursuant to Section 28.206 of the Zoning Code\)](#); and any other documentation requested herein to the Zoning Administrator at zoning@cityofmadison.com. (Note that that an individual email cannot exceed 20MB and it is the responsibility of the applicant to present files in a manner that can be accepted. Please email zoning@cityofmadison.com regarding questions or if you need alternative filing options. The sets of final revised plans or documents will be circulated by Zoning staff to the City department staff listed above for their final approval.

2. The [site plan review fee pursuant to Section 28.206](#) can be mailed in, dropped in the drop box at the Madison Municipal Building, or you can make an appointment at the Zoning counter to pay the fee. Checks should be made out to "City Treasurer." If you mail in the check or use the drop box, please include the application form with the project address and contact information. Zoning staff typically suggest using the drop box or making an appointment with the Zoning counter to pay the fee as they are the quickest.

Mailing Address: City of Madison Building Inspection. P.O. Box 2984. Madison, WI 53701-2984

Drop Box Location: Madison Municipal Building, Doty Street Entrance. 215 Martin Luther King Jr Blvd. Madison, WI 53701-2984

Zoning Counter Appointment: <https://www.cityofmadison.com/dpced/bi/schedule-a-counter-appointment/3423/>

3. City Agencies who submitted conditions of approval will review your revised plans to verify that their conditions, along with any applicable requirements, have been satisfied. When the revised plans are submitted, the applicant will be emailed a hyperlink to a website to follow, in real time, which agencies have reviewed the revised documents, and signed off or need additional information.
4. This letter shall be signed by the applicant and property owner (if not the applicant) to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting building permit approval. [Signature block on last page]
5. No alteration of this proposal shall be permitted unless approved by the Plan Commission, provided, however, the Zoning Administrator may issue permits for minor alterations. No alteration of a conditional use shall be permitted unless approved by the Plan Commission provided, however, the Zoning Administrator following consideration by the alderperson of the district, may approve minor alterations or additions which are approved by the Director of Planning and Community and Economic Development and are compatible with the concept approved by the Plan Commission and the conditional use standards. This approval shall become null and void one (1) year after the date of the Plan Commission unless the use is commenced, construction is under way, or a valid building permit is issued and construction commenced within 6 months of the issuance of said building permit. Where the plans have not been altered from the Plan Commission's approval, and the conditional use has expired, the Director of Planning and Community and Economic Development may, after consultation with the Alderperson of the District, approve an extension for up to 24 months from the expiration date. The Plan Commission shall retain jurisdiction over this matter for the purpose of resolving complaints against the approved conditional use permit.

If you have any questions regarding obtaining your demolition or building permits, please contact the Zoning Administrator at (608) 266-4551. If you have any other questions or if may be of any further assistance, please do not hesitate to contact my office at cwells@cityofmadison.com or (608) 261-9135.

Sincerely,

Chris Wells
Planner

I hereby acknowledge that I understand and will comply with the above conditions of approval for this project.
