

The Parties propose the land division as more fully depicted on the CSM for separating lots and modifying the boundary lines of the Properties, as desired by the Parties. The land combination/division would complete the following:

1. Revise the southern border of 909 Jonathon Drive, which southern lands will be added to 2920 Perry Street.
2. 904 and 908 Stewart Street shall be divided into two (2) lots for each of the respective buildings on such property.

The CSM will create one (1) additional lot within the boundary of the Properties. No outlots are being created by the CSM. The Properties are zoned G2 -Commercial and will remain at this time under those existing conditions and uses.

The firm completing the surveying and the CSM is:
